The College of Arts and Sciences embodies the liberal arts: the natural sciences and mathematics, the social sciences, and the humanities. Students augment their knowledge in all three areas by exploring the interconnections among them. Study of the liberal arts opens to students the vast scope and excitement of human intellectual and cultural achievement. It enlarges the student’s vision and enriches the student’s life. Study of arts and sciences prepares students for life-long learning and vocational success. It also prepares them for a life of effective civic participation as informed and critical citizens of a diverse global society.

In essence, an Arts and Sciences education fosters the ability to think and learn independently. Arts and Sciences graduates are well prepared to meet future technological and cultural transformations.

Undergraduate Programs in Arts and Sciences

The University of Kentucky grants the following degrees in the College of Arts and Sciences:

- Bachelor of Arts
- Bachelor of Science
- Bachelor of Liberal Studies

Students pursuing the Bachelor of Arts or the Bachelor of Science select from these majors: anthropology; biology; chemistry; economics; English; foreign language and international economics; geography; geological sciences; history; linguistics; mathematical economics; mathematics; modern and classical languages, literatures and cultures (with tracks in Arabic and Islamic studies, Chinese studies; Classics; French and Francophone studies; German studies; Japan studies; and Russian studies); physics; political science; psychology; sociology; writing, rhetoric, and digital studies; and topical studies. The College also offers a Bachelor of Arts with these majors: environmental and sustainability studies; gender and women’s studies; health, society, and populations; international studies; philosophy; and Spanish; a Bachelor of Science with a major in Neuroscience; and a Bachelor of Liberal Studies.

For more information on degree programs, visit: www.as.uky.edu/
## Guide to A&S Departmental Honors Requirements

<table>
<thead>
<tr>
<th>Major</th>
<th>Cumulative GPA</th>
<th>Criteria</th>
</tr>
</thead>
<tbody>
<tr>
<td>Anthropology</td>
<td>3.5</td>
<td>The honors program in the Department of Anthropology is a research-intensive experience in which the student works closely with a faculty mentor. Requirements are: (1) a cumulative GPA of 3.5 or higher; (2) a departmental Major GPA of 3.5 or higher; (3) a research component designed by the student and the faculty mentor.</td>
</tr>
<tr>
<td>Biology</td>
<td>3.5</td>
<td>Biology majors are eligible for Honors in Biology if they: (1) Complete 6 hours of BIO 395. (2) Have an overall 3.5 GPA on graduation. (3) Successfully complete two biology honors (BIO–H) courses or two honors-selected 500 or 600 level Biology (BIO) courses, or a combination of BIO–H and honors-selected 500/600 BIO courses. Each semester the honors-selected 500/600-level BIO courses will be identified by a course note in the course schedule: this note will state “fulfills an Honors in Biology course requirement”. (4) A public presentation of one’s research results. Such a presentation can be a journal article, a seminar given to a diverse group, a talk or a poster at a professional meeting, a thesis or some form of public presentation approved by the Director of Undergraduate Studies.</td>
</tr>
<tr>
<td>Chemistry</td>
<td>3.5</td>
<td>12 hours in CHE or BCH courses (other than CHE 440G, 441G, and 572) at or above the 300 level. At least 6 of those hours must be in CHE 395. 3.5 cumulative GPA and 3.5 major GPA or above.</td>
</tr>
<tr>
<td>Earth and Environmental Sciences</td>
<td>3.5</td>
<td>3.3 cumulative GPA and senior thesis or 3.5 cumulative GPA or above.</td>
</tr>
<tr>
<td>Economics</td>
<td>3.2</td>
<td>3.2 cumulative GPA and a major GPA of 3.2 or above.</td>
</tr>
<tr>
<td>English</td>
<td>3.75</td>
<td>(1) 3.75 major GPA or above in courses taken at UK which count toward the English major. (2) At least 8 such courses taken at UK (i.e., not transferred). (3) Successful completion of at least one designated ENG honors seminar with a grade of B or higher.</td>
</tr>
<tr>
<td>Environmental and Sustainability Studies</td>
<td>3.5</td>
<td>3.5 cumulative GPA.</td>
</tr>
<tr>
<td>Gender and Women’s Studies</td>
<td>3.5</td>
<td>3.5 cumulative GPA and major GPA of 3.5 or above.</td>
</tr>
<tr>
<td>Geography</td>
<td>3.5</td>
<td>3.5 cumulative GPA and major GPA of 3.5 or above.</td>
</tr>
<tr>
<td>Health, Society, and Populations</td>
<td>3.6</td>
<td>3.6 or above major GPA.</td>
</tr>
<tr>
<td>Hispanic Studies</td>
<td>3.5</td>
<td>3.5 cumulative GPA or above in 300-500 level Spanish courses.</td>
</tr>
<tr>
<td>Major</td>
<td>Cumulative GPA</td>
<td>Criteria</td>
</tr>
<tr>
<td>--------------------------------------------</td>
<td>----------------</td>
<td>--------------------------------------------------------------------------</td>
</tr>
<tr>
<td>History</td>
<td>3.5</td>
<td>Minimum 3.5 cumulative GPA, 3.5 departmental GPA or above and a grade of A or B in HIS 301 and HIS 499.</td>
</tr>
<tr>
<td>International Studies</td>
<td>3.5</td>
<td>3.5 cumulative GPA and major GPA of 3.5 or above.</td>
</tr>
<tr>
<td>Linguistics</td>
<td>3.75</td>
<td>3.75 cumulative GPA or above in courses taken at UK which count or could count toward the linguistics major and premajor. At least 8 such courses taken at UK (i.e., not transferred).</td>
</tr>
<tr>
<td>Mathematical Economics</td>
<td>3.2</td>
<td>3.2 cumulative GPA or above and 3.2 major GPA or above.</td>
</tr>
<tr>
<td>Mathematics</td>
<td>3.5</td>
<td>3.5 cumulative GPA or above.</td>
</tr>
<tr>
<td>Modern and Classical Languages, Literatures and Cultures</td>
<td>3.5</td>
<td>3.5 cumulative GPA and major GPA of 3.75 or above.</td>
</tr>
<tr>
<td>Philosophy</td>
<td>3.5</td>
<td>3.5 cumulative GPA or above in PHI courses, plus a senior thesis. Students are encouraged to enroll in PHI 395 for support in writing the senior thesis.</td>
</tr>
<tr>
<td>Physics</td>
<td>3.4</td>
<td>3.4 cumulative GPA or above and 3.4 major GPA or above in physics and astronomy. All students awarded department honors will have fully participated in independent study or research including the preparation of a final report; participation with a high grade in a 3-credit-hour PHY 395 or participation in a summer research experience are ways of achieving this. Other factors such as citizenship, leadership in the Society of Physics Students, and other meritorious activity will be considered in the selection of seniors for graduation with honors.</td>
</tr>
<tr>
<td>Political Science</td>
<td>3.5</td>
<td>In order to graduate with departmental honors in political science, a student must obtain at least a 3.5 GPA in the major and at least a 3.25 overall GPA. Additionally, honor students must complete PS 490, Honors in Political Science. In this course, students will be expected to carry out a major research project. Should that option be unavailable, however, students will have an opportunity to arrange completion of a major research project under faculty guidance as part of PS 395, the department’s Independent Study course, subject to approval from the Director of Undergraduate Studies.</td>
</tr>
<tr>
<td>Psychology</td>
<td>3.5</td>
<td>3.6 major GPA or above and successful completion of PSY 495 and PSY 496.</td>
</tr>
<tr>
<td>Sociology</td>
<td>3.5</td>
<td>3.5 cumulative GPA or above.</td>
</tr>
<tr>
<td>Topical</td>
<td>3.6</td>
<td>3.6 cumulative GPA or above and recommendation of the Associate Dean based on the final thesis.</td>
</tr>
<tr>
<td>Writing, Rhetoric, and Digital Studies</td>
<td>3.5</td>
<td>3.5 or above cumulative GPA and major GPA of 3.5 or above and GPA of 3.5 or above in 400-level WRD courses.</td>
</tr>
</tbody>
</table>
College Policy on Learning Disabilities

The College of Arts and Sciences anticipates that virtually all of its students will satisfy all of its requirements. However, any student who believes that he or she can show evidence – by diagnostic testing and/or psychological evaluation – that he or she has a learning disability which warrants course substitution of any specific college requirement may request such an exception from the College. Students should begin their inquiries and/or discussions in the UK Disability Resource Center, 407 Multidisciplinary Science Building, 725 Rose Street.

Readmission After a Two-Year Absence

In accordance with the University Senate rules which allow the dean of each college to determine which degree requirements a returning student shall follow, students should note the following: Students enrolling in the College of Arts and Sciences after an absence from the University of Kentucky of two or more years will be expected to satisfy the university, college, graduation, and department requirements in effect at the time of readmission.

Students with extenuating circumstances may petition the College for permission to continue under the degree requirements that were in effect during their previous enrollment in the UK system.

ACADEMIC SUSPENSION AND REINSTATEMENT

The College of Arts and Sciences follows the general University rules for academic suspension and reinstatement, which are outlined in the Academic Requirements section of this Bulletin. Students placed on academic suspension must be reinstated by the college in which they plan to enroll before applying for readmission to the university. Students planning to pursue a degree program in the College of Arts and Sciences should arrange for reinstatement proceedings before May 15 for any fall semester reinstatement, or October 1 for any spring semester reinstatement by calling the A&S Advising Center, (859) 257-8712. Students who fail to request reinstatement prior to these deadlines will normally not be considered for reinstatement until the subsequent semester.

A student who has been suspended for a second time from the University of Kentucky will usually not be considered for reinstatement by the College of Arts and Sciences until two years have passed since the date of the second suspension.

THE BACHELOR OF ARTS AND BACHELOR OF SCIENCE DEGREE

Students must complete four areas of requirements to obtain a UK Arts and Sciences degree. The four areas are: UK Core; major requirements; college requirements; and university graduation requirements. The following information outlines the specific degree requirements for the B.A. and the B.S. in Arts and Sciences. Please read them carefully and also note the specific differences in each degree program.

The B.S. degree requires three hours in college disciplinary requirements for the natural sciences, social sciences and humanities beyond those required for the UK Core and requires 60 hours of physical, biological and/or mathematical sciences.

The B.A. degree requires six hours in college disciplinary requirements for the natural sciences, social sciences and humanities beyond those required for the UK Core and requires 39 hours in course work numbered at or above the 300 level.

College Requirements for a Bachelor of Arts Degree

It is important to review the “NOTES” section that immediately follows the “College Requirements for a Bachelor of Science Degree” section.

To receive the Bachelor of Arts degree, students must:

1. Complete the UK Core requirements.
2. Complete the following college requirements:
   a. Foreign Language Requirement. Contact your advisor or the A&S Advising Center for an explanation of the Foreign Language Requirement.
   b. Students must take six college hours in disciplines in the natural sciences.
   c. Students must take six college hours in disciplines in the social sciences.
   d. Students must take six college hours in disciplines in the humanities.
3. Complete at least 120 credit hours in courses acceptable to the College of Arts and Sciences.
4. Complete at least 90 credit hours in Arts and Sciences courses.
5. Complete at least 39 credit hours in courses numbered at or above the 300 level.
6. Complete at least 39 credit hours within the major. At least 24 of these hours must be at or above the 300 level.
7. Complete at least one course that includes some laboratory or field experience. (See the description of the College Laboratory or Field Experience Requirement which follows.)
8. Attain an overall grade-point average of at least 2.0.
9. Attain a grade-point average of at least 2.0 in all major requirements courses (including all premajor courses).
10. Complete a minimum of six credit hours of free electives. These college electives cannot be counted towards UK Core, college or major requirements.
11. Complete University graduation requirements, the Graduation Composition and Communication Requirement, and the residence requirement.

†See College Core Requirements for B.A. and B.S. Degree following the next section.

College Requirements for a Bachelor of Science Degree

It is important to review the “NOTES” section that immediately follows the “College Requirements for a Bachelor of Science Degree” section.

To receive the Bachelor of Science degree, students must:

1. Complete the UK Core requirements.
2. Complete the following college requirements:
   a. Foreign Language Requirement. Contact your advisor or the A&S Advising Center for an explanation of the Foreign Language Requirement.
   b. Students must take three college hours in disciplines in the natural sciences.
   c. Students must take three college hours in disciplines in the social sciences.
   d. Students must take three college hours in disciplines in the humanities.
3. Complete at least 120 credit hours in courses acceptable to the College of Arts and Sciences.
4. Complete at least 90 credit hours in Arts and Sciences courses.
5. Complete at least 60 credit hours in the physical, biological and/or mathematical sciences.
6. Complete at least 39 credit hours within the major. At least 24 of these hours must be at or above the 300 level.
7. Complete at least one course that includes some laboratory or field experience. (See the description of the College Laboratory or Field Experience Requirement which follows.)
8. Attain an overall grade-point average of at least 2.0.
9. Attain a grade-point average of at least 2.0 in all major requirements courses (including all premajor requirements).
10. Complete a minimum of six credit hours of free electives. These college electives cannot be counted towards UK Core, college or major requirements.
11. Complete University graduation requirements, the Graduation Composition and Communication Requirement, and the residence requirement.

†See College Core Requirements for B.A. and B.S. Degree following the next section.
College Core Requirements for B.A. and B.S. Degree

To satisfy the Arts and Sciences college core requirement, students must complete three (for a B.S.) or six (for a B.A.) college hours in each of three areas – natural sciences, social sciences, and humanities – not counting any courses taken to fulfill the requirements of UK Core.

Students may also use other Arts and Sciences courses to satisfy the college core requirement if these courses have been approved to fulfill parallel inquiry areas in the UK Core.

Natural Sciences

Students cannot double dip courses to satisfy the Arts and Sciences core requirement that students complete in each of the three areas – natural sciences, social sciences, and humanities. A course used to satisfy the natural sciences requirement may not be used to satisfy the social sciences or humanities requirement.

1. All courses offered by Arts and Sciences departments or programs within the disciplines of the natural sciences including courses with the following department prefixes: AST, BIO, CHE, EES, PHY, PSY, ECO, CHE.

2. The following courses may also be used to satisfy the Arts and Sciences College requirement for course work within the disciplines of natural sciences. However, if used to count as a Natural Science they cannot also be used for any Social Science requirement.

- ANA 209
- ANT 230, 332, 333, 353
- CGS 500
- DHN 101
- ENS 200, 400
- ENT 110, 300
- GEO 130, 135, 230, 351, 451G, 530
- PGY 206
- PLS 104
- PSY 312, 393, 456, 459, 565

Students who take courses fulfilling the Natural, Physical, and Mathematical Sciences UK Core requirement that exceed the credit hours needed for the requirement itself may apply the excess to this college core requirement, accumulating credit hours until the minimum has been fulfilled. This option applies to all Arts and Sciences students regardless of where the course work was completed.

Social Sciences

Students cannot double dip courses to satisfy the Arts and Sciences core requirement that students complete in each of the three areas – natural sciences, social sciences, and humanities. A course used to satisfy the social sciences requirement may not be used to satisfy the natural sciences or humanities requirement.

1. All courses offered by Arts and Sciences departments or programs within the disciplines of the social sciences including courses with the following department prefixes: ANT, APP, ECO, GEO, GWS, IAS, PSY, SOC, if content is designated as a social science; also, see #3 below.

2. The following courses may also be used to satisfy the Arts and Sciences College requirement for course work within the discipline of social sciences:

- AAS 200, 235, 326, 328, 336, 417G, 432, 471
- ANT 101, 102, 201, 202, 442, 443
- CHI 101, 102, 201, 202
- CLA 101, 102, 131, 151, 152, 201, 202, 251, 252
- ENG 102, 207, 405, 407, 507, 509
- FR 101, 102, 106, 201, 202, 204, 307, 310, 507, 553, 570
- GER 011, 101, 102, 201, 202, 205, 206, 211, 212, 307, 308, 310, 507, 553, 612
- HIS 101, 102, 201, 202
- ITA 101, 102, 201, 202
- JPN 101, 102, 201, 202, 301, 302, 401, 402, 404, 405, 407, 509
- JPN/GE 334, JPN/GEO 551
- LIN 520, 521
- PHI 120, 320
- PS 417G, 471
- RUS 101, 102, 201, 202, 301, 302, 401, 404, 501, 502
- SPA 011, 101, 102, 103, 151, 201, 202, 203, 205, 210, 211, 215, 302, 313, 413, 510, 506, 553
- WRD 203, 204, 205, 306

3. The following courses may also be used to satisfy the Arts and Sciences College requirement for course work within the discipline of humanities:

- AMS 201
- ANT 515, 516, 519
- ART 100
- CGS 500
- GWS 201, 506
- MUS 203, 222, 301, 302, 303, 325

College Laboratory or Field Experience Requirement

The college requires its students to complete at least one course that includes some laboratory or field experience. In such courses the external world is observed in a controlled manner using systematic techniques and methods. A substantial portion of the course must include data collection, data analysis, and hypothesis testing under supervised conditions. The approved courses for the laboratory requirement are:

Natural Sciences

- Biology – BIO 111, 115, 209
- Chemistry – CHE 111, 113
- Earth and Environmental Sciences – EES 160, 220

Social and Behavioral Sciences

- Anthropology – ANT 230, 541, 585
- Geography – GEO 406
- Political Science – PS 372
- Psychology – PSY 100, 215
- Sociology – SOC 302, 303
When appropriate, other upper level courses may be used to satisfy this requirement by petition.

MAJOR REQUIREMENTS

A major concentration in the College of Arts and Sciences consists of at least a 39-credit-hour program, referred to as the “major requirements.” Each department or program has specified the requirements for their majors, as listed in this Bulletin under each relevant heading and as outlined in the online degree audit system within myUK GPS (Graduation Planning System).

Aside from any exceptions explicitly approved by the Arts and Sciences Educational Policy Committee and the Undergraduate Council, however, major requirements must conform to the following restrictions:

1. A total of 39 credits is required in the major requirements.
2. Courses electively taken pass-fail will not count toward UK Core, major/minor, or College requirements.
3. At least 24 credits must be in courses at the 300 level or above.
4. A minimum of 18 credits in a department, taken at the 200 level or above, is required for a major.
5. An overall grade-point average of at least 2.0 in all courses listed for the major requirements, including all premajor courses. This includes all grade attempts except those for which repeat options or academic bankruptcy has been approved.

Students are expected to review and understand all degree requirements listed in the online degree audit system within myUK GPS (Graduation Planning System).

Students who have taken courses (200 level or above) outside the college should talk with their academic advisor to see if these courses are applicable to their major requirements.

Topical Studies Majors

Students who have multiple interests or interests which do not fall into departmental areas may select a topic for concentration instead of a departmental major. Topical Studies offers academic flexibility and allows students to cut across departmental and college lines in constructing meaningful and imaginative programs. Courses in several departments might be selected to pursue special interests – Asian studies, for instance. Other examples might be African American studies or human studies.

