

Wellness Initiative

Interim Assistant Provost for Health and
Wellness | Drew Smith

September 20, 2016

UK Counseling Center

• Current

- 17 licensed clinicians on-site by mid-October.
- 2 additional clinicians planned to be hired within the next year:
 - Coordinator for Inclusive Excellence
 - Licensed Psychologist
- Working to bring services to the students by extending hours at Frazee Hall

• Future

- Accrediting body recommends a student-to-FTE clinician of 1,500:1.
- We will need at least two more clinicians to meet this standard, but more may be needed.
- UKCC satellite location, with hopes of providing satellite space for other prevention/intervention services requiring confidentiality (e.g., VIP Center, Collegiate Recovery Community).
