The College of Arts and Sciences embodies the liberal arts: the natural sciences and mathematics, the social sciences, and the humanities. Students augment their knowledge in all three areas by exploring the interconnections among them.

Study of the liberal arts opens to students the vast scope and excitement of human intellectual and cultural achievement. It enlarges the student’s vision and enriches the student’s life. Study of arts and sciences prepares students for life-long learning and vocational success. It also prepares them for a life of effective civic participation as informed and critical citizens of a diverse global society.

In essence, an Arts and Sciences education fosters the ability to think and learn independently. Arts and Sciences graduates are well prepared to meet future technological and cultural transformations.

Undergraduate Programs in Arts and Sciences

The University of Kentucky grants the following degrees in the College of Arts and Sciences:

- Bachelor of Arts
- Bachelor of Science

Students pursuing the Bachelor of Arts or the Bachelor of Science select from these majors: anthropology, biology, chemistry, classics, economics, English, foreign language and international economics, French, geography, geology, German, history, Latin American studies, linguistics, mathematical economics, mathematics, philosophy, physics, political science, psychology, Russian studies, sociology, Spanish, and topical studies. For more information on degree programs, visit www.as.uky.edu/.

ADMISSION

Admission requirements are the same as those of the University, except for the topical studies major. Prospective students should see the college Web site: www.as.uky.edu/.

“When first arriving at the University of Kentucky, I was introduced into a vast field of knowledge, learning how my area of study overlapped with other areas of the sciences and humanities. Broadening my horizons, I now have a more inter-disciplinary approach to research and life. The College of Arts and Sciences provides many opportunities in areas of research and knowledge expanding one’s ability to evaluate and analyze information that are vital tools in everyday life. I have learned that a liberal arts education is a never-ending education. My knowledge will never end for there is something new to be learned each day that extends beyond the classroom with an Arts and Sciences education.”

– Ashley McFarland
Major in Psychology and Sociology

“Math is everywhere; correspondingly, so are chemistry, biology, psychology, and history. The value of a liberal arts education is depicted by its diversity: nowhere else on campus can the variety of approaches and ideas espoused within the College of Arts and Sciences be found. Exposure to these variable forms of thought prepares the student to better understand the world in which he or she lives.”

– Ryan Mabry
Major in Math

PROGRAMS AND SERVICES

Academic Advising

Academic advising in the College of Arts and Sciences is provided by professional advisors, graduate students and selected faculty in the department of the student’s major during advising conferences and throughout the year. A&S freshmen and sophomores see a professional advisor located in the A&S Advising Center on the second floor of the Patterson Office Tower. Advising appointments may be made at www.as.uky.edu/advising/sasy/.

Arts and Sciences juniors and seniors should contact the department of their major and request an advisor. However, the A&S professional advisors located in the A&S Advising Center on the second floor of the Patterson Office Tower are available for all A&S students needing authoritative information about University or College requirements.

Arts and Sciences freshmen and sophomores on academic probation will have a STOP placed on their record. All A&S students on probation are expected to meet with an Arts and Sciences professional advisor located in the A&S Advising Center on the second floor of Patterson Office Tower at the beginning of each semester and before the last day to withdraw from classes. Questions concerning these meetings should be addressed to the A&S Advising Center at (859) 257-8712.

Dean’s List

A student who completes at least 12 credits of “letter” grades with a 3.60 or higher grade-point average with no “I” grades listed for the fall or spring semester will be named to the Dean’s List in the College of Arts and Sciences. CLEP, AP, special exam, remedial course work (MA 108R) and Independent Study credits are excluded. The student’s cumulative grade-point average is not considered; only the grade-point average for that particular semester is relevant.

All Arts and Sciences students are expected to familiarize themselves with the degree requirements and keep track of requirements. The University has an online degree audit system called APEX (www.uky.edu/degreeaudit). Students are expected to view their personalized degree audit prior to any advising session where scheduling for classes will be discussed.

Routine questions concerning USP, college, major and minor requirements, grade-point average, repeat or bankruptcy options, transient student forms, credit overload requests, transfer credit equivalencies, forms required for graduation, and changing majors should be addressed to the staff in the A&S Advising Center, 257 Patterson Office Tower, (859) 257-8712; or www.as.uky.edu/. All forms, except the Application for Degree, are located at this Web site.
College of Arts and Sciences

Commencement and Departmental Honors

Commencement honors are determined by University standards. A full explanation of these honors can be found in the Graduation Requirements section of this Bulletin (page 72). Please note that if a student has not completed at least 90 hours at the University of Kentucky, but has completed at least 60 hours at the University of Kentucky, the student is eligible for commencement honors, but is held to a 2.0 point higher standard. If the student has not completed at least 60 hours, the student is not eligible for commencement honors. Commencement honors are indicated on the student’s final transcript and announced at the College Baccalaureate Recognition Ceremony.