Each Topical Studies major is designed and directed by the student in consultation with a faculty advisor in the general area of study, and in consultation with the topical studies advisor in the A&S Advising Center and an Arts and Sciences Associate Dean.

Topical Studies is the only selective admission program in the College of Arts and Sciences. The student must have a cumulative UK grade-point standing of at least 2.5 to be accepted to Topical Studies. The specific requirements of the topical studies major are that the student must meet UK Core and College requirements, must enroll in and complete at least 30 credit hours after formal admission, and complete the 39-hour major requirements (see preceding section entitled “Major Requirements”). Except for electives, all of the student’s work must be related to the topic. Additionally, in the senior year, the student must complete a comprehensive paper or project that serves to integrate his or her topical studies field. Frequently, it is advantageous to begin writing this paper or project in the context of an independent work course or a seminar, with the instructor’s approval. The paper or project proposal must be approved by a faculty advisor, an Arts and Sciences Associate Dean, and the Topical Studies advisor before significant work has begun on the project. Students must submit the final paper or project for review and approval no later than eight weeks before finals during the semester the student intends to graduate. The paper should be submitted to the Associate Dean no later than six weeks before the final exam week during the semester the student intends to graduate. Departmental honors for topical studies majors are determined by the Associate Dean and the Topical Studies advisor. To be eligible for departmental honors, a student must have a cumulative GPA of at least 3.6 and a final paper or project that has been judged to be outstanding.

For more information, contact the Arts and Sciences Topical Studies advisor in the A&S Advising Center (202 Patterson Office Tower); or visit the Topical Studies major Web site at: www.as.uky.edu/topical-studies.

A Second Major

A student may obtain a second major by meeting all requirements in two departments. Major work in one department can, if there is a generic relationship, serve as the outside field in the second major, and vice versa. However, the International Studies major allows a maximum of 15 hours of course work to overlap between two majors. The student must indicate his or her major to the A&S Advising Center, 202 Patterson Office Tower. He or she must have an advisor in both departments. If one of the majors is in another college, the student is still required to know the list of requirements from the other college. The student who completes requirements for a second major will receive only one degree, but his or her transcript and diploma will reflect the two majors.

For information on second majors (not the same as second degree), consult the Graduation Requirements section of this Bulletin.
Interdisciplinary minors are also available in:
- African American studies
- American studies
- Appalachian studies
- cognitive science
- environmental and sustainability studies
- Indian culture
- Jewish studies
- Latin American, Caribbean, and Latino studies

Minors can only be awarded in conjunction with a UK undergraduate degree. Additionally, students cannot pursue a minor in the same discipline as their major. This includes the area of concentration for a Topical Studies major and International Studies major.

For more information about choosing or declaring a minor, please review the requirements outlined in the online degree audit system within myUK GPS (Graduation Planning System); contact the department where the minor is offered; and/or consult the departmental section of this Bulletin. To officially declare a minor, students must complete a Declaration/Change of Major or Minor form in the A&S Advising Center, 202 Patterson Office Tower.

Awarded minors appear on the student’s final transcript but not on his or her diploma.

The Preparation of Teachers

Any Arts and Sciences student intending to seek teaching certification should so indicate to his or her academic advisor. The student should also contact the College of Education, 166 Taylor Education Building. As soon as the student has determined to seek certification he or she is assigned an advisor both in the College of Education Building. As soon as the student has determined to seek certification he or she is assigned an advisor both in the College of Education and in the major department in the College of Arts and Sciences.

Students seeking certification should be sure to familiarize themselves with the requirements of both colleges. The sooner and the more thoroughly this is done, the greater the advantage to the student.

INFORMATION ON COURSES

Transfer of Kentucky Community and Technical College System (KCTCS) Courses

The college will usually apply up to 6 hours of technical course work taken at any accredited institution including KCTCS. Beyond these 6 credit hours, courses will be evaluated on an individual basis and as it applies to the student’s baccalaureate degree program.

Independent Work Courses

A junior or senior major, with prior approval of his or her faculty advisor and the instructor who would direct the work, register for an independent work course in his or her major department. Normally, a cumulative GPA of 3.0 in the major is required. In exceptional circumstances a nonmajor or topical studies major may be permitted to enroll in a departmental independent work course. Such a course is characterized by special assignments for study, regular conferences, reports, and usually involves preparation of a paper. The instructor in each case must file with the department evidence of the nature of the work achieved. Credit for such courses may be granted to undergraduates to an amount of not more than 12 hours.

Experiential Education and Internship Courses

The College of Arts and Sciences accepts experiential education and internship courses (such as EXP 396, departmental 399 courses,) on a pass-fail basis only, regardless of which college is offering the courses. A total of 12 credit hours in these courses may be counted toward the 120 credit hours required for graduation. For ANT 399 and SPA 399, a maximum of 15 semester credit hours can be earned. However, College of Arts and Sciences majors may only earn a maximum of six credit hours of experiential education credit (EXP) in one semester.

ROTC Program

A maximum of 16 semester credit hours earned in American Military Studies and Air Force Studies courses will be accepted towards fulfilling the 90 hours of A&S courses required and the 120 minimum number of hours needed for graduation with a baccalaureate degree in the College of Arts and Sciences, even though students typically enroll for more than 16 semester credit hours of AMS and AFS course work. However, credit received from taking AMS/HIS 320, American Military History, can apply in addition to the 16 credit hour limit earned in AMS or AFS course work. Additionally, AMS 350 (1 credit hour) can only be counted for a maximum of 4 credit hours. Please note that a maximum of 1 credit hour of KHP 107 will count toward degree requirements, regardless how many credits are earned.

AEROSPACE STUDIES (Air Force ROTC)

The Department of Aerospace Studies provides a campus education program through which qualified students can simultaneously earn an Air Force commission and a college degree. Faculty members are experienced, active duty Air Force officers with advanced degree.

Admission to the Program

- Non-scholarship freshmen and sophomores may register for Air Force Studies (AFS) courses without incurring a military commitment.
- Students with a minimum of five semesters of school remaining in a graduate or undergraduate status may qualify for Air Force ROTC. For more information, call (859) 257-7115.

Requirements

An academic major in aerospace studies is not offered. However, by successfully completing the Air Force ROTC program, a qualified student may concurrently earn a commission as an active duty Air Force Second Lieutenant while completing requirements for a degree. Students may enroll in some Aerospace Studies courses without joining the Air Force ROTC cadet corps. For more information, call (859) 257-7115.

AFROTC Curriculum

The AFROTC curriculum consists of both academic classes and leadership laboratory or seminar classes.
- The General Military Course (GMC) is a two-year course normally taken during the freshman and sophomore years.
- The Professional Officer Course (POC) is a two-year course normally taken during the junior and senior years. Along with academic classes each semester, all cadets also take leadership laboratory classes.

In the GMC, there are four academic classes:

- Freshman Semesters
  - AFS 111 offered in fall semesters
  - AFS 113 offered in spring semesters

- Sophomore Semesters
  - AFS 211 offered in fall semesters
  - AFS 213 offered in spring semesters

These cover two main themes – the development of air power and the contemporary Air Force in the context of the U.S. military organization. The GMC academic classes are open to any UK student.

In the POC, there are four academic classes:

- Junior Semesters
  - AFS 311 offered in fall semesters
  - AFS 313 offered in spring semesters

- Senior Semesters
  - AFS 411 offered in fall semesters
  - AFS 413 offered in spring semesters

These cover Air Force management and leadership and national security studies.

Note: Entry into the POC years is competitive and is based on:
- Air Force Officer Qualifying Test scores
- Grade-point average
- Evaluation by the AFROTC Detachment Commander
- Only physically qualified students in good academic standing may compete for entry into the POC.
- Typically, these courses are for those cadets who have already completed the courses in the GMC, but the courses are open to any UK student.
Students enrolled as cadets are required to be involved once a week in a 1-credit-hour course in the cadet corps training program designed to simulate a typical Air Force organization and its associated functions. This course is known as Leadership Laboratory. A cadet (only), UK students taking the courses electively are not required to take Leadership Laboratory but are also welcome, but cadets only are required to take all of the Leadership Laboratories each semester (fall and spring only) concurrent with their AFS courses listed above. Please call (859) 257-7115 for further inquiries on the matter.

GMC Years

Freshman Semesters
AFS 112 fall semesters
AFS 114 spring semesters

Sophomore Semesters
AFS 212 fall semesters
AFS 214 spring semesters

POC Years

Junior Semesters
AFS 312 fall semesters
AFS 314 spring semesters

Senior Semesters
AFS 412 fall semesters
AFS 414 spring semesters

The leadership laboratories are largely cadet-planned and conducted under the concept that they provide leadership training experiences that will improve the cadets’ capabilities as Air Force officers. This also involves three hours of physical training each week. Leadership laboratory is open to students who are members of the Air Force Reserve Officer Training Corps or are eligible to pursue a commission as determined by the Air Force ROTC Detachment Commander.

Leadership Evaluation and Development

Leadership Evaluation and Development (LEAD) is offered at Maxwell Air Force Base in Alabama. LEAD students receive officer training and leadership development with other students. Simultaneously, the Air Force has an opportunity to evaluate each student as a potential member of its officer corps. LEAD courses include cadet orientation, survival training, officer training, aircraft and aircrew orientation, physical training, organizational and functional aspects of an Air Force base, career orientation, small arms familiarization, first aid, and other supplemental training.

Scholarships

Students interested in AFROTC scholarships should refer to the Student Financial Aid, Awards, and Benefits section of this Bulletin or call (859) 257-7115. Information is subject to change.

---

**Minor in Military Leadership**

The Military Leadership Minor provides students with a broad perspective on the military with analysis of the Army and Air Force service branches of the Armed Forces, as well educating students on historical and social scientific perspectives. This minor is open to students who are enrolled in Bachelor’s degree programs at the University of Kentucky, and is designed to produce rounded leaders in the academic environment as well as in a professional setting.

The Military Leadership Minor requires 20 credit hours from the following:

**Required Courses**

one of the following groups (3 credits):
AMS 101 Introduction to the Army ................. 2
AFS 111 Aerospace Studies I ......................... 1
or
AMS 102 Introduction to Leadership ............... 2
AFS 113 Aerospace Studies I ......................... 1
one of the following groups (5 credits):
AMS 212 Advanced Leadership II ................. 2
AMS 301 Leadership and Management ............. 3
or
AFS 211 Aerospace Studies II ....................... 1
AFS 213 Aerospace Studies II ....................... 1
AFS 311 Aerospace Studies III ...................... 3
one of the following groups (6 credits):
AMS 302 Advanced Tactics .......................... 3
AMS/HIS 320 Advanced Studies in American Military History ......... 3
or
AFS 313 Aerospace Studies III ...................... 3
AFS 411 Aerospace Studies IV ....................... 3

**Guided Electives**

two of the following courses (6 credits):
CLD 230 Intraperusal Leadership .................... 3
CLD 530 Fundamentals of Organizational Leadership .................... 3
HIS 119 War and Society, 1350-1914 ............... 3
HIS 121 War and Society, 1914-1945 ............... 3
HIS 122 War and Society Since 1945 ............... 3
HIS 357 Japan at War, 1850 to the Present ........ 3
 GEO 109 Digital Mapping ..................... 3
 GEO 130 Earth’s Physical Environment ............. 3
 GEO 133 Science and Policy of Natural Hazards ....... 3
 GEO 160 Lands and Peoples of the Non-Western World ....... 3
 GEO 162 Introduction to Global Environmental Issues ............ 3
 GEO 163 Global Conflicts .................. 3
 GEO 172 Human Geography ......................... 3
 GEO 222 Cities of the World ....................... 3
 GEO 255 Geography of the Global Economy ........ 3
 GEO 261 Global Dynamics of Health and Disease ....... 3
 GWS 302 Gender Across the World (Subtitle required) .................... 3
 ANT 160 Cultural Diversity in the Modern World .......... 3
 PSY 320 Introduction to Forensics: Psychology and Legal Issues .......... 3
 A-H 360 Visual Culture of Politics .......... 3
 PS 101 American Government ..................... 3
 PS 235 Introduction to International Relations ........ 3
 SOC/CLD 380 Globalization: A Cross-Cultural Perspective ............ 3
 GER 342 War, Peace, and Terror in Germany and Europe .......... 3
 JPN 351 The Japanese Experience of the Twentieth Century ........ 3
 WRD 204 Technical Writing ....................... 3

---

**ANTHROPOLOGY**

The Department of Anthropology offers opportunities to learn about the diverse people of today’s world, as well as about their biological and cultural origins. This area of study deals with ecology, society, biology, culture, and language, among other aspects of human life. In addition, anthropologists study history and evolution in both a cultural and biological framework.

Anthropology provides an excellent foundation for careers in a variety of professions and occupations, including community health, public health policy, medicine and health services, planning and community development, international relations and development, private business, government, law, journalism, museum work, and university teaching and research.

Students can major in or minor in anthropology.

The major is structured to provide the student with a broad overview of the major subdisciplines: cultural anthropology, physical anthropology and archaeology. It also allows sufficient flexibility for a student to concentrate on a specific area of interest.

Visit our Web site at:
http://anthropology.as.uky.edu/

**Bachelor of Arts with a major in ANTHROPOLOGY**

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the Major Requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on page 131.

**UK Core Requirements**

See the UK Core section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

I. Intellectual Inquiry in Arts and Creativity

Choose one course from approved list .............. 3

II. Intellectual Inquiry in the Humanities

Choose one course from approved list .............. 3

III. Intellectual Inquiry in the Social Sciences

One of the following:

ANT 101 What Makes Us Human? Intro to Anthropology .............. 3
ANT 102 Archaeology: Mysteries and Controversies .......... 3
ANT 103 Sports, Culture, and Society .......... 3
ANT 335 Religion in Everyday Life .......... 3
ANT 339 Human Rights in Global Perspective ....... 3

One course from approved list .............. 3

IV. Intellectual Inquiry in the Natural, Physical, and Mathematical Sciences

ANT 230 Introduction to Biological Anthropology ....... 3

---

**Guided Electives**

two of the following courses (6 credits):
CLD 230 Intraperusal Leadership .................... 3
CLD 530 Fundamentals of Organizational Leadership .................... 3

Bachelor of Science with a major in ANTHROPOLOGY

120 hours (minimum)

Any student earning a Bachelor of Science (BS) degree must complete a minimum of 60 hours in natural, physical, mathematical, and computer science. Please note: courses with an ANT prefix are generally not accepted towards fulfilling this 60-hour requirement. Therefore, be sure to keep this requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Science degree, including a specific listing of courses applicable to the 60-hour requirement, on page 131.

UK Core Requirements

See the UK Core section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

*Course used towards completion of a UK Core Requirement.

Electives
Choose electives to lead to the minimum total of 120 hours required for graduation 4

Total Minimum Hours Required for Degree 120
*Course used towards completion of a UK Core Requirement.

Minor in Anthropology

The minor in Anthropology requires 21 hours of course work to include:

Preminor Courses (9 hours)
Students must take ANT 220, 230, 240.

Additional Courses (12 hours)*
Students must take four ANT courses from at least two subdisciplines. Two courses must be at the 200 level or above and two courses must be at the 300 level or above.
BIOLOGY

To address the breadth and depth essential to educating biologists, the biology major is structured to include both a broad foundation through core courses and opportunity for specialization within a biological subfield through biology electives. The major is designed to prepare the student for a post-baccalaureate profession in biology, for advanced professional training in the health sciences, or for graduate study in basic and applied areas of the biological sciences.

Bachelor of Arts with a major in BIOLOGY

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the Major Requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on page 131.

UK Core Requirements

See the UK Core section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

I. Intellectual Inquiry in Arts and Creativity
   Choose one course from approved list

II. Intellectual Inquiry in the Humanities
   Choose one course from approved list

III. Intellectual Inquiry in the Social Sciences
   Choose one course from approved list

IV. Intellectual Inquiry in the Natural, Physical, and Mathematical Sciences
   CHE 105 General College Chemistry I
   CHE 111 Laboratory to Accompany General Chemistry I

V. Composition and Communication I
   CJS/WRD 110 Composition and Communication I

VI. Composition and Communication II
   CJS/WRD 111 Composition and Communication II

VII. Quantitative Foundations
   MA 137 Calculus I With Life Science Applications
   or MA 113 Calculus I
   or MA 123 Elementary Calculus and its Applications

VIII. Statistical Inferential Reasoning
   STA 296 Statistical Methods and Motivations

IX. Community, Culture and Citizenship in the USA
   Choose one course from approved list

X. Global Dynamics
   Choose one course from approved list

UK Core hours: 33

Graduation Composition and Communication Requirement (GCCR)

Choose one of three options:
1. BIO 425 Biology Seminar (Subtitle required)
   and BIO 350 Animal Physiology
2. BIO 425 Biology Seminar (Subtitle required)
   and BIO 430G Plant Physiology
3. WRD 204 Technical Writing

Graduation Composition and Communication Requirement hours (GCCR): 3-5

College Requirements

Humaniites – two courses
Social Science – two courses
Third and fourth semesters of language
Free Electives
Lab or Field Experience – satisifed by major
Graduation Writing Requirement (choose any GWR Humanities 300-level course; this will also count as one of the two Humanities courses in the College Requirements)

Premajor Requirements

BIO 148 Introductory Biology
BIO 152 Principles of Biology I
BIO 155 Laboratory for Introductory Biology I
or BIO 198 Scholars Biology Research
CHE 105 General College Chemistry I
CHE 111 Laboratory to Accompany General Chemistry I
CHE 107 General College Chemistry II
CHE 113 Laboratory to Accompany General Chemistry II
MA 137 Calculus I With Life Science Applications
or MA 113 Calculus I
or MA 123 Elementary Calculus and its Applications
Free Elective

Premajor hours: 21

†The CHE 105 requirement can be satisfied with CHE 109 and CHE 110.

Major Requirements

Minimum major requirement for graduation is 54 credit hours in courses as detailed below. The minimum GPA of all major and premajor courses must be at least 2.0.

First Tier Core
BIO 303 Introduction to Evolution
BIO 304 Principles of Genetics

Second Tier Core
To be taken after completion of First Tier Core.
Choose two of the following to complete 8 hours:
BIO 350 Animal Physiology
or BIO 430G Plant Physiology
or BIO 315 Introduction to Cell Biology
BIO 325 Ecology

College of Arts and Sciences

Other Course Work Required for the Major

From Outside the Major Department
CHE 236/231 Survey of Organic Chemistry
Chemical Laboratory I
CHE 230/231 Organic Chemistry I/Laboratory I

††PHY 151 Introduction to Physics
†††PHY 151 is not accepted for admission into Medical, Dental or Pharmacy School. Check with your advisor before choosing a physics course.

Options

Complete one of the following options. Students cannot mix and match requirements from the two options. An option must be completed in its entirety.

