The College of Education prepares students for professional careers in the field of education and human services. In addition to producing excellent teachers, College of Education graduates have gone on to excel in numerous other professional fields.

Ninety-eight percent of the college faculty have attained the highest degrees possible in their fields. The College provides students with access to state-of-the-art technology. Each building is equipped with computer laboratories and new “smart” classrooms to keep students and faculty in pace with the latest technological advances in education.

Whether a student’s interest is teaching, administration, school or counseling psychology, coaching, dance, or special education, a degree from the UK College of Education means that he/she will be prepared for a rewarding career and a lifetime of influence on the lives of others.

Educator Preparation at UK

The educator preparation unit of the University of Kentucky includes programs in the colleges of Agriculture, Communications and Information Studies, Education, Fine Arts, Health Sciences, and Social Work that prepare professionals for careers in public education. The dean of the College of Education is the chief educator preparation officer for the UK educator preparation unit.

The theme of the educator preparation unit is Research and Reflection for Learning and Leading. The vision of the unit is to become one of the nation’s 20 best public professional education units with emphasis on research, reflection, learning and leading.

The mission for the UK educator preparation unit is as follows: the Educator Preparation Unit at the University of Kentucky endeavors to expand the knowledge of teaching and learning processes across a broad educational spectrum. The unit fosters a culture of reflective practice and inquiry within a diverse community of students, faculty, and staff. As part of a research-extensive university, the unit prepares professionals for a variety of roles in educational settings and community agencies and provides leadership in the improvement of the education, health, and well being of citizens in the Commonwealth, the nation, and the world.

James G. Cibulka, Ph.D., is Dean of the College of Education.

“Being a secondary social studies education major in the College of Education has been a wonderful experience for me. The staff and faculty are exceptional and are always willing to help out in any way possible. The college provides so many opportunities and organizations to help prepare future educators for teaching students across every age group and discipline. My field experience with high school students was a wonderful experience that taught me a great deal about the hard work and preparation that goes into being a good teacher. As I enter the MIC Program in Social Studies, I am excited about the opportunities I will have in working with high school students in my teacher preparation. I came to UK knowing that teaching was what I wanted to do, but when I leave, I know that I will be ready to teach thanks to my experiences here at the University of Kentucky.”

– Josh Yost
Wethington Fellow
MIC - Social Studies Graduate Student

Federal Title II Reporting

The Educator Preparation Unit of the University of Kentucky participates in federal reporting of student performance on PRAXIS examinations required for state educator licensure. For the 2004-2005 program completers, UK students had an overall pass rate on the required examinations for Kentucky educator licensure of 96 percent, compared with a statewide pass rate of 94 percent. Historically, the 2000-2001 pass rate for UK was 97 percent (93 percent statewide), the 2001-2002 pass rate for UK was 96 percent (94 percent statewide), the 2002-2003 pass rate for UK was 96 percent (94 percent statewide), and the 2003-2004 pass rate for UK was 98 percent (95 percent statewide).

For additional information about the performance of UK students on PRAXIS tests, go to www.title2.org and select the pages for Kentucky. For additional information about UK programs in relation to other educator preparation programs in Kentucky, go to the Kentucky Education Professional Standards Board Web www.keppreportcard.org.

Accreditation

The Professional Education Unit for the University of Kentucky is accredited by the National Council for the Accreditation of Teacher Education (NCATE), and all professional educator programs are approved by the Kentucky Education Professional Standards Board (EPSB).

Relationship With the Kentucky EPSB

All University of Kentucky educator preparation programs, initial or advanced, have been approved by the Kentucky Education Professional Standards Board (EPSB), in accordance with Kentucky statutes and regulations. In addition to overseeing all educator preparation programs approved for operation in Kentucky, the EPSB also issues, renews and revokes all Kentucky educator licenses (certificates). Kentucky educator certification regulations are always in a state of change. For the most up-to-date information about educator certification, refer to the EPSB Web site at: www.kyepsb.net/.

Undergraduate Programs in Education

The University of Kentucky grants the following degrees in the College of Education:

- Bachelor of Arts in Education
- Bachelor of Science in Education

Students pursuing one of the following majors earn a Bachelor of Arts in Education degree: early elementary education, health promotion, kinesiology (teacher certification or exercise science), middle school education, secondary education, or special education (learning and behavior disorders). Students selecting the major in secondary education may specialize in one of the following: English, foreign language (French, German, Latin, Spanish, or Russian), mathematics, science (biology, chemistry, earth science, physical science or physics), or social studies.

Students pursuing special education (interdisciplinary early childhood education and moderate and severe disabilities) earn the Bachelor of Science in Education degree.

Persons holding a bachelor’s degree from a regionally accredited institution, with a minimum overall GPA of at least 2.50 may pursue an initial educator preparation at the undergraduate level by following any of the programs described in this Bulletin. If these persons also
wish to earn a UK bachelor’s degree, all UK degree requirements must be met. All educator preparation students at the University of Kentucky are expected to meet the requirements for “Admission, Retention and Exit from Teacher Education Programs” as described on page 161 of this Bulletin.

*The College of Education is currently suspending its undergraduate program preparing students for foreign language education. Students with an interest in foreign language education should contact an advisor in the College of Arts and Sciences. All educator preparation in foreign languages at the University of Kentucky occurs at the masters degree level.

**Graduate Programs in Education**

**Graduate Degrees and Certificates**

The University of Kentucky offers the following graduate degrees for education:

- Master of Arts in Education
- Master of Science (Kinesiology and Health Promotion)
- Master of Science in Education
- Master of Science in Family Studies (Early Childhood Education)
- Doctor of Education (Ed.D.)
- Doctor of Philosophy (Ph.D.)
- Interdisciplinary Doctor of Philosophy (Ph.D. in Education Sciences)
- Rank II (32 hour) and Rank I (30 hour)

**Graduate Programs Leading to Advanced Educator Licensure**

The University of Kentucky offers graduate programs leading to advanced educator licensure in Reading and Writing, Computer Science in Instructional Systems Design, English as a Second Language, Library Science, Communication Disorders, School Psychology, and School Leadership.

**UK Graduate Certificates**

The University of Kentucky offers graduate certificates in Middle and Secondary Reading and in Distance Education. (Candidates must hold a valid teaching certificate to enter the Graduate Certificate Program in Middle and Secondary Reading.)

**Graduate Programs Leading to Initial Educator Licensure**

The following graduate level initial educator certification programs are available at the University of Kentucky: 1) stand-alone certification program in special education/learning and behavior disorders, grades P-12; 2) master of science program leading to certification in moderate/severe disabilities, grades P-12; 3) master of science in early childhood special education with an emphasis in interdisciplinary early childhood education, grades birth through kindergarten; 4) master of arts in education with initial certification in secondary education, grades 8-12, English, mathematics, science (biology, chemistry, earth science, physical science or physics), social studies; 5) master of arts in education with initial certification, grades 5-12 in business and marketing education; 6) master of science in vocational education with initial certification, grades 5-12 (options in agriculture education and family and consumer sciences education); 7) master of science in communication disorders with initial certification, grades P-12; and 8) certification program in school psychology, grades P-12.

For more information about programs, please visit the College of Education Web site at: www.uky.edu/education/.

**NOTE:** The graduate educator preparation program with an option in foreign language education will be moving to the College of Arts and Sciences beginning in fall 2005. Students are encouraged to contact an advisor in the Department of Modern and Classical Languages, Literatures and Cultures for additional information.

**Graduate Alternative Certification Programs Leading to Initial Educator Licensure**

Graduate Alternative Certification Programs leading to initial educator licensure are offered in the areas of Moderate and Severe Disabilities P-12, Middle School Education 5-8, and Secondary Education 8-12. Students who wish to enroll in a Graduate Alternative Certification Program must be employed in one of the participating school districts, and must meet the College of Education Admission, Retention and Completion standards, and the standards of the UK Graduate School. Graduate Alternative Certification Programs are three-year programs, including the Kentucky Teacher Internship Program. Additional alternative certification programs are under development and may become available at any time. Contact the Office of the Associate Dean for Academic and Student Services for more information.

**Special Facilities and Services**

The Education Library provides a wide range of education materials, with over 400 journals and 100,000 books, plus children’s literature and Kentucky state-approved textbook collections. In addition, major education databases are available through the library’s Web site at: www.uky.edu/Libraries/educ/

**Center for Educator Preparation Information Systems** provides database and information system support for the College of Education. In addition, persons associated with the center engage in projects to make information systems technology more accessible to educator preparation programs nationally and in the Commonwealth.

The Instructional Technology Center provides media services to students, faculty, and programs of the College of Education. Services include computer classrooms, computer hardware and software support, presentation technology, circulation of nonprint teaching materials and audiovisual equipment; a materials preparation laboratory; graphic, photographic, and recorded media; and facilities for working with film and electronic media. The staff is available to assist with a wide range of technology-related activities.

**The Literacy Clinic** provides diagnostic and instructional services. Reading and language arts materials, children’s literature, professional texts and journals, and other reference materials are available. Tutors are recommended, based on availability.

The Office of Minority Recruitment and Retention, 128 Taylor Education Building, (859) 257-1229, serves to “reach” minority students currently enrolled in the College, to become aware of their concerns, to provide needed support, and to encourage participation in activities and programs of particular interest to education majors. The office also works with local and adjacent school districts to implement Future Educators of America clubs, collaborates with Bluegrass Community and Technical College in identifying students who are interested in teaching, participates in campus-wide minority recruitment and retention activities, and builds community awareness of the need for minority teachers through participation in various projects.

The Institute on Education Reform coordinates the efforts of the College of Education to implement the Kentucky Education Reform Act (KERA). The Institute has three major goals: to stimulate research related to the implementation and effectiveness of KERA initiatives; to serve as a clearinghouse for information related to education reform in Kentucky; to provide staff development for teachers and administrators; and to redesign College of Education professional preparation programs to prepare graduates for the restructured schools of Kentucky.

The University of Kentucky Council on Economic Education works with classroom teachers to identify graduate courses, in-service programming, and seminars to help teachers integrate economic concepts into the school curriculum.

The Office of Educational Research and Development provides technical support to faculty and staff involved in research and proposal development, particularly as these enhance the College’s participation in the Kentucky Education Reform Act (KERA), assists in follow-up studies of graduates, and assists with internal studies and evaluations of programs.

The Policy Analysis Center for Kentucky Education (PACKE) conducts research on policy issues related to education and evaluates implemented policies and programs.

The Office of Higher Education Research and Development conducts research on questions on higher education that are important to Kentucky. Research results are
shared with the Council on Postsecondary Education and other institutions in Kentucky.

The Biodynamics Laboratory is a multi-disciplinary facility housed in the Center for Biomedical Engineering. Faculty and students from Kinesiology and Health Promotion, Biomedical Engineering, Sports Medicine, Athletic Training, Minimally Invasive Surgery, and other related fields use high-speed videography, electromyography, and force measures to understand human movement.

The Pediatrics Exercise Physiology (PEP) Laboratory is one of only a handful of facilities in the world designed specifically to serve the needs of pediatrics patients.

The UK Body Composition Core Laboratory (BCCL) is a human-based laboratory facility specifically designed to provide state-of-the-art body composition analysis for research and clinical investigations.

The Collaborative Center for Literacy Development (CCLD), 101 Taylor Education Building, was established by the Kentucky General Assembly in 1998 to make available training in literacy for educators and to promote literacy development. The Center focuses on six requirements laid out in Senate Bill 186, to: provide professional development and coaching for classroom teachers to implement reliable research-based reading models; establish a demonstration and training site for early literacy at each of Kentucky’s public universities; collaborate with public and private post-secondary institutions to provide quality pre-service and professional development in early reading instruction; assist districts located in areas with low reading skills to assess and address identified literacy needs; identify models of reading instruction supported by research; and develop and implement a clearinghouse for information about reading models. The CCLD works to improve students pre-school through adulthood.

The School Psychology Clinic, 641 Maxwellton Court, (859) 257-1381, provides diagnostic assessment, intervention and consultation services to assist children, adolescents, college students, and adult learners with psychological and educational concerns. The clinic is also organized to provide supervised training for graduate students in school psychology at the University of Kentucky. Referrals and requests for services are accepted from parents, teachers, counselors, and others, as well as from school systems, community agencies and organizations.

The Counseling Psychology Services Clinic, 251 Dickey Hall, (859) 257-4159, is operated by the Department of Educational and Counseling Psychology. The CPS Clinic provides individual, couples, family, parent-child, and group counseling. Diverse populations are welcomed; personal, career, and interpersonal issues can be addressed. The CPS Clinic serves as a training facility for advanced-level masters and doctoral students who are supervised by licensed psychologists. Fees for the CPS Clinic operate on a sliding scale to allow the greatest number of individuals in Lexington and the surrounding counties to be served.

The Center for Traumatic Stress Research, 251 Dickey Hall, (859) 257-9338, is a multi-service psychological trauma center dedicated to providing specialized counseling services to trauma survivors. The Center offers short-term psychotherapy to individuals of all ages, critical incident stress debriefings, and assessment and evaluation of posttraumatic symptomatology for litigation and/or disability claims. The Center also serves as a training clinic for graduate students in Counseling Psychology.

General Information

Students who wish to be recommended for any state educator licensure (certification) must meet the requirements of the Kentucky Education Professional Standards Board, and the University of Kentucky Senate.

Students desiring to be recommended for initial certificates in a major must be admitted to the Teacher Education Program associated with that major. The number of students admitted to any UK teacher education program each year depends upon the availability of resources for maintaining quality instruction.

Admission to a teacher education program is highly selective and may be competitive. Meeting minimum requirements for application does not guarantee admission.

Students will be recommended for degrees only upon completion of approved degree programs. Students who have not been admitted to a teacher education program will not be permitted to enroll in courses requiring Teacher Education Program admittance.

ADMISSION, RETENTION AND EXIT FROM TEACHER EDUCATION PROGRAMS

A student must be admitted, retained in, and successfully exit from a state-approved teacher education program in order to receive a teaching certificate. The components of an approved teacher preparation program include: 1) an earned bachelor’s degree from a regionally accredited institution of higher education, 2) completion of approved teaching subject matter field(s), 3) successful completion of state mandated testing, 4) completion of a teacher preparation program, including student teaching, and verification by program faculty that all applicable standards have been met.