Departments in the College of Arts & Sciences award departmental honors to their outstanding graduates. The standards for departmental honors are not collectively established by the College, but determined by each department. For details on departmental honors, see Guide to A&S Departmental Honors Requirements on page 102. Address questions to the department awarding honors. Departmental honors are indicated on the student’s final transcript.

Scholarships

For information on general scholarships in the College of Arts and Sciences, contact Cindy Iten, Director of A&S Advising, 257 Patterson Office Tower, (859) 257-8712, or www.as.uky.edu/. Students interested in scholarships in a specific major should contact the individual department.

College Policy on Learning Disabilities

The College of Arts and Sciences anticipates that virtually all of its students will satisfy all of its requirements. However, any student who believes that he or she can show evidence — by diagnostic testing and/or psychological evaluation — that he or she has a learning disability which warrants course substitution of any specific college requirement may request such an exception from the Assistant Dean of Undergraduate Affairs in the College. Students should begin their inquiries and/or discussions in the UK Disability Resource Center, 102 Alumni Gym.

Readmission After a Two-Year Absence

In accordance with the University Senate rules which allow the dean of each college to determine which degree requirements a returning student shall follow, students should note the following: Students enrolling in the College of Arts and Sciences after an absence from the University of Kentucky system of two or more years will be expected to satisfy the university, college, graduation, and department requirements in effect at the time of readmission. Students with extenuating circumstances may petition the Assistant Dean of Undergraduate Affairs for permission to continue under the degree requirements that were in effect during their previous enrollment in the UK system.

ACADEMIC SUSPENSION AND REINSTATEMENT

The College of Arts and Sciences follows the general University rules for academic suspension and reinstatement, which are outlined in the Academic Requirements section of this Bulletin. Students placed on academic suspension must be reinstated by the college in which they plan to enroll before applying for readmission to the university. Students planning to pursue a degree program in the College of Arts and Sciences should arrange for reinstatement proceedings before May 15 for any fall semester reinstatement, or October 1 for any spring semester reinstatement by calling A&S Student Services, (859) 257-8712. Students who fail to request reinstatement prior to these deadlines will normally not be considered for reinstatement until the subsequent semester.

A student who has been suspended for a second time from the University of Kentucky will usually not be considered for reinstatement by the College of Arts and Sciences until two years have passed since the date of the second suspension.

THE BACHELOR OF ARTS AND BACHELOR OF SCIENCE DEGREES

Students must complete four areas of requirements to obtain a UK Arts and Sciences degree. The four areas are: University Studies Program (USP); major requirements; and university graduation requirements. The following information outlines the specific degree requirements for the B.A. and the B.S. in Arts and Sciences. Please read them carefully and also note the specific differences in each degree program.

The B.S. degree requires three hours in college disciplinary requirements for the natural sciences, social sciences and humanities beyond those required for the University Studies Program and requires 60 hours of physical, biological and/or mathematical sciences.

The B.A. degree requires six hours in college disciplinary requirements for the natural sciences, social sciences and humanities beyond those required for the University Studies Program and requires 39 hours in course work numbered at or above the 300 level.

College Requirements for a Bachelor of Arts Degree

It is important to review the “NOTES” section that immediately follows the “College Requirements for a Bachelor of Science Degree” section.

To receive the Bachelor of Arts degree, students must:

1. Complete the University Studies program (USP).
2. Complete the following college requirements:
   a. Foreign Language Requirement. Students must satisfy one of the following options:
      1. satisfy the third and fourth semester of a college-level sequence in one language (including sign language) by successfully completing each semester course, or by demonstrating equivalent competency on a departmentally approved placement exam; or
      2. successfully complete three college-level semester courses in one language and two college-level semester courses in a second language. (Two college-level semester courses are considered equal to two years of a foreign language in secondary school. No other equivalencies are given for more years of foreign language as indicated on transcripts), or demonstrate equivalent competency on a departmentally approved placement exam (all options include sign language); or
   3. attain the Undergraduate German Studies Certificate (contact the Department of Modern and Classical Languages, Literatures and Cultures for more information);
3. Courses taken to satisfy options 1, 2 or 3 above may not be taken pass/fail; or
4. To demonstrate your proficiency in a language not taught at UK, contact the Office of International Affairs with regard to taking a proficiency exam. You are responsible for any costs related to testing. All A&S students are encouraged to take a foreign language placement exam at the time of their initial enrollment at UK or during their advising conference; or
5. If you have a specific language-learning disability that is certified through the UK Disability Resource Center, you may petition the College for a substitution of course work in lieu of completing the language courses normally taken for the foreign language requirement; or
6. International students, excluding native speakers of English, automatically fulfill this requirement; or
7. International students who graduated from a U.S. high school and are unable to provide proficiency exam results may petition the Assistant Dean for a waiver of the College foreign language requirement; students must provide official documentation establishing that English is their second language.