Option A – Minor Option

NOTE: 14 of these hours must be at the 300+ level or above.
Complete the requirements for any minor other than the biology minor.
**Biology Electives – A minimum of 6 of the 4-9 upper-level elective credit hours must be BIO courses (i.e., have a BIO prefix). If fewer than 6 hours are required to complete the requirements, all hours must be upper-level elective BIO courses. A maximum of 3 credits of independent research course work may be used in this section.

Other Major hours: 7-9

College Requirements

Humaniites – two courses
Social Science – two courses
Free Electives
Lab or Field Experience – satisifed by major
Graduation Writing Requirement (choose any GWR Humanities 300-level course; this will also count as one of the two Humanities courses in the College Requirements)

Total Hours Option A: 25-27

Option B – Topical Focus Option

NOTE: 14 of these hours must be at the 300+ level or above.
Complete a 12 credit hour sequence of courses with a topical focus. At least 6 of these hours must be at the 300-level or above.

**Biology Electives – A minimum of 9 of the 13-15 upper-level elective credit hours must be BIO courses (i.e., have a BIO prefix). A maximum of 6 credits of independent research course work may be used in this section.

Total Hours Option B: 25-27

University of Kentucky 2017-2018 Undergraduate Bulletin
Biology Electives

Hours to be chosen from 300+ level BIO courses or the list below. For the B.A. with Topical Focus option, a minimum of 9 of the 13-15 upper-level elective credit hours must be BIO courses. For the B.A. with Minor option, a minimum of 6 of the 4-5 upper-level elective credit hours be BIO courses. If fewer than 6 hours are required to complete the requirements, all hours must be upper-level BIO courses. Note: ANA 209, BIO 208, BIO 209 and PGY 206 CANNOT be used for this requirement. A maximum of 1 credit hour of seminar course work (for example BIO 425, BIO 426, BIO 427) may be counted within this elective requirement.

Acceptable upper-level electives for the B.A. in Biology:

BIO 3X2, BIO 4X2, BIO 5XX, BIO 6XX (BIO 208 and BIO 209 CANNOT be used to satisfy the upper-level requirement for the B.A., B.S. or minor in Biology.

CHEMISTRY

The Department of Chemistry offers the Bachelor of Science degree for students who intend to become professional chemists or do graduate work in chemistry or a closely related discipline. There are three options in the B.S. program: a traditional track covering all the major areas of chemistry, an option that emphasizes biochemistry and an option in materials chemistry. The Biochemistry and Traditional Options are certified by the American Chemical Society. A Bachelor of Arts degree program is offered as well for students who want greater flexibility in the selection of courses to perhaps pursue more diverse degree options, including dual and double majors. For all majors CHE 109 and CHE 110 have been defined as equivalent to CHE 105. The Department also offers the Master of Science and the Doctor of Philosophy degree.

Bachelor of Arts with a major in CHEMISTRY

122 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the Major Requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. Please also note that the Organic Chemistry Sequence (CHE 230/231/232/233) will count towards completion of this requirement. See the complete description of College requirements for a Bachelor of Arts degree on page 131.

UK Core Requirements
See the UK Core section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

I. Intellectual Inquiry in Arts and Creativity

CHE 232/233 Organic Chemistry II and Laboratory II ......................... 4
CHE 440G Introductory Physical Chemistry or ................................ 4
CHE 446G Physical Chemistry for Engineers .................................... 3

EARTH AND ENVIRONMENTAL SCIENCES
The earth and environmental sciences encompass a wide variety of studies of our planet, including the study of its composition, structure, prehistoric life, internal and surficial processes, and history. These studies have important implications for understanding how our planet functions, as well as for understanding the interactions between humans and their environment. The discipline includes numerous applications in the discovery and use of mineral, energy, and water resources; in the protection and restoration of the environment; and in planning for the impacts of natural hazards (earthquakes, landslides, etc.) and climate change on global societal development. Students undertake the study of earth and environmental sciences in the classroom, laboratory, and field.

Students in earth and environmental sciences earn the Bachelor of Science or Bachelor of Arts degree with a major in Geological Sciences. The B.S. program is designed for students who plan a career as a professional geologist or who plan to attend graduate school. The B.A. program is designed for students planning a career in public policy relating to earth science and environmental
issues, earth-science education, business (environmental consulting), environmental law, or environmental medicine.

**Bachelor of Arts with a major in GEOLOGICAL SCIENCES**

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the Major Requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on page 131.

**UK Core Requirements**

See the UK Core section of this Bulletin for the complete UK core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

I. Intellectual Inquiry in Arts and Creativity
Choose one course from approved list ............................ 3

II. Intellectual Inquiry in the Humanities
Choose one course from approved list ............................ 3

III. Intellectual Inquiry in the Social Sciences

Other Major hours: ............................................. 0-18

Total Minimum Hours Required for Degree .................. 120

*Course used towards completion of a UK Core Requirement.

Minor in Geological Sciences

The minor in Geological Sciences requires 19 hours of course work to include:

EES 220 Principles of Physical Geology .............. 4
EES 230 Fundamentals of Geology I ................. 3
EES 235 Fundamentals of Geology II .................. 3
Plus 9 hours in EES courses at the 300 level or higher ... 9

ECONOMICS

The Department of Economics offers theoretical and applied courses in diverse areas including microeconomics, macroeconomics, labor, money and banking, international economics, public economics, and industrial organization. It provides an opportunity for the student to pursue his or her interests within the framework of a liberal arts education.

The department offers programs leading to different undergraduate degrees: a Bachelor of Science in the Gatton College of Business and Economics, a Bachelor of Arts and a Bachelor of Science with a major in economics in the College of Arts and Sciences, and a Bachelor of Arts and a Bachelor of Science with a major in mathematical economics. The distinctions among these degrees lie primarily in the required supporting courses in the various programs. (For students wishing to major in economics through the Gatton College of Business and Economics, please refer directly to that college’s section in the Bulletin. Mathematical economics majors should refer directly to that section of the Bulletin under the College of Arts and Sciences.)

Bachelor of Arts with a major in ECONOMICS

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the Major Requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on page 131.

UK Core Requirements

See the UK Core section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

I. Intellectual Inquiry in Arts and Creativity
Choose one course from approved list .................. 3

II. Intellectual Inquiry in the Humanities
Choose one course from approved list ................. 3

III. Intellectual Inquiry in the Social Sciences

Other Course Work Required for the Major
From the Major Department:
Choose 9-15 hours of 300+ level economics courses of which at least 6 hours must be at the 400+ level ........ 9-15

From Outside the Major Department
Choose 15-21 hours outside Economics at the 200+ level, with at least 6 hours in two different departments. These courses are generally chosen from the following departments: Anthropology, Computer Science, History, Mathematics, Philosophy, Political Science, Psychology, Sociology, Statistics, or courses offered by the College of Business and Economics. 200+ level courses used to satisfy College Requirements can also be counted here ............... 15-21

Other Major hours: ............................................. 30

Electives

Choose electives to lead to the minimum total of 120 hours required for graduation ............................................. 4

Total Minimum Hours Required for Degree .................. 120

*Course used towards completion of a UK Core Requirement.

Bachelor of Science with a major in ECONOMICS

120 hours (minimum)

Any student earning a Bachelor of Science (BS) degree must complete a minimum of 60 hours in natural, physical, mathematical, and computer science. Please note: courses with a prefix of ECO are generally not accepted towards fulfilling this 60-hour requirement. Therefore, be sure to keep this 60-hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Science degree, including a specific listing of courses applicable to the 60-hour requirement, on page 131.

UK Core Requirements

See the UK Core section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

I. Intellectual Inquiry in Arts and Creativity
Choose one course from approved list ............... 3
II. Intellectual Inquiry in the Humanities

Major Requirements
Major Core Requirements
ENG Historical Survey Requirement ................................................... 6

Majors must take two Historical Survey courses of their choice. Historical Surveys can be taken in any combination and any order. Courses fulfilling the Historical Survey Requirement include:

ENG 241 Survey of British Literature I ................................................. 3

ENG 242 Survey of British Literature II ................................................. 3

ENG 251 Survey of American Literature I ............................................. 3

ENG 252 Survey of American Literature II ............................................. 3

ENG 265 Survey of African-American Literature I ................................ 3

ENG 266 Survey of African-American Literature II .............................. 3

ENG 330 Text and Context (Subtitle required) ........................................... 3

Majors must complete this core course after completing the premajor requirements and before going on to 400-level courses in the major. ENG 330 fulfills the Graduation Composition and Communication Requirement.
ENG Early Period Requirement .................. 0-3
Majors must take at least one Early Period ENG course of their choice. Courses fulfilling the Early Period Requirement include:
ENG 241 Survey of British Literature I .................. 3
ENG 251 Survey of American Literature I .................. 3
ENG 341 Chaucer and His Contemporaries .................. 3
ENG 342 Shakespeare ........................................ 3
ENG 343 Renaissance Drama and Society .................. 3
ENG 518 Advanced History of the English Language3 ENG 519 Introduction to Old English .................. 3 or other Early Period subtitled courses as designated at the 300-400 level .................. 3

Diversity Requirement .................. 3
Students must take at least one Diversity ENG course of their choice. Courses fulfilling the Diversity Requirement include:
ENG 260 Introduction to Black Writers .................. 3
ENG 265 Survey of African-American Literature I .................. 3
ENG 266 Survey of African-American Literature II .................. 3
ENG 361 Early African-American Literature .................. 3
ENG 362 Flights to Freedom: Literature of the Great Black Migrations .................. 3
ENG 368 Contemporary African-American Voices .................. 3
ENG 369 African American Women’s Writing .................. 3
ENG 370 Literature Across Borders .................. 3
ENG 460G Studies in African-American Literature (Subtitle required) .................. 3
ENG 470G Comparative and Transnational Studies in Literature (Subtitle required) .................. 3
ENG 499G Studies in Literature and Gender (Subtitle required) .................. 3
* any other course designated as a Diversity course at the 200-500 level .................. 3

Major Core hours: .................................. 9-15

Other Course Work Required for the Major
From the Major Department:
Majors must take an additional seven courses in ENG (Major Electives) primarily at the 300-level and above. Of these required seven courses:
• two courses must be at the 400-level, of which one must be above ENG 407 (i.e., not ENG 401, 405, or 407);
• two courses maximum may be counted from additional Historical Surveys (surveys cannot be double-counted for the Historical Survey Requirement and for the total ENG course requirement);
• two courses maximum may be counted from among ENG 207, ENG 221, ENG 260, ENG 280, and ENG 290.
All additional courses must be at the 300-500 level in ENG. Majors should fulfill the Early Period and Diversity Requirements from among these courses if they have not been already satisfied (e.g., by survey classes or ENG 330) .................. 21

Total minimum ENG course hours (excluding premajor) .................. 30

From Outside the Major Department
For the English B.A. degree, 9 additional hours at the 200+ level outside English are required in allied departments and programs in Arts, Humanities, Social Sciences, and Education. Applicable departments and programs include (by prefix): A&S, AAS, AIS, ANT, APP, CHI, CLA, EDC, EDU, EPE, GER, GWS, HIS, HIS, HNN, HON, IAS, ITA, JOU, JPN, LAS, LIN, MAS, MCL, PHI, PS, RS, SPA, ST, WRD ...

Total Major hours: .................................. 39-42

Other Electives
Choose electives and other courses to lead to the minimum total of 120 hours required for graduation.

Total Minimum Hours Required for Degree .................. 120

Imaginative Writing Option – B.A.
12 total hours within the ENG program
To fulfill the ENG Imaginative Writing Option, students must complete the following:
• ENG 207 Beginning Workshop in Creative Writing (Subtitle required) .................. 3
• ENG 407 Intermediate Workshop in Creative Writing (Subtitle required) .................. 3
• ENG 507 Advanced Workshop in Imaginative Writing (Subtitle required) taken twice under two different subtitles .................. 6
• submission of a portfolio for evaluation by the Imaginative Writing staff six weeks prior to graduation

Bachelor of Science with a major in English

120 hours (minimum)
Any student earning a Bachelor of Science (BS) degree must complete a minimum of 60 hours in natural, physical, mathematical, and computer science. Courses with an ENG prefix are generally not accepted towards fulfilling this 60-hour requirement. Therefore, be sure to keep this requirement in mind as you choose your course work for the requirements in the major. For the ENG B.S. in particular, majors are allowed to apply an additional 9 hours of elective course work towards the science requirement. See the complete description of College requirements for a Bachelor of Science degree, including a specific listing of courses applicable to the 60-hour requirement, on page 131.

UK Core Requirements
See the UK Core section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

I. Intellectual Inquiry in Arts and Creativity
Choose one course from approved list .................. 3

II. Intellectual Inquiry in the Humanities
Choose one course from approved list .................. 3

College of Arts and Sciences

English and Creative Writing

**Imaginative Writing Option – B.S.**

12 total hours within the ENG program

To fulfill the ENG Imaginative Writing Option, students must complete the following:

- ENG 207 Beginning Workshop in Imaginative Writing (Subtitle required) ............................................. 3
- ENG 407 Intermediate Workshop in Creative Writing (Subtitle required) ............................................. 3
- ENG 507 Advanced Workshop in Imaginative Writing (Subtitle required) taken twice ............................. 6
- submission of a portfolio for evaluation by the Imaginative Writing staff six weeks prior to graduation

**Minor in Creative Writing**

The minor in Creative Writing consists of a total of 18 hours, of which at least 9 hours must be at or above the 300 level, distributed as follows:

**Minor Requirements**

One ENG Historical Survey course:
- ENG 241 Survey of British Literature I
- ENG 242 Survey of British Literature II
- ENG 251 Survey of American Literature I
- ENG 252 Survey of American Literature II
- ENG 265 Survey of African-American Literature I
- ENG 266 Survey of African-American Literature II
- ENG 207 Beginning Workshop in Imaginative Writing (Subtitle required) ............................................. 3
- ENG 407 Intermediate Workshop in Creative Writing (Subtitle required) ............................................. 3
- ENG 507 Advanced Workshop in Imaginative Writing (Subtitle required) ............................................. 3

**Minor Electives**

Two non-Creative Writing ENG courses ............................. 6

**Minor in English**

The minor in English requires 19 hours of course work to include:

Any one ENG Historical Survey course:
- ENG 241 Survey of British Literature I ............................................. 3
- ENG 242 Survey of British Literature II ............................................. 3
- ENG 251 Survey of American Literature I ............................................. 3
- ENG 252 Survey of American Literature II ............................................. 3
- ENG 265 Survey of African-American Literature I ............................................. 3
- ENG 266 Survey of African-American Literature II ............................................. 3

One core course:
- ENG 330 Text and Context (Subtitle required) ............................................. 3

Four more ENG courses, with a maximum of one 100-level course and a minimum of two 300+ level courses ............................. 12

**ENVIRONMENTAL AND SUSTAINABILITY STUDIES**

The Environmental and Sustainability Studies B.A. degree educates students in a broad range of fundamental environmental studies subjects with concepts of sustainability integrated throughout the curriculum. The course work requirements consist of 18 credits of core courses and 24 credits of electives organized in the Areas of Economics, Environment, and Society. In order to ensure depth of knowledge and expertise 15 credits of courses will be taken within one Area. To provide breadth of knowledge, six credits of courses will be taken in a second Area and three credits of courses in the third Area. The Areas were selected in recognition that any type of sustainable activity, resource, or product must balance economic, environmental, and social considerations.

In the Environmental and Sustainability Studies program, students will combine the fundamental knowledge they obtain in the three Areas to develop an understanding of sustainability and how sustainable practices can be implemented in their eventual careers. The ENS B.A. is an ideal double major for other disciplinary degrees.

**Bachelor of Arts with a major in ENVIRONMENTAL AND SUSTAINABILITY STUDIES**

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the major requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on page 131.

**UK Core Requirements**

See the UK Core section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

**I. Intellectual Inquiry in Arts and Creativity**

Choose one course from approved list ............................................. 3

**II. Intellectual Inquiry in the Humanities**

Choose one course from approved list ............................................. 3
### III. Intellectual Inquiry in the Social Sciences

Recommended:
- ECO 101 Contemporary Economic Issues

### IV. Intellectual Inquiry in the Natural, Physical, and Mathematical Sciences

Choose one course from approved list

### V. Composition and Communication I

CIS/WRD 110 Composition and Communication I

### VI. Composition and Communication II

CIS/WRD 111 Composition and Communication II

### VII. Quantitative Foundations

Choose one course from approved list

### VIII. Statistical Inference Reasoning

STA 296 Statistical Methods and Motivations

### IX. Community, Culture and Citizenship in the USA

Choose one course from approved list

### X. Global Dynamics

Choose one course from approved list

### College Requirements

I. Foreign Language (placement exam recommended) .............................................. 0-14

II. Disciplinary Requirements
   a. Natural Science (completed by Major Requirements)
   b. Social Science (completed by Major Requirements)
   c. Humanities .............................................................. 6

III. Laboratory or Field Work .............................................................. 1

IV. Electives .............................................................................................. 6

### College Requirement hours: ....................... 13-27

### Required Core Courses Hours

ENS 201 Environmental and Sustainability Studies I: Humanities and Social Sciences
ENS 202 Environmental and Sustainability Studies II: Natural Science and Policy
ENG 425 Environmental Writing
ENS 300 Special Topics (Subtitle required)
PHI 336 Environmental Ethics
ENS 400 Senior Seminar (Subtitle required)

### Required Core Courses hours: ............................. 18

### AREAS OF EXPERTISE

Students must take five courses (15 credits) in one Area of Expertise, two in another Area (6 credits), and one in a third Area (3 credits)

### Area 1 – Economics

A sustainable balance must be made between economic gain and protection of natural resources. Governments must determine policy and institute laws to provide the necessary protection of natural resources, and provide the guidelines for any development. This Area will provide the students with training in the interconnectedness of economics, policy and development. The students will have the freedom to select clusters of courses suited to their career goals. For example, students anticipating careers in business may select courses related to economics and those planning to go to Law School may focus on policy courses.

- AEC 445G Introduction to Resource and Environmental Economics
- AEC/ECO 479 Public Economics
- AEC 483 Regional Economics
- AEC 532 Agriculture and Food Policy
- AEC/NRE 545 Resource and Environmental Economics
- ANT 225 Culture, Environment and Global Issues
- ANT 311 Anthropology of Globalization
- ANT 322 Ancient Mexican Civilizations
- ANT 338 Economic Anthropology
- ANT 340 Development and Change in the Third World
- ANT 375 Ecology and Social Practice
- ANT 470G Regional American Ethnography
- ANT 532 Anthropology of the State

- NRE 381 Natural Resource and Environmental Policy Analysis
- STA 210 Statistics: A Force in Human Judgment
- STA 296 Statistical Methods and Motivations
- STA 320 Introductory Probability
- *ECO 201 is required for Area 1.