The College of Education Certification Program Faculties, the College of Education Director of Academic Services and Teacher Certification, and the University Registrar are charged with the responsibility to monitor a student’s progress through the teacher preparation program, and to recommend to the Kentucky Education Professional Standards Board (EPSB) that a successful candidate be awarded a state teaching license (certification).

Continuous Assessment in Teacher Education Programs

A student’s progress through all teacher preparation programs is continuously monitored, assessed, and reviewed. In addition to typical evaluation processes that occur as part of their course work and field placements, students will be assessed a minimum of three times during their program by representatives of their respective program faculty. The three assessments will occur upon entry into the Teacher Education Program, at a midpoint in the program (no later than the semester prior to student teaching), and as students exit the program following student teaching. Assessments will include, but are not limited to: (a) appropriate scores on approved standardized tests, (b) review of grades via inspection of transcript, (c) personal and professional skills assessed during interviews with program faculty, when taking campus based courses, and during field experiences, (d) portfolio documents, and (e) continued adherence to the KY Professional Code of Ethics.

Following admission to a teacher education program, if problems have been identified at any assessment point, program faculty will determine a plan for addressing the problems and implement the plan including feedback and direction to the student. In addition, if specific strengths are recognized during these assessments, the student will be commended.

Standards for Admission to a Teacher Education Program

1. Candidates for admission must have completed at least 60 semester hours, or, if pursuing initial certification as a post-baccalaureate graduate or graduate student, must have earned a bachelor’s degree from a regionally accredited institution of higher education.

2. Candidates for admission must demonstrate academic achievement by earning a minimum overall GPA of 2.50. In addition, post-baccalaureate graduate and graduate level students must demonstrate a minimum 2.50 GPA in the teaching subject matter field(s). Students seeking admission to a Master’s Degree initial certification program must also satisfy UK Graduate School admissions standards.

3. Candidates for admission must certify their knowledge of the Kentucky Professional Code of Ethics and must sign a state mandated character and fitness review.

4. Candidates for admission must demon-
Candidates for admission must demonstrate aptitude for teaching by presenting three letters of recommendation from individuals who can attest to the candidate’s potential success in teaching.

5. Candidates must present an Admissions Portfolio. Although the contents of the portfolio will vary by program, it will include at least the following: “best piece” sample(s) of writing in the subject matter field(s); evidence of experience with students and/or community; and a written autobiography or resume.

6. Candidates for admission must demonstrate an acceptable level of skills in written communication. This will be assessed through an on-demand writing task at the time of the interview. In lieu of an on-demand task, program faculty may require that the candidate demonstrate having earned a minimum grade of B in a college-level written composition course.

7. Candidates for admission must demonstrate an acceptable level of skills in oral communication. This will be assessed by the program faculty at the time of the admissions interview. In lieu of assessing oral communication skills at the time of the interview, the program faculty may require that students have earned at least a B in a college level public speaking course.

8. Candidates for admission must present acceptable scores on one of the following standardized tests:

- ACT – with minimum composite score of 21.
- SAT – minimum composite score of 990 (combination of Verbal and Quantitative). A minimum grade of B on a college level written composition course must accompany the SAT scores. Composition courses normally used to fulfill this requirement include ENG 101, ENG 102, ENG 105, ENG 305, or an equivalent course from another institution. Advanced Placement English used to fulfill the USP writing requirement may also be used. Applicants whose GRE scores reflect the new Analytic Writing test must have at least a combined score of 800 on the Verbal and Quantitative portions of the GRE, in conjunction with an Analytic Writing score of 4.
- PRAXIS I Reading Test – (173 paper or 320 computer), Mathematics (173 paper, 318 computer), and Writing (172 paper, 318 computer).

Rules which accompany the standardized testing requirements are as follows:

- No standardized test scores older than eight years can be used to meet this requirement.
- GRE scores may be used only by students who hold a bachelor’s degree.
- Students may retake subtests in multi-part tests.
- Students seeking entrance to a graduate degree initial certification program must meet both the graduate school rules regarding the GRE, and College of Education rules for certificate program standardized testing.

9. For those programs requiring EDP 202 as a prerequisite for admission to teacher education, students must complete EDP 202 with a grade of C or better.

Retention of Candidates in Teacher Education Programs

The progress of candidates who have been admitted to a teacher education program is continuously monitored. Some of the items which are monitored are: (a) whether a student continues to earn grades of C or better in professional education classes, (b) whether a student continues to maintain 2.50 minimum GPAs overall, 2.50 in the professional education component as defined in the student’s program description, and 2.50 in all required subject areas, (c) whether a student continues to demonstrate adherence to the EPSB Professional Code of Ethics, and (d) whether adequate progress is being made in building the Working Portfolio.

If problems are identified, program faculty will determine a plan for addressing the problems and implement the plan including feedback and direction to the student.

Prior to the student teaching semester, each candidate will be asked to provide evidence in the form of the Working Portfolio to demonstrate the acquisition of skills related to teaching in the chosen subject field, and to document progress in any identified problem areas. Each candidate’s portfolio will be reviewed by the appropriate program faculty, and continued progress through the program will be contingent on the results of this midpoint review.

Admission to student teaching requires a successful retention review and recommendation by the program faculty that the candidate be allowed to student teach.

All teacher certification candidates are encouraged to complete the required state-mandated examinations prior to beginning student teaching.

Exit from Teacher Certification Programs

All candidates for completion of a teacher education program must continue to meet all standards for admission and retention at the time of exit.

At exit all teacher certification candidates must present an Exit Portfolio for review by the appropriate program faculty. The exit portfolio will be organized by Kentucky New Teacher Standards and will include a mix of items selected by the candidate and required by the particular program faculty.

The program faculty must certify that a review of the Exit Portfolio, and other pertinent documents has demonstrated that the candidate has met all of the Kentucky New Teacher Standards as a prerequisite to recommending the candidate for a teaching license.

Prior to exit from the teacher certification program all candidates must achieve required cut-off scores on all Kentucky state mandated teacher certification tests.

State Mandated Testing and the Kentucky Teacher Internship

Successful completion of the examinations required by the Kentucky Education Professional Standards Board is a precondition for the granting of a teaching license (certificate).

Upon being recommended by the College of Education for a Kentucky Teaching License (Certificate), a candidate will be issued a Kentucky Letter of Eligibility for the Kentucky Teacher Internship Program. Upon employment in a Kentucky P-12 school, the candidate will receive a one-year license to practice as a fully qualified intern teacher. After successfully completing the internship year, the candidate will be eligible for a regular Kentucky Professional Teaching License (Certificate). An exception to this rule are the Kentucky Alternative Certification Programs. In these programs, the Kentucky Teacher Internship is part of the program, which allows candidates, upon completion of the program, to be recommended for a full professional educator license (certificate).

Information concerning licensure in other states is available from the College of Education office of Academic Services and Teacher Certification.
Admission and Graduation for Secondary Education Students Not Seeking Admission to a Teacher Certification Program

1. All students pursuing a secondary education major without teacher certification must be admitted to advanced standing as described in items 2 - 4 below.
2. To be admitted to advanced standing a student must have completed at least 60 semester hours.
3. Students must demonstrate academic achievement by earning a minimum overall GPA of 2.50 at the time of applying for advanced standing. At the time of graduation, students must demonstrate not only a minimum overall GPA of 2.50, but also a minimum GPA of 2.50 in the teaching subject matter field(s).
4. All requests for admission to advanced standing must be reviewed by appropriate faculty advisors. Students not recommended for advanced standing by an appropriate advisor are ineligible to continue or graduate from College of Education programs.

Calculation of GPAs for Admission to Initial Certification Programs

GPA Rules

All candidates for admission to a UK initial teacher certification program must have earned an undergraduate cumulative GPA of at least 2.50.

In addition, candidates for admission to a graduate level initial certification program, i.e., secondary programs, vocational education, must have earned in their subject area fields a GPA of at least 2.50.

Master’s degree initial certification programs require a cumulative GPA of 3.0 for all graduate work prior to admission to the program.

UK cumulative GPAs are figured using the rules of the UK Registrar.

Undergraduate initial certification programs require a UK cumulative GPA of 2.50 calculated after the completion of at least twelve semester credit hours.

All courses used to satisfy subject matter certification requirements are used to calculate subject matter GPAs. Verification of subject matter GPAs require the use of any applicable non-UK transcripts for information about grades, credit hours and quality points.

Master’s degree initial certification programs require an undergraduate overall GPA of 2.50, but do not require a UK cumulative GPA prior to admission.

Post bachelor’s degree initial certification programs require an undergraduate overall GPA of 2.50, but do not require a UK cumulative GPA prior to admission.

Determination of GPAs for Admission to Initial Certification Programs

If the initial certification program requires a UK GPA, the GPA would be calculated using the rules of the UK Registrar.

If the initial certification program does not require a UK GPA, the required cumulative GPA of at least 2.50 is taken directly from the transcript that shows the award of the Bachelor’s degree.

If an initial program requires review of the graduate GPA, all graduate courses taken on all transcripts are used to calculate the graduate GPA of at least 3.0.

Candidates for admission to a post-baccalaureate graduate initial certification program with less than a 2.50 cumulative GPA may establish a UK undergraduate GPA for the purposes of admission to the program. The UK GPA calculated for this purpose must include at least 12 semester hours taken from four sections of the UK University Studies categories and approved courses lists.

Subject area GPAs are calculated using all courses included on the candidate’s approved subject area course listing form.

Questions regarding the College of Education Admission/Retention/Exit policy should be directed to:

Office of Academic Services and Teacher Certification
166 Taylor Education Building
University of Kentucky
Lexington, KY 40506-0001
(859) 257-7971
www.uky.edu/education/

NOTE: The College of Education anticipates a substantial revision in the policy on admission, retention and completion of educator preparation programs. This revision will strengthen emphases on continuous assessment, requirements relating to the meeting of standards, and rules relating to basic standardized testing and GPA requirements.

Financial Aid/Scholarships

The College of Education awards scholarships to both undergraduate and graduate students. Information and application forms are available in 166 Taylor Education Building. The deadline for scholarship applications is February 15. Graduate students should also contact the Director of Graduate Studies in their department for information about any targeted scholarship funds. Kentucky residents who are enrolled in a teacher certification program may also apply for funds from the Kentucky Higher Education Assistance Authority Teacher Scholarship program (KHEAA). Students applying for funds through the KHEAA teacher scholarship program must include a completed FAFSA need analysis data form with their applications. Funds are awarded first to students fully admitted to a teacher education program, in order of the greatest financial need. The College of Education also administers the Kentucky Minority Educator Recruitment and Retention scholarship program (MERR) for the Kentucky Department of Education. Minority students applying for MERR funds must be Kentucky residents. Both KHEAA and MERR teacher scholarships awards are forgivable on a semester by semester basis when the candidate teaches in Kentucky public schools. Award recipients who do not teach in Kentucky public schools must pay back the awards, with interest. KHEAA and MERR forms are available in 166 Taylor Education Building.

General Rules for Student Teaching

A student may enroll in student teaching in one of the educator preparation programs provided he or she has:

1. been admitted to and retained in the appropriate teacher education program;
2. maintained a grade-point standing of at least 2.50 in (a) subject matter area(s) as defined by the program, (b) professional education, (c) related studies, and (d) overall;
3. completed all professional education courses except student teaching;
4. completed a minimum of 75 percent of the required subject matter courses;
5. applied and been accepted for student teaching two semesters prior to the one in which student teaching is to be done;
6. completed the required national and state criminal background check with no criminal background identified;
7. been accepted by the school system and supervising teacher where he or she plans to do student teaching;
8. scheduled no more than 3 hours of college work to be carried during student teaching with no classes scheduled to interfere with the student teaching assignment; and,
9. presented evidence of having had a specified physical examination.
10. P-12 certification programs require student teaching in more than one grade level.

Policy on Intensive Field Experiences

The University of Kentucky College of Education is committed to preparing candidates for the teaching profession who are effective, reflective decision makers. To that end, and in order to meet state certification regulations and national accreditation requirements, teacher candidates complete an array of carefully planned field experiences. These experiences are systematically integrated into the teacher education program curriculum.

In order to ensure high quality experiences, the College has established a network of clinical sites where candidates complete field placements. These sites are part of the university’s extended campus known as the university clinical/field network. Sites are selected at the
program level (i.e., by the program faculty that governs the curriculum for the particular certification area). Selection decisions are made using specific criteria that are directly linked to program goals, accreditation standards, and certification requirements.

All teacher candidates are expected to complete their intensive field experiences (referred to as practicum and student teaching) in these approved clinical sites.

**Character and Fitness Reviews**

All students seeking admission to, retention in, or completion of a UK educator preparation program, must complete a state mandated character and fitness review. In addition, students with records of misconduct beyond simple traffic violations must provide complete documentation of this misconduct utilizing written procedures available in the office of Academic Services and Teacher Certification. Records of misconduct will be available for use by program faculties in making decisions about admission, retention and completion of the program. Students must also complete any state-mandated background checks, which may include a national check of FBI records. By Kentucky statute, persons with records of serious legal misconduct are ineligible for student teaching, state teaching licensure, or employment in the public schools. Students are responsible for completing all required background check procedures in a timely manner so that decisions about their movement through the program may be made.

**Appeals**

Candidates who are denied admission to an educator certification program, not retained in the program, or denied completion of the program, may appeal the decision of the program faculty.

The first appeal is for the program faculty to reconsider its initial decision. Candidates must request a reconsideration within 30 days of the date on the letter of denial. The request for reconsideration must be presented to the program faculty chair, who will call a meeting of the program faculty to review the original decision. The program faculty chair will notify the Director of Academic Services and Teacher Certification of the faculty’s decision, and the Director will notify the candidate in writing.

If the program faculty does not alter its initial decision, the candidate may appeal to the College of Education standing committee on Undergraduate Admissions and Standards or the College of Education standing committee on Graduate Admissions and Standards. Candidates wishing to appeal to one of these admissions and standards committees must present their request for committee review to either the Associate Dean for Academic and Student Services or the Associate Dean for Research and Graduate Studies. The Associate Dean will assemble the necessary materials, call the committee together to hear the appeal, and inform the candidate of the committee’s decision. The Associate Dean will also notify the Director of Academic Services and Teacher Certification so that student records may be updated. For purposes of admission, retention or completion of educator certification programs, the decision of the admissions and standards committee is final.