When appropriate, courses used to satisfy b through d below also can be used to satisfy the USP Cross-Cultural and Electives requirements.

b. Students must take six college hours in disciplines in the natural sciences.

c. Students must take six college hours in disciplines in the social sciences.
<table>
<thead>
<tr>
<th>Major</th>
<th>Cumulative GPA</th>
<th>Criteria</th>
</tr>
</thead>
<tbody>
<tr>
<td>Anthropology</td>
<td>3.5</td>
<td>Senior honors thesis related to general issues within the topical sub-discipline; formation of a 3-person advisory committee (the DUS always serves as one of these three); a thesis defense. Normally, students enroll in ANT 581 to receive course credit for their Senior Honors Thesis preparation. (30 pages, double-spaced.)</td>
</tr>
<tr>
<td>Biology</td>
<td>3.5</td>
<td>6 credit hours of BIO 395, Research in Biology. A public presentation of one’s research results. Such a presentation can be a journal article, a seminar given to a diverse group, a talk or poster at a professional meeting, a thesis, or some form of public presentation approved by the Director of Undergraduate Studies in Biology.</td>
</tr>
<tr>
<td>Chemistry</td>
<td>3.5</td>
<td>12 hours in CHE or BCH courses (other than CHE 440G, 441G, and 572) at or above the 300 level. At least 6 of those hours must be in CHE 395. 3.5 cumulative GPA and 3.5 major GPA or above.</td>
</tr>
<tr>
<td>Classics</td>
<td>3.5</td>
<td>3.5 cumulative GPA or above and the completion of 300-level course in Greek or Latin with a grade of B or above.</td>

<td>FLIE-Spanish</td>
<td>3.5</td>
<td>3.5 cumulative GPA or above in 300-500 level Spanish courses.</td>
</tr>
<tr>
<td>French</td>
<td>3.5</td>
<td>3.5 cumulative GPA and major GPA of 3.75 or above.</td>
</tr>
<tr>
<td>Geography</td>
<td>3.5</td>
<td>3.5 cumulative GPA and major GPA of 3.75 or above. Students should express their interest with graduating with Departmental Honors in a short letter to the Director of Undergraduate Studies in Geography before the last semester of course work begins.</td>
</tr>
<tr>
<td>Geology</td>
<td>3.5</td>
<td>3.3 cumulative GPA and senior thesis or 3.5 cumulative GPA or above.</td>
</tr>
<tr>
<td>German</td>
<td>3.5</td>
<td>3.5 cumulative GPA or above.</td>
</tr>
<tr>
<td>History</td>
<td>3.3</td>
<td>3.3 cumulative GPA or above and successful completion of the HIS 470/471 sequence with grades of A or B in both courses.</td>
</tr>
<tr>
<td>Latin American Studies</td>
<td>3.5</td>
<td>3.5 cumulative GPA or above in 300-500 level Latin American Studies and Spanish courses.</td>
</tr>
<tr>
<td>Linguistics</td>
<td>3.75</td>
<td>3.75 cumulative GPA or above in courses taken at UK which count or could count toward the linguistics major and premajor. At least 8 such courses taken at UK (i.e., not transferred).</td>
</tr>
<tr>
<td>Mathematical Economics</td>
<td>3.2</td>
<td>3.2 cumulative GPA or above and 3.2 major GPA or above.</td>
</tr>
<tr>
<td>Mathematics</td>
<td>3.5</td>
<td>3.5 cumulative GPA or above.</td>
</tr>
<tr>
<td>Philosophy</td>
<td>3.5</td>
<td>3.5 cumulative GPA or above.</td>
</tr>
<tr>
<td>Physics</td>
<td>3.4</td>
<td>3.4 cumulative GPA or above and 3.4 major GPA or above in physics and astronomy. All students awarded department honors will have fully participated in independent study or research including the preparation of a final report; participation with a high grade in a three-credit-hour PHY 395 or participation in a summer research experience are ways of achieving this. Other factors such as citizenship, leadership in the Society of Physics Students, and other meritorious activity will be considered in the selection of seniors for graduation with honors.</td>
</tr>
<tr>
<td>Political Science</td>
<td>3.5</td>
<td>3.5 cumulative GPA or above, and successful completion of an honors thesis. Students normally fulfill the thesis requirement by taking PS 490, Honors in Political Science, offered during the spring semester. Should that option be unavailable, however, students might be able to arrange writing a thesis under faculty guidance as part of PA 395, the department’s Independent Study course.</td>
</tr>
<tr>
<td>Psychology</td>
<td>3.5</td>
<td>3.5 major GPA or above and either successfully completing of PSY 495 and PSY 496 or serving as PSI CHI president or PSI CHI vice president.</td>
</tr>
<tr>
<td>Russian Studies</td>
<td>3.5</td>
<td>3.5 cumulative GPA and a 3.75 major GPA or above.</td>
</tr>
<tr>
<td>Sociology</td>
<td>3.5</td>
<td>3.5 cumulative GPA or above.</td>
</tr>
<tr>
<td>Spanish</td>
<td>3.5</td>
<td>3.5 cumulative GPA or above in 300-500 level Spanish courses.</td>
</tr>
<tr>
<td>Topical</td>
<td>3.6</td>
<td>3.6 cumulative GPA or above and recommendation of the Associate Dean based on the final thesis.</td>
</tr>
</tbody>
</table>
d. Students must take six college hours in disciplines in the humanities.
3. Complete at least 120 credit hours in courses acceptable to the College of Arts and Sciences.¹
4. Complete at least 90 credit hours in Arts and Sciences courses.²
5. Complete at least 39 credit hours in courses numbered at or above the 300 level.¹
6. Complete at least six credit hours of premajor courses in the departmental major.
This is not required for the Topical Studies Major or the Foreign Language and International Economics Major.
7. Complete at least 42 credit hours within the major and courses outside the major (excluding premajor course work). At least 24 of these hours must be at or above the 300 level.
8. Complete at least one course in disciplines from the natural sciences or social sciences that includes some laboratory or field experience. (See the description of the College Laboratory or Field Experience Requirement which follows.)
9. Attain an overall grade-point average of at least 2.0.
10. Attain a grade-point average of at least 2.0 in all major requirements courses (including all premajor courses).
11. Complete a minimum of six credit hours of free electives. These college electives cannot be counted towards University Studies Program or Arts and Sciences major requirements.
12. Complete University graduation requirements: Inference Requirement, University Writing Requirement (which includes the First Year Writing Requirement and the Graduation Writing Requirement), and the residence requirement.
*See College Core Requirements for B.A. and B.S. Degrees following the next section.