### Area 2 – Environment

This area will build upon the fundamental natural science knowledge obtained in ENS 202 and the subjects taken to fulfill the A&S requirements. Students will be able to select from courses spanning a wide range of environmental subjects in order to focus on a subject of their specific interest. For example, this Area could be used to observe how societies have influenced the natural world from historic to modern times, the impact of development on ecology, and how climate change today compares to changes that occurred in the past.

### Area 3 – Society

This Area explores the way that human society interacts with the environment. “Coupled human-natural systems” are a primary driver of environmental change, and also a key source of solutions to environmental problems. This Area will build students’ knowledge of the mutually influencing human-environment dynamic.

Bachelor of Arts with a major in FOREIGN LANGUAGE AND INTERNATIONAL ECONOMICS

FOREIGN LANGUAGE AND INTERNATIONAL ECONOMICS

The Foreign Language and International Economics (FLIE) major combines economics with proficiency in a non-English language and prepares students for a future in government, international relations, law, research, multinational corporations, and local industries who conduct business internationally. Economists are able to interpret and forecast general economic conditions, estimate trends, analyze data, and use economic theory to help their organization operate more efficiently. Combine those skills with the ability to communicate effectively in another language, and opportunities abound.

In the FLIE major, students take a minimum of nine economics courses and seven to ten intermediate and advanced courses in one of the following languages: Arabic, Chinese, French, German, Italian, Japanese, Russian, or Spanish.

Bachelor of Arts with a major in FOREIGN LANGUAGE AND INTERNATIONAL ECONOMICS

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the Major Requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on page 131.

UK Core Requirements

See the UK Core section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

University of Kentucky 2017-2018 Undergraduate Bulletin
Bachelor of Science with a major in FOREIGN LANGUAGE AND INTERNATIONAL ECONOMICS

Any student earning a Bachelor of Science (BS) degree must complete a minimum of 60 hours in natural, physical, mathematical, and computer science. **Please note:** courses with a FR, GER, JPN, RUS, SPA or ECO prefix are generally not accepted towards fulfilling this 60-hour requirement. Therefore, be sure to keep this requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Science degree, including a specific listing of courses applicable to the 60-hour requirement, on page 131.

**UK Core Requirements**

See the UK Core section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

*Course used towards completion of a UK Core Requirement

GENDER AND WOMEN’S STUDIES

The Department in Gender and Women’s Studies offers an interdisciplinary curriculum which focuses on the study of gender as an aspect of everyday life, as well as on the political and cultural experiences and contributions of women across the world and through time. Majors in GWS have gone on to become artists, activists, to study law, medicine, social work, and to pursue academic careers.

Bachelor of Arts with a major in
GENDER AND WOMEN’S STUDIES

120 hours (minimum)
Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the Major Requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on page 131.

UK Core Requirements
See the UK Core section of this Bulletin for the complete UK Core requirements. The courses listed below are the required courses that are recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

I. Intellectual Inquiry in the Arts and Creativity
Choose one course from approved list ...................... 3

II. Intellectual Inquiry in the Humanities
Choose one course from approved list ...................... 3

III. Intellectual Inquiry in the Social Sciences

   (Subtitle required) ........................................ 3

Elective hours: ............................................. 15
Total Major hours: ........................................ 27

Other Course Work Required for the Major
Students must complete at least 27 credit hours of the major through upper-division course work (12 credit hours of core courses, 15 credit hours of electives).

From Outside the Major Department
Choose 12 hours outside GWS at the 300+ level. 200+ level courses used to satisfy College requirements can also be counted here.

Other Major hours: ....................................... 12
Total Minimum Hours
Required for Degree .................................... 120

*Course used towards completion of a UK Core Requirement

GWS 200 Sex and Power .................................. 3
GWS 201 Gender and Popular Culture ....................... 3
GWS 250 Social Movements ................................. 3
GWS 340 History of Feminist Thought to 1975 ............ 3
GWS 350 Feminist Theory .................................. 3

Plus an additional 9 hours of electives to be selected with the approval of the Director of Undergraduate Studies in the Department of Gender and Women’s Studies.

Courses used for the Gender and Women’s Studies topical major, minor or graduate certificate must be taught by a Gender and Women’s Studies Affiliated Faculty.

For further information, contact the department manager, Gender and Women’s Studies, 112 Breckinridge Hall, (859) 257-1388.

GEOGRAPHY

Geography analyzes and explains the location of and interrelationships between human and physical features of the earth’s environment. Geographers also examine how and why features and their locations change over time, with particular interest in the many impacts of these changes on both people and natural settings. Geography is, therefore, both a social and a physical science. Because its fundamental subject matter is people and their environments, the discipline serves as an effective bridge between the physical and cultural worlds.

Majors in geography build solid academic foundations that draw from and interrelate areas of study from the social and behavioral sciences, humanities, computer science and graphic communication, and the natural sciences. With developed analytical, critical thinking, and communication skills, geography is particularly useful for students wishing to enter such careers as economic development, environmental management,
international trade, transportation analysis and planning, diplomacy, government administration from local to federal levels, market analysis, urban and regional planning, research, teaching, cartography, Geographic Information Systems (GIS), and private business.

The Department of Geography has developed detailed major concentration tracks in seven areas: environmental geography, physical geography, urban geography and planning, GIS focus, human geography, international studies, and design your own geography major. For more information, contact the Department of Geography at (859) 257-2931, or on the Web at: www.uky.edu/AS/Geography/.

Bachelor of Arts with a major in GEOGRAPHY

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the Major Requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on page 131.

GEO 305 Elements of Cartography 3
GEO 310 Quantitative Techniques in Geography 3
GEO 311 Qualitative Methods in Geography 3
GEO 409 Advanced GIS 3

Methods hours: 3

Other Course Work Required for the Major

Geography Tracks 18
Choose at least 18 hours of additional geography courses to include: no more than 3 hours of 100-level courses; no more than 6 hours of GEO 560 and GEO 399; a minimum of 3 hours of 400+ level courses (not including GEO 409, 406, or 499). The following focus areas represent specializations within Geography and are provided as guidelines. Most students will find it useful to concentrate their 18 hours within these focus areas, but this is not a requirement. On completion of 15 hours within any focus area, the Geography Department will award a certificate of completion of studies in the area of specialization. Consult with your advisor in making selections of courses.

GEOGRAPHY TRACKS

Environmental Geography Option

Suggested Courses:
GEO 135 Global Climate Change 3
GEO 162 Introduction to Global Environmental Issues 3
GEO 231 Environment and Development 3
GEO 235 Environmental Management and Policy 3
GEO 261 Dynamics of Health and Disease in Appalachia 3
GEO 311 Global Environmental Change 3
GEO 334 Environment, Society and Economy of Japan 3
GEO 431 Political Ecology 3
GEO 530 Biogeography and Conservation 3
GEO 531 Landscape Ecology 3

Physical Geography Option

Suggested Courses:
GEO 135 Global Climate Change 3
GEO 130 Earth’s Physical Environment 3
GEO 235 Environmental Management and Policy 3
GEO 351 Physical Landscapes 3
GEO 4516 Fluvial Forms and Processes 3
GEO 530 Biogeography and Conservation 3
GEO 531 Landscape Ecology 3

University of Kentucky
2017-2018 Undergraduate Bulletin
Minor in Geography

The minor in Geography requires a minimum of 18 hours, 15 of which must be in courses at the 200+ level, taken within the department as follows:

The courses below are suggested courses; all GEO courses count toward the minor.

K-12 Teaching and Administration
Take 6 for 18 credit hours:
GEO 172 Human Geography ............................................ 3
GEO 130 Earth’s Physical Environment ............................. 3
GEO 200 Orientation to Geography ................................... 3
GEO 220 U.S. Cities or GEO 222 Cities of the World ........... 3
GEO 320-365 Regional Geography Courses ....................... 3
GEO 452G World Geography for Teachers .......................... 3
GEO 430G Physical Geography for Teachers ....................... 3

Geosciences
Take 6 for 18 credit hours:
GEO 130 Earth’s Physical Environment ............................. 3
GEO 230 Weather and Climate ......................................... 3
GEO 351 Global Environmental Change ............................ 3
GEO 351 Global Environmental Change ............................ 3
GEO 451G Fluvial Forms and Processes ............................. 3
GEO 530 Biogeography and Conservation ........................... 3
GEO 531 Landscape Ecology ............................................ 3

Social Sciences and Humanities
Take 6 for 18 credit hours:
one of the following:
GEO 160 Lands and Peoples of the Non-Western World ....... 3
GEO 161 Global Inequalities ............................................ 3
GEO 162 Introduction to Global Environmental Issues ....... 3
GEO 163 Global Conflicts ............................................... 3
plus:
GEO 172 Human Geography ............................................ 3
GEO 221 Immigrant America: A Geographic Perspective ...... 3
GEO 240 Geography and Gender ....................................... 3
GEO 320-GEO 356 Regional Geography Courses ................ 3
GEO 422 Urban Geography ............................................. 3
GEO 442G Political Geography ......................................... 3
GEO 470G America’s Cultural Geographies ....................... 3

Environmental Studies
Take 6 for 18 credit hours:
GEO 162 Introduction to Global Environmental Issues ....... 3
GEO 130 Earth’s Physical Environment ............................. 3
GEO 230 Weather and Climate ......................................... 3
or
GEO 331 Global Environmental Change ............................ 3
GEO 231 Environment and Development ........................... 3
GEO 235 Environmental Management and Policy ............... 3
GEO 351 Physical Landscapes ........................................... 3
GEO 431 Political Ecology .............................................. 3
GEO 530 Biogeography and Conservation ........................... 3
GEO 531 Landscape Ecology ............................................ 3
GEO 546 Tourism and Recreation Geography ..................... 3

Electives
Choose electives to lead to the minimum total of 120 hours required for graduation ........................................... 4

Total Minimum Hours
Required for Degree ................................................. 120

Minor in Mapping and GIS

The minor in Mapping and GIS requires 18 hours as follows:

Introduction to Digital Mapping (3 hours)
GEO 109 Digital Mapping or GEO 164 iWorlds: Global Information Geographies ............ 3

GIS Theories and Methods (6 hours)
GEO 399 Introduction to GIS ........................................... 3
GEO 409 Advanced GIS ................................................ 3

GIS Design and Application (9 hours)
Complete three of the following:
GEO 305 Elements of Cartography ................................... 3
*GEO 399 Internship in Geography .................................. 3
GEO 415 Map Interpretation ............................................. 3
GEO 419 Introduction to Remote Sensing ........................... 3
GEO 505 Practicum in Cartography ................................... 3
GEO 506 Introduction to Computer Cartography ................... 3
GEO 509 Workshop in Geospatial Technologies ................... 3
*GEO 560 Independent Work in Geography ....................... 3
*GEO 565 Topics in Geography ......................................... 3

*With approval of DUS for GIS/Mapping related internships or independent study.

Geography majors can also minor in Mapping and GIS, but no more than 6 credits can be used to cover both major and minor requirements.

HEALTH, SOCIETY, AND POPULATIONS

The undergraduate program in Health, Society, and Populations (HSP) focuses on understanding health outcomes and their unequal distribution as a product of multiple interacting influences, including health care, behaviors, environmental conditions, genetic and biological factors, and social and cultural characteristics of groups and individuals. The B.A. in HSP provides graduates with a broad liberal-arts education in addition to a concentration on social science based approaches to population health. Students may further specialize in three areas: Global Health, Health Ecologies, and Social Inequalities in Health and Illness. HSP students will obtain fundamental knowledge of the complex relationships that exist among the global economy, societal problems and needs, and the distribution of health and illness, in addition to providing students the opportunity to develop critical thinking, communication, and independent study skills necessary for many entry-level career opportunities in city, state and federal government, nonprofit organizations and in the public and private health sectors.

Bachelor of Arts with a major in HEALTH, SOCIETY, AND POPULATIONS

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the Major Requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on page 131.

UK Core Requirements

See the UK Core section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

I. Intellectual Inquiry in Arts and Creativity
Choose one course from approved list ............................... 3

II. Intellectual Inquiry in the Humanities
Choose one course from approved list ............................... 3

III. Intellectual Inquiry in the Social Sciences
Recommended:
PSY 100 Introduction to Psychology ................................ 4

IV. Intellectual Inquiry in the Natural, Physical, and Mathematical Sciences
Choose one course from approved list ............................... 3
**College of Arts and Sciences**

**V. Composition and Communication I**
CIS/WRD 110 Composition and Communication I ........ 3

**VI. Composition and Communication II**
CIS/WRD 111 Composition and Communication II ........ 3

**VII. Quantitative Foundations**
Recommended – one of the following:
MA 111 Introduction to Contemporary Mathematics .... 4
MA 113 Calculus I ................................................. 4
MA 123 Elementary Calculus and Its Applications .... 4
MA 137 Calculus I with Life Science Applications .... 4

**VIII. Statistical Inferential Reasoning**
Choose one course from approved list ........................ 3

**IX. Community, Culture and Citizenship in the USA**
Choose one course from approved list ........................ 3

**X. Global Dynamics**
Choose one course from approved list ........................ 3

UK Core hours: ................................................... 30-32

**Graduation Composition and Communication Requirement (GCCR)**
HSP 499 Health, Society and Populations Capstone (Subtitle required) ................................................. 3

**Graduation Composition and Communication Requirement hours (GCCR) ................................................. 3**

**College Requirements**
I. **Foreign Language**
   (placement test recommended) ....................... 6-14

II. **Disciplinary Requirements**
   a. **Natural Science**
      (may be satisfied by major requirements) .... 0-6
   b. **Social Science**
      (may be satisfied by major requirements) .... 0-6
   c. **Humanities** .............................................. 6

III. **Laboratory or Field Work**
   (PSY 100 recommended) ................................... 1-3

IV. **Electives** ................................................... 6

**College Requirement hours: .................................. 19-29**

**Major Requirements**

**Hours**
Major courses that also fulfill the A&S College requirements are marked with “*”; major courses that also fulfill UK Core areas are marked with “†”. 24 credit hours within the major must be at the 300+ level.

**Statistics**
Choose one of the following (3 hours):
STA 296 Statistical Methods and Motivations ........ 3
*SOC 303 Quantitative Social Analysis ................ 3
*GEO 309 Introduction to GIS ................................ 3

**Math**
Choose one of the following (3-4 hours):
MA 109 College Algebra .................................... 3
†MA 111 Introduction to Contemporary Mathematics .... 3
†MA 113 Calculus I ................................................. 4
†MA 123 Elementary Calculus and Its Applications .... 4
†MA 137 Calculus I with Life Science Applications .... 4
MA 111, 113, 123, 137 recommended.

**Writing**
(3 hours):
WRD 205 Writing and Rhetoric (Subtitle required) see HSP advisor for appropriate substitutes .......... 3

**Science**
Choose one BIO course and one from any of the remaining science electives (6 hours):
ANA 109 Anatomy and Physiology for Nursing I .... 4
ANA 110 Anatomy and Physiology for Nursing II .... 4

*ANA 209 Principles of Human Anatomy .............. 3
*BIO 102 Human Ecology .................................. 3
*BIO 103 Basic Ideas of Biology ......................... 3
*BIO 148 Introductory Biology I ............................ 3
*BIO 208 Principles of Microbiology .................. 3
*CHE 104 Introductory General Chemistry ........... 3
*CHE 108 Introduction to Inorganic, Organic, and Biochemistry without Laboratory ................ 3
*PGY 206 Elementary Physiology ....................... 3

**Social Science Approaches to Health**
(9 hours):
Required
HSP/SOC 255 Medicine, Health, and Society .......... 3
plus two of the following:
*ANT 429 Survey of Medical Anthropology ........... 3
*GEO 475G Medical Geography ................................ 3
*PSY 223 Developmental Psychology .................... 3
SOC 355 Sociology of Health and Illness .............. 3

**Topics in Society and Health**
(12 hours):
For a total of four additional courses, choose any remaining courses from the Social Science Approaches to Health category above, or from the following list. Students must choose courses from at least two different disciplines:
*ANT 225 Culture, Environment and Global Issues .... 3
*ANT 251 Global Health: Culture, Pathologies and Social Inequalities ..... 3
*ANT 303 Topics in Anthropology of Food and Nutrition (Subtitle required) .......................... 3
*ANT 333 Contemporary Human Variation .......... 3
*GEO 261 Global Dynamics of Health and Disease .... 3
*GEO 544 Human Population Dynamics ................ 3
GRN 250 Aging in Today’s World ......................... 3
GRN 585 Aging and Environment ......................... 3
*GWS 300 Topics in Gender and Women’s Studies (Subtitle required) .......................... 3
*HIS 584 Health and Disease in the U.S. ................. 3
*PHI 305 Health Care Ethics .................................. 3
*SOC 235 Inequalities in Society .......................... 3
*SOC 340 Community Interaction ......................... 3
*SOC 360 Environmental Sociology ..................... 3
*SOC 459 Topics in Crime, Law and Deviance (Subtitle required) .......................... 3

"Course is approved only when the subtitle is “Gender, Race and Science."

**Health Professions**
Choose two from the following (6 hours):
CPH 201 Introduction to Public Health .................. 3
CPH 202 Public Health Through Popular Film .......... 3
CPH 203 Sexual Health ........................................... 3
CPH 310 Disease Detectives: Epidemiology in Action ......................................................... 3
CPH 320 Fundamentals of Environmental Health .......... 3
CPH 351 Preparing For An Apocalyptic Event: Population Health and Crisis Management .... 3
CPH 440 Foundations of Health Behavior ................. 3
CPH 450 Managing Health Organizations to Improve Population Health ............. 3
CPH 472 Public Health Professions and Practice ........ 3
CPH 476G A Sick World: Global Public Health in the Early 21st Century ................................. 3
HSM 241 Health and Medical Care Delivery Systems ......................................................... 3
KHP 230 Human Health and Wellness ................. 3
KHP 270 Introduction to Health Education and Health Promotion ................................. 3
KHP 590 Advanced Health Concepts ..................... 3

**Bachelor of Arts with a major in SPANISH**

**120 hours (minimum)**
Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the Major Requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on page 131.

**UK Core Requirements**
See the UK Core section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

CIS/WRD 110 Composition and Communication I .... 3

VI. **Composition and Communication II**
CIS/WRD 111 Composition and Communication II .... 3

VII. **Quantitative Foundations**
Choose one course from approved list .................. 3

VIII. **Statistical Inferential Reasoning**
Choose one course from approved list .................. 3

**HISPANIC STUDIES**

The Department of Hispanic Studies aims to develop students’ Spanish language skills, to deepen their understanding of Spanish-speaking cultures and literatures domestically and abroad, to sharpen their critical thinking, and to heighten their awareness of their role as local and global citizens in a pluralistic society. The department offers a major with three specialty options and a minor in Spanish.

