2017 Schedule
Hello Wildcats!

Welcome to the University of Kentucky. We are thrilled you’re finally here! The next chapter in your life officially starts today, and there is no easier way to make that transition than K Week. In the following five days there are more than 100 events, sessions, and social activities planned, each one offering a unique and exciting experience. Plus, with tons of free food and t-shirts, if you play your cards right you won’t pay for a meal or do laundry for almost a week!

K Teams

There’s no need to worry about who you will attend K Week events with. All new students are assigned to a K Team, a small group of students led by a member of the K Crew. If you came to UK without knowing anyone, your K Team will be a group that you can go to events with. Even if you came to UK with a lot of friends from high school, going to events with your K Team is the perfect opportunity to branch out and meet new people.

You will meet at least four times with your K Team:

- Friday, August 18 for K Week Kick-off at 7:30 p.m.
- Saturday, August 19 for Caturday at 6:30 p.m.
- Sunday, August 20 for lunch at 12 p.m. - 2 p.m.
- Monday, August 21 for a classrooms tour to help you find your classes at 6 p.m.

K Teams are assigned based on where new students are living. If you are living on campus, you will be assigned to a K Team with neighbors from your hall, and you can check your K Team assignment through the K Week mobile app. If you are living off campus, you will be assigned to teams with other off-campus students. On-campus students who are uncertain about their K Team assignment can check with K Week staff in the residence hall lobbies during move-in.

New students living on campus will meet on Friday, August 18 in their residence halls. New students living off campus should check in at the Engineering Complex from 7:30 p.m. - 8 p.m. on Friday, August 18 for the K Week Kick-off to receive a K Team assignment.

Campus Map, Campus Tours, and Construction

You will tour campus with your K Team on Monday, August 21 to help you find your classes as well as places to eat and hang out. With all the construction taking place on campus, even upperclass students are going to be figuring out where everything is located. Follow posted signs and allow extra time to make your way across campus since walking and driving routes may change from week to week based on the construction progress.
Tips for Making the Most of K Week

K Week is full of opportunities to get out, get involved, get informed, and explore what awaits you here at UK. Completing the tasks in the checklist below will ensure that you get your college experience off to a great start!

- Review the K Week schedule each night to see what is going on the following day. Look for daily emails with schedule highlights, too. You won’t want to miss all of the cool things coming up!

- Don’t hesitate to ask for help. Look for faculty, staff, and members of the K Crew throughout K Week. We all remember what it is like to be new to UK.

- Get to know your roommate, your resident advisor (RA), your neighbors, your K Team, and the K Crew. Begin building relationships with all the people you are going to be living with for the next nine months.

- Go to all your K Team meetings and as many other events as possible with your K Team. Doing so will get you connected with new friends – and potential study partners, dinner dates, and BFFs.

- Read the K Book; it is full of all the information that upperclass students think new students need to know and touches on everything from academic tips to things to do in Lexington and central Kentucky.

- Have fun!
Welcome Parents, Guardians, and Families!

We’re excited that you are participating in K Week with your student. We think that all of you will enjoy the experience. There will be some activities you can experience together and some that are meant just for you.

We understand that you probably have a long list of things to do to help your student get settled, but we hope you’ll set aside the room preparations and errands to participate in K Week activities. Review the schedule, and make note of the activities that interest you. You’ll certainly want to make plans to attend the New Student Induction Ceremony where your student will officially join the UK community. Please note the required K Team meetings on Friday and Saturday night and make sure your student is in attendance. We encourage you to stop by the informal Parents and Families Reception on Friday night, August 18 to get to know UK administrators and fellow UK families and hear brief remarks from UK President Eli Capilouto. Student-only activities begin at 6:30 p.m. on Saturday, August 19.

Enjoy K Week, and let us know if we can be of any assistance!

Parent and Family Tips for K Week and the First Few Weeks of School

- Review the schedule of events with your student. Make note of the events your student is expected to participate in, and decide what other events you want to attend.

- Encourage your student to take advantage of any of the optional events that interest them.

- Join the Parent and Family Association if you haven’t already. It’s free, and our members love staying connected to the university and learning more about what’s going on around campus. Join at the Parents and Families Reception on Friday or online at www.uky.edu/joinukpfa.

- Is your student experiencing homesickness? Encourage them to reach out to a K Team leader, RA, friend, or psychologist at UK’s Counseling Center. Homesickness is a common experience. Suggest things they can do to make UK feel smaller: joining a student organization, talking to classmates, and seeking additional opportunities to meet people.

- Encourage your student to spend as much time on campus as possible to help get to know UK better, meet new people, and feel more comfortable. As much as you may want to see your student, suggest that they not come home for a few weekends. Tell them to check the campus calendar to find out about all the events taking place. As much as you may be missing your student, don’t make them feel guilty about being here at UK. Encourage your Wildcat to take advantage of this opportunity to learn and grow.
7:00 PM-9:00 PM

Participate in Letters from Home; write a letter to your new UK student, and the Parent and Family Association will deliver it a few weeks into the fall semester. President Eli Capilouto will offer brief remarks to parents and families during the reception.

An Equal Opportunity University

The University of Kentucky is committed to equal opportunity and nondiscrimination in all programs, events and services, regardless of economic or social status and does not discriminate on the basis of race, color, ethnic origin, national origin, creed, religion, political belief, sex, sexual orientation, gender identity, gender expression, pregnancy, marital status, genetic information, age, veteran status, or physical or mental disability.

Download the LiveSafe App

The University of Kentucky is committed to your safety. UK Police and Student Government have launched the LiveSafe app in order to better address safety concerns that inevitably occur on a large college campus near a metropolitan area. The university strongly encourages students to be aware of such issues and take safety measures seriously.

Share Information – App users can submit tips for suspicious activity, harassment, or even a malfunctioning traffic signal, all with two-way text communications with the police. You can submit pictures or videos with your tip straight from your mobile phone. Tips can be submitted anonymously if you choose.

Have Your Friend’s Back with SafeWalk – Participate in a virtual escort and monitor your friend’s location in real-time on a map. Users can chat with one another or call 911, if needed, from within the app.

Navigate Campus – Access a building list and receive turn-by-turn walking or driving directions to any building on the Lexington campus.

Summon Emergency Help – Call 911 or 859-257-UKPD or message campus police in an emergency from within the app. Safety officials can leverage location data in an emergency, allowing faster response times!

Access Emergency Information and Resources – Fast access to campus emergency procedures as well as on and off campus resources.

Download “LiveSafe” from Google Play or the App Store. Select “U. of Kentucky” as your school. Sign up with your name and information.