College Requirements for a Bachelor of Science Degree

It is important to review the “NOTES” section that immediately follows the “College Requirements for a Bachelor of Science Degree” section.

To receive the Bachelor of Science degree, students must:
1. Complete the University Studies program (USP) requirements.¹
2. Complete the following college requirements:
   a. Foreign Language Requirement. Students must satisfy one of the following options:
      1. satisfy the third and fourth semester of a college-level sequence in one language (including sign language) by successfully completing each semester course, or by demonstrating equivalent competency on a departmentally approved placement exam; or
      2. successfully complete three college-level semester courses in one language and two college-level semester courses in a second language. (Two college-level semester courses are considered equal to two years of a foreign language in secondary school. No other equivalencies are given for more years of foreign language as indicated on transcripts), or demonstrate equivalent competency on a departmentally approved placement exam (all options include sign language); or
   b. Students must take three college hours in disciplines in the natural sciences; ⁷
   c. Students must take three college hours in disciplines in the social sciences; ⁷
   d. Students must take three college hours in disciplines in the humanities.
3. Complete at least 120 credit hours in courses acceptable to the College of Arts and Sciences.
4. Complete at least 90 credit hours in Arts and Sciences courses.³
5. Complete at least 60 credit hours in the physical, biological and/or mathematical sciences.³
6. Complete at least six credit hours of premajor courses in the departmental major. This is not required for the Topical Studies Major or the Foreign Language and International Economics Major.
7. Complete at least 42 credit hours within the major and courses outside the major (excluding premajor course work). At least 24 of these hours must be at or above the 300 level.
8. Complete at least one course in disciplines from the natural sciences or social sciences that includes some laboratory or field experience. (See the description of the College Laboratory or Field Experience Requirement which follows.)
9. Attain an overall grade-point average of at least 2.0.
10. Attain a grade-point average of at least 2.0 in all major requirements courses (including all premajor requirements).
11. Complete a minimum of six credit hours of free electives. These college electives cannot be counted towards University Studies Program or any other Arts and Sciences major or college requirements.
12. Complete University graduation requirements: Inference Requirement, University Writing Requirement (which includes the First Year Writing Requirement and the Graduation Writing Requirement), and the residence requirement.
*See College Core Requirements for B.A. and B.S. Degrees following the next section.