**Standards and Standards Sets in Educator Preparation Programs**

All College of Education programs are standards-based, requiring candidates to meet these standards before completing an educator preparation program. Candidates are assessed on these standards at the three continuous assessment points: admission to the program, prior to final practicum experiences, and at program completion.

There are three core sets of standards required for completion of all College of Education educator preparation programs. They are: Interdisciplinary Early Childhood Education Standards (IECE), New Teacher Standards (IECE), or Administrator Standards (ISLLC) (whichever is appropriate for the candidate’s program.) For brevity, only the IECE and NTS standards sets are included in this section. Candidates should see their program faculty chairpersons concerning the standards that are applicable to their particular program.

**Interdisciplinary Early Childhood Education Birth to Primary Standards (IECE)**

1. Designs/plans instruction
2. Creates/maintains environments
3. Implements instruction
4. Assesses and communicates learning results
5. Reflects/evaluates professional practices
6. Collaborates with colleagues/families/others
7. Engages in professional development
8. Supports families
9. Demonstrates implementation of technology

**Beginning (New) Teacher Standards (NTS)**

1. Designs/plans instruction
2. Creates/maintains learning climates
3. Implements/manages instruction
4. Assesses and communicates learning results
5. Reflects/evaluates teaching/learning
6. Collaborates with colleagues/parents/others
7. Engages in professional development
8. Knowledge of content
9. Demonstrates implementation of technology

**College of Education Skills and Dispositions**

1. Communicates appropriately and effectively
2. Demonstrates constructive attitudes
3. Demonstrates ability to conceptualize key subject matter ideas and relationships
4. Interacts appropriately and effectively with diverse groups of colleagues, administrators, students, and parents in educational settings
5. Demonstrates a commitment to professional ethics and behavior

**College of Education Technology Standards**

1. Integrates media and technology into instruction
2. Utilizes multiple technology applications to support student learning
3. Selects appropriate technology to enhance instruction
4. Integrates student use of technology into instruction
5. Addresses special learning needs through technology
6. Promotes ethical and legal use of technology disciplines

**Applying for Kentucky Educator Licenses**

The University of Kentucky offers programs for most initial and advanced professional educator licenses (certificates) issued by the Kentucky Education Professional Standards Board (EPSB). EPSB license requirements are subject to change by the EPSB at any time.

UK candidates for Kentucky professional educator licenses must submit all required application materials to Academic Services and Teacher Certification, 166 Taylor Education Building, Lexington, KY 40506-0001. Recommendations to the EPSB that an educator license be issued are based upon a final audit of all program completion requirements.

**GRADUATION REQUIREMENTS**

To graduate from the College of Education, a student must: 1) complete all specific program requirements as listed in this Bulletin; 2) meet all requirements of the College of Education admission/retention/exit policy; and 3) complete a minimum of 128 hours.

Because most students are pursuing both a UK degree and a state educator license (certificate), it is extremely important that advisors are consulted frequently to be sure that the best selection of courses is made to meet both requirements.

**Undergraduate Advising**

Lower division advising (freshman and sophomore standing) is accomplished and coordi-
nated through Academic Services and Teacher Certification, 166 Taylor Education Building. (Kinesiology and Health Promotion advising takes place in the Seaton Center.)

Upper division students (junior and senior standing) and students admitted to a teacher education program are assigned faculty advisors.

DEPARTMENTS IN THE COLLEGE OF EDUCATION

Curriculum and Instruction

The Department of Curriculum and Instruction offers both undergraduate and graduate programs. Undergraduate programs prepare teachers for elementary, middle school, and secondary levels. Graduate programs include: advanced degrees in teaching at elementary, middle, and secondary levels; preparation for teaching at the college/university level; and preparation for instructional design roles in business and industry.

Educational and Counseling Psychology

The Department of Educational and Counseling Psychology offers course work leading to provisional and standard certification and licensure in the Commonwealth of Kentucky, by the Education Professional Standards Board and the Kentucky Board of Psychology, respectively. The UK counseling and school psychology doctoral programs are fully accredited by the American Psychological Association (APA), and the doctoral and specialist degree programs in school psychology are approved by the National Association of School Psychologists (NASP) and the National Council for the Accreditation of Teacher Education (NCATE).

Educational Leadership Studies

The Department of Educational Leadership Studies seeks to improve the quality of American education through improved training and competence of administrators. The department is particularly mindful of its obligation to supply the needs of Kentucky for high quality administrators in public schools and educational agencies. Advanced programs are offered to meet certification requirements for elementary, middle, and secondary principals, supervisors of instruction, and superintendents of schools.

Educational Policy Studies and Evaluation

The Department of Educational Policy Studies and Evaluation provides a unique opportunity for students who wish to develop the knowledge, judgment, and research skill required to address educational issues with flexibility and imagination. Students are offered the resources of historical, sociological, philosophical, and comparative analysis; knowledge of current educational issues; expertise in evaluation research; and the opportunity to learn skills necessary to evaluate the significance of studies that bear on policy. The department offers advanced degrees only.

Kinesiology and Health Promotion

The Department of Kinesiology and Health Promotion offers undergraduate courses and degree programs in kinesiology (physical education) and health promotion. Students are encouraged to take one 1-credit physical education class each semester during the first two years of college.

The Physical Education University Service program offers beginning instruction in both individual and team activities. Individual skill instruction is available in weight training, conditioning and fitness, golf, racquet sports, gymnastics, swimming, scuba diving, aerobic running and swimming, and dancing. Instruction in such team activities as basketball, soccer, volleyball, and softball is also available. In addition, intermediate and advanced courses in many of the activities are offered.

The kinesiology program is designed for students interested in teaching as well those interested in the application of knowledge and skills in kinesiology and health promotion in commercial settings. Students desiring teacher certification will complete one or more of the programs in kinesiology and health promotion described in this Bulletin. The department also offers a non-teacher certification kinesiology program in exercise science.

The purpose of health promotion is to promote quality of life for all people. This area of study is interdisciplinary, extending into biology, psychology, sociology, and medicine. Health promotion generally focuses on the whole individual, including social and emotional dimensions, not just the physical. The primary focus of course work in health promotion is on teacher certification. Opportunities for health educators exist in community agencies, adult fitness programs, and health education programs in industry and business. The department offers a minor in health promotion that does not lead to teacher certification.

In addition to kinesiology and health promotion, the department also offers a minor in dance. Students are able to pursue a teaching certificate in dance education.

Special Education and Rehabilitation Counseling

The Department of Special Education and Rehabilitation Counseling offers three different programs of study at the undergraduate level: (1) interdisciplinary early childhood education; (2) learning and behavior disorders; and (3) moderate/severe disabilities.

The undergraduate learning and behavior disorders programs offer the option to either dual certification or stand-alone learning and behavior disorders certification. Students enrolling in the undergraduate program leading to both special education certification and a regular certification area should note that it is not possible to obtain dual certification in the usual four-year (eight-semester) undergraduate program. Students should contact the department for sample programs that illustrate options for scheduling courses to facilitate program completion.

The department offers graduate level programs leading to initial educator certification in learning and behavior disorders, moderate/severe disabilities, and interdisciplinary early childhood education. Students may also pursue the masters degree in rehabilitation counseling, and graduate advanced preparation in a variety of special education topics.

Business and Marketing Education

Information on Business and Marketing Education appears on page 185.

DEGREE PROGRAMS IN THE COLLEGE OF EDUCATION

NOTE: All College of Education undergraduate programs require a minimum of 128 hours for graduation. However, determining the exact number of hours will vary depending upon a student’s chosen plan of study. Students are encouraged to review carefully each program and its components to determine the hours necessary for graduation.

B.A. in Education with a major in EARLY ELEMENTARY EDUCATION

Requirements for Program

The Early Elementary Education Program is aligned with the New Teacher Standards of the Kentucky Education Professional Standards Board, and the national standards for elementary education approved by the National Council for the Accreditation of Teacher Education.

The model for the early elementary education program presumes a collaborative relationship between school and university personnel focused on ensuring a high level of individual attention to the mentoring and socialization of teacher candidates. The faculty recognizes that this is a labor-intensive process, requiring sustained time and effort by all parties. Work in early elementary education must be guided by two principles: first, a commitment to continuous improvement based on reflection, evaluation, and on-going research; second, a commitment to peer collaboration as a source of professional growth for teacher candidates as well as school and university faculty.
To receive the B.A. degree in Early Elementary Education, students must: (1) complete the University Studies Program; (2) complete at least 128 hours; (3) complete the program related studies courses; (4) complete the professional education component; and (5) complete an area of specialization. Available areas of specialization are Language and Writing, Social and Behavioral Sciences, Mathematics, Science, Creative Arts, and Special Education/LBD.

Continuous Assessment

1. Admission to the program is based on a selective admission process that generally occurs after students have completed 60 hours of university course work. All students are expected to meet the standards and rules for Admission, Retention and Exit from the Teacher Education Program as set forth in the section “Admission, Retention and Exit from Teacher Education Programs” on page 161.

2. Assessment at the Point of Entry to the Early Elementary Education Program.

At the point of entry students must present an admission portfolio which includes the following: a) a “best piece” sample of writing which demonstrates ability to research a topic in some depth; b) evidence of multicultural/ cross-cultural experience with written reflection on the experience; c) evidence of having completed 30 hours of community service with early elementary age children, including a written reflection on the experience; d) evidence of having completed 20 clock hours of field experience in an elementary school, supervised by a qualified person; and, d) a written autobiography. Also at the time of entry, students will be required to complete an on-demand writing task.

3. On-Going Assessment: Assessment During the Professional Introduction Semester. Assessment of progress in the Professional Introduction semester includes assessment strategies specific to individual courses, but also includes an overall “Professional Introduction Portfolio.” This portfolio is intended to be an extension of the admissions portfolio, adding the following exhibits: a) philosophy of education statement (this will be modified as candidates move through the program); b) “best piece” samples from course work that show evidence of content knowledge, pedagogical content knowledge, and effective practice (given the students’ level of experience); and c) evidence of competence in instructional applications of technology and systems of information management.

4. Assessment of Progress in the Professional Block. This includes assessment strategies specific to individual methods courses that confirm content as well as pedagogical knowledge. It also includes some additional assessments. At the beginning of the semester, students’ Professional Introduction Portfolios are reviewed and placement needs are discussed. Once the semester begins, students are observed throughout the semester by their supervisor and are assessed using an observation form which directly reflects the New Teacher Standards. Students also submit videotapes of themselves teaching and an analysis of these as well as other lessons they have taught. The supervisors provide feedback on these lessons as well. The faculty also reviews students’ Professional Development Plans. Each student develops a Professional Development Plan (PDP) in cooperation with UK faculty and school-based faculty. The PDP includes reflections on the student’s strengths and areas that need further work. This document serves as a planning tool for student teaching. Students also continue the development of their teaching portfolio, adding information that demonstrates competence on tasks related to the New Teacher Standards for each Professional Block course.

5. Assessment During the Student Teaching Semester. Students are assessed in a variety of ways during this semester. Student assignments include: observations reports, developing a thematic unit, critiquing their own teaching using videotapes, completing two solo weeks, and further developing their teaching portfolios.

Statement on Student Teaching

Students in the early elementary education program complete 16 weeks of student teaching, concentrating on the ages in grades P-5. (See the section on “Student Teaching” on page 163 for additional information on student teaching.) Students selecting Special Education/LBD as their area of specialization will do student teaching in early elementary education, P-5, and also in one of the Special Education/LBD approved grade levels, P-12.

University Studies Component (43-57 hours)

Basic Skills
A. MA 109 or MA 110 or Math ACT 26 or MA 109
B. Two semester foreign language or two years high school foreign language

Inference and Communication Skills
A. Calculus (MA 123) or STA 200 plus PHI 120 or PHI 320
B. Writing (ENG 104)
C. Oral Communication (COM 181)

Disciplinary Requirements
A. Natural Sciences
BIO 102 and BIO 103 and BIO 111
B. Social Sciences
Select a total of two different courses from among anthropology, economics, geography, political science, and sociology. For example, choose one sociology course and one anthropology course for a total of six credits from two different disciplines.

C. Humanities
HIS 104, HIS 105, ENG 261 and ENG 262
HIS 108, HIS 109, ENG 334 and ENG 335

*These courses will fulfill the Electives requirement as well.

Note: Students should see an advisor about substituting two 200-level English literature/intensive writing courses for the American literature sequence (ENG 334 and ENG 335) currently listed in this section.

Cross-Cultural

One course from anthropology, geography, or political science. The course must be in a discipline other than those chosen to fulfill the requirements for the disciplinary Social Sciences requirements.

Electives

See notation under Humanities above.

Program Related Studies (27-30 hours)

A-E 270 Introduction to Art Education .................. 2
A-E 272 Workshop in Design Education .................. 2
MUS 260 Teaching Music in the Elementary Grades I (fall only) .................. 2
MUS 261 Teaching Music in the Elementary Grades II (spring only) .................. 2
MA 201 Mathematics for Elementary Teachers ........ 3
MA 202 Mathematics for Elementary Teachers (spring and summer only) .................. 3

*PHI 100 Introduction to Philosophy: Knowledge and Reality or *PHI 130 Introduction to Philosophy: Morality and Society

GLY 160 Geology for Elementary Teachers ............. 3
PHY 160 Physics and Astronomy for Elementary Teachers .................. 3
*If PHI 120 was not taken to fulfill USP Inference and Communication Skills area.

Social Science

Take one additional social science course from one of the same social science disciplines taken in USP Disciplinary Requirements Social Sciences area.

Professional Education Requirements (53 hours)

EDP 202 Human Development and Learning ............ 3
EDP 203 Teaching Exceptional Learners in Regular Classrooms .......................... 3
EPE 301 Education in American Culture .................. 3
FAM 554 Working with Parents .................. 3

All of the following courses require admission to the Teacher Education Program:

KHP 380 Health Education in the Elementary School 2
KHP 382 Physical Education for Elementary School Teachers .......................... 2

Professional Introduction Semester (To be taken the semester prior to the Professional Block. These four courses should be scheduled during the same semester. Students may take other courses at the same time.)

