Special Education – Moderate/Severe Disabilities

Requirements for Program
The moderate and severe disabilities (MSD) program supports the UK educator preparation unit’s theme of Research and Reflection for Learning and Leading. Special education teachers are prepared to assess, plan, and teach based on what they learn from their students and to conduct continuous self-reflection in order to improve their teaching. The standards and competencies on which the MSD program is based are those prescribed by The Council for Exceptional Children and The Kentucky Teacher Standards.

The B.S. in Education program in Moderate/Severe Disabilities (MSD) requires completion of: (1) the UK Core requirements; (2) specified course work in Related Studies and Professional Education; and (3) specified course work in the special education and MSD area of specialization. Students graduating from the certification program obtain a single Kentucky teacher certificate in MSD (grades P-12). Graduates are qualified to teach in classes for students with functional mental disabilities (grades P-12). It is possible to complete this certificate program in four years. In addition to the undergraduate program, an initial certificate in MSD (grades P-12) is offered at the graduate level (See the University of Kentucky Graduate School Bulletin).

Continuous Assessment
1. All students in the MSD program expected to meet the standards and rules for Admission, Retention and Completion from Teacher Education Programs as set forth in the section “Admission, Retention and Completion from Teacher Education Programs” in the College of Education section of the 2016-2017 UK Bulletin.

2. Assessment at the Point of Entry to the MSD Program. Admission process provides the first point for formal assessment of the competencies outlined in the Initial Certification Program Folio for the program. Students who apply for admission must: (a) meet the requirement for admission to the Teacher Education Program; (b) have successfully completed a special education course and practicum (EDS 375 and EDS 357 respectively); and (c) be able to articulate their philosophy of teaching and document their experiences with persons with disabilities in an initial portfolio and an interview.

3. On-going Assessment. Once a student is admitted to the program, he/she meets with an advisor to plan the remainder of the program. Prior to the student teaching semester, the student must present a portfolio that documents his/her progress toward meeting program competencies in the courses completed.

4. Completion Assessment. At the completion assessment, students must document that they have met all program competencies through a final review of their portfolio and the successful completion of student teaching in a public school placement for students with MSD.

Statement on Student Teaching
Student teaching in the MSD program is 16-18 weeks and consists of eight to nine weeks in an elementary placement and eight to nine weeks in a middle or secondary placement for students with MSD.

UK Core Requirements
See the UK Core section of the 2016-2017 Undergraduate Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

I. Intellectual Inquiry in Arts and Creativity
Choose one course from approved list .............................................................. 3

II. Intellectual Inquiry in the Humanities
Choose one course from approved list ............................................................. 3

III. Intellectual Inquiry in the Social Sciences
Choose one course from approved list ............................................................. 3

IV. Intellectual Inquiry in the Natural, Physical, and Mathematical Sciences
Choose one course from approved list ............................................................. 3

V. Composition and Communication I
CIS/WRD 110 Composition and Communication I ......................................... 3

VI. Composition and Communication II
CIS/WRD 111 Composition and Communication II ......................................... 3

VII. Quantitative Foundations
Any approved MA course .................................................................................. 3

VIII. Statistical Inferential Reasoning
Choose one course from approved list ............................................................. 3

IX. Community, Culture and Citizenship in the USA
Choose one course from approved list ............................................................. 3

X. Global Dynamics
Choose one course from approved list ............................................................. 3