NOTES

1. See the University Studies Program section of this Bulletin for a detailed explanation of the requirements. With regard to the A&S departments which provide an alternate route for satisfying the USP Oral Communication Requirement, please use the following guide:
   - Aerospace Studies – AFS 311, 313, 411, 413 (complete all)
   - Anthropology – COM 199 plus ANT 582
   - Chemistry – COM 199 plus CHE 572 (taken twice in separate semesters)
   - Economics – COM 199 plus ECO 499
   - German – GER 206 plus GER 307
   - Military Science – AMS 301, 302, 341, 342 (complete all)
   - Russian and Eastern Studies – COM 199 plus RUS 499
2. a. 001-099 courses, or courses followed by an “R” designation cannot be counted as credit towards a bachelor’s degree.
   b. Physical education one-hour service courses (KHP) are acceptable as electives only and may count toward the total 120 minimum hours needed to graduate. Only one successful completion of multiple completions of the same KHP course will count.
   c. A maximum of 16 semester credit hours earned in military science (AMS) and aerospace studies (AFS) are acceptable towards fulfilling both the College 90-hour and 120-hour requirement for the B.A. or B.S. degree. AMS/HIS 320 is not included in this 16 hour limit.
   d. A maximum of 12 semester credit hours earned in experiential education and internship courses (EXP 396, departmental 399 courses) will be accepted. For ANT 399, SOC 399 and SPA 399, a maximum of 15 semester credit hours can be earned. See Experiential Education and Internship Course section within the Arts and Sciences section of the Bulletin.
   e. All courses offered by the College of Arts and Sciences are acceptable with the exception of MA 108R.
   f. Courses transferred from other institutions and judged by the Assistant Dean of Undergraduate Affairs to be equivalent or comparable to Arts and Sciences courses are acceptable.
College Laboratory or Field Experience Requirement

The college requires its students to complete at least one course which includes some laboratory or field experience. In such courses the external world is observed in a controlled manner using systematic techniques and methods. A substantial portion of the course must include data collection, data analysis, and hypothetical testing under supervised conditions. The approved courses for the laboratory requirement are:

Natural Sciences
- Biology – BIO 105*, 107*, 111, 151, 153, 209
- Chemistry – CHE 106, 111, 113, 115
- Physics – PHY 211, 213, 241, 242
- Geological Sciences – GGY 111, 112*, 115, 220
*Offered only at KCTCS.

Social and Behavioral Sciences
- Anthropology – ANT 541, 585
- Geography – GEO 300
- Political Science – PS 372
- Psychology – PSY 100, 215
- Sociology – SOC 302, 303

When appropriate, other upper level courses may be used to satisfy this requirement by petition.

MAJOR REQUIREMENTS

A major in the College of Arts and Sciences is composed of premajor courses (except Foreign Language and International Economics and Topical Studies majors) and a 42-hour program referred to as the “major requirements.” Each department has specified the requirements for their majors, which includes a minimum of 18 hours of 200-level and above courses in that department, with the provision that this minimum may be set at 15 hours by a department with approval of the Arts and Sciences Educational Policy Committee and the Undergraduate Council if there are special reasons for a lower minimum. Specific requirements for each departmental major are listed in this Bulletin under each department heading and are outlined in APEX (the electronic degree audit system) at: www.uky.edu/degreecount.

General requirements are as follows:
1. A premajor of at least 6 credits in the department is required, except for Topical Studies Majors and Foreign Language and International Economics Majors.
2. A total of 42 credits is required in the major requirements, excluding the premajor courses.
3. 100-level courses may not be counted in the major requirements except in the area of premajor.
4. Courses electively taken pass-fail will not be listed.
5. At least 24 credits must be in courses at the 300 level or above.
6. In addition to premajor requirements, a minimum of 18 credits in a department is required for a major.
7. At least 14 credits for the major requirements must be outside the major department.
Topical Studies Majors

Students who have multiple interests or interests which do not fall into departmental areas may select a topic for concentration instead of a departmental major. Topical Studies offers academic flexibility and allows students to cut across departmental and college lines in constructing meaningful and imaginative programs. Courses in several departments might be selected to pursue special interests – Asian studies, for instance. Other examples might be African American studies, human studies, and gender and women’s studies.

Each topical studies major is designed and directed by the student in consultation with a faculty advisor in the general area of study, and in consultation with the topical studies advisor in the A&S Advising Center and an Arts and Sciences Associate Dean.