EDC 317 Introduction to Instructional Media ............ 1
EDC 323 Classroom Management and Discipline ........ 3
*EDC 329 Teaching Reading and Language Arts ........ 3
LIS 510 Children’s Literature and Related Materials .... 3
*EDC 329 is prerequisite to EDC 339.

Professional Block (To be taken the semester prior to student teaching. Students should take no other courses when enrolled in this block.)

EDC 322 Elementary Practicum .......................... 3
EDC 326 Teaching Social Studies in the Elementary School (Prereq: 15 hours social science) ............ 3
EDC 328 Teaching Science in the Elementary School (Prereq: 12 hours science) ............ 3
EDC 337 Teaching Mathematics in Elementary Schools (Prereq: MA 202) .................. 3
EDC 339 Designing a Reading and Language Arts Program for the Elementary School (Prereq: EDC 329) .......... 3

**Student Teaching Semester**
EDC 433 Student Teaching in the Elementary School (semester included) .................. 12

See “Student Teaching” section on page 163 for rules regarding student teaching.

Students electing to be certified in both Special Education/LBD and Early Elementary Education will register for EDC 433, Student Teaching in the Elementary School (six hours), and EDS 459, Student Teaching in Special Education (six hours).

**Area of Specialization Early Elementary (21 hours)**

Students must complete an Area of Specialization by meeting the requirements in one of the six options listed below. This area of specialization will consist of 21 semester hours, with at least 12 semester hours being taken beyond the University Studies and Related Studies requirements.

**Language and Writing** (12 hours beyond USP/Program Related Studies)
EDC 334 Oral and Written Language Development in the Elementary School .................. 3

Plus one course from each of the following areas (1, 2, and 3):

**Area 1**
ENG 205 Intermediate Writing .................. 3
ENG 207 Beginning Workshop in Imaginative Writing .................. 3
ENG 509 Composition for Teachers .................. 3

**Area 2**
ENG 201 (JOU 250) Etymology .................. 3
COM 350 Language and Communication .................. 3
ENG 210 History of the English Language .................. 3
ENG 211 (LIN 211) Introduction to Linguistics I .................. 3
ENG 513 Teaching English as a Second Language .................. 3
ANT 215 Introduction to Anthropological Linguistics .................. 3

CD 277 Introduction to Communication Disorders .................. 3

**Area 3**
*ENG 334 Survey of American Literature I .................. 3
*ENG 335 Survey of American Literature II .................. 3

*These courses may only be used if they were not taken to fulfill USP requirements. Students should see an advisor for additional courses to those listed above.

**Social and Behavioral Sciences** (12 hours beyond USP/Program Related Studies)
A. Choose two courses (six hours) from one discipline already taken to fulfill University Studies Social Sciences.
B. Choose one course (three hours) from one of the following disciplines not taken previously as part of Social Sciences, Cross-Cultural or Electives (history, sociology, anthropology, geography, economics, political science, psychology).
C. Complete at least one Kentucky Studies course (HIS 240, History of Kentucky, or GEO 322, Geography of Kentucky).

**Mathematics** (12 hours beyond USP/Program Related Studies)
Choose 12 semester hours of course work from the following courses and additional mathematics courses with the aid of an advisor.

MA 112 Trigonometry (only two hours credit) ........ 2
*MA 123 Elementary Calculus and Its Applications or MA 113 Calculus I .................. 3-4

MA 310 Mathematical Problem Solving for Teachers .................. 3
MA 341 Topics in Geometry .................. 3
MA 162 Finite Mathematics and Its Applications .................. 3
MA 261 Introduction to Number Theory .................. 3
STA 291 Statistical Method .................. 3

*Only if MA 123 was not taken to fulfill USP requirements.

**Science** (12-13 hours beyond USP/Program Related Studies)
A. Choose one course in chemistry (at least 3 credits).
B. With approval of advisor, choose 9 additional credits from among the science areas of: biology, chemistry, geology, physics, astronomy, or climatology.

**Creative Arts** (12 hours beyond USP/Program Related Studies)
Choose three credit hours from each of the following four areas:
A. Music .................. 3
B. Art .................. 3
C. Dance
Choose from:
KHP 147 Dance Foundations I (spring only) .......... 1
KHP 154 Dance Foundations II (fall only) .......... 1
KHP 390 Dance Activities in the Elementary School (fall and 4-week summer only) ........ 2
KHP 393 Rhythmic Forms, Improvisation, and Analysis (every other spring only) .................. 3
D. Theatre Arts
Choose one of the following courses:
TA 126 Acting I: Fundamentals of Acting ........ 3
TA 150 Fundamentals of Design and Production .................. 3

**Special Education/LBD** (34 hours)
(Open only to students seeking both Early Elementary and Special Education/LBD certification. Students who plan to complete the Special Education LBD requirements do not complete one of the above Areas of Specialization. If a student changes plans and completes only the Early Elementary program, an approved Early Elementary Area of Specialization must be completed.)

**Special Education Core Courses**
EDS 357 Initial Practicum in Special Education ........ 1
EDS 375 Introduction to Education of Exceptional Children .................. 3
(Own must have a C or better in the above courses before admittance to TEP.)
IJC 509 Intervention Planning for Children with Special Needs .................. 3
EDS 513 Legal Issues in Special Education .................. 3
EDS 514 Instructional Technology in Special Education .................. 3
EDS 516 Principles of Behavior Management and Instruction .................. 3
EDS 517 Assistive Technology in Special Education

**LBD Area Requirement Courses**
EDS 528 Educational Assessment for Students with Mild Disabilities .................. 3
EDS 529 Educational Programming for Students with Mild Disabilities .................. 3
EDS 589 Field Experiences: Mild Disabilities ........ 3
EDS 459 Student Teaching in Special Education (to be completed the same semester as elementary student teaching) .................. 6

---

**B.A. in Education with a major in HEALTH PROMOTION**

(Open to students seeking both Early Elementary and Special Education/LBD certification. Students who plan to complete the Special Education LBD requirements do not complete one of the above Areas of Specialization. If a student changes plans and completes only the Early Elementary program, an approved Early Elementary Area of Specialization must be completed.)

**Requirements for Program**

The Department of Kinesiology and Health Promotion offers undergraduate courses and degree programs in kinesiology (physical education) and health promotion. These programs support the UK educator preparation unit’s theme of Research and Reflection for Learning and Leading. The process of reflective decision-making is imbedded in the departmental philosophy that students learn best through experiencing. The Health Promotion Program is guided by the standards of the American Association of Health Education (AAHE) and the Kentucky New Teacher Standards.

The health promotion program ensures an understanding of and knowledge about the structure of the health promotion discipline through the content and methodology courses in sexuality education, drug education, human health and wellness, nutrition, and program planning in health education. The purpose of health promotion is to promote quality of life for all people. This area of study is interdisciplinary, extending into biology, psychology, sociology, and medicine. Health promotion generally focuses on the whole individual, including social and emotional dimensions, not just the physical.

The B.A. in Health Promotion requires completion of the following:

1. All students in the health promotion program are expected to meet the standards and rules for Admission. Retention, and Exit from Teacher Education Programs as set forth in the section “Admission, Retention and Exit from Teacher Education Programs” on page 161.

2. The health promotion program stimulates higher performance goals for high-performing students by offering several modes of performance. Examples are: (a) skills in performing physical activities; (b) skills in writing and oral presentations in theory courses; (c) computer technological skills in some courses; and (d) leadership skills demonstrated by high-performing students who serve as class leaders, peer tutors, and/or assistant instructors.

3. After admittance to the program, students not only must maintain a 2.50 GPA, they must continue to exhibit desirable professional characteristics to remain in the program.
Students who demonstrate a lack of commitment, effort, professional behavior, knowledge, or teaching skills may be removed from the program until these characteristics are demonstrated.

Statement on Student Teaching
Students who are majoring in Health Promotion will enroll in:

- KHP 371 Student Teaching in Health Education .... 12

University Studies (39-53 hours)
*See University Studies Program section of this Bulletin for listing of allowable USP courses.

Program Related Studies Course Sequence (19 hours)

- *PSY 100 Introduction to Psychology .................. 4
- *SOC 101 Introduction to Sociology .................... 3
- *BIO 102 Human Ecology .................................. 3
- *BIO 103 Basic Ideas of Biology ............................ 3
- EPE 206 Elementary Physiology ............................ 3
  *May be taken for USP credit.

Professional Education Course Sequence (25 hours)

- EDP 202 Human Development and Learning.......... 3
- EDP 203 Teaching Exceptional Learners in Regular Classrooms ........................................ 3
- EPE 301 Education in American Culture .............. 3
- *EDC 317 Introduction to Instructional Media .......... 1
- *KHP 450 Methods of Teaching Health Education ... 3
- *KHP 371 Student Teaching in Health Education ... 12
  *These courses require admission to the Teacher Education Program.

Majors and Minors (48-51 hours)

Plan I
Health Promotion Major (30 hours) and one or more university approved minors (18-21 hours). Note: University-approved minors outside of the College of Education must be planned with an advisor in the appropriate college if the student wishes to have the minor appear on his/her transcript.

Students wishing to pursue certification in both Health Promotion and Kinesiology must follow the Kinesiology major program description.

Major in Health Promotion (30 hours)

- KHP 190 First Aid and Emergency Care ............... 2
- KHP 220 Sexuality Education .............................. 2
- KHP 222 Drug Education ................................... 2
- KHP 230 Human Health and Wellness ................... 3
- KHP 330 Planning and Implementing Health Education Programs ........................................ 3
- KHP 420G Physiology of Exercise .......................... 3
- KHP 445 Introduction to Tests and Measurements .... 3
- KHP 509 Workshop in Health and Safety (Experimental Health Education) ......................... 3
- NFS 101 Human Nutrition and Wellness ............... 3
  Choose at least six hours from the following courses:
  - KHP 240 Nutrition and Physical Fitness .................. 3
  - KHP 395 Independent Study in Kinesiology and Health Promotion .................................. 3
  - *KHP 509 Workshop in Health and Safety .......... 1-3
  - BSC 331 Behavioral Factors in Health and Disease ... 3
  - FAM 252 Introduction to Family Science .............. 3
  - HSM 250 Introductory Epidemiology .......................... 3
  *May be repeated under different topic names for up to three credit hours.

Other health related elective courses than the above list may be selected with permission of the Health Promotion faculty and must be relevant to the student’s professional preparation program.

Minor in Health Promotion (24 hours)

*(not for teacher certification) Hours

- Other health related elective courses than the above list may be selected with permission of the Health Promotion faculty and must be relevant to the student’s professional preparation program.

Minor in Dance

Requirements for Program

The Department of Kinesiology and Health Promotion offers undergraduate courses and degree programs in kinesiology (physical education) and health promotion. These programs support the College of Education’s theme of teacher as reflective decision maker. The process of reflective decision-making is imbedded in the departmental philosophy that students learn best through experiencing.

The minor in dance is for persons interested in dance who may wish to do graduate work in dance, apply dance principles to teaching dance in K-12 school settings, or in private studio work in dance. Persons interested in the dance minor should anticipate that it will take between two and a half to three years to complete the full set of courses, as each course is not taught every semester.

Dance Minor Requirements (22-24 hours)

B.S. in Education with a major in INTERDISCIPLINARY EARLY CHILDHOOD EDUCATION

Requirements for Program

Early Childhood Education is an interdisciplinary program which will prepare educators to work with children, birth through age five, in public pre-primary classes and non-public institutions including day care, private preschool, and private kindergarten. The program is approved by the Kentucky Education Professional Standards Board to prepare graduates to seek a state teaching certificate in Interdisciplinary Early Childhood Education.

The faculty of the Interdisciplinary Early Childhood Education program are associated with the Department of Family Studies and the Department of Special Education and Rehabilitation Counseling. The faculty believe that teaching young children involves viewing children holistically, using structured behavioral approaches. They recognize that viewing children holistically requires considering all of the various settings of children’s environment (e.g., home, school, and neighborhood) as well as the reciprocal relationship between any two of the following variables: the immediate context the child is active in, the individual child, and all aspects of the child’s environment (including people). In the Interdisciplinary Early Childhood Education program, students will learn to apply behavioral principles for purposes of developing curricula, assessing child behavior, planning, implementing, and monitoring interventions, and assisting families. The program is guided by the standards of the National Association for the Education of Young Children, and the Division of Early Childhood of the Council For Exceptional Children.

To receive the B.S. degree in Education with a major in Interdisciplinary Early Childhood Education, students must: (1) complete University Studies Program; (2) complete the program related studies course sequence; and (3) complete requirements for the Interdisciplinary Early Childhood Education major, including required student teaching experiences and other practica. Completion of the program requires 128 credit hours. To be state-certified, candidates must also successfully complete all state-mandated testing requirements.

Continuous Assessment

1. All students in the interdisciplinary early childhood education program are expected to meet the standards and rules for Admission,
Retention, and Exit from Teacher Education Programs as set forth in the section “Admission, Retention and Exit from Teacher Education Programs” on page 161.

2. Assessment at the Point of Entry to the IECE Program. The admission process provides the first point for formal assessment of the competencies outlined in the Initial Certification Program Folio for the program. Students who apply for admission must (a) meet the requirements for admission to the Teacher Education Program, and (b) be able to articulate their philosophy of teaching and document their experiences with young children in an initial portfolio and an entrance interview.

3. On-going Assessment. Once a student is admitted to the program, he/she meets with an advisor to plan the remainder of the program. Prior to the student teaching semester, the student must present a portfolio that documents his/her progress toward meeting program competencies.

4. Exit Assessment. At the exit assessment, students must document that they have met all program competencies through a final review of their portfolio and the successful completion of student teaching in an appropriate school placement for young children with and without disabilities.

Statement on Student Teaching
Student teaching in the Interdisciplinary Early Childhood Education program is 16 weeks. Students will enroll in:

IEC 411 Student Teaching in Interdisciplinary Early Childhood Education ........................................ 12
Subtotal: Student Teaching Hours .............. 12

Degree Requirements
Students in Interdisciplinary Early Childhood Education must complete the following:

1. Complete University Studies requirements.

2. Complete 128 credit hours with a minimum grade-point average of 2.5 (required for teacher certification).

3. Complete the required curriculum in the major program.

4. All students majoring in Interdisciplinary Early Childhood Education must apply and be admitted to the professional Teacher Education Program in order to complete the program.

