English - B.S.

The Department of English offers a wide variety of courses in English and American literature as well as courses in comparative literature, linguistics, folklore, film, creative writing, and composition. The curriculum leads to the Bachelor of Arts or the Bachelor of Science degree. Undergraduate majors may also choose a curriculum that leads to a teaching certificate.

Both majors and non-majors will find many courses that offer opportunities to deepen their acquaintance with their own culture and its heritage, to enlarge their understanding of the human condition, and to develop their capacity to use and appreciate their own language.

120 hours (minimum)

Any student earning a Bachelor of Science (BS) degree must complete a minimum of 60 hours in natural, physical, mathematical, and computer science. Please note: courses with an ENG prefix are generally not accepted towards fulfilling this 60-hour requirement. Therefore, be sure to keep this requirement in mind as you choose your course work for the requirements in the major. A complete description of College requirements for a Bachelor of Science degree, including a specific listing of courses applicable to the 60-hour requirement, can be found on page 110 of the 2009-2010 UK Bulletin.

University Studies Program Requirements

I. Math ................................................................. 0-3
II. Foreign Language (placement exam recommended) ............... 0-8
III. Inference–Logic .................................................. 3-6