Topical Studies is the only selective admission program in the College of Arts and Sciences. The student must have a cumulative UK grade-point standing of at least 2.5 to be accepted to Topical Studies. The specific requirements of the topical studies major are that the student must meet University and College requirements, must enroll in and complete at least 30 credit hours after formal admission, and complete the 42-hour major requirements (see preceding section entitled “Major Requirements”). Except for electives, all of the student’s work must be related to the topic. Additionally, in the senior year, the student must complete a comprehensive paper or project that serves to integrate his or her topical studies field. Frequently, it is advantageous to begin writing this paper or project in the context of an independent work course or a seminar, with the instructor’s approval. The paper or project proposal must be approved by the faculty advisor, an Arts and Sciences Associate Dean, and the Topical Studies advisor before significant work has begun on the project. Students must submit the final paper or project for review and approval no later than eight weeks before finals during the semester the student intends to graduate. The paper should be submitted to the Associate Dean no later than six weeks before the final exam week during the semester the student intends to graduate. Departmental honors for topical studies majors are determined by the Associate Dean and the Topical Studies advisor. To be eligible for departmental honors, a student must have a cumulative GPA of at least 3.6 and a final paper or project that has been judged to be outstanding.

For more information, contact the Arts and Sciences Topical Studies advisor in the A&S Advising Center (257 Patterson Office Tower); or visit the Topical Studies major Web site at: www.as.uky.edu/Admin/.

A Second Major

A student may obtain a second major by meeting all requirements in two departments. Major work in one department can, if there is a generic relationship, serve as the outside field in the second major, and vice versa. The student must indicate his or her second major to the A&S Advising Center, 257 Patterson Office Tower. He or she must have an advisor in both departments. If one of the majors is in another college, the student is still required to know the list of requirements from the other college. The student who completes requirements for a second major will receive only one degree, but his or her transcript and diploma will reflect the two majors.

For information on second majors (not the same as second degrees), consult the Academic Requirements section of this Bulletin.

A Second Bachelor’s Degree

A student may obtain a second bachelor’s degree by completing all university requirements for one degree; by completing all the major requirements of both degrees; and by completing all college requirements of both degrees. Courses taken towards fulfilling one degree may also count towards fulfilling parallel requirements in the other, but the total credits in the two degree programs must be at least 144 hours. Major work in one department can, if there is a generic relationship, serve as the outside field in the second major and vice versa. The student must indicate his/her double degree in his/her primary college. If both degrees are in Arts and Sciences, he or she must have an advisor in both departments. The student may elect to receive the degrees simultaneously, if college and departmental requirements can be met simultaneously. For information regarding double degrees (not the same as double majors), consult the Academic Requirements section of this Bulletin. Students are expected to be knowledgeable of requirements for any major in Arts and Sciences by checking the University’s online degree audit system, APEX.

Minors

The College of Arts and Sciences does not require minors. However, students can earn a minor in the following disciplines in the college:

- anthropology
- biological sciences
- chemistry
- classical civilization
- economics
- English
- folklore and mythology
- French
- geography
- geology
- German
- Greek
- history
- Latin
- Latin American studies
- linguistics
- mathematics
- philosophy
- physics
- political science
- psychology
- Russian
- sociology
- Spanish
- statistics

Interdisciplinary minors are also available in:

- African American studies
- American studies
- Appalachian studies
- cognitive science
- environmental studies
- gender and women’s studies
- Indian culture
- Islamic studies
- Japan studies
- Judaic studies

Minors can only be awarded in conjunction with a UK undergraduate degree. Additionally, students cannot pursue a minor in the same discipline as their major. This includes the area of concentration for a Topical Studies Major and Foreign Language and International Economics Major.

For more information about choosing or declaring a minor, students should review the requirements in APEX at: www.uky.edu/degreeaudit/; contact the department where the minor is offered; or consult the department section of this Bulletin. To officially declare a minor, students must complete a Declaration/Change of Major or Minor form in the A&S Advising Center, 257 Patterson Office Tower.

Awarded minors appear on the student’s final transcript but not on their diploma.

The Preparation of Teachers

Any Arts and Sciences student intending to seek teaching certification should so indicate to his or her faculty advisor. The student should also contact the College of Education, 166 Taylor Education Building. As soon as the student has determined to seek certification he or she is assigned an advisor both in the College of Education and in the major department in the College of Arts and Sciences.
Students seeking certification should be sure to familiarize themselves with the requirements of both colleges. The sooner and the more thoroughly this is done, the greater the advantage to the student.

INFORMATION ON COURSES

Transfer of Kentucky Community and Technical College System (KCTCS) Courses

The college will usually apply up to six hours of technical course work taken at any accredited institution including KCTCS. Beyond these six credit hours, courses will be evaluated on an individual basis and as it applies to the student’s baccalaureate degree program.