University Studies Requirements Hours
See “University Studies Program” on pages 75-79 for the complete University Studies requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill University Studies areas. Students should work closely with their advisor to complete the University Studies Program requirements.

Courses marked with an asterisk (*) may also be used to satisfy University Studies requirements.

All students in Interdisciplinary Early Childhood Education must apply, and be admitted to, and be retained in a Teacher Education Program (TEP), and complete a state approved university teacher training program in Early Childhood Education to be eligible for certification. Students who are interested in certification in Early Childhood Education need to meet with a certification officer in the College of Education prior to completing 60 semester hours to discuss state certification and TEP requirements. A minimum 2.5 cumulative GPA is required to be eligible to apply for admission to TEP. TEP applications will be reviewed for students who have completed, or will complete during the semester in which they apply, 60 semester hours, including EDP 202, EDS 375, FAM 255, and FAM 256 with a grade of C or better.

B.A. in Education with a major in KINESIOLOGY
(Teacher Certification Program)

Requirements for Program
The Department of Kinesiology and Health Promotion offers undergraduate courses and degree programs in kinesiology (physical education) and health promotion. These programs support the UK educator preparation unit’s theme of Research and Reflection for Learning and Leading. The process of reflective decision-making is imbedded in the departmental philosophy that students learn best through experiencing. The kinesiology program is guided by the standards of the National Association for Sport and Physical Education (NASPE), and the Kentucky New Teacher Standards.

The kinesiology program ensures an understanding of and knowledge about the structure of the physical education and dance disciplines through the content courses of anatomy, physiology, kinesiology, exercise physiology, and nutrition. Application of this knowledge is demonstrated in physical education and dance activities to ensure discipline knowledge for teaching.

The B.A. in Kinesiology requires completion of: (a) the University Studies Program; (b) specified course work in Program Related Studies and Professional Education; (c) one of the kinesiology plans; and (d) a minimum of 128 semester hours. All kinesiology students are encouraged to complete Plan 1, which includes majors in kinesiology and health promotion, so that on graduating they will be qualified to pursue state teaching certification in physical education and health, grades P-12.

Continuous Assessment
1. All students in the kinesiology program are expected to meet the standards and rules for Admission, Retention, and Exit from Teacher Education Programs as set forth in the section “Admission, Retention and Exit from Teacher Education Programs” on page 161.

2. The kinesiology program stimulates higher performance goals for high-performing students by offering several modes of perfor-
mance. Examples are: (a) skills in performing physical activities; (b) skills in writing and oral presentations in theory courses; (c) computer technological skills in some courses; and (d) leadership skills demonstrated by high-performing students who serve as class leaders, peer tutors, and/or assistant instructors.

3. After admittance to the program, students not only must maintain a 2.50 GPA, they must continue to exhibit desirable professional characteristics to remain in the program. Students who demonstrate a lack of commitment, effort, professional behavior, knowledge, or teaching skills may be removed from the program until these characteristics are demonstrated.

Statement on Student Teaching

Students who are majoring in kinesiology will enroll in:

KHP 369 Student Teaching in Physical Education .......................... 12

Students who are completing a major in both kinesiology and health promotion will enroll in:

KHP 369 Student Teaching in Physical Education ... 6
KHP 371 Student Teaching in Health Education ...... 6

In this situation, student teaching time will be divided between the high school, middle school, and elementary grades, with student teaching supervision occurring cooperatively between the kinesiology and health promotion faculty.

University Studies (39-53 hours)

B.A. in Education with a major in KINESIOLOGY

(Non-Teacher Certification Program)

Requirements for Program

The Department of Kinesiology and Health Promotion offers undergraduate courses and degree programs in kinesiology (physical education) and health promotion. The kinesiology program (non-teacher certification) leads to employment opportunities in the athletics and sports industries. The kinesiology program is guided by the standards of the National Association for Sport and Physical Education (NASPE).

The B.A. in Kinesiology requires completion of: (a) the University Studies Program; (b) specified course work in program related studies, professional kinesiology requirements, education course requirements; (c) practicum in recreation; (d) specified course work in exercise science; and (e) a minimum of 128 semester hours.

Continuous Assessment

1. The kinesiology program stimulates higher performance goals for high-performing students by offering several modes of performance: (a) skills in performing physical activities; (b) skills in writing and oral presentations in theory courses; (c) computer technological skills in some courses; and (d) leadership skills by high-performing students are often used in classes through class leaders, peer tutors, and/or assistant instructors.

2. Students must maintain a 2.0 GPA for retention in and exit from the program with a bachelor’s degree. After 60 hours, students must be admitted to advanced standing. Students who demonstrate a lack of commitment, effort, professional behavior, knowledge, or disciplinary skills, or who have not maintained the necessary GPA overall and in the major courses may be removed from the program and the college.

University Studies (39-53 hours)

*See University Studies Program section of this Bulletin for listing of allowable USP courses.

NOTE: A calculus course is a prerequisite for STA 291 Statistical Method, which is a requirement in this program.

KHP 560 Motor Development in Infants and Young Children ......................................................... 3
KHP 579 Adapted Physical Education ........................................ 3

Electives

Electives may vary to meet the 12 hour graduation requirement.

---

B.A. in Education with a major in LEARNING AND BEHAVIOR DISORDERS (LBD)

Requirements for Program

Two undergraduate programs are offered in special education: (1) learning and behavior disorders (LBD) and moderate and severe disabilities (MSD). Both of these programs support the UK educator preparation unit’s theme of Research and Reflection for Learning and Leading. Special education teachers are prepared to assess, plan, and teach based on what they learn from their students and to conduct continuous self-reflection in order to improve their teaching. The standards and competencies on which the LBD and MSD programs are based are those prescribed by the Council for Exceptional Children and the Kentucky New Teacher Standards.

The B.A. program in Learning and Behavior Disorders (LBD), P-12 is a dual major which is linked to the elementary, P-5 or middle school, 5-9 certification program. The purpose of the LBD program is to prepare students to teach individuals with disabilities (including learning disabilities, emotional/behavior disorders, mild mental disabilities, other health impaired, and physical disabilities) in primary through twelfth grades. The LBD program’s link to early elementary or middle school results in a second certification in early elementary (Primary-Grade 5) or middle school (Grades 5-9) teaching. The dual nature of the LBD program (linking elementary or middle school certification with LBD) creates a 154-171 credit hour program of study for Early Elementary/LBD students and a 135-166 credit hour program for Middle School/LBD students. Advising early in the B.A. program is essential in order to complete the requirements in a timely fashion.

Continuous Assessment

1. All students in the LBD program are expected to meet the standards and rules for Admission, Retention and Exit from the Teacher Education Program (TEP) as set forth in the section “Admission, Retention and Exit from Teacher Education Programs” on page 161.

2. Assessment at the Point of Entry to the LBD Program. The admission process provides the first point for formal assessment of the competencies outlined in the LBD program. Students applying for admission must: (a) meet the requirements for TEP admission; (b) be enrolled in or have successfully completed a special education survey course (EDS 375) and practicum (EDS 357); (c) be able to articulate, orally and in writing, their philosophy of teaching and their experiences with persons with disabilities; and (d) prepare an acceptable extemporaneous writing sample. Entry level assessments will be conducted by the program faculty representatives through analysis of TEP application materials, portfolio entries, and an entrance interview.

3. On-going Assessment. Once a student is admitted to the TEP, he/she meets with an advisor from the LBD program faculty to plan the remainder of the program. Prior to the student-teaching semester, the student must present a portfolio that documents his/her progress toward meeting program competencies in the courses completed up to that point. Mid-point assessments will be conducted by program faculty representatives through analysis of transcripts, and portfolio entries, as well as performance in practice courses.

4. Exit Assessment. At the exit assessment, students must document that they have met all program competencies. Exit assessments will be conducted by program faculty representatives through a formal analysis of transcripts, student portfolios, and student teaching evaluations. In addition each student must earn passing scores on the required PRAXIS exams.

Statement on Student Teaching

Student teaching in the LBD program is shared with the elementary or middle school program depending on their choice for the dual major. The student completes eight weeks of student teaching in elementary or middle school and eight weeks in an LBD classroom. Both placements are completed during the same semester.

Special Education/LBD – Early Elementary Education Option

University Studies Component (43-57 hours)

Basic Skills
A. MA 109 or MA 110 or Math ACT 26 or -UK by-pass exam or any calculus course ................................. 0-3
B. Two semesters foreign language or (two years high school foreign language ............................... 0-8

Inference and Communication Skills
A. Calculus (MA 123) or STA 200 plus PH 120 or PH 320 ................................. 3-6
B. Writing (ENG 104) ......................................................... 4
C. Oral Communication (COM 181) ........................................ 3

Disciplinary Requirements
A. Natural Sciences
BIO 102 and BIO 103 and BIO 111 ........................................ 7
B. Social Sciences
Select a total of two different courses from among anthropology, economics, geography, political science, and sociology. For example, choose one sociology course and one anthropology course for a total of six credits from two different disciplines. ................................................................. 6
C. Humanities ................................................................. 12
HIS 104, HIS 105, ENG 261 and ENG 262
or
HIS 108, HIS 109, ENG 334 and ENG 335
These courses will fulfill the Electives requirement as well.

Cross-Cultural Skills
One course from anthropology, geography, or political science. The course must be in a discipline other than those chosen to fulfill the requirements for the disciplinary Social Sciences requirements.

Electives ............................................................................. 6
See notation under Humanities above.

Middle School Content Area Specialization (24-34 hours)

Students wishing to be certified as Middle School teachers in addition to Special Education/LBD must select a content area specialization from English and Communication, Mathematics, Social Studies, or Science.

English and Communication (30 hours)

NOTE: The Middle School English and Communication area of specialization is currently under revision. Students should work closely with their advisor in planning course work in this section. In addition, the Middle School English and Communication area of specialization must be at least thirty hours, including one course in adolescent literature.

Required
*COM 181 Basic Public Speaking ........................................ 3

*COM 252 Introduction to Interpersonal Communication ........................................ 3

*ENG 335 Survey of American Literature ........................................ 3

(First American Literature course may be substituted)

ENG 509 Composition for Teachers (fall only) ........................................ 3

Select three courses from the following group:

NOTE: Students may work with an advisor to select additional literature courses beyond those listed in this section.

CLA 261 Literary Masterpieces of Greece and Rome ........................................ 3

ENG 211 Introduction to Linguistics ........................................ 3

ENG 301 Style for Writers or ENG 401 Special Topics in Writing (Subtitle required) or

ENG 306 Introduction to Professions in Writing ........................................ 3

Select two courses beyond University Studies in theatre, journalism, or English as a second language ................................ 6

*Six of these hours can be counted from University Studies.

Mathematics (24-25 hours)

The requirements for students choosing mathematics as an area of specialization are based on standards developed by the National Council of Teachers of Mathematics, KERA Goals and Academic Expectations, and the Core Content for Assessment. The NCTM standards for middle grades include four common threads (reasoning, communication, problem solving, and connections) as well as content area standards of number, computation and estimation, probability, statistics, algebra, geometry, and measurement. Kentucky’s Goals and Academic Expectations and the Core Content for Assessment focus mathematics instruction on seven core areas: number, mathematical procedures, mathematical structural measurement, space and dimensionality, change, and data.

Required
MA 201 Mathematics for Elementary Teachers ........................................ 3

MA 202 Mathematics for Elementary Teachers ........................................ 3

CS 101 Introduction to Computing ........................................ 3

*MA 123 Elementary Calculus and Its Applications or

*MA 113 Calculus I ........................................ 3-4

**STA 291 Statistical Method ........................................ 3

MA 310 Mathematical Problem Solving for Teachers ........................................ 3

MA 341 Topics in Geometry (fall only) ........................................ 3

MA 162 Finite Mathematics and Its Applications ........................................ 3

*Up to six credits may be counted from University Studies

**If STA 290 was taken to fulfill Inference and Communication Skills of University Studies, STA 291 is still required.

Science (31-34 hours)

The content area area preparation required for students in the middle school education program is based on the standards adopted by the National Science Teacher’s Association as well as Kentucky’s Content Core for Science Assessment and New Teacher Standards. It is important that science teachers have strong content preparation in the sciences. This is needed to communicate modes of scientific inquiry, select appropriate learning experiences, guide students in their early scientific efforts, and help students apply scientific knowledge and skills in their daily lives.

Required
BIO 150 Principles of Biology ........................................ 3

BIO 151 Principles of Biology Laboratory ........................................ 1

BIO 152 Principles of Biology II ........................................ 3

BIO 325 Introductory Ecology ........................................ 4

Select one of the following sequences in Chemistry, Geology, and Physics to complete 9-10 hours:
At least three of the hours must be at the 300 level or in the disciplines: sociology, political science or economics.

Students must select six hours from one of the following:

<table>
<thead>
<tr>
<th>Electives</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>HIS 265 History of Women in America</td>
<td>3</td>
</tr>
<tr>
<td>HIS 109 History of the United States Since 1865 Through 1865</td>
<td>3</td>
</tr>
<tr>
<td>HIS 108 History of the United States 500-1250 to the Present</td>
<td>3</td>
</tr>
<tr>
<td>HIS 254 History of Sub-Saharan Africa</td>
<td>3</td>
</tr>
<tr>
<td>GEO 160 Lands and Peoples of the New-Non Western World</td>
<td>3</td>
</tr>
<tr>
<td>Sequence 1</td>
<td></td>
</tr>
<tr>
<td>CHE 105 General College Chemistry I</td>
<td>3</td>
</tr>
<tr>
<td>CHE 107 General College Chemistry II</td>
<td>3</td>
</tr>
<tr>
<td>CHE 115 General Chemistry Laboratory</td>
<td>3</td>
</tr>
</tbody>
</table>

In addition, students must complete a minimum of five hours in each of the two physical sciences remaining. These five hours must include laboratory work in each area. Six credits total can be counted from University Studies. Students who wish to use Physics as the science for one five hour block, may also choose the sequence: PHY 151, Introduction to Physics; PHY 152, Introduction to Physics; and PHY 153, Laboratory for Middle School Teachers.