Other Course Work Required for the Major

From the Major Department:
Choose 10 300+ level Spanish courses to include at least 4 courses at the 400+ level that complement the major. Courses used to satisfy College requirements may also count here. Courses with prefixes not listed below must be approved by the Director of Undergraduate Studies .... 9

A-E – Art Education
A-H – Art History
A-S – Art Studio
AAD – Arts Administration
AAS – African American Studies
AIS – Arabic and Islamic Studies
ANT – Anthropology
APP – Appalachian Studies
ART – Art
BSC – Behavioral Science
CGS – Cognitive Science
CHI – Chinese Culture and Language
CIS – Communications and Information Studies
CLA – Classics
CLD – Community and Leadership Development
CLM – Clinical Leadership and Management
COM – Communication
CSD – Communication Sciences and Disorders
EAP – Education Abroad Program
EDC – Curriculum and Instruction

EDL – School Administration
EDP – Educational and Counseling Psychology
EDS – Special Education
EDU – Education
ELS – Teacher Leadership
ENG – English
EPE – Educational Policy Studies and Evaluation
FA – Fine Arts
FR – French Language and Literature
GEO – Geography
GER – German Studies
GWS – Gender and Women’s Studies
HIS – History
HJS – Hebrew and Jewish Studies
HMN – Humanities
HP – Historic Preservation
IAS – Interdisciplinary American Studies
IEC – Interdisciplinary Early Childhood Education
INT – International Studies
IS – Information Studies
ISC – Integrated Strategic Communication
ISP – International Studies Program
ITA – Italian
JAT – Journalism, Advertising, Telecommunications
JOU – Journalism
JPN – Japan Studies
LAS – Latin American Studies
LIN – Linguistics
LIS – Library and Information Science
MAS – Media Arts and Studies
MCL – Modern and Classical Languages
MUC – Class Instruction in Music
MUP – Music Performance
MUS – Music
PA – Public Administration
PS – Political Science
PSY – Psychology
RS – Religious Studies
RUS – Russian
SOC – Sociology
ST – Social Theory
SW – Social Work
TA – Theatre
TSL – Teaching English as a Second Language
WRD – Writing, Rhetoric and Digital Media

Total Major hours: .................................................................... 42

OPTIONS

Option A – Spanish Language and Linguistics

Required Course
SPA 310 Spanish Composition
Through Textual Analysis ............................................................ 3

Specialty Option Courses
Choose 18 credit hours from Language and Linguistics courses:

*SPA 300 Contact Zones: Cultivating Intercultural Competence ............ 3

HISTORY

History is the study of the most important and exciting events that have ever occurred, providing students with a wide ranging introduction to modern societies, cultures, and global events. The Department of History’s program provides rigorous instruction in critical thinking, writing, and composition. And as one of the broadest and most diverse disciplines in academia, history provides students with connections to numerous other programs and opportunities across campus. History majors develop research and presentation skills that are highly transferable to any career, including those in public policy, law, government, education, public relations, healthcare, journalism, publishing, sales, and marketing, among others.

Bachelor of Arts with a major in HISTORY

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the Major Requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on page 131.

UK Core Requirements
See the UK Core section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

Bachelor of Science with a major in HISTORY

120 hours (minimum)

Any student earning a Bachelor of Science (BS) degree must complete a minimum of 60 hours in natural, physical, mathematical, and computer science. Please note: courses with an HIS prefix are generally not accepted towards fulfilling this 60-hour requirement. Therefore, be sure to keep this requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Science degree, including a specific listing of courses applicable to the 60-hour requirement, on page 131.

UK Core Requirements
See the UK Core section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

I. Intellectual Inquiry in Arts and Creativity

MINOR IN HISTORY

A minor in History provides training in critical thinking and expression and a valuable perspective on the varieties of civilizations and modes of human behavior, complementing coursework in numerous other disciplines, including the humanities, the social sciences, and the natural and applied sciences.

The minor in History requires a minimum of 18 hours of course work to include:

1. A 6-hour sequential introduction to the history of a civilization or a nation. This may be selected from:
   - HIS 104/105 A History of Europe through the Mid-Seventeenth Century/A History of Europe from the Mid-Seventeenth Century to the Present
   - HIS 106/107 Western Culture: Science and Technology I/ Western Culture: Science and Technology II
   - HIS 108/109 History of the United States Through 1876/ History of the United States Since 1877
2. 12 hours of course work at or above the 300 level, at least 6 hours of which must be at or above the 400 level. No more than 12 of the 18 hours required may be in any one of the subfields of American history, European history, or history of the non-Western world.

INTERNATIONAL STUDIES

International Studies is an interdisciplinary program that encourages students to explore global issues in disciplines such as anthropology, economics, history, political science, geography, foreign languages, English and the arts. Students will choose course work focused around a central theme and geographical region. Cultural knowledge will be developed further through expanded foreign language study. The program culminates in a capstone senior project. Study abroad is highly encouraged, although not required, for the International Studies major.

A degree in International Studies will prepare students for careers in business, government, non-government organizations, philanthropic agencies, or the arts. The major also prepares students for graduate study in the humanities, social sciences, international affairs, law, public health and communications.

Bachelor of Arts with a major in INTERNATIONAL STUDIES

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the Major Requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. A complete description of College requirements for a Bachelor of Arts degree can be found on page 131.

UK Core Requirements
See the UK Core section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

*The subtitle for this course must directly relate to the East, South, and Southeast concentration. You must check with the IS director or advisor for verification prior to taking the course.

College of Arts and Sciences

University of Kentucky 2017-2018 Undergraduate Bulletin
The minor in International Studies requires 18 credit hours of course work, 12 of which must be at the 300 level or above. Nine of the 18 credit hours should be in either a thematic or area concentration. No more than 9 credit hours from any other major can apply to the minor. All 18 credit hours must be in approved International Studies courses.

**LINGUISTICS**

The Department of Linguistics offers an interdisciplinary curriculum designed to develop an understanding of the nature and implications of human language. The Linguistics Department provides solid foundations in phonological and grammatical analysis, as well as opportunities to investigate the social, cultural, psychological, and physical aspects of language use.

**Bachelor of Arts with a major in LINGUISTICS**

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the Major Requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on page 131.
UK Core Requirements
See the UK Core section of this Bulletin for the complete
UK Core requirements. The courses listed below are (a)
recommended by the college, or (b) required courses that also
fulfill UK Core areas. Students should work closely with their
advisor to complete the UK Core requirements.

I. Intellectual Inquiry in Arts and Creativity

Choose one morphosyntax/semantic course:
LIN 512 Analysis of English Syntax
LIN 505 Linguistic Morphology
Choose two other LIN courses at 300 level or above.

**MATHEMATICAL ECONOMICS**

The mathematical economics major offers students a degree program that combines mathematics, statistics, and economics. In today’s increasingly complicated international business world, a strong preparation in the fundamentals of both economics and mathematics is crucial to success. This degree program is designed to prepare a student to go directly into the business world with skills that are in high demand, or to go on to graduate study in economics or finance. A degree in mathematical economics would, for example, prepare a student for the beginning of a career in operations research or actuarial science.

In many ways, the mathematical economics program parallels the engineering philosophy. It combines the quantitative methods of mathematics with an applied science in order to solve real problems. As an example, operations research is used to optimize costs for extremely complicated systems such as airline scheduling. A major problem in business and economics is decision making under uncertainty. Efficient inventory control for large national retail chains can mean the difference between success and failure. A business will improve its bottom line if it can effectively control cost of inventory under the uncertainty of consumer demand. The solution of control problems of this type requires knowledge of relatively sophisticated mathematics and statistics as well as knowledge of basic economic principles.

There is currently a serious shortage of individuals who have sufficient training in mathematics and statistics as well as an understanding of business and economics. Companies that employ operations research analysts or actuaries cannot fill their positions. Mathematical economics and related areas have often been referred to as engineering for the service sector or “financial engineering.” With the ever increasing importance of the service sector in our economy, the math-econ degree will prove to be a valuable asset. The program will give the student an opportunity to study a fascinating collection of ideas and it will also provide the student with very marketable skills.

**MATHEMATICS**

The department offers two programs leading to the B.A. or B.S. degree. Students may major in mathematics by completing the requirements for either: Option A, Mathematics or Option B, Mathematical Sciences.

The mathematics option consists of courses offered solely by the department of mathematics and is intended for those who wish to follow a traditional mathematics career path. The mathematical sciences option consists of courses offered by the departments of computer science, mathematics, and statistics, and is intended for those who opt for a career that requires the application of mathematics. The requirements for these programs are outlined below.

### Bachelor of Arts with a major in MATHEMATICS

**120 hours (minimum)**

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the Major Requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. Premajor hours: .............................................. 11

Major Requirements

College of Arts and Sciences
Minor in Mathematics

The minor in Mathematics requires 21 hours of course work to include:

1. MA 113/114 Calculus I and II .................... 8
   MA 213 Calculus III ..................................... 4
   or equivalent
2. MA 322 Matrices Algebra and Its Applications .... 3
   or equivalent
3. 6 additional hours of mathematics courses numbered greater than 213. Possible courses include: MA 214, MA 261, MA 320, MA 321, MA 327, MA 330, MA 341, MA 351, MA 361, or any 400 level math course.

MILITARY SCIENCE AND LEADERSHIP
(Army Officer Commissioning)

The Army Reserve Officers’ Training program at the University of Kentucky is open to both men and women and follows a general military science curriculum that is normally completed in four years but which may be completed in two years. An academic major in military science is not offered. The program’s primary objective is to commission the future leadership of the Active Army, Army National Guard, and U.S. Army Reserve.

Scholarships

Students interested in Army ROTC scholarships should contact the Army ROTC Admissions Office at (859) 257-6865; or visit 101 Barker Hall on campus. Additionally, students should refer to the Student Financial Aid, Awards, and Benefits section of this Bulletin.

Academic Program

Required program courses are: AMS 101, AMS 102, AMS 211, AMS 212, AMS 301, AMS 302, AMS 341, AMS 342, an approved military history course (AMS 320), and continuous enrollment (or participation) in KHP 107 and AMS 250 or 350 once contracted in the ROTC program. Also, cadets attend a five-week Leadership Development Assessment Course, usually in the summer between the junior and senior years in Fort Knox, KY.

An alternative two-year program is available for students with at least two academic years remaining until graduation and who have not completed the AMS 100- and AMS 200-level courses. Students should contact the Professor of Military Science about the four-week summer Leadership Training Course conducted each summer at Fort Knox, Kentucky. Successful completion of the camp enables students to take AMS 300-level courses and complete the program in two years.

In certain cases, veterans or students who have completed Army basic training are also eligible to complete the program in two years. Members of the Army National Guard or U.S. Army Reserve may also directly enroll in the Leadership Development Assessment Course and participate in the Simultaneous Membership Program (SMP).

The Basic Course: (100 and 200 level) are orientational and deal with the Army’s role in the U.S. government. American military history, small unit organizations/operations, military geography/ map reading and some adventure training are also addressed. No military obligation is incurred by completion of the courses.

The Advanced Course: (300 level) focus on leadership, management, and command/staff responsibilities within military organizations. All upper division Army ROTC students receive up to $500 per month tax-free subsistence pay during the academic year. During the summer, students receive about $900 while attending Camp.

Leadership Lab periods, held weekly during the academic year, and on one Saturday per semester, focus on adventure-type training (e.g., orienteering, rappelling, survival training, and basic marksmanship). These activities are offered, subject to availability of equipment and facilities, to provide an opportunity to develop leadership, organizational abilities, and confidence.

Professional development and enrichment opportunities are also available through ROTC-sponsored university organizations—the Pershing Rifles and Kentucky Rangers.

Army ROTC incorporates the dimension of leadership into the academic curriculum and provides training and experience that can be valuable in any profession.

For more information, contact the Professor of Military Science, ATTN: Admissions Officer, U.S. Army ROTC, 101 Barker Hall, University of Kentucky, Lexington, KY 40506-0028; or call (859) 257-6865. Visit the Web site at: http://armyrotc.as.uky.edu/

Minor in Military Leadership

The minor in Military Leadership is on page 135 of this Bulletin.

MODERN AND CLASSICAL LANGUAGES, LITERATURES AND CULTURES

The Department of Modern and Classical Languages, Literatures and Cultures is comprised of tracks in Arabic and Islamic Studies, Chinese Studies, Classics, Folklore and Mythology, French and Francophone Studies, German Studies, Hebrew and Jewish Studies, Italian Studies, Japan Studies and Russian Studies.

Bachelor of Arts with a major in MODERN AND CLASSICAL LANGUAGES, LITERATURES AND CULTURES

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the Major Requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on page 131.

UK Core Requirements

See the UK Core section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

I. Intellectual Inquiry in Arts and Creativity

Choose one course from approved list .......................... 3

II. Intellectual Inquiry in the Humanities

Choose one of the following courses
AIS 320 Modern Arabic Literature and Film in Translation
AIS 330 Islamic Civilization II
AIS 340 Fundamentalism and Reform in Islam
AIS 345 Islamic Mysticism
CHI 330 Introduction to Chinese Culture, Pre-Modern to 1840
CHI 331 Introduction to Chinese Culture, 1840 to Present
FR 103 French Cinema
FR 205 The French Graphic Novel
FR 225 French Film Noir
GER 103 Fairy Tales in European Context
GER 305 German Film Today
MCL 100 The World of Language
MCL 135 Vampires: Evolution of a Sexy Monster
MCL 200 Global Literacy
MCL 270 Introduction to Folklore and Mythology
RUS 275 Russian Film
RUS 371 The Russian Cultural Imagination: 900-1900
RUS 372 Experiments in Life and Art: Russian Culture 1900-Present
or any area course .................................................. 3

III. Intellectual Inquiry in the Social Sciences

AIS 430 Islam in America
MCL 135 Vampires: Evolution of a Sexy Monster
MCL 270 Introduction to Folklore and Mythology
RUS 370 Russian Folklore (in English)
or any area course .................................................. 3
IV. Intellectual Inquiry in the Natural, Physical, and Mathematical Sciences

Choose one course from approved list ........................................... 3

V. Composition and Communication I

CIS/WRD 110 Composition and Communication I .................................. 3

VI. Composition and Communication II

CIS/WRD 111 Composition and Communication II .................................. 3

GEO 336 Geography of Sub-Saharan Africa ..................................... 3
PHI 504 Islamic and Jewish Philosophy and the Classical Tradition ........ 3

*PS 410 Topics in Regional Politics (Subtitle required) ......................... 3

MCL 375 Language Study Abroad or MCL 376 Cultural Studies Abroad or other Study Abroad courses approved by the Director of Undergraduate Studies .................................................. 1-3

If topic is appropriate.

Total Elective hours: .................................................. 18

Major Requirement hours: .................................................. 42

MCL / Classics

Track Requirements

To graduate with a major in Classics, the student must complete either Greek to the CLA 252 level or Latin to the 202-level either by successfully completing the specified course, by successfully completing a course above the 200-level in either language, or by demonstrating the equivalent competency.

The student must also complete 18 hours in courses at the 200-level or above with a CLA prefix or cross-listed CLA.

Total Requirement hours: .................................................. 18

Track Electives

In addition, the student must complete 12 hours in courses appropriate to the field of study at the 200-level or above not prefixed CLA (courses cross-listed CLA also fulfill this requirement). The following courses are automatically accepted to fulfill this requirement, but other courses may be accepted by the Director of Undergraduate Studies on a case-by-case basis.

A-H 314 Ancient (Subtitle required) .................................................. 3
AIS 228 Islamic Civilization .......................................................... 3
ANT 240 Introduction to Archaeology ............................................. 3

Major Requirement hours: ........................................ 42
MCL / Classics

Track Requirements
To graduate with a major in Classics, the student must complete either Greek to the CLA 252 level or Latin to the 202 level either by successfully completing the specified course, by successfully completing a course above the 200 level in either language, or by demonstrating the equivalent competency.

The student must also complete 18 hours in courses at the 200 level or above with a CLA prefix or cross-listed CLA.

Total Requirement hours: ...................... 18

Track Electives
In addition, the student must complete 12 hours in courses appropriate to the field of study at the 200 level or above not prefixed CLA (courses cross-listed CLA also fulfill this requirement). The following courses are automatically accepted to fulfill this requirement, but other courses may be accepted by the Director of Undergraduate Studies on a case-by-case basis.

A-H 314 Ancient (Subtitle required) ............. 3

RUS 275 Russian Film ........................................ 3
RUS 370 Russian Folklore (in English) ........................................ 3
RUS 401 Advanced Russian I ........................................ 3
RUS 404 Advanced Russian II ........................................ 3
MCL / Classics

Core Requirements

The requirements for a Classics minor are 18 credit hours, at least 6 of which must be at the 300 level or above, earned from among the following courses:

1. Greek and Latin courses at any level
2. Non-language CLA courses at the 200 level or higher
All courses may be chosen from category 1, all from category 2, or the two categories may be combined in any manner, as long as students earn the requisite 18 credit hours. MCL 100, MCL 200, MCL 375 and MCL 376 may count toward the MCL Classics minor.

MCL / Folklore and Mythology

Core Requirements

MCL 270 Introduction to Folklore and Mythology ..... 3
CLA 135 Greek and Roman Mythology .................. 3
or
CLA 100 Ancient Stories in Modern Films ............... 3
GER 103 Fairy Tales in European Context ................ 3

Total Core hours ........................................ 9

Students in this minor must also satisfy the current A&S Language Requirement, regardless of their college. The minor is not restricted to A&S majors.

Elective Requirements

Choose an additional 6 hours from the following courses:

CLA 331 Gender and Sexuality in Antiquity .......... 3
CLA 382 Greek and Roman Religion .................... 3
FR 263 African and Caribbean Literature and Culture of French Expression in Translation (Subtitle required) .................. 3
GER 363 Germanic Mythology .......................... 3
RUS 370 Russian Folklore (in English) ................. 3
MCL 395 Topics in Folklore and Myth (Subtitle required) .......... 3

Choose 3 additional hours in elective courses (chosen from the MCL courses above not taken for the elective requirement) or from other courses approved by the advisor or from the following:

CLA 462G Topics in Classical Literature (Subtitle required) .......... 3
GER 263 The German Cultural Tradition I .......... 3
*GER 312 German Popular Forms (Subtitle required) .......... 3
AAS 200 Introduction to African-American Studies ................. 3

RUS 410G Russian for Special Purposes (Subtitle required) ............. 3
RUS 525 Russian Literary Studies (Subtitle required) .......... 3
RUS 535 Russian Visual Studies (Subtitle required) .......... 3
RUS 545 Russian Cultural Studies (Subtitle required) .......... 3
RUS 555 Topical Seminar on Russian Studies (Subtitle required) .......... 3
MCL 375 Language Study Abroad or MCL 376 Cultural Studies Abroad
or other Study Abroad courses approved by the Director of Undergraduate Studies ........................................ 1-3

Total Elective hours ...................................... 3

* Approved for the minor when the topic of the course is appropriate as determined by the minor advisor.