Independent Work Courses

A junior or senior may, with prior approval of his or her faculty advisor and the instructor who would direct the work, register for an independent work course in his or her major department. Normally, a cumulative GPA of 3.0 in the major is required. In exceptional circumstances a nonmajor or topical studies major may be permitted to enroll in a departmental independent work course. Such a course is characterized by special assignments for study, regular conferences, reports, and usually involves preparation of a paper. The instructor in each case must file with the department evidence of the nature of the work achieved. Credit for such courses may be granted to undergraduates to an amount of not more than 12 hours.

Experiential Education and Internship Courses

The College of Arts and Sciences accepts experiential education and internship courses (such as EXP 396, departmental 399 courses,) on a pass-fail basis only, regardless of which college is offering the courses. A total of 12 credit hours in these courses may be counted toward the 120 credit hours required for graduation. For ANT 399 and SPA 399, a maximum of 15 semester credit hours can be earned. However, College of Arts and Sciences majors may only earn a maximum of six credit hours of experiential education credit (EXP) in one semester.

ROTC Program

A maximum of 16 semester credit hours earned in American Military Studies and Air Force Studies courses will be accepted towards fulfilling the 90 hours of A&S courses required and the 120 minimum number of hours needed for graduation with a baccalaureate degree in the College of Arts and Sciences, even though students typically enroll for more than 16 semester credit hours of AMS and AFS course work. However, credit received from taking AMS/HIS 320, American Military History, can apply in addition to the 16 credit hour limit earned in AMS or AFS course work. Additionally, AMS 350 (1 credit hour) can only be counted for a maximum of 4 credit hours. Please note that a maximum of one credit hour of KHP 107 will count toward degree requirements, regardless how many credits are earned.

AEROSPACE STUDIES (Air Force ROTC)

The Department of Aerospace Studies provides a campus education program through which qualified students can simultaneously earn an Air Force commission and a college degree. Faculty members are experienced, active duty Air Force officers with advanced degrees.

Admission to the Program

Non-scholarship freshmen and sophomores may register for Air Force Studies (AFS) courses without incurring a military commitment.

Sophomores and other students with four semesters of school remaining in a graduate or undergraduate status may qualify to enter the two-year program, which places them directly into the Professional Officer Course (POC) after completion of field training. The applicant must complete the Air Force Officer Qualifying Test, a medical evaluation, a physical fitness test, an interview with a Board of Air Force officers, and be selected by AFROTC Headquarters.

Applicants for the POC attend a four- or six-week field training session during the summer usually preceding the semester they will enter the POC. Cadets who have completed the first two years of AFROTC attend a four-week camp; those who have not attend for six weeks.

Cadets receive travel pay to and from field training and are paid for their time there.

Requirements

An academic major in aerospace studies is not offered. However, by successfully completing either the two-year or the four-year Air Force ROTC program, a qualified student may concurrently earn a commission as an active duty Air Force Second Lieutenant while completing requirements for a degree. A student may enroll in any Air Force ROTC course at the same time that registration for other undergraduate courses is accomplished.

AFROTC Curriculum

The AFROTC curriculum consists of both academic classes and leadership laboratory or seminar classes. The General Military Course (GMC) is a two-year course normally taken during the freshman and sophomore years. The Professional Officer Course (POC) is a two-year course normally taken during the junior and senior years. Along with academic classes each semester the GMC and POC also take leadership laboratory classes.

In the GMC, there are four academic classes (AFS 111, AFS 113, AFS 211, and AFS 213). These cover two main themes—the development of air power and the contemporary Air Force in the context of the U.S. military organization. The GMC academic classes are open to any student.

In the POC, there are four academic classes (AFS 311, AFS 313, AFS 411, and AFS 413). These cover Air Force management and leadership and American defense policy. Entry into the POC is competitive and is based on Air Force Officer Qualifying Test scores, grade-point averages, and evaluation by the Professor of Aerospace Studies. Only physically qualified students in good academic standing may compete for entry into the POC.

Students enrolled as cadets in the two-year or four-year program are involved once a week in a one-credit-hour course in the cadet corps training program designed to simulate a typical Air Force organization and its associated functions. During the GMC, the courses are called leadership seminars and include AFS 112, AFS 114, AFS 212, and AFS 214. The POC leadership laboratory classes are AFS 312, AFS 314, AFS 412, and AFS 414. The leadership laboratories are largely cadet-planned and conducted under the concept that they provide leadership training experiences that will improve the cadets’ capabilities as Air Force officers. This also involves two hours of physical training each week, normally from 6:30 to 7:30 a.m. Leadership laboratory is open to students who are members of the Air Force Reserve Officer Training Corps or are eligible to pursue a commission as determined by the Professor of Aerospace Studies.