**Social Studies** (33 hours)

The middle school social studies teacher preparation program is guided by two principles: First, a commitment to continuous improvement based on reflection, evaluation, and on-going research; second, a commitment to peer collaboration as a source of professional growth. The program is guided by the National Council for Social Studies document, Expectations of Excellence, and the Kentucky New Teacher Standards.

**Area 1 – World Regional Geography and Cultural Anthropology** (9 hours)

**Required**

- GEO 152 Regional Geography of the World .......... 3
- ANT 241 Origins of Old World Civilization .......... 3

Select **one** from the following courses:

- ANT 242 Origins of New World Civilization .......... 3
- GEO 172 Human Geography .................................... 3
- GEO 160 Lands and Peoples of the Non-Western World .. 3

**Area 2 – World History** (9 hours)

Select **nine** hours from the following courses:

- HIS 104 A History of Europe Through the Mid-Seventeenth Century ............................................ 3
- HIS 295 East Asia to 1800 .................................... 3
- HIS 254 History of Sub-Saharan Africa .......... 3
- HIS 206 History of Colonial Latin America, 1492 to 1810 .................................................. 3
- HIS 247 History of Islam and Middle East Peoples, 500-1250 A.D. ........................................... 3
- HIS 248 History of Islam and Middle East Peoples, 1250 to the Present .................................... 3
- HIS 385 History of Russia to 1825 .......................... 3

**Area 3 – American History** (9 hours)

While most students will take HIS 108 and 109, those who had either AP American history or received an A in their high school American history course, should be advised to select courses above the 100 level.

Select **nine** hours from the following courses:

- HIS 108 History of the United States Through 1865 ................................. 3
- HIS 109 History of the United States Since 1865 .......... 3
- HIS 250 African American History to 1865 .......... 3
- HIS 265 History of Women in America .......... 3
- HIS 465 Emergence of Modern America, 1877-1917 ......................... 3

**Area 4 – Sociology, Political Science and Economics Electives** (6 hours)

Students must select six hours from one of the following disciplines: sociology, political science or economics. At least three of the hours must be at the 300 level or above. Six credits total can be counted towards the Social Studies subject area from University Studies.

- LIS 514 Literature and Related Media for Young Adults or
- IEC 512 Language and Literacy for Young Children .......... 3
- EDC 329 Teaching Reading and Language Arts Program for the Elementary School .......... 3

**Electives** Variable for total program of 128 hours.

---

**B.A. in Education with a major in MIDDLE SCHOOL EDUCATION**

**Program Description**

The Middle School Teacher Education Program supports the UK educator preparation unit’s theme of Research and Reflection for Learning and Leading. The program emphasizes the development of professionally trained specialists in teaching early adolescents. As such, the program models team teaching and collaborative learning. Active learning experiences are emphasized, as are real-world connections. Throughout the program, students are encouraged to consider their present position and make plans for improvement. Students are urged to gather data continuously and to use this data in planning effective instruction. Students are required to provide questions for reflection when writing lessons they do not teach and to provide reflective summaries as part of lesson plans which are delivered to students. Students are provided time and resources to revise and improve curricular materials they develop within the program. Students assess their own progress through the program’s curriculum, preparing them for the continuous self-assessment required of practicing professionals.

To receive the B.A. degree in Middle School Education, students must: (1) complete the University Studies Program; (2) complete all required program-related studies and the professional education course sequence; and (3) complete the content area requirements in each of two areas of specialization. Available content specialization areas are: English and Communication, Mathematics, Science, Social Studies, and Special Education/LBD.

**Continuous Assessment**

1. All middle school education students are expected to meet the standards and rules for Admission, Retention and Exit from Teacher Education Programs as set forth in the section “Admission, Retention and Exit from Teacher Education Programs” on page 161.

2. Assessment at the Point of Entry to the Middle School Program. The admission
process provides the first point for formal assessment of the competencies outlined by the standards documents which guide the middle school education program. Basic skills standards must be met and students must be making satisfactory progress towards professional and content area proficiency in order for students to win admission.

3. On-going Assessment. Once a student is admitted to the program, he/she meets with an advisor to plan the remainder of the program. The focus of this initial advising session is to begin a professional development plan which ensures that all standards will be met by program exit.

4. Exit Assessment. At the exit assessment, students must show competency in all relevant standard areas. This is done through a final review of the eligibility portfolio, review of information provided by the cooperating teacher and university supervisor, and documentation of remediation of any weaknesses noted at the formal review in the methods semester.

Statement on Student Teaching

Student teaching in middle school education is 16 weeks. Middle school certification requires students to be certifiable in two academic subject areas, which requires two student teaching placements. Students seeking both Middle School and Special Education/LBD certification will register for:

EDC 349 Student Teaching in the Middle School ...... 6
EDS 459 Student Teaching in Special Education ...... 6

University Studies Component (39-53 hours)

Note: See the University Studies Program section of this Bulletin for a listing of allowable courses in each area below.

Basic Skills

A. MA 109 or Math ACT 26 or UK by-pass exam or any calculus course ......................... 0-4
B. Two semesters foreign language or two years high school foreign language ........ 0-8

Inference and Communication Skills

A. Any calculus course or STA 200 and PHIL 120 or 320 ......................... 3-6
B. ENG 104 .......................................................... 3
C. Oral Communication ........................................ 3

Disciplinary Requirements

A. Natural Sciences .................................................. 6
B. Social Sciences .................................................. 6
C. Humanities ....................................................... 6

Cross-Cultural Requirements ........................................ 3

Electives ............................................................. 6

Program Related Studies (4-13 hours)

PSY 100 Introduction to Psychology ...................... 4
Additional Program Related Studies only for students seeking both Middle School and Special Education/LBD certification:

MA 201 Mathematics for Elementary Teachers ........ 3
MA 202 Mathematics for Elementary Teachers ........ 3
PHY 160 Physics and Astronomy for Elementary Teachers ........................................ 3

Professional Education Courses (40 hours)

The National Middle School Association (NMSA) describes six broad areas of competence for middle grades teachers. These are: (1) early adolescent development, (2) middle grades curriculum, (3) middle grades instruction, (4) middle grades school organization, (5) families and community relations, and (6) middle grades teaching roles.

With the support of a liberal arts foundation provided by the University Studies requirements and the content area knowledge provided by the requirements detailed above, the professional education requirements of the program endeavor to provide a firm foundation in each of these six areas.

*EDP 202 Human Development and Learning .......... 3
*EDP 203 Teaching Exceptional Learners in Regular Classrooms ..................................... 3
*EPE 301 Education in American Culture ............. 3

All of the following courses require admission to the teacher education program:

EDC 317 Introduction to Instructional Media .......... 1
*EDC 329 Teaching Reading and Language Arts (EDC 329 is a prerequisite to EDC 330) .......... 3
*EDC 341 Middle School Curriculum and Instruction (spring only) ................................ 3
*EDC 330 Designing a Reading and Language Arts Program for the Middle School (fall only) .......... 3
*EDC 343 Early Adolescent Learner: Practicum (fall only) .................................................. 3
*Special Methods Courses in Two Areas of Specialization (fall only) ................................... 6

Choose from:

EDC 345 Teaching Mathematics in the Middle School
EDC 346 Teaching Social Studies in the Middle School
EDC 347 Teaching English and Communication in the Middle School
EDC 348 Teaching Science in the Middle School
**EDC 349 Student Teaching in the Middle School ...................................................... 12
*These courses include clinical and/or field hours.
**Students seeking Special Education/LBD certification register for only six hours of EDC 349.

Note: EDC 330, EDC 343, and the two methods classes will be taken as a block in a fall semester.

Content Area Courses (24-34 hours)

Students wishing to become certified in middle school (grades 5-9) must select two of the following content areas of specialization. Course requirements, particularly in the areas of English and Communication and Mathematics, have been prioritized to reflect prerequisite knowledge. Students should plan course work in these areas with the assistance of an advisor. Students seeking Special Education/LBD certification should meet with their Special Education advisor for assistance with the Special Education/LBD content area.

English and Communication (30 hours)

*COM 181 Basic Public Speaking ......................... 3
*COM 252 Introduction to Interpersonal Communication ................................................. 3
*ENG 335 Survey of American Literature II ............... 3
(another American Literature course may be substituted)
ENG 509 Composition for Teachers (fall only) .......... 3

Select three courses from the following group:

NOTE: Students may work with an advisor to select additional literature courses beyond those listed in this section.

CLA 261 Literary Masterpieces of Greece and Rome 3
ENG 211 Introduction to Linguistics I ...................... 3
ENG 301 Style for Writers or ENG 401 Special Topics in Writing (Subtitle required) or
ENG 306 Introduction to Professions in Writing .... 3
Select two courses beyond University Studies in theatre, journalism, or English as a second language .......... 6
*Six of these hours can be counted from University Studies.

Mathematics (24-25 hours)

The requirements for students choosing mathematics as a content area of specialization are based on standards developed by the National Council of Teachers of Mathematics, KERA Goals and Academic Expectations, and the Core Content for Assessment. The NCTM standards for middle grades include four common threads (reasoning, communication, problem solving, and connections) as well as content area standards of number, computation and estimation, probability, statistics, algebra, geometry, and measurement. Kentucky’s Goals and Academic Expectations and the Core Content for Assessment focus mathematics instruction on seven core areas: number, mathematical procedures, mathematical structure, measurement, space and dimensionality, change, and data.

Required

MA 201 Mathematics for Elementary Teachers ........ 3
MA 202 Mathematics for Elementary Teachers ........ 3
CS 101 Introduction to Computing I ...................... 3
*MA 123 Elementary Calculus and Its Applications ................................................. 3
*Up to six credits may be counted from University Studies
*If STA 200 was taken to fulfill Inference and Communication Skills of University Studies, STA 291 is still required.

Science (31-34 hours)

The content area preparation required for students in the middle school education program is based on the standards adopted by the National Science Teacher’s Association as well as Kentucky’s Core Content for Science Assessment and the New Teacher Standards. It is important that science teachers have strong content preparation in the sciences. This is needed to communicate modes of scientific inquiry, select appropriate learning experiences, guide students in their early scientific efforts, and help students apply scientific knowledge and skills in their daily lives.

Required: (12 hours)

BIO 150 Principles of Biology I ......................... 3
BIO 151 Principles of Biology Laboratory I .......... 2
BIO 152 Principles of Biology II ......................... 3
BIO 325 Introductory Ecology .................................. 4
Select one of the following four sequences in Chemistry, Geology, and Physics (9-10 hours)

Sequence I

CHE 105 General College Chemistry I .................. 3
CHE 107 General College Chemistry II ................. 3
CHE 115 General Chemistry Laboratory ............... 3

**Sequence 2**

GLY 220 Principles of Physical Geology ............... 4
GLY 230 Fundamentals of Geology .......................... 3
Elective in Earth Science ........................................ 3

**Sequence 3**

PHY 211 General Physics (Physics Sequence I) ....... 5
PHY 212 General Physics (Physics Sequence II) ....... 5
In addition, students must complete a minimum of five hours in each of the two physical sciences remaining. These five hours must include laboratory work in each area. Six credits total can be counted from University Studies (10-12 hours).

Students who wish to use physics as the science for one five-hour block may also choose the sequence: PHY 151 Introduction to Physics; PHY 152, Introduction to Physics; and PHY 153, Laboratory for Middle School Teachers.

**Social Studies** (33 hours)

The middle school social studies content area teacher preparation program is guided by two principles: first, a commitment to continuous improvement based on reflection, evaluation, and on-going research; second, a commitment to peer collaboration as a source of professional growth. The program is guided by the National Council for Social Studies document, Expectations of Excellence, and the Kentucky New Teacher Standards.

**Area 1 – World Regional Geography and Cultural Anthropology (9 hours)**

Required GEO 152 Regional Geography of the World ...... 3
ANT 241 Origins of Old World Civilization ............ 3
Select one from the following courses:
- ANT 242 Origins of New World Civilization ............ 3
- GEO 172 Human Geography .................................. 3
- GEO 160 Lands and Peoples of the Non-Western World ............................................ 3

**Area 2 – World History (9 hours)**

Select nine hours from the following courses:
- HIS 104 History of Europe Through the Mid-Seventeenth Century ........................................... 3
- HIS 295 East Asia to 1800 ..................................... 3
- HIS 254 History of Sub-Saharan Africa .................. 3
- HIS 206 History of Colonial Latin America, 1492-1810 ....................................................... 3
- HIS 247 History of Islam and Middle East Peoples, 500-1250 AD .............................................. 3
- HIS 249 History of Islam and Middle East Peoples, 1250 to the Present .................................. 3
- HIS 385 History of Russia to 1825 .......................... 3

**Area 3 – American History (9 hours)**

While most students will take HIS 108 and 109, those who had either AP American history or received an A in their high school American history course should be advised to select courses above the 100 level.

Select nine hours from the following courses:
- HIS 108 History of the United States Through 1865 ................................................................. 3
- HIS 109 History of the United States Since 1865 .... 3
- HIS 260 African American History to 1865 ............ 3
- HIS 265 History of Women in America ................ 3
- HIS 465 Emergence of Modern America, 1877-1917 .................................................................... 3

**Area 4 – Sociology, Political Science and Economics Electives (6 hours)**

Students must select six hours from one of the following disciplines: sociology, political science or economics.

At least three of the hours must be at the 300 level or above.

Six credits total can be counted towards the Social Studies subject area from University Studies.

**Special Education/LBD (34 hours)**

(Open only to students seeking both Middle School and Special Education/LBD certification. Students who plan to complete the Special Education LBD requirements complete only one of the above content areas of specialization. If a student changes plans and completes only the Middle School program. An additional approved Middle School content area of specialization must be completed.) Students seeking both Middle School and Special Education/LBD certification will have an advisor in the Department of Special Education and Rehabilitation Counseling.