Minor in Modern and Classical Languages, Literatures and Cultures

The minor in Modern and Classical Languages, Literatures and Cultures requires a minimum of 18 hours of course work. Students choose one of nine options (fields of concentration) from: Chinese Studies, Classics, Folklore and Mythology, French and Francophone Studies, German Studies, Islamic Studies, Italian, Japan Studies and Russian Studies.

MCL / Chinese Studies

Core Requirements

All students must complete a minimum 6 credits from among the following courses:

CHI 301 Advanced Intermediate Chinese I ............... 3
CHI 302 Advanced Intermediate Chinese II .......... 3
CHI 330 Introduction to Chinese Culture, Pre-Modern to 1840 .......... 3
CHI 331 Introduction to Chinese Culture, 1840 to Present .......... 3

Total Core hours ........................................ 6

Elective Requirements

In addition, students must take at least 12 additional credits from the following for a total of 18 credits. (Please note that courses on the core course list above NOT used to satisfy the Core Requirements may be used to satisfy the Elective Requirements.):

CHI 320 Gender Politics in Chinese Literature .......... 3
CHI 321 Introduction to Contemporary Chinese Film .......... 3
CHI 322 Self and Society in Chinese Culture .......... 3
MCL 100 The World of Language ....................... 3
MCL 200 Global Literacy ................................ 3
MCL 375 Language Study Abroad or
MCL 376 Cultural Studies Abroad or
other Study Abroad courses approved by the Director of Undergraduate Studies ........................................ 1-3

Total Elective hours ..................................... 12

MAT 247 Dress and Culture .................................. 3
MUS 300 History of Jazz .................................... 3
MUS 301 Appalachian Music ................................ 3
*SOC 350 Topics in Sociology (Subtitle required) ........ 3
GWS 200 Sex and Power .................................... 3
GWS 201 Gender and Popular Culture .................... 3
*GWS 300 Topics in Gender and Women’s Studies (Subtitle required) .......... 3
*GWS 301 Crossroads (Subtitle required) ................ 3
*GWS 302 Gender Across the World (Subtitle required) ............ 3

Total Elective hours ...................................... 9

### NEUROSCIENCE

The Bachelor of Science degree program in Neuroscience provides undergraduate students with an opportunity to engage in the in-depth study of neuroscience from a uniquely interdisciplinary perspective. Students receive extensive exposure to fundamental and applied aspects of neuroscience through classroom and laboratory-based interactions with faculty members and research staff from several departments housed in the College of Arts and Sciences. The scope of training spans the entirety of key topics in neuroscience and includes examination of biological systems ranging from cellular/molecular neuroscience; neurophysiology; neuroanatomy; and integrated neuroscience including behavior.

### Bachelor of Science with a major in NEUROSCIENCE

120 hours (minimum)

Any student earning a Bachelor of Science (BS) degree must complete a minimum of 60 hours in natural, physical, mathematical, and computer science. See the complete description of College requirements for a Bachelor of Science degree, including a specific listing of courses applicable to the 60-hour requirement, on page 131.

### UK Core Requirements

See the UK Core section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

**I. Intellectual Inquiry in Arts and Creativity**

Choose one course from approved list

**II. Intellectual Inquiry in the Humanities**

Choose one course from approved list

**III. Intellectual Inquiry in the Social Sciences**

Minor Requirement
One of the following:
   BIO 302 Introduction to Neuroscience
   or
   PSY 312 Brain and Behavior .................................. 3

Minor Electives
Complete 12 credits from the following courses:

Anatomy
*ANA 394 Independent Research in Neurobiology and Neuroscience
   or
ANA 410G Neurobiology of Brain and Spinal Cord Disorders .... 3
ANA 417G Functional Human Neuroanatomy ................. 3
ANA 442 Molecular and Cellular Neurobiology ............... 3
ANA 605 Neurobiology of CNS Injury and Repair ............ 3
ANA 625 Introduction to Functional MRI ....................... 1

Biology
*BIO 394 Research in Neuroscience .......................... 1-3
BIO 446 Neurophysiology Laboratory ........................... 3
BIO 507 Biology of Sleep and Circadian Rhythms .......... 3
BIO 535 Comparative Neurobiology and Behavior .......... 3
BIO 638 Developmental Neurobiology ......................... 3
BIO 650 Animal Physiology Laboratory ........................ 3

Chemistry
CHE 556 Elements of Neurochemistry ......................... 3

Cognitive Science
CGS 500 Cognitive Science in Theory and Practice .......... 3

Communication Sciences and Disorders
CSD 571 Neural Bases of Speech, Language, and Hearing 3

Psychology
*PSY 393 Research in Neuroscience .......................... 1-3
*PSY 459 Neuropsychology: Drugs and Behavior .......... 3

Other neuroscience-related courses at the 200-level or above, as approved by DUS in Biology

Total Hours: ....................................................... 18

*No more than six hours from research courses may apply to the 12 hours of electives.

PHILOSOPHY

Philosophy encourages critical and systematic inquiry into fundamental questions of right and wrong, truth and falsehood, the meaning of life, and the nature of reality, knowledge, and society. More than any other discipline, Philosophy explores the core issues of the Western intellectual tradition. With its emphasis on analytic precision and dialogical engagement, Philosophy is well positioned to help students develop their problem-solving, creative and critical thinking, communication, and other skills highly valued in the real world.

Bachelor of Arts with a major in PHILOSOPHY

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the Major Requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on page 131.
UK Core Requirements
See the UK Core section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

I. Intellectual Inquiry in Arts and Creativity
Suggested:
PHI 315 Philosophy and Science Fiction ...................... 3

II. Intellectual Inquiry in the Humanities
Suggested – one of the following:
PHI 100 Introduction to Philosophy:
Knowledge and Reality
PHI 260 History of Philosophy I: From Greek Beginnings to the Middle Ages
PHI 270 History of Philosophy II: From the Renaissance to the Present Era
PHI 310 Philosophy of Human Nature
PHI 317 Existentialist Thought and Literature
PHI 380 Death, Dying and the Quality of Life .................. 3

III. Intellectual Inquiry in the Social Sciences
Choose one course from approved list ............................. 3

IV. Intellectual Inquiry in the Natural, Physical, and Mathematical Sciences
Choose one course from approved list ............................. 3

V. Composition and Communication I
CIS/WRD 110 Composition and Communication I ............. 3

VI. Composition and Communication II
CIS/WRD 111 Composition and Communication II ............ 3

VII. Quantitative Foundations
Suggested:
PHI 120 The Art of Thinking:
An Introduction to Logic ............................................ 3

VIII. Statistical Inferential Reasoning
Choose one course from approved list ............................. 3

IX. Community, Culture and Citizenship in the USA
Suggested – one of the following:
PHI 130 Introduction to Philosophy: Morality and Society
PHI 205 Food Ethics
PHI 335 The Individual and Society ................................ 3
PHI 361 Biology and Society (Subtitle required) .............. 3
PHI 317 Existentialist Thought and Literature
PHI 380 Death, Dying and the Quality of Life .................. 3

X. Global Dynamics
Suggested:
PHI 345 Asian Philosophy .......................................... 3

UK Core hours: .......................................................... 30

Graduation Composition and Communication Requirement (GCCR)
PHI 350 Metaphysics and Epistemology ............................ 3

Graduation Composition and Communication Requirement hours (GCCR) ......................................... 3

College Requirements
I. Foreign Language (placement exam recommended) ............... 0-14
II. Disciplinary Requirements
a. Natural Science ...................................................... 6
b. Social Science ....................................................... 6
c. Humanities (completed by Major Requirements) ............... 6
III. Laboratory or Field Work ............................................ 1
IV. Electives ................................................................. 6

College Requirement hours: ........................................ 19-33

Premajor Requirements
PHI 260 History of Philosophy I:
from Greek Beginnings to the Middle Ages ...................... 3
PHI 270 History of Philosophy II:
from the Renaissance to the Present Era ........................... 3

Premajor hours: ......................................................... 6

Major Requirements
Major Core Requirements
PHI 320 Symbolic Logic I ........................................... 3
PHI 330 Ethics or PHI 335 The Individual and Society ............ 3
PHI 350 Metaphysics and Epistemology ............................ 3

Major Core hours: .................................................... 9

Other Course Work Required for the Major
From the Major Department:
Choose 15 hours of PHI 500+ level courses with at least one course from each group below .............................................. 15

Group A: PHI 503, 504, 506, 509, 513, 514, 515, 516, 517

Group B: PHI 519, 530, 531, 535, 537, 540, 545, 592

Group C: PHI 520, 550, 560, 561, 562, 565, 570, 575

Choose 3 hours from any of the group courses listed above or the following: PHI 300, 305, 310, 317, 330, 332, 334, 335, 336, 337, 340, 343, 361, 380, 395, 500 ....................... 3

From Outside the Major Department
Choose 18 hours at the 200+ level; up to 4 hours may come from Philosophy courses .......................... 18

Other Major hours: .................................................... 36

Electives
Choose electives to lead to the minimum total of 120 hours required for graduation ...................................................... 9

Total Minimum Hours Required for Degree .......................... 120

*French or German is highly recommended to complete the College foreign language requirements. Ancient Greek is recommended if the student plans to concentrate on ancient philosophy. Latin is recommended if the student plans to concentrate on medieval philosophy.

Minor in Philosophy

The minor in Philosophy requires a minimum of 18 hours of course work to include:

a. No more than two 100-level courses
b. At least one course in logic (PHI 120, PHI 320, or PHI 520)
c. At least one course in the history of philosophy (PHI 260; PHI 270, or any course from Group A of the undergraduate curriculum)
d. At least three courses (9 hours) at the 300 level or above, excluding PHI 320 and PHI 399.

PHYSICS AND ASTRONOMY

The Department of Physics and Astronomy helps many students acquire a general understanding and appreciation of physics and astronomy. In the liberal arts tradition, the undergraduate curriculum is complete and flexible enough to allow a graduate with a major in physics to pursue a variety of careers. Many of our graduates continue their studies with graduate work in physics or other areas.

For the student interested in combining the study of physics with studies in other areas, the department can assist in the planning of an individual curriculum which meets both the minimum requirements of the Physics program and the student’s needs and interests. Such planning is of particular value to students intending to pursue careers in engineering, computer science, applied physics, medicine, radiation medicine, biophysics, law, meteorology, oceanography, geophysics, environmental sciences, management, or the teaching of physics and/or physical science at the junior and senior high school levels. By working closely with an advisor, the student with special interests can take advantage of opportunities to take several other courses from one or more departments outside physics, or double major in physics and another area. For a description of suggested curricula, visit our Web site at: www.pa.uky.edu/undergrad/curricula.html

Bachelor of Arts with a major in PHYSICS

120 hours (minimum)
Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the Major Requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for the Bachelor of Arts degree on page 131.

UK Core Requirements
See the UK Core section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

I. Intellectual Inquiry in Arts and Creativity
Choose one course from approved list ............................. 3

II. Intellectual Inquiry in the Humanities
Choose one course from approved list ............................. 3

University of Kentucky
2017-2018 Undergraduate Bulletin

179
### Major Requirements

**PHY 306 Theoretical Methods of Physics** ........................................ 3

**PHY 335 Data Analysis for Scientists** ........................................... 2

**PHY 404G Mechanics** ................................................................. 3

**PHY 416G Electricity and Magnetism** ........................................ 3

**PHY 520 Introduction to Quantum Mechanics I** ........................... 3

**PHY 521 Introduction to Quantum Mechanics II** ........................ 3

**PHY 335 Advanced Physics Laboratory** ...................................... 3

**MA 213 Calculus III** ................................................................. 4

**MA 214 Calculus IV** ................................................................. 3

plus two different courses from the following:

- **AST/PHY 395 Independent Work in Astronomy/Physics** ........ 3
- **PHY 402G Electronic Instrumentation** ........................................ 3
- **PHY 435 Intermediate Physics Laboratory** ................................ 3
- **PHY 508 Computational Physics** ............................................. 3

**Major Core hours:** ..................................................................... 39

### Other Course Work Required for the Major

**From Outside the Major Department**

Choose 6 hours outside Physics at the 200+ level. Courses are generally chosen from biology, chemistry, computer science, education, engineering, mathematics, philosophy, or statistics. 200+ level courses used to satisfy College requirements can also be counted here. 6

**Other Major hours:** ..................................................................... 6

**Total Minimum Hours** .............................................................. 120

*Course used towards completion of a UK Core Requirement.

### Suggested Curriculum for B.S. in Physics

(NOTE: Students who have completed calculus or chemistry should visit our Web site at: www.pa.uky.edu/undergrad/curricula.html for suggested curriculum.)

As you plan your physics studies, please note that upper division physics courses, PHY 3XX and all higher numbered courses, are offered once per year in the semester indicated on the suggested curricula. For example, PHY 306 and PHY 361 are offered in the spring semester only. This suggested curriculum minimally meets the requirements for the B.S. in Physics.

### Freshman Year

**First Semester**  

- MA 113 Calculus I ................................................................. 4
- PHY 231 General University Physics ....................................... 4
- PHY 241 General University Physics ...................................... 3
- CHE 105 General Chemistry I .............................................. 3
- CIS/WRD 110 Composition and Communication I ................ 3

**Second Semester**  

- MA 114 Calculus II ............................................................. 4
- PHY 228 Optics, Relativity and Thermal Physics ..................... 3
- CHE 107 General Chemistry II ............................................. 4
- *CS 115 Introduction to Computer Programming or Major Related Electives** ........................................ 3
- CIS/WRD 111 Composition and Communication II ................ 3

### Sophomore Year

**First Semester**  

- MA 213 Calculus III ............................................................ 4
- PHY 232 General University Physics ..................................... 4
- PHY 242 General University Physics Laboratory ................. 1
- PHY 335 Data Analysis for Physicists ................................ 2
- Foreign Language ............................................................... 4

**Second Semester**  

- MA 214 Calculus IV ............................................................ 3
- PHY 306 Theoretical Methods of Physics .............................. 3
- PHY 361 Principles of Modern Physics ................................. 3
- Foreign Language ............................................................... 4
- UK Core ........................................................................... 3

**Junior Year**  

**First Semester**  

- PHY 404G Mechanics .......................................................... 3
- PHY 416G Electricity and Magnetism .................................... 3
- UK Core ........................................................................... 3
- Foreign Language ............................................................... 3
- *MA 322 Matrix Algebra and Its Applications or Major Related Electives** ........................................ 3

**Second Semester**  

- PHY 417G Electricity and Magnetism ................................... 3
- Foreign Language ............................................................... 3
- UK Core ........................................................................... 3
- Major Related Electives ..................................................... 3
- Elective ............................................................................ 3

**Senior Year**  

**First Semester**  

- PHY 402G Electronic Instrumentation and Measurements .... 3
- PHY 520 Introduction to Quantum Mechanics I ................... 3
- PHY 522 Thermodynamics and Statistical Physics (suggested) 3
- PHI 300+ course ............................................................... 3
- Elective ............................................................................. 3

**Second Semester**  

- PHY 521 Introduction to Quantum Mechanics II ................. 3
- PHY 335 Advanced Physics Laboratory ................................ 3
- Social Sciences 300+ ....................................................... 3
- Social Sciences 300+ ....................................................... 4
- Elective ............................................................................. 4

*A total of 14 credit hours in math, computer science, chemistry, engineering or other areas related to physics but outside the department must be completed to satisfy the college requirement. One-hundred-level freshman courses may not be counted for the Major Requirements except for CS 115 which may be counted.

### Minor in Physics

The minor in Physics requires 28 hours of coursework to include:

- PHY 231 General University Physics
- PHY 241 General University Physics Laboratory
- PHY 211 General Physics ..................................................... 5
- PHY 232 General University Physics
- PHY 242 General University Physics Laboratory

### Astronomy Concentration

For students with an interest in astronomy, the Department offers the B.S. degree in physics with a concentration in astronomy. Among the Major Requirements, AST/PHY 591 Astrophysics I – Stars and AST/PHY 592, Astrophysics II – Galaxies and Interstellar Material are strongly recommended as courses within the area of concentration. AST 395, Independent Work in Astronomy, may be substituted for one of the laboratory courses of Requirement Three, subject to the work being done in astronomy and astrophysics.

### POLITICAL SCIENCE

The undergraduate program in Political Science allows students to pursue course work in four disciplinary fields:

- **American Politics** – define the American political system, including the high-demand subfield of judicial politics and legal studies; study of the institutions, behavioral patterns, and public policies that define the American political system;
- **Comparative Politics** – study of the institutions, policies, and mass behaviors observed in political systems outside the United States, usually explored through comparison within or across regions of the world;
- **International Relations** – study of the international system as a whole, as well as of the actors (such as nation-states, corporations, and international organizations) who participate in shaping diplomatic, military, and economic outcomes within that system;
- **Theory/Methodology** – study of the values, concepts, and analytical methods that shape how people evaluate political life.

Degree recipients take introductory course work in each of these four areas, then pursue advanced studies in one or more of the fields as determined by their interests and/or career goals.

In addition to conveying information about politics and government – necessary background for pursuing graduate work in political science and related fields – Political Science courses at UK
are designed to provide students with a broad liberal arts education. Graduates leave the program having cultivated their analytical abilities and having exercised their written and spoken communication skills. Such disciplinary training leads to a wide variety of careers, many of which have no direct political or governmental connection, but is particularly helpful in preparing students for careers such as law, policy analysis, governmental administration, diplomatic service, journalism, lobbying, and other sorts of political activity.

Currently the department offers two degree: a Bachelor of Arts and a Bachelor of Science. Most majors choose to pursue the B.A. The primary difference is that B.A. students must complete a minimum of 39 hours at the 300+ level, a requirement that students can fulfill using courses already needed for the major. Earning the B.S. degree, on the other hand, requires completing a minimum of 60 hours in natural, physical, mathematical, and computer sciences. Little of that course work fulfills other degree requirements.

**Bachelor of Arts with a major in POLITICAL SCIENCE**

**120 hours (minimum)**

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the Major Requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on page 131.

**Premajor/Introductory Requirements**

Field One – American Politics

PS 101 American Government ......................................... 3

Field Two – Comparative Politics

PS 210 Introduction to Comparative Politics ..................... 3

Field Three – International Relations

*PS 230 Introduction to International Relations .................. 3

Field Four – Theory/Methodology

PS 240 Introduction to Political Theory

or

PS 372 Introduction to Political Analysis ......................... 3

Premajor/Intro hours: .................................................. 12

**College Requirement hours:** ........................................ 18-32

**Major/Core Requirements**

After being introduced to each undergraduate field, Political Science majors must take an additional 39 hours of course work that combines both (1) courses within the discipline and (2) courses covering topics related to the discipline but offered by other programs. These 39 hours, of which 24 must be at the 300+ level, are divided as follows.

