

September 24, 2012

Dear Business Owner,

The University of Kentucky is conducting meetings for stakeholders who are interested in the planning process that is currently underway to update the Campus Master Plan. We have identified you as an owner of rental property adjacent to campus who may be interested in giving us input into themes that need to be considered as we plan for future campus needs and to strengthen our important connections to neighborhoods, adjacent gateway streets, and area landlords.

A meeting will be held for all landlords adjacent to campus to give you an opportunity to lend your perspective on the relationships between campus and the surrounding neighborhoods, opportunities for increasing the quality of life for off-campus UK students, and any concerns and suggestions you may have.

To that end, we are interested in your thoughts about:

- Opportunities, issues or concerns with owning rental property near the UK campus
- How UK, our neighborhoods and area landlords can form a closer mutually beneficial relationship
- If there is a role UK can play in stimulating the preservation of the neighborhoods surrounding campus and opportunities that can be beneficial to residents and landlords alike

**You are invited to attend a meeting on October 3, 2012 from 5:30 PM to 7:00 PM, in the Commons Room 127 of the Wethington Allied Health Building located at 900 S. Limestone Street. Free validated parking is available in Parking Structure #8 across from the Chandler Hospital Complex.**

At this meeting we will present information about the planning process and what we've accomplished to this point as well as give you an opportunity for feedback. We've

already had the opportunity to meet and/or have scheduled future meetings with members of the community, local government, the faith community, merchants and our adjacent neighborhoods. We look forward to your attendance at this meeting as a representative of the local business community.

If you need more information, please contact Judy Needham at 859-257-5911, ext. 251 or [facilities.planner@uky.edu](mailto:facilities.planner@uky.edu).

Sincerely,

A handwritten signature in cursive script, appearing to read "Tom Harris".

Tom Harris