**Special Education Core Courses**

- EDS 357 Initial Practicum in Special Education .......... 1
- EDS 375 Introduction to Education of Exceptional Children .......................................................... 3
- Must have earned a C or better in the above courses before admittance to TEP
- IEC 509 Intervention Planning for Children with Special Needs ................................................. 3
- EDS 514 Instructional Technology in Special Education ................................................................. 3
- EDS 516 Principles of Behavior Management and Instruction ...................................................... 3
- EDS 517 Assistive Technology in Special Education 3

**LBD Area Requirement Courses**

- EDS 528 Educational Assessment for Students with Mild Disabilities ........................................... 3
- EDS 529 Educational Programming for Students with Mild Disabilities ....................................... 3
- EDS 589 Field Experiences: Mild Disabilities ........ 3
- EDS 459 Student Teaching in Special Education (to be completed the same semester as elementary student teaching) ................................................................. 6

**B.S. in Education with major in MODERATE/SEVERE DISABILITIES**

**Requirements for Program**

Two undergraduate programs are offered in special education: (1) learning and behavior disorders (LBD) and moderate and severe disabilities (MSD). Both of these programs support the UK educator preparation unit’s theme of Research and Reflection for Learning and Leading. Special education teachers are prepared to assess, plan, and teach based on what they learn from their students and to conduct continuous self-reflection in order to improve their teaching. The standards and competencies on which the LBD and MSD programs are based are those prescribed by The Council for Exceptional Children and The Kentucky New Teacher Standards.

The B.S. in Education program in Moderate/Severe Disabilities (MSD) requires completion of: (a) the University Studies Program; (b) specified course work in Related Studies and Professional Education; and (c) specified course work in the special education and MSD area of specialization. Students graduating from the certification program the program obtain a single Kentucky teacher certificate in MSD (grades P-12). Graduates are qualified to teach in classes for students with functional mental disabilities (grades P-12). Students are required to complete a minimum of 128 hours for graduation. It is possible to complete this certificate in four years. In addition to the undergraduate program, an initial certificate in MSD (grades P-12) is offered at the graduate level (See the University of Kentucky Graduate School Bulletin).

**Continuous Assessment**

1. All students in the MSD program are expected to meet the standards and rules for Admission, Retention, and Exit from Teacher Education Programs as set forth in the section “Admission, Retention and Exit from Teacher Education Programs” on page 161.

2. **Assessment at the Point of Entry to the MSD Program.** The admission process provides the first point for formal assessment of the competencies outlined in the Initial Certification Program Folio for the program. Students who apply for admission must: (a) meet the requirement for admission to the Teacher Education Program; (b) have successfully completed a special education survey course and practicum; and (c) be able to articulate their philosophy of teaching and document their experiences with persons with disabilities in an initial portfolio and an entrance interview.

3. **On-going Assessment.** Once a student is admitted to the program, he/she meets with an advisor to plan the remainder of the program. Prior to the student teaching semester, the student must present a portfolio that documents his/her progress toward meeting program competencies in the courses completed.

4. **Exit Assessment.** At the exit assessment, students must document that they have met all program competencies through a final review of their portfolio and the successful completion of student teaching in a public school placement for students with MSD.

**Statement on Student Teaching**

Student teaching in the MSD program is 16 weeks and consists of eight weeks in an elementary placement and eight weeks in a middle or secondary placement for students with MSD.

**University Studies Component** (39-51 hours)

See the University Studies Program section of this Bulletin for a listing of allowable courses in each area.

**Program Related Studies (22 hours)**

- PSY 100 Introduction to Psychology ..................... 4
- MA 201 Mathematics for Elementary Teachers ...... 3
- MA 202 Mathematics for Elementary Teachers ...... 3
- Biological or Physical Science Sequence ............... 6
- If biological science was taken in University studies, take physical science, six credit hours. If physical science was taken University Studies, take biological science, six hours.
- ENG 204 Technical Writing .................................. 3
- LIS 510 Children’s Literature and Related Materials 3
- IEC 512 Language and Literacy .......................... 3
Professional Education Courses (13 hours)

All of the following courses require admission to the Teacher Education Program.
EDC 329 Teaching Reading and Language Arts ........... 3
EDC 339 Designing a Reading and Language Arts Program for the Elementary School .................................. 3

Students must complete all special education courses with a GPA of 2.5 or better before they can student teach.
Electives .......................................................... 0-9

B.A. in Education with a major in SECONDARY EDUCATION
Option: English Education

Requirements for Program

This B.A. includes completion of an approved plan in the academic specialty teaching of English. The approved major in the academic specialties for teaching is entitled “English major for secondary education,” to distinguish it from the A&S major and minor. No certification is awarded with the B.A. Students desiring to go on to Master’s with initial certification must apply to The Graduate School and apply to the Secondary English Program Faculty in the spring of their senior year.

To receive the B.A. degree, students must:
1. complete the University Studies Program;
2. complete at least 128 semester hours;
3. complete the requirements for one of the content area plans for secondary English education;
4. attain a grade-point average of at least 2.5 overall, in major, and in support area; and
5. complete 100 hours of fieldwork with adolescents through the required three hour course:

EDC 362 Field Experiences in Secondary Education - 3

In 1996, the National Council of Teachers of English and the International Reading Association published Standards for the English Language Arts. This document identified six English language arts: reading, writing, speaking, listening, viewing, and visually representing. In addition, it presented an expanded definition of literacy, which reflects the ways technology and society have changed and will continue to change the ways in which we use language to communicate and to think. In order to prepare students for the literacy demands of today and tomorrow, English language arts education will need to address many different types and uses of language, including those that have traditionally been given limited attention in the curriculum. One such example is spoken language. Being literate in contemporary society means being active, critical, and creative users not only of print and spoken language but also of the visual language of film, television, photography and other media. Therefore, the content model should reflect the study of language and literacy through speech, theater, writing, and media. The English education program prepares its pre-service teachers with such a model so that their students will succeed as effective language learners and users, equipped with the skills they need to become critically literate citizens, workers, members of society, and lifelong learners.

Continuous Assessment

1. All secondary education majors must be admitted to advanced standing after completing 60 hours. Advanced standing requires a 2.50 minimum GPA overall and review by the program faculty advisor for Secondary English Education.

2. Because certification occurs through the Masters in Education including certification (MIC), students should be aware that they will need to be formally admitted to the MIC program. Admission/Retention/Exit regulations for all teacher certification programs are specified in the section “Admission, Retention and Exit from Teacher Education Programs” on page 161.

3. Oral and written communication skills of applicants for the MIC program in English Education will be assessed at the time of the interview, and through the entrance portfolio.

4. At the time of application to the English Education program at the Master’s degree level, applicants are evaluated according to the following criteria: grade-point average, quality of work in the subject content area, Graduate Record Examination scores, graded and on-site writing tasks, verbal communication, quality of references, commitment to teaching, social awareness, educational experiences with diverse learners 14-18 years old, and multicultural experiences.

Statement on Student Teaching

There is no student teaching required for completion of the Secondary English Education major. Student teaching occurs as part of the Masters in Education with initial certification.

Program Related Studies (3 hours)
EDC 362 Field Experiences in Secondary Education

Content Area Plans (69-81 hours)

Plan 1 (81 hours)

English major for secondary education ............... 33 hours
*Major in a certifiable foreign language ........... 30 hours (certified in grades P-12)
English Support Area ......................................... 18 hours
*Students wishing to seek certification through the Masters in Education with initial certification must apply for acceptance by both the Secondary English Education Program Faculty and the Foreign Language Education Program Faculty.

Plan 2 (69-72 hours)

English major for secondary education ............... 33 hours
English Support Area ......................................... 18 hours
*Any University Approved Minor .................. 18-21 hours
*This minor must be planned with an appropriate departmental advisor if the student wishes to have it recorded on the UK transcript.

Plan 3 (72 hours)

English major for secondary education ............... 33 hours
English Support Area ......................................... 18 hours
*Teaching English as a Second Language support area .................................................. 21 hours
*Completion of the Teaching English as a Second Language support area will qualify a certified teacher for the TESL endorsement.

Plan 4 (75 hours)

English major for secondary education ............... 33 hours
English Support Area ......................................... 18 hours
General Support Area ........................................ 24 hours

English Major for Secondary Education (33 hours)

NOTE: Students should work closely with an advisor for the requirements in this section. The UK English curriculum has undergone significant revision. The total English Major for Secondary Education should total 33-36 hours.

Prerequisites
ENG 331 Survey of British Literature I .................. 3
Select two (six hours):
ENG 332 Survey of British Literature II .................. 3
ENG 334 Survey of American Literature I ........... 3
ENG 335 Survey of American Literature II ........... 3

Required Content Courses (24 hours)

Literature Component (12 hours)
ENG 264 Major Black Writers or
ENG 483G Studies in African American or
Diasporic Literature (Subtitle required)
ENG 519 Introduction to Old English
plus six hours selected with approval of advisor
NOTE: Because the UK English major has undergone significant change, students should work with an advisor in making literature selections to fulfill the requirements of this section.

**Critical Thinking Component** (3 hours)
Select one course with approval of advisor

**Composition Component** (9 hours)

**Required** (6 hours):
- ENG 309 Composition for Teachers
- ENG 301 Style for Writers or ENG 401 Special Topics in Writing (Subtitle required) or
- ENG 306 Introduction to Professions in Writing ... 3

Select one (3 hours):
- ENG 210 History of the English Language
- ENG 311 Introduction to Linguistics I
- ENG 310 American English
- ENG 512 Modern English Grammar

**EDC 575 Modern Educational Problems (Unclassified)**
- EDC 777 Seminar in Curriculum and Instruction (Subtitle required)

**English Support Area for Secondary Education** (18 hours)
A minimum of three hours credit are required in each of the four areas: journalism, theatre, speech and fine arts, which English teachers will be qualified to teach in Kentucky. In one of the areas, to be selected with the aid of an advisor, a minimum of nine hours is required. Fine arts are defined as courses in art and music.

- Journalism ....................................................... 3-9
- Theatre ......................................................... 3-9
- Speech .......................................................... 3-9
- Fine Arts ....................................................... 3-9

*Although English teachers will not be certified in fine arts, they will be expected to participate on interdisciplinary teams to provide students with experiences in the arts and humanities.

**Teaching English As a Second Language Support Area** (21 hours)

- EDC/ENG 513 Teaching English as a Second Language 3
- *EDC/ENG 514 TESL Materials and Methods 3
- EDC 575 Modern Educational Problems (Unclassified) 3
- EDC 576 Modern Educational Problems (Unclassified) 3
- ENG 310 American English 3
- ENG 512 Modern English Grammar 3
- LIN 515 Phonological Analysis 3

*Foreign Language majors will take EDC 636 Methods of Teaching Foreign Languages, K-12 instead of EDC/ENG 514.

**TESL Prerequisites**

**Native English Speakers:**
1. eight hours of foreign language study or the equivalent proficiency in American Sign Language
2. an introductory course in linguistics

**Non-native Speakers:**
1. minimum score of 550 on the TOEFL Examination
2. oral English language score of 40 on the TOEFL Test of Spoken English, or documentation of equivalent proficiency.

**General Support Area for Secondary Education** (24 hours)
Select courses from at least four areas from the following sets. Courses may not be double counted with courses taken for University Studies or for the English Support Area.

**Anthropology**
- ANT 515, ANT 516

**Art**

**Communications**
- COM 101, COM 350, COM 451, COM 453, COM 482, COM 581

B.A. in Education with a major in SECONDARY EDUCATION
Option: Foreign Language Education (grades P-12)

NOTE: The College of Education is currently suspending its undergraduate program preparing students for foreign language education. Students with an interest in foreign language education should contact an advisor in the College of Arts and Sciences. All educator preparation in foreign languages at the University of Kentucky occurs at the masters degree level. Foreign language students desiring to earn an educator license in public school foreign language must apply to the Master of Arts in Teaching World Languages program offered through the College of Arts and Sciences.

Requirements for Program

This B.A. includes completion of an approved plan in the academic specialty teaching of a foreign language (French, German, Spanish, Russian, Latin). The approved majors and minors in the academic specialties for teaching are entitled “French language major for secondary education,” etc., to distinguish them from the Arts & Sciences majors and minors. No certification is awarded with the B.A. Students desiring to go on to Master’s in Education with initial certification must apply to The Graduate School and apply to the Secondary Foreign Language Program Faculty in the spring of their senior year.

To receive the B.A. degree, students must:
1. complete the University Studies Program;
2. complete at least 128 semester hours;
3. complete an approved combination of foreign language education options, including at least one foreign language education (P-12) major;
4. attain grade-point averages of at least 2.50 overall and in the chosen major/minor/support areas; and
5. complete 100 hours of fieldwork with adolescents through the required three-hour course:
   EDC 362 Field Experiences in Secondary Education 3

The foreign language education program philosophy as regards the teaching and learning of second languages is grounded on three assumptions: All children can learn. All children can learn languages. A child can learn any modern language. The three assumptions are predicated on two conditions: (1) the learner is free of psychological, physical, and neurological language handicaps; and, (2) the context for teaching and learning is appropriate to the learner, the content, and the expected outcomes. The philosophical context, in which we are couched the conceptual framework and the theoretical basis for language learning and teaching, is the belief that the pursuit to know, to understand, or to be competent in another culture—its language or languages, its systems, its values, its customs, its arts—can be interpreted as an act of respect for that culture and for the family of man. The ability to communicate competently within the framework of another culture is power. It is the mission of the foreign language education program of the University of Kentucky, through its graduate and post-graduate clients, to encourage this respect and to make this power available to all students in their respective institutions.

Continuous Assessment

1. All foreign language education, grades P-12, students must be admitted to advanced standing after completing 60 hours. Advanced standing requires (a) a 2.50 minimum GPA overall, and (b) review by the program faculty advisor for foreign language education.

2. Because certification occurs through the Masters in Education including certification (MIC), students should be aware that they will need to be formally admitted to the MIC program. Admission/Retention/Exit regulations for all teacher certification programs are specified in the section “Admission, Retention and Exit from Teacher Education Programs” on page 161.

3. Oral and written communication skills of applicants for the MIC program in foreign language education will be assessed at the time of the interview, and through the entrance portfolio.

4. At entrance to the Masters in Education with initial certification, the student must earn at least an “Intermediate High” in oral and written language proficiency on the target language(s) as rated on the ACTFL academic scale. Appointments for these examinations should be scheduled with the chair of the Foreign Language Program Faculty well in advance of applying for admission to the masters degree program.

Statement on Student Teaching

There is no student teaching required for completion of the secondary foreign language major. Student teaching occurs as part of the Master of Arts in Teaching World Languages.

