Agricultural Education, Communications, and Leadership

NOTE: At the time of publication, the B.S. in Agricultural Education, Communications, and Leadership was undergoing revision. Consult your advisor for more information.

Graduation Requirements
To earn the Bachelor of Science in Agricultural Education, Communications, and Leadership, the student must have a minimum of 120 credit hours with at least a 2.0 grade-point average. A minimum of 45 credit hours must be from upper division courses (300 level and above). Remedial courses may not be counted toward the total hours required for the degree.

Plan of Study
As an agricultural education, communications and leadership major you are required to develop an acceptable Plan of Study during your sophomore year for your junior and senior years. The plan must be signed by your advisor and returned to the Office of the Associate Dean for Academic Programs.

If you are an upper division transfer student (from another university or from another UK college or department) then you will submit your plan during the last year for your junior and senior years. The plan must be signed by your advisor and returned to the Office of the Associate Dean for Academic Programs.

*Satisfies half of the University Studies natural sciences requirement.

Subtotal: Option B Hours 27

**Specialty Support Requirements**

It is recommended that students complete at least two courses from five different agricultural areas. The student’s advisor will make recommendations, but the specific courses the student takes will depend on his or her interests and academic goals.

Subtotal: Option B Specialty Support 30

**Teacher Certification**

Besides receiving the B.S. in Agriculture students completing the requirements can obtain a letter of endorsement to teach agricultural education. Requirements for teacher certification are as follows:

To be certified you must be admitted to the teacher education program (TEP). To be admitted, you must have completed, or complete during the semester in which you apply, 60 semester hours of course work and AED 210 Introduction to Career and Technical Education and have at least a 2.5 grade-point standing (on a 4.0 scale).

Applicants are evaluated on an interview, recommendations, scholastic achievement, demonstrated skills, and professional commitment and goals. In addition, you must have three years of agricultural experience since the age of 14.

You must also complete at least 50 hours in agriculture courses, including six hours in each of the following areas: animal sciences, plant sciences, soils, agricultural engineering, and agricultural economics (including Farm Management or Agribusiness Management). A professional education component is also required.

2005-2006 Series
You must successfully complete assessment items and portfolio items as required. Further, you must successfully complete the three basic sections of the PRAXIS Exam and a technical agriculture exam, scoring above cutoff scores specified by the State Board of Education for each exam. After completing these exams, students hired by Kentucky schools will complete a one-year paid internship as a first-year teacher and will be evaluated at least three times by a three-person committee before certification is completed.

Other agriculture majors can also qualify to teach agricultural education provided they meet current certification requirements.

Note: Because graduation and teacher certification requirements change frequently, students should obtain more complete information from their advisors.

**Option C: Public Service and Leadership**