**Disciplinary Courses**

Students must take 18 additional credit hours of political science course work, of which at least 15 hours must be at the 300+ level. Note that PS 399 may not be counted toward this requirement. Eligible courses span all four undergraduate fields:

Field One – American Politics

General American Politics Courses

Courses on American Law and Courts

Field Two – Comparative Politics

Field Three – International Relations

Field Four – Theory/Methodology

PS 240 or 372, 441G, 442G, 545, 572

Note: PS 391, 395, 490, and 492 also meet this disciplinary requirement, although the fields will vary depending on the topic.

**Other Courses**

Choose 6 hours of PS courses (including 1-6 hours of PS 399) or approved courses from outside political science (see list below).

**From Outside the Major Department**

Choose 15 hours outside political science from the list below. You must take at least 6 hours from one department and 6 hours from another department. Special topics courses and other offerings related to the concentration may be substituted, subject to the approval of the Director of Undergraduate Studies. 

**15**

AAS 200, 420 (also acceptable are AAS courses cross-listed with courses eligible to serve as Major Requirements)

ACC 407

AEC 324, 471, 479, 510, 532

AFS 228, 330

AN 300

ANT 220, 221, 324, 326, 327, 340, 375, 401, 433, 435, 532, 534

APP 200

BSC – all 200+ level courses

STA – all 200+ level courses

SW 222, 320, 430, 505, 523, 571

WRD 204

**Electives**

Choose electives to lead to the minimum total of 120 hours required for graduation.

**Total Minimum Hours Required for Degree** .................... 120

*Course used towards completion of a UK Core Requirement.

**Bachelor of Science with a major in POLITICAL SCIENCE**

**120 hours (minimum)**

Any student earning a Bachelor of Science (BS) degree must complete a minimum of 60 hours in natural, physical, mathematical, and computer science. Please note: courses with a PS prefix are not accepted towards fulfilling this 60-hour requirement. Therefore, be sure to keep this requirement in mind as you choose your course work for the major. See the complete description of College requirements for a Bachelor of Science degree, including a specific listing of courses.
applicable to the 60-hour requirement, on page 131.

UK Core Requirements

See the UK Core section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

PS 240 Introduction to Political Theory or PS 372 Introduction to Political Analysis ................................. 3

Premajor/Intro hours: ..................................................... 12

Major/Core Requirements

After being introduced to each undergraduate field, Political Science majors must take an additional 39 hours of course work that combines both (1) courses within the discipline and (2) courses covering topics related to the discipline but offered by other programs. These 39 hours, of which 24 must be at the 300+ level, are divided as follows.

Disciplinary Courses
Students must take 15 additional credit hours of political science course work, of which at least 15 hours must be at the 300+ level. Note that PS 399 may not be counted toward this requirement. Eligible courses span all four undergraduate fields:

Field One – American Politics
General American Politics Courses

Field Two – Comparative Politics

Field Three – International Relations

Field Four – Theory/Methodology
PS 240 or 372, 441G, 442G, 545, 572

Note: PS 391, 395, 490, and 492 also meet this disciplinary requirement. Although the fields will vary depending on the topic.

Other Courses
Choose 6 hours of PS courses (including 1-6 hours of PS 399) or approved courses from outside political science (see list below) ................................................................. 6

From Outside the Major Department
Choose 15 hours outside political science from the list below. You must take at least 6 hours from one department and 6 hours from another department. Special topics courses and other offerings related to the concentration may be substituted, subject to the approval of the Director of Undergraduate Studies ...................................................... 15

Total Minimum Hours

Required for Degree .................................................. 120

*Course used towards completion of a UK Core Requirement.

Minor in Political Science

The minor in Political Science requires a pre-requisite course (PS 101) and 18 hours of course work at the 200 level or above to be distributed as follows:

1. 6 hours of 200 level courses, 3 hours of which must be either PS 210 or PS 230.
2. Four other courses, at least three of which must be at the 400 or 500 level.

PSYCHOLOGY

The undergraduate curriculum in psychology includes courses in the major content areas of psychology. The program provides course work emphasizing the fundamental concepts and techniques of this basic behavioral science. In addition to course work, the program provides for experience in conducting and analyzing laboratory and field research.

Bachelor of Arts with a major in PSYCHOLOGY

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the Major Requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on page 131.

UK Core Requirements

See the UK Core section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

Minor in Psychology

The minor in Psychology requires a minimum of 19-20 hours of course work to include:

Prerequisite Courses
PSY 100 Introduction to Psychology or equivalent .................................................................................. 3-4
PSY 215 Experimental Psychology .................................................. 4

Four of the following five courses:

PSY 223 Developmental Psychology ................................... 3
PSY 311 Learning and Cognition ................................................. 3
PSY 312 Brain and Behavior .................................................. 3
PSY 313 Personality and Individual Differences .................. 3
PSY 314 Social Psychology and Cultural Processes .... 3

SOCIOLGY

Sociology emphasizes the study of human behavior and basic social processes. The discipline provides excellent preparation for careers in a variety of occupations and professions including planning and community development, law, public relations and advertising, personnel administration, private business and government administration, health and human services, family relations, criminal justice fields, and others.

Students may major or minor in sociology. The department offers a Bachelor of Arts and a Bachelor of Science through the College of Arts and Sciences. Students may also complete a second major or minor in sociology even though they are enrolled in other colleges. In addition, students seeking certification in social studies education at the secondary level through the College of Education may also emphasize sociology in their programs.

Courses offered by the department cover a wide range of topics and issues. Areas such as social inequalities, work, organizations, economy, globalization, family, community, environment, crime, law and deviance comprise a large part of the curriculum. Students may also pursue special readings courses and experiential education placements or internships through the department.

Bachelor of Arts with a major in SOCIOLGY

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the Major Requirements. Free Electives

**Elective hours:** 6

**Total Minimum Hours Required for Degree:** 120

---

**Bachelor of Science with a major in WRITING, RHETORIC, AND DIGITAL STUDIES**

120 hours (minimum)

Any student earning a Bachelor of Science (BS) degree must complete a minimum of 60 hours in natural, physical, mathematical, and computer science. See the complete description of College requirements for a Bachelor of Science degree, including a specific listing of courses applicable to the 60-hour requirement, on page 131.

**UK Core Requirements**

See the *UK Core* section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

**I. Intellectual Inquiry in Arts and Creativity**
Choose one course from approved list

**II. Intellectual Inquiry in the Humanities**
Choose one course from approved list

**III. Intellectual Inquiry in the Social Sciences**
Choose one course from approved list

**IV. Intellectual Inquiry in the Natural, Physical, and Mathematical Sciences**
Choose one course from approved list

**V. Composition and Communication I**
CIS/WRD 110 Composition and Communication I

**VI. Composition and Communication II**
CIS/WRD 111 Composition and Communication II

**VII. Quantitative Foundations**
Choose one course from approved list

**VIII. Statistical Inferential Reasoning**
Choose one course from approved list

**IX. Community, Culture and Citizenship in the USA**
Choose one course from approved list

**X. Global Dynamics**
Choose one course from approved list

**UK Core Dynamics**
Choose one course from approved list

**Graduation Composition and Communication Requirement (GCCR)**

Minor in Writing, Rhetoric, and Digital Studies

The minor in Writing, Rhetoric, and Digital Studies requires 18 hours of course work to include:

Minor Prerequisites
- Students must fulfill the Composition and Communication Core requirement:
  - WRD/CIS 110 Composition and Communication I ......................................................... 3
  - WRD/CIS 111 Composition and Communication II ........................................................... 3

Minor Requirements
- WRD 204 Technical Writing ................................................................................................... 3
- WRD 300 Introduction to Writing, Rhetoric, and Digital Studies ......................................... 3
- WRD 306 Introduction to Professional Writing (Subtitle required) ........................................ 3
- WRD 406 Topics in Professional Writing (Subtitle required) ................................................ 3
- WRD 408 Digital Composing ................................................................................................. 3

Minor Electives
- Choose 6 hours from the following:
  - WRD 203 Business Writing .................................................................................................. 3
  - WRD 208 Multimedia Writing ............................................................................................... 3
  - WRD 301 Style for Writers .................................................................................................... 3
  - WRD 304 Writing in the Social Sciences ............................................................................. 3
  - WRD 305 Writing Public Science .......................................................................................... 3
  - WRD 310 Writing in the Natural Sciences ............................................................................ 3
  - WRD 322 Rhetoric and Argument ......................................................................................... 3
  - WRD 405 Editing English Prose .......................................................................................... 3
  - WRD 408 Digital Composing ............................................................................................... 3

Minor in Professional and Technical Writing

The minor in Professional and Technical Writing requires 18 hours of course work to include:

Minor Prerequisites
- Students must fulfill the Composition and Communication Core requirement:
  - WRD/CIS 110 Composition and Communication I ......................................................... 3
  - WRD/CIS 111 Composition and Communication II ........................................................... 3

Minor Requirements
- WRD 204 Technical Writing ................................................................................................... 3
- WRD 300 Introduction to Writing, Rhetoric, and Digital Studies ......................................... 3
- WRD 306 Introduction to Professional Writing (Subtitle required) ........................................ 3
- WRD 406 Topics in Professional Writing (Subtitle required) ................................................ 3

Minor Electives
- Choose 6 hours from the following:
  - WRD 203 Business Writing .................................................................................................. 3
  - WRD 208 Multimedia Writing ............................................................................................... 3
  - WRD 301 Style for Writers .................................................................................................... 3
  - WRD 304 Writing in the Social Sciences ............................................................................. 3
  - WRD 305 Writing Public Science .......................................................................................... 3
  - WRD 310 Writing in the Natural Sciences ............................................................................ 3
  - WRD 322 Rhetoric and Argument ......................................................................................... 3
  - WRD 405 Editing English Prose .......................................................................................... 3
  - WRD 408 Digital Composing ............................................................................................... 3

BACHELOR OF LIBERAL STUDIES

A Bachelor of Liberal Studies degree allows students to design individualized programs of study in the humanities, social sciences, and natural and mathematical sciences; to develop a breadth of knowledge reflective of a true liberal arts education; to develop critical thinking and writing skills; and to apply problem-solving strategies. By taking an interdisciplinary perspective, students will learn to integrate and synthesize a breadth of knowledge across disciplinary boundaries, and apply that knowledge to a diverse, multicultural society. Students will learn to work effectively to solve complex problems using solid research methodologies and ethics, and to communicate effectively in both written and oral formats. To graduate with a BLS degree, students will complete numerous upper-division courses, complete a capstone writing course in which they synthesize and evaluate their previous coursework, and submit a final portfolio of previous work.

INTERDISCIPLINARY MINORS

African American Studies

The minor in African American Studies provides students with an opportunity to examine the contributions of established academic disciplines towards the understanding of African peoples, particularly those peoples in the New World. It also provides a framework for research and analysis of issues which focus on African American experiences in artistic, literary, historical, and sociopolitical environments. The minor requires 21 hours of study as follows:

1. AAS 200 Introduction to African-American Studies
2. AAS 400 Special Topics in African-American Studies
3. AAS 401 Independent Reading and Research in African-American Studies
4. a. At least 6 hours of course work in the humanities (as approved by the African American Studies Committee). Among these are:
   - AAS/ENG 264 Introduction to Black Writers
   - AAS/FR 263 African and Caribbean Literature and Culture
   - AAS/MUS 300 History of Jazz
   - FR 504 Topics in French Literature and Culture
   (if appropriate)
5. b. At least 6 hours in the social sciences (as approved by the African American Studies Committee). Among these are:
   - AAS/ANT 326 Contemporary African Lives
   - AAS/EDC 550 Education in a Culturally Diverse Society
   - AAS/GEO 336 Geography of Sub-Saharan Africa
   - AAS/HIS 260 African American History to 1865
   - AAS/HIS 261 African American History 1865-Present
   - AAS/PS 471 Race, Ethnicity and Politics
   - HIS 585 The Age of Jim Crow, 1880-1930
   - AAS/SOC 432 Race and Ethnic Relations
   - AAS/SOC 433 Topics in Social Inequalities (Subtitle required)

NOTE: Courses in English and history are strongly recommended.

For further information, email aas@uky.edu; 112 Breckinridge Hall, 0056, (859) 257-2284. https://aas.as.uky.edu/
American Studies

American studies draws together diverse disciplines to examine the historical and contemporary forms and issues of our national life. The program in American Studies takes as its field of study any peoples, cultural expressions and social institutions, however or whenever identified as "American." Program curricula link faculty, courses, and students across a range of humanities, arts, and social science departments.

The minor centers on two interdisciplinary seminars on selected topics in American studies. Students electing the minor are also encouraged to take a range of elective courses to complement their major. The minor in American Studies prepares students for further graduate or professional training, or for work in education, government, or business.

The minor requires 18 hours of study as follows:

1. IAS 301 Topics in American Culture
2. IAS 401 Perspectives in American Culture
3. Four additional courses (12 hours) from the following list of approved courses. No more than two courses (or 6 hours) may be taken in any one discipline:

   - Art History: A-H 342
   - Anthropology: ANT 221, ANT 342, ANT 470G, ANT 527, ANT 534
   - English: ENG 310, ENG 480G
   - Geography: GEO 320, GEO 321, GEO 322, GEO 490G
   - History: HIS 260, HIS 261, HIS 265, HIS 350, HIS 351, HIS 460, HIS 461, HIS 463, HIS 464, HIS 465, HIS 466, HIS 467, HIS 572, HIS 573, HIS 574, HIS 575, HIS 576, HIS 577, HIS 578, HIS 579, HIS 580, HIS 584, HIS 585, HIS 586
   - Linguistics: LIN 317
   - Music: MUS 206, MUS 222, MUS 300, MUS 301, MUS 506
   - Philosophy: PHI 514
   - Sociology: SOC 340, SOC 534

For further information, contact: Director Pearl James, avdool2@uky.edu; 1227 Patterson Office Tower 0027, (859) 257-6978. [http://american-studies.as.uky.edu/]

---

Cognitive Science

The undergraduate minor in Cognitive Science is aimed to provide undergraduates with an introduction to cognitive science as a theory of the mind as an intelligent (information-processing) system. Our objectives are to ensure that each student (a) be able to articulate, at least in broad terms, some of the assumptions that have been thought to unify the various subfields within the domain of cognitive science; (b) explore more than one discipline's approach to matters pertaining to cognitive science; and (c) explore in some detail at least one of the five main disciplines contributing to cognitive science (biology, computer science, linguistics, philosophy, and psychology). CGS 500 (Cognitive Science in Theory and Practice) will be run with the aim in mind of getting students to satisfy (a); and distribution requirements aim to put students in a position to satisfy (b) and (c).

To receive an undergraduate minor in Cognitive Science, the student must successfully complete 18 credit hours to be distributed as follows:

1. CGS 500 Cognitive Science in Theory and Practice ........................................... 3
2. 15 credits from among the following:  
   - *ANT 332 Human Evolution  
   - BIO 375 Behavioral Ecology and Sociobiology

---

Environmental and Sustainability Studies

Environmental considerations permeate almost every facet of modern life, and concern for “the environment” is practically universal as we approach the twenty-first century. The minor in Environmental and Sustainability Studies is designed to provide students with the opportunity to become conversant in a range of environmental...
topics, whether as private citizens in their daily lives or as professional members of corporate, government, legal, medical, and educational circles.

The minor draws on topics and perspectives from the natural and physical sciences, the social sciences, and the humanities to underscore the interdisciplinary nature of environmental issues and problems. Students taking the minor are encouraged to integrate the program with their major study focus in order to gain a competitive advantage in grappling with environmental topics.

The minor in Environmental and Sustainability Studies requires 21 hours of course work including the following:

- ENVS 201 Environmental and Sustainability Studies I: Humanities and Social Sciences ........................................... 3
- ENVS 202 Environmental and Sustainability Studies II: Natural Science and Policy ............................................. 3
- PHIL 336 Environmental Ethics ........................................... 3
- ENG 425 Environmental Writing ....................................... 3

plus 3 credit hours from each of the ENS Areas of Expertise: Economics, Environment, Society ........................................... 9

**Economics**

**Environment**

**Society**

Alternative elective courses may be approved by the Environmental and Sustainability Studies Program Director.

For further information, contact: Director Betsy Beymer-Farris, bbeymer-farris@uky.edu; 849 Patterson Office Tower 0027, (859) 257-5194. [https://ens.as.uky.edu](https://ens.as.uky.edu)

---

**Indian Culture**

This minor is designed to allow students to develop a more profound understanding of Indian culture. The curriculum is strongly interdisciplinary, encompassing courses in linguistics, anthropology, English, geography, mathematics, philosophy, political science, and sociology.

Students completing the minor will possess: (1) a well-rounded, multidisciplinary understanding of the culture and geography of India and of contemporary Indian society and politics; and (2) a high degree of preparedness to pursue careers in business or teaching that require knowledge of Indian society and its traditions.

The minor in Indian Culture requires 18 hours of course work, as follows:

- 12 hours of courses on India from anthropology, English, geography, linguistics, mathematics, philosophy, political science, sociology, and independent studies in India. Students choose from the following courses:
  - ANT 327 Culture and Societies of India and South Asia
  - GEO 330 Geography of the Indian Subcontinent
  - GEO 365 Special Topics in Regional Geography (Subtitle required)
  - GEO 565 Topics in Geography
  - GWS 302 Gender Across the World (Subtitle required)
  - LIN 395 Independent Work
  - MA 330 History of Mathematics
  - MUS 330 Music in the World (Subtitle required)
  - PHI 344 Asian Philosophy
  - PS 420G Governments and Politics of South Asia
  - SOC 380 Globalization: A Cross-Cultural Perspective

The subtitle for this course must directly relate to the field of Indian culture.

Students in the Indian Culture minor program will be encouraged to participate in a study program in India in the course of their undergraduate education.

For more information, contact: Professor Srimati Basu, 214 Breckinridge Hall, (859) 257-4372; srimati.basu@uky.edu or Professor Mark P. Whitaker, 214 Lafferty Hall, (859) 257-2611; mark.whitaker@uky.edu

---

**Jewish Studies**

The interdisciplinary minor in Jewish Studies provides students with the opportunity to become acquainted with the culture, language, literature, religion, history, and philosophy of the Jewish people from antiquity to the present. For more information, visit [mel.as.uky.edu/jewish-studies](http://mel.as.uky.edu/jewish-studies)

The minor in Jewish Studies requires 18 hours of course work as follows:

1. **Required Courses**
   - HJS 324 Jewish Thought and Culture I: From Ancient Israel to the Middle Ages
   - HJS 325 Jewish Thought and Culture II: From the Expulsion from Spain to the Present

2. **Elective Courses**
   - HJS 101 Elementary Hebrew
   - HJS 102 Elementary Hebrew
   - HJS 201 Intermediate Hebrew
   - HJS 202 Intermediate Hebrew
   - HJS 254 The Jewish Experience in America
   - HJS 272 Women in Judaism
   - HJS 495 Independent Study in Judaic Studies
   - PHI 504 Islamic and Jewish Philosophy
   - CLA 390 Backgrounds to and Early History of Christianity
   - CLA 391 A History of Western Religious Thought
   - HJS 321 The Holocaust
   - HJS 425 Topics in Judaic Studies (Subtitle required)

And other courses with significant Judaic studies content, as approved by the Director, to a maximum of 6 credit hours.