University Studies Requirements

University Studies may be met by following the courses listed in the University Studies section of this Bulletin.

Program Related Studies (3 hours)

Foreign Language Education (P-12)

Major/Minor Options (75-81 hours)

All candidates for certification in foreign language education, grades P-12, must complete at least one Option 1 major (French, German, Latin, Spanish, Russian). However, to complete a 128-hour B.A. in the College of Education, students must make additional selections from Options 1 through 5 to complete 128 hours.

Note: All foreign language education (P-12) students are encouraged to prepare for certification in more than one foreign language by selecting an additional Option 1 language.

Option 1

Major in foreign language education, grades P-12 (French, German, Latin, Spanish, Russian) 30 hours

Option 2

English major for secondary education, grades 8-12 33 hours and
English Education Support Area 18 hours

Option 3

Teaching English as a Second Language endorsement courses, grades P-12 21 hours

Option 4

Any approved University minor (not for certification) 18-21 hours

Option 5

General Support Area for foreign language education 24 hours

Continuous Assessment

1. All secondary education majors must be admitted to advanced standing after completing 60 hours. Advanced standing requires (a) 2.50 minimum GPA overall, and (b) review by a program faculty advisor for secondary mathematics education.

2. Because certification occurs through the Masters in Education including certification (MIC), students should be aware that they will need to be formally admitted to the MIC program. Admission/Retention/Exit regulations for all teacher certification programs are specified in the section “Admission, Retention and Exit from Teacher Education Programs” on page 161.

3. Oral and written communication skills of applicants for the MIC program in mathematics education will be assessed at the time of the interview, and through the entrance portfolio.

4. At exit from the secondary mathematics education major, grades 8-12, students will:
   a. demonstrate understanding of mathematical concepts and procedures and the connections among them;
   b. use multiple representations of mathematical concepts and procedures;
   c. reason mathematically and solve mathematical problems;
   d. communicate mathematics effectively at different levels of formality; and
   e. use historical, cultural, and contemporary perspectives in mathematics discourse.

Statement on Student Teaching

There is no student teaching required for completion of the secondary mathematics education, grades 8-12, major. Student teaching occurs as part of the Masters in Education with certification.

University Studies Requirements

University Studies may be met by following the courses listed in the University Studies section of this Bulletin, with the exception that PSY 100 (Introduction to Psychology) must be taken in the social sciences component, and MA 113 is also required.

Program Related Studies (15 hours)

Majors and Minors (66 hours)

Plan 1

Major in mathematics for secondary education (36 hours), with a university-approved minor* (18-21 hours) in biology, chemistry, computer science, geology, or physics.

Requirements for Program

This B.A. includes completion of an approved plan in the academic specialty teaching of mathematics, grades 8-12. The approved major in the academic specialties for teaching is entitled “Mathematics major for secondary education,” to distinguish it from the Arts & Sciences major. No certification is awarded with the B.A. Students desiring to go on to Masters in Education with Initial Certification must apply to The Graduate School and apply to the Secondary Mathematics Program Faculty in the spring of their senior year.

To receive the B.A. degree, students must:
1. complete the University Studies Program;
2. complete at least 128 semester hours;
3. complete one of the secondary mathematics education plans;
4. attain a grade-point average of at least 2.50 overall and in the chosen major/minor/support areas; and
5. complete 100 hours of fieldwork with adolescents through the required three hour course:

EDC 362 Field Experiences in Secondary Education ........................................ 3

The certification program in secondary mathematics education, grades 8-12, extends and enhances the conceptual framework of the College of Education by providing the opportunities and experiences necessary for beginning teachers to reflect on the perspective of the schools and the profession. Indeed, the National Council of Teachers of Mathematics (NCTM), the principal professional organization for the mathematics education program, has for the past decade promoted teaching that fosters the development of students’ abilities to explore, conjecture, and reason logically, as well as the ability to use a variety of mathematical methods to solve non-routine problems. Teaching to meet this goal requires a great deal of reflective decision making, because what students learn depends to a large extent on how it has been learned. This certification program strives to blend the learning of mathematics with the learning of pedagogy.

*University approved minors must be planned with an advisor in the appropriate department if the student wishes to have it recorded on the UK transcript.
The Secondary Science Education program addresses the content area requirements of Kentucky’s New Teacher Standards, National Research Council’s National Science Education Standards, and the National Science Teachers Association Guidelines. The program encourages the understanding and development of major concepts within a specialty area as well as an understanding of the interconnectedness of the sciences. Students are encouraged to apply mathematics to investigations of science, including analyses of data. It is intended that students relate the concepts of science to contemporary, historical, technological and societal issues. As future science teachers, students will need to locate resources, design and conduct inquiry-based and open-ended investigations, interpret findings, communicate results and make judgments based upon evidence. Specifically, the program encourages the teaching of science through a problem-solving, inquiry-based approach.

Continuous Assessment

1. All secondary education majors must be admitted to advanced standing after completing 60 hours. Advanced standing requires (a) 2.50 minimum GPA overall, and (b) review by program faculty advisor for Secondary Science Education.

2. Because certification occurs through the Masters in Education including certification (MIC), students should be aware that they will need to be formally admitted to the MIC program. Admission/Retention/Exit regulations for all teacher certification programs are specified in the section “Admission, Retention and Exit from Teacher Education Programs” on page 161.

3. Oral and written communication skills of applicants for the MIC program in secondary science education will be assessed at the time of the interview, and through the entrance portfolio.

4. Admission to the Masters in Education with certification is competitive. At the time of application to the science education program, applicants will be evaluated on the basis of GPA, GRE scores, graded and on-site writing tasks, verbal communication, quality of references, commitment to teaching, social awareness, educational experiences with diverse learners, 14-18 year olds, and multicultural experiences, and quality of work in the sciences.

Statement on Student Teaching

There is no student teaching required for completion of the secondary science education major. Student teaching occurs as part of the Masters in Education with initial certification.

University Studies (39-53 hours)

*See section of UK Bulletin on University Studies Requirements for listing of allowable courses in each area below.

Program Related Studies (6 hours)

EDC 362 Field Experiences in Secondary Education ................................. 3
CS 101 Introduction to Computing I ................................................. 3

Majors and Minors (54-72 hours)

Plans for Majors, Minors, and Supporting Subjects

Candidates may choose to be certified in one of two science areas, i) biological science, or ii) physical science. Biological science candidates must have a biological science major for secondary education and follow one of the biological science plans. Physical science candidates must have a chemistry major for secondary education, earth science major for secondary education, physical science major for secondary education, or physics major for secondary education and follow one of the physical science plans.

Plans for Biological Science Candidates

Plan 1

Major (33 hours in biological science) plus: (A) a supporting non-certifiable minor of (21 hours) in mathematics, OR (B) a supporting non-certifiable minor in one of the other sciences. The science fields from which the minor may be chosen include chemistry, earth science, and physics.

Plan 2

Major (33 hours in biological science) with two 12-hour supporting subjects. The 12-hour blocks of support-subjects may be chosen from two of the following fields: chemistry, earth science, physics, or mathematics.

Plan 3

Major (33 hours in biological science) and four supporting subjects. Students selecting Plan 3 will complete a major in biology and take a total of 24 semester hours from chemistry, earth science, physics, and mathematics, with a minimum of three semester hours in each field.

Plans for Physical Science Candidates

Plan 1

Major (33 hours in either chemistry, earth science, or physics) plus: (A) a supporting non-certifiable minor of (21 hours) in mathematics, OR (B) a supporting minor in one of the other sciences. The science fields from which the minor may be chosen include biology (non-certifiable), chemistry, earth science, and physics, and mathematics (non-certifiable).

Plan 2

Major (33 hours in either chemistry, earth science, or physics) with two 12-hour supporting subjects. The 12-hour blocks of support-subjects may be chosen from two of the following fields: biology, chemistry, earth science, physics, or mathematics. Courses from the major may not be applied to the support-subjects requirement.

Plan 3

Major (33 hours in either chemistry, earth science, or physics) and four supporting subjects. Students selecting Plan 3 will complete a total of 24 semester hours from biology, chemistry, earth science, physics, and mathematics, with a minimum of three semester hours in each field. Courses from the major may not be applied to the support-subjects requirement.

Plan 4

Students will complete a physical science for secondary education major. The physical science major consists of 21 hour minors in chemistry, earth science, and physics.

Minors from each field must be included in the physical science major.

Major Requirements

All majors for secondary education require a minimum of 33 hours.

*Note: A maximum of six hours of astronomy may be counted toward the 21 hour physics requirement. A student may not count both the AST 191, 192 and PHY 151, 152 sequences toward the minor. If PHY 151 and PHY 152 are applied to the major, they must be completed prior to taking the PHY 231, 241, 232, 242 sequence.

B.A. in Education with a major in SECONDARY EDUCATION

Option: Social Studies Education

Requirements for Program

This B.A. includes completion of an approved plan in the academic specialty teaching social studies. The approved majors and minors in the academic specialties for teaching are entitled “history major for secondary education,” etc., to distinguish them from the Arts & Sciences majors and minors. No certification is awarded with the B.A. Students desiring to go on to Master’s with Initial Certification must apply to The Graduate School and apply to the Secondary Social Studies Education Program Faculty in the spring of their senior year.

To receive the B.A. degree, students must:
1. complete the University Studies Program;
2. complete at least 128 semester hours;
3. complete one of the secondary social studies education plans;
4. attain a grade-point average of at least 2.50 overall and in the major/minor/support areas; and
5. complete 100 hours of fieldwork with adolescents through the required three hour course:

EDC 362 Field Experiences in Secondary Education

Following completion of the secondary social studies major, students will demonstrate the following: (1) a reflective understanding of American society, its past and contemporary situation, and its place in the larger world; (2) an ability to apply social science concepts and use inquiry and interpretive skills; (3) a historical perspective; (4) a multicultural and global perspective; and (5) an ability to learn from participation in the community (from local to global) affairs and service. Students should consider experiences such as study abroad and internships in government and social agencies, as well as course work, in preparation for social studies teaching.

Continuous Assessment

1. All secondary education majors must be admitted to advanced standing after completing 60 hours. Advanced standing requires: (A) 2.50 minimum GPA overall; (B) 2.50 minimum GPA in course work leading to completion of Plan 1 or Plan 2; and (C) review by program faculty advisor for secondary social studies education.

2. Because certification occurs through the Masters in Education including certification (MIC), students should be aware that they will need to be formally admitted to the MIC program. Admission/Retention/Exit regulations for all teacher certification programs are specified in the section “Admission, Retention and Exit from Teacher Education Programs” on page 161.

3. Oral and written communication skills of applicants for the MIC program in social studies education will be assessed at the time of the interview, and through the entrance portfolio.

4. Admission to the Masters in Education with initial certification is competitive.

a. Students are reminded that they will be teaching about the whole world; somewhere in the 66 hours they should have at least one course about each world region. Students are strongly urged to complete the 12-hour campus-wide International Studies Concentration or one of the 12-hour plus foreign language World Regional/Foreign Language Concentrations.

b. Students also need to be prepared to teach U.S. history from an interdisciplinary perspective and a multicultural perspective. Students are strongly urged to take 12 hours as an American Studies Emphasis, with at least one course in the humanities and at least two courses dealing with diversity in the U.S.

c. Students need breadth and depth. Students are strongly urged to take nine hours in two of the subjects in their support area. Courses may double-count in University Studies in Plan 1 or 2 and in the 12-hour blocks.

Statement on Student Teaching

There is no student teaching required for completion of the secondary social studies education major. Student teaching occurs as part of the Masters in Education with certification.

University Studies (39-53 hours)

*See University Studies Program section of this Bulletin for listing of allowable USP courses.

Program Related Studies (3 hours)

EDC 362 Field Experiences in Secondary Education

Majors and Minors (66-72 hours)

Students must complete Plan 1 or 2 in history and social sciences for secondary education.

Plan 1

Major in history (36 hours) with a minor (21 hours) in anthropology, economics, geography, political science, psychology, or sociology, and a support area (15 hours) which includes one course from each of the social sciences not chosen as minor.

Plan 2

Major (at least 30 hours) in anthropology, economics, geography, political science, psychology, or sociology, with a minor (21 hours) in history and a support area (15 hours) which includes one course from each of the social sciences not chosen as major.

DEGREE PROGRAMS OUTSIDE THE
COLLEGE OF EDUCATION

B.A. with a major in
ART EDUCATION

The requirements for K-12 art education are listed in the Fine Arts section of this Bulletin.

COMMUNICATION DISORDERS

The undergraduate and graduate programs in communication disorders are now part of the
Department of Rehabilitation Sciences in the College of Health Sciences. Prospective stu-
dents should refer to the Health Sciences section of this Bulletin.

B.M.M.E. with a major in
MUSIC EDUCATION

The requirements for K-12 music education are listed in the Fine Arts section of this Bulletin.

BACHELOR OF SCIENCE IN
CAREER AND TECHNICAL
EDUCATION

Requirements are listed in the College of Agriculture and School of Human Environmental
Sciences section of this Bulletin.

Undergraduate Initial Educator Licensure Programs for Persons
Already Holding a Bachelor’s Degree

The College of Education offers undergraduate programs leading to initial certification in
early elementary education and middle school education for candidates who already hold a
bachelor’s degree from a regionally accredited institution of higher education. These expedited
programs are designed to take advantage of candidates’ age and life experiences and to
shorten the time required for program completion. They do not lead to a UK bachelor’s
degree. Documents describing these programs are available from Academic Services and
Teacher Certification, 166 Taylor Education Building, or from the Department of Curriculum
and Instruction, 335 Dickey Hall. All Col-
lege of Education Admission, Retention and Exit to Teacher Education Programs rules
apply to these programs. In addition, candidates
must adhere to policies relating to field place-
ments and character and fitness reviews. Inter-
ested persons are encouraged to see an advisor
before enrolling in any courses associated with
these programs.

Business and Marketing
Education

Teacher certification in business and mar-
tering education is available at UK through the
masters of arts in education with initial certi-
fication. Students completing a degree in an
area of business may seek admission to the
program by contacting Dr. Douglas Smith,
Chair, Program Faculty in Business and Mar-
ter Education, Department of Curriculum and Instruction.