For further information, contact: Director Janice Fernheimer, jfernheimer@uky.edu; 1457 Patterson Office Tower 0027, (859) 257-1994. [http://mcl.as.uky.edu/jewish-studies](http://mcl.as.uky.edu/jewish-studies)

---

**Latin American, Caribbean, and Latino Studies**

The minor in Latin American, Caribbean, and Latino Studies provides instruction and broad exposure to the society and culture of Latin America. The minor requires a minimum of 18 credit hours to be distributed as follows:

1. **Preminor Requirement**
   - 1. LAS 201 Introduction to Latin America

2. **Minor Requirements**
   - Complete 3 credit hours of language instruction in Spanish, Portuguese, or French (above the 200 level) or an indigenous language spoken in Latin America; and complete 12 credit hours of approved courses across at least three of the following disciplines: anthropology, Hispanic studies, history, Latin American studies, linguistics, geog- raphy, political science, sociology, and writing, rhetoric and digital studies. All courses need to have at least 75 percent Latin American, Caribbean or Latino content. Other courses, including independent studies and education abroad courses, may be counted with the approval from the LACLAS Director.

List of approved courses usually taught by affiliate faculty:

- ANT 320 Andean Civilization
- ANT 322 Ancient Mexican Civilizations
- ANT 324 Contemporary Latin American Cultures
- ANG 201 The Ancient Maya
- GEO 324 Geography of Central and South America
- HIS 206 History of Colonial Latin America
- HIS 207 History of Modern Latin America
- HIS 208 History of the Atlantic World
- HIS 562 Modern Mexico
- HIS 563 The History of Women in Latin America
- HIS 564 History of Brazil
- LAS 395 Independent Work in Latin American Studies
- PS 428G Latin American Government and Politics
- PS 538 Conflict Cooperation in Latin American Relations
- SOC 350 Topics in Sociology
- SOC 432 Race and Ethnic Relations
- SPA 214 Civilization of Spanish America
- SPA 322 Language, Life and Thought of Spanish America
- SPA 332 Spanish and Latin American Business Environments
- SPA 438G Literature of Social Protest in Spanish America

For more information, contact: Director Janice Fernheimer, jfernheimer@uky.edu; 1457 Patterson Office Tower 0027, (859) 257-1994. [http://mcl.as.uky.edu/las-studies](http://mcl.as.uky.edu/las-studies)
Students in any college may earn the Undergraduate Certificate in Appalachian Studies. The certificate is interdisciplinary (requiring course work in at least two colleges) and combines critical analysis with experiential education in the Appalachian region. The course work and practicum are tailored for each student in consultation with the program director to make the interdisciplinary certificate relevant to the student’s major, interests, and career plans.

Students planning a health science career might choose a practicum with the UK Center for Excellence in Rural Health in Hazard, Ky., for example, and a student interested in sustainable agriculture or elementary education might do a practicum with Green Forests Work, a reforestation and public education program in central Appalachia. The Appalachian Studies faculty spans ten colleges at UK and there are diverse courses available each semester to students enrolled in the certificate program.

The 12-hour certificate program focuses on understanding the Appalachian region, particularly Appalachian Kentucky, in historical, social/cultural, physical, and comparative context. All students must: 1) complete APP 200, Introduction to Appalachian Studies (which also satisfies the UK Core requirement in U.S. citizenship); 2) to satisfy an Appalachian engagement requirement (either through APP 399, the Appalachian Studies practicum course, or a relevant internship, service-learning course, or practicum in another program); and 3) to complete a capstone project either through APP 399, the Appalachian Studies Practicum, or a course approved as the capstone experience by the Appalachian Studies Program Director.

Remaining courses may be chosen from the Appalachia-related course listings publicized on the Appalachian Studies Web site each term, or a student may propose additional courses with a rationale accepted by the Appalachian Studies Program Director. Course work for the undergraduate certificate must be taken from within at least two colleges at UK. This requirement is a significant offering of this certificate program, given the Appalachian Center and Appalachian Studies Program’s service to the entire university community. The purpose of the requirement is to encourage students to explore curricular possibilities outside the college in which their major is administratively housed, in a program of study truly committed to interdisciplinary perspectives.

Appalachian Studies Curriculum

The Certificate in Appalachian Studies curriculum are as follows:

- A minimum of 12 credits of course work taken for a letter grade.
- At least 12 credits must be 200 level or above, and a minimum of 6 credits must be at the 300-level or above.
- The student must complete a 3-credit breadth component. The breadth component requires that a student take courses in at least two colleges, with a minimum of three credits to be completed in a discipline other than the student’s major.
- Student must earn a C or better in each required certificate course to receive the certificate.
- Certificates will only be awarded to students who successfully complete a degree, or have completed a four-year degree.
- No more than 9 credits taken for a certificate can be used to satisfy the requirements for the student’s bachelor’s degree, a minor, or another certificate, exclusive of free or unrestricted electives.

Examples of Programs of Study

Here are three examples of programs of study for students successfully completing the Appalachian Studies undergraduate certificate:

APP 200 Introduction to Appalachian Studies .......... 3
APP 399 Practicum ...................................................... 1-6
JOU 485 Community Journalism ............................ 3
CLD 340 Community Interaction .............................. 3

This student could satisfy the engagement requirement through APP 399 at UK’s Robinson Center for Appalachian Resource Sustainability in Breathitt County on youth agricultural entrepreneurship, and satisfy the capstone requirement through a paper for Community Interaction on participatory evaluation of a proposed economic development project in Appalachia.

APP 200 Introduction to Appalachian Studies .......... 3
MUS 301 Appalachian Music .................................... 3
*ENG 450G Studies in American Literature (Subtitle required) ...................................................... 3
APP 399 Practicum ...................................................... 1-6
*ENG 450G subtitle must focus on some aspect of Appalachian literature.

This student could satisfy the engagement requirement and the capstone experience together by creating and implementing a program on the multicultural history of the banjo for students at a 4-H camp in the Appalachian region.

APP 200 Introduction to Appalachian Studies .......... 3
EES 385 Hydrology and Water Resources ............... 3
FOR 460 Forest Hydrology and Watershed Management ...................................................... 3
APP 399 Practicum ...................................................... 1-6

This student could satisfy the engagement requirement by serving as an Appalachian Center intern for the KY Riverkeeper, helping to create a waterways trail, and satisfy the capstone experience requirement through drafting a management plan for a forest in the Appalachian region.

For more information, contact: Appalachian Studies Director Shaunna Scott, shaunna.scott@uky.edu; Room 204, 624 Maxwelton Court, 0347; (859) 257-6882. https://appalachiancenter.as.uky.edu

Undergraduate Certificate in International Film Studies

Cinema, sometimes referred to as the seventh art, was one of the great contributions to twentieth-century world culture. It will continue to be no less important in the twenty-first century and beyond where it continues to be transformed by its contact with even more recent technologies such as digital media and evolving entertainment and artistic platforms such as the internet and social media.

The certificate in International Film Studies is a highly interdisciplinary program that allows students to bring the knowledge they have gathered in their home departments to bear on their work in film studies. The certificate in International Film Studies emphasizes, in a comparative global context, how the language and history of film intersects with closely related movements in other artistic media, in philosophy and history, and in different cultural traditions.

The certificate in International Film Studies has three goals: 1) to introduce students to the history and theoretical vocabulary of cinema; 2) to provide a comparative approach through which students may reflect upon the nature and problematic concept of national film styles and their relation to each other in an increasingly “globalized” world; 3) to foster expertise in film analysis and its expression.

Upon completion of the Undergraduate Certificate in International Film Studies, students will be able to:

1. analyze the formal and technical aspects of film language and style;
2. recognize and define the primary aesthetic movements of world cinema, and situate them in social and historical context;
3. develop a critical language appropriate to the analysis of film;
4. communicate their analyses effectively in written and spoken form.

Admission Requirements

Students will be required to have accumulated at least 30 hours of course credit and have a cumulative GPA of at least 3.0.
The Undergraduate Certificate in International Film Studies is organized around three conceptual and methodological elements:

I. Introduction to Film Studies
Each student is required to take one film class designated as an introduction to Film Studies (see “Curriculum” list, below). This course will not only introduce students to the history of film, but to the technical vocabulary of film study, from basic principles of mise-en-scène, cinematography, editing, and sound to more theoretical questions of narrative, authorship, and formal design, as well as broader considerations concerning the nature of the image and visual language.

This component of the UG in International Film Studies also introduces students to the appropriate techniques of film analysis and strategies of analytical expression.

II. Comparative International Film
Students will be required to take Film Studies courses from several national film traditions (see below) and to explore cinema as an international art form. Students will examine the earliest days of filmmaking in the late nineteenth century when the language of film was basically uniform, the national film styles that began to emerge during and after World War I, as well as the new internationalization of film today that more explicitly puts, for example, Chinese and American film languages in dialogue with each other.

III. Certificate Capstone Project
In the final Film Studies course that a student takes and plans to count as part of the International Film Studies Certificate, the student will complete a research paper under the guidance of the faculty member teaching the course (see “Certificate Capstone Project” in Curriculum, 3. Capstone Course, below).

Program
The Undergraduate Certificate in International Film Studies requires sixteen (16) hours of course work in Film Studies.

- 3 hours may be, but are not required to be, at the 100 level
- 6 hours must be at the 300 level or above

Introduction to Film Studies
Choose one of the following for 3 hours:

ENG 280 History of Film II ............................................ 3
ENG 380 Film and Genre (Subtitle required) ................ 3
ENG 384 Literature and Film ......................................... 3
ENG 408G Studies in Film (Subtitle required) .......... 3

WRD 312 Introduction to Documentary ..................... 3
WRD 412 Intermediate Documentary Production ..... 3

The purpose of the Peace Studies program is to develop students with increased interests and understanding of issues of peace and justice from individual to global levels; to provide them with basic skills in peaceful communication, nonviolent and transformative conflict resolution; and to help them develop peaceful and cooperative cultures. The Peace Studies program will empower students to understand and reduce conflict at multiple levels, and will provide them with conflict resolution skills that are increasingly valued by employers, graduate programs, and are much needed in our communities.

A Peace Studies certificate offers a valuable credential and an appealing focus for students in many disciplines. While UK offers a plethora of courses relevant to Peace Studies, this is the single program that brings these elements into a coherent peacemaking focus. Because Peace Studies is inherently interdisciplinary, it can create an important context that may be missed when courses are completed within the framework of a single discipline. Students in Peace Studies will be better prepared to take advantage of co-curricular opportunities at UK. Many avenues also exist for fruitful synergy between the Peace Studies program and a student’s major and minor fields.

Program Requirements
The Peace Studies certificate is designed to be easily combined with a broad array of majors and minors across UK’s colleges and departments, and will increase a student’s credit hours needed for graduation only under rare circumstances. The Peace Studies program requires 12 credit hours. Six of the 12 required hours come from Peace Studies courses. These include the ‘portal’ course, PCE 201, which introduces students to Peace Studies, and the capstone course, PCE 410, which concludes the program.

Peace Studies Courses

*PCE 201 Introduction to Peace Studies ...................... 3
**PCE 410 Peace Studies Capstone Seminar .................. 3

*Meets UK Core requirement for Inquiry in the Social Sciences
**Meets UK Core requirement for Citizenship-Social Dynamics

Peace Studies Electives
Peace Studies electives are selected from existing courses in the University catalog and reflect both different departments and colleges. They are grouped into four Focus Areas:

Focus Area I: Peacebuilding .................................. 0-6
Addresses systems and infrastructure needed to create more peaceful societies.

Focus Area II: Peacemaking .................................. 0-6
Addresses leadership skills, skills for resolving and transforming conflict.

Focus Area III: Promoting Understanding, Cooperation, and Development ............................................. 0-6
Addresses cross cultural issues, international organizations, economic and social development.

Focus Area IV: Addressing Global and Regional Pressures ................................................................. 0-6
Addresses problems of population, scarcity, trade, sustainability, ecosystems, climate, and immigration.

Undergraduate Certificate in Sexuality Studies

This Certificate in Sexuality Studies allows students to explore human sexuality in a profoundly interdisciplinary way. It encompasses scientific and medical fields as well as humanities and social sciences, and encourages the study of sexuality transculturally and crossculturally. The goal of offering the certificate is three-fold. 1) To train students for fields in which knowledge of diverse perspectives on sexuality is important — including health-related fields, human resources-
related fields, and international scholarship or business. 2) To provide students with an opportunity for transformative exploration of the relationship between sexuality and society. 3) To provide leadership in promoting sexuality education with an intersectional and interdisciplinary approach on the college level that profoundly enhances abstinence-only education offered in public high schools.

At least 8 credit hours must be at the 200 level or above, and a minimum of 6 credit hours must be at the 300 level or above.

Core Courses (8 credits)
GWS 200 Sex and Power ......................... 3
KHP 220 Sexuality Education .................. 2

Choose one from either:
GWS 410 Introduction to Queer Theory .......... 3
GWS 506 History of Sexuality in the U.S. ....... 3

Elective courses (6 credits)
Courses on the core list above that are not used to satisfy core requirements may be used to satisfy the elective requirements.

Choose one from the following:
ANT 251 Global Health: Culture, Pathologies, and Social Inequalities .......... 3
FAM 253 Human Sexuality: Development, Behavior and Attitudes .......... 3
*PSY 563 Advanced Topics in Developmental Psychology: (Subtitle required) 3
PGY 401G Human Reproduction, Technology, and Society .................... 3
CPI 203 Sexual Health ................................................. 3

Choose one from the following:
GWS 250 Social Movements .................... 3
GWS 302 Gender Across the World (Subtitle required) .......................... 3
GWS 300 Topics in Gender and Women's Studies (Subtitle required) .......... 3
GWS 301 Crossroads (Subtitle required) .......... 3
GWS 309 Health, History, and Human Diversity .......... 3
GWS 430 Gender, Power, Violence .................. 3

or
GWS 410 Introduction to Queer Theory .......... 3

*Subtitle must be related to the field of sexuality studies.

Undergraduate Certificate in Social Sciences Research

The Undergraduate Certificate in Social Sciences Research will enhance the educational goals of any University of Kentucky student interested in obtaining research experience in the Social Sciences. The certificate is designed to ensure that students receiving it have mastered basic social science research skills, and have demonstrated their ability to apply those skills in independent undergraduate research. The purpose of this initiative is to encourage and recognize those students who have an interest in developing their scholarly and research pursuits in the Social Sciences, and have an interest in pursuing their scholarship in an advanced degree program or in their chosen career. The certificate provides students with the opportunity to learn a range of basic social science skills and focus their efforts in primary research activities.

Admissions Criteria
- A minimum second semester freshman;
- 3.0 overall GPA and in good academic standing;
- An application submitted through the Central Advising Office in the College of Arts and Sciences.

Program
The Undergraduate Certificate in Social Sciences Research requires a minimum of 12 credit hours. All courses for the certificate must be completed with a combined average GPA of 3.2 or better. If a class is only offered as a pass/fail, then a student may include a ‘pass’ grade in that class. However, 12 credit hours for the certificate must be completed in graded course work. All credit hours must be at 200+ level; 6 of these credits must be at 300+ level. At least one course (3 credit hours) must be from a department other than the student’s major; no more than 9 credits may also satisfy requirements for the student’s major. The certificate requires that a minimum of 3 credit hours be an independent research project, and that students make a presentation of their research in a public forum (this must be included in the learning contract for the independent research project). Students must successfully complete a Bachelor’s degree to earn the certificate.

1. One research design/methods course, chosen from the following:
   - ANT 302 Ethnographic Methods:
     Doing Anthropology ............................................. 3
   - ANT 541 Archaeological Method and Theory ................. 3
   - ANT 525 Applied Anthropology .................................. 3
   - ANT 543 Cultural Resource Management .......................... 3
   - ANT 585 Field Laboratory in Archeological Research ............. 3-6
   - GEO 311 Qualitative Methods in Geography ................. 3
   - GEO 406 Field Studies in Geography (Subtitle required) ........... 3
   - GWS 400 Doing Feminist Research .......................... 3
   - LIN/SOC 508 Discourse Analysis ............................. 3
   - PS 372 Introduction to Political Analysis .................... 3
   - PSY 215 Experimental Psychology ........................... 3
   - SOC 302 Sociological Research Methods ......................... 3
   - EDP/EPK/520 Program Evaluation .......................... 3
   - COM 365 Introduction to Communication Research Methods ......... 3
   - COM 553 Critical Analysis of Communication and Persuasion in Popular Culture .................. 3

2. One quantitative/technical methods course chosen from the following:
   - GEO 309 Introduction to GIS .................................. 3
   - GEO 510 Quantitative Techniques in Geography .......... 3
   - GEO 409 Advanced GIS ........................................ 3
   - SOC 303 Quantitative Sociological Analysis .................... 3
   - STA 296 Statistical Methods and Motivations .................. 3
   - PSY 216 Applications of Statistics in Psychology .......... 4
   - ECO 391 Economic and Business Statistics .................. 3
   - AEC 490 Quantitative Methods and Price Analysis .......... 3
   - EPE/EPK/520 Psychological and Educational Tests and Measurements ......... 3

   EPE/EDP 557 Gathering, Analyzing, and Using Educational Data ............. 3
   EPE/EDP 558 Gathering, Analyzing, and Using Educational Data II .......... 3

3. One independent study (or equivalent), chosen from the following. Included as part of this course requirement is the program requirement for a presentation of research in public forum. This requirement will be included in the learning contract for the independent study/research course.
   - ANT 399 Field Based/Community Based Education in Anthropology .......... 1-15
   - ANT 581 Independent Work in Anthropology ................. 1-4
   - ENS 395 Independent Work ................................... 3
   - GEO 560 Independent Work in Geography ...................... 3
   - GEO 499 Senior Research Seminar ............................ 3
   - GWS 395 Undergraduate Research in Gender and Women’s Studies .......... 1-3
   - HSP 499 Health, Society and Populations Capstone (Subtitle required) .......... 3
   - LIN 395 Independent Work ..................................... 3
   - PS 395 Independent Work ..................................... 1-6
   - PSY 393 Research in Neuroscience .............................. 1-3
   - PSY 394 Research in Psychology ................................ 3
   - PSY 395 Independent Work in Psychology ..................... 1-12
   - PSY 495 Senior Thesis Seminar ................................. 4
   - PSY 496 Senior Thesis Research ............................... 4
   - SOC 395 Independent Work ..................................... 1-3
   - SOC 565 Independent Work .................................... 3
   - AEC 395 Independent Research in Agricultural Economics ............ 1-3
   - ECO 395 Individual Work in Economics ...................... 1-6
   - COM 395 Independent Work ..................................... 1-3

4. One ‘outside area course’, which must be a course from a department other than the student’s major, chosen from the courses listed above.