Field Training

Field training is offered at Air Force bases across the country. The student receives junior officer training and leadership development with other students, and the Air Force has an opportunity to evaluate each student as a potential member of its officer corps. Field training courses include cadet orientation, survival training, officer training, aircraft and aircrew orientation, physical training, organizational and functional aspects of an Air Force base, career orientation, small arms familiarization, first aid, and other supplemental training. Students are paid for their time at field training.

Scholarships

Students interested in AFROTC scholarships should refer to the Student Financial Aid, Awards, and Benefits section of this Bulletin or call (859) 257-7115. Information is current as of February 2007 and is subject to change.

ANTHROPOLOGY

The Department of Anthropology offers opportunities to learn about the diverse people of today’s world, as well as about their biological and cultural origins. This area of study deals with ecology, society, biology, culture, and language, among other aspects of human life. In addition, anthropologists study history and evolution in both a cultural and biological framework.
Anthropology provides an excellent foundation for careers in a variety of professions and occupations, including community health, public health policy, medicine and health services, planning and community development, international relations and development, private business, government, law, journalism, museum work, and university teaching and research.

Students can major or minor in anthropology. The major is structured to provide the student with a broad overview of the major subdisciplines: cultural anthropology, physical anthropology and archaeology. It also allows sufficient flexibility for a student to concentrate on a specific area of interest.

Visit our Web site at: www.uky.edu/AS/Anthropology.

Bachelor of Arts with a major in ANTHROPOLOGY

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the major requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on pages 101-103.

University Studies Program Requirements

I. Math .................................................... 0-3
II. Foreign Language ..................................... 0-8

> ANT 240 Introduction to Archaeology .................................. 3

Subtotal: Premajor Hours: ............. 9

Major Requirements

Course Work Required for the Major

From the Major Department:

Regional Focus ........................................................... 6
Choose two courses from the following: ANT 221, 241, 242, 320, 322, 323, 324, 327, 342, 431G, 534, 555.

Subdisciplinary Breadth ............................................. 9
Choose three courses from at least two of the following subdisciplines:

1. Archaeology
   ANT 241, 242, 320, 322, 342, 541, 545, 555 and 585
2. Cultural Anthropology
   ANT 340, 401, 429, 433, 525, 526, 532, 538 and 550
3. Physical Anthropology
   ANT 332, 333

NOTE: AN 350, 399, 580, 581 and other ANT courses not listed here may be used to fulfill the Regional Focus and/or Subdisciplinary Breadth requirements with the consent of the Director of Undergraduate Studies.

From Outside the Major Department

Choose 15 hours outside Anthropology at the 300+ level. 200+ level courses used to satisfy USP and College Requirements can also be counted here.

Subtotal: Other Major hours: .......... 30

Major Core Requirements

ANT 301 History of Anthropological Theory .................................. 3
ANT course related to student’s Focus of Concentration ................. 3
ANT 490 Anthropological Research Methods or
ANT 541 Archaeological Method and Theory
or
ANT 585 Field Laboratory in Archaeological Research .................. 3
*ANT 582 Senior Integrative Seminar .................................. 3
Subtotal: Major Core Hours: ........... 12

Electives

Choose electives to lead to the minimum total of 120 hours required for graduation .... 4

Total Minimum Hours Required for Degree .................................. 120
*Course used towards completion of a USP or College Requirement.
*Note: COM 199 + ANT 582 satisfy the Oral Communication Requirement.

Bachelor of Science with a major in ANTHROPOLOGY

120 hours (minimum)

Any student earning a Bachelor of Science (BS) degree must complete a minimum of 60 hours in natural, physical, mathematical, and computer science. Please note: courses with an ANT prefix are generally not accepted towards fulfilling this 60-hour requirement. Therefore, be sure to keep this requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Science degree, including a specific listing of courses applicable to the 60-hour requirement, on pages 103-104.

University Studies Program Requirements

Electives
Choose electives to lead to the minimum total of 120 hours required for graduation ..................... 4
Total Minimum Hours Required for Degree .............. 120
*Courses used towards completion of a USP or College Requirement.
*Note: COM 199 + ANT 582 satisfy the Oral Communication Requirement.

Minor in Anthropology
Students must complete a total of 21 hours of course work:
Premajor Courses (9 hours)
Students must take ANT 220, 230, 240.
Additional Courses (12 hours)*
Students must take four ANT courses from at least two subdisciplines. Two courses must be at the 200 level or above and two courses must be at the 300 level or above.
*ANT 350, 399, 580, 581 and other ANT courses not listed here may be used to fulfill the Additional Course requirement with the consent of the Director of Undergraduate Studies.
Courses taken to meet a requirement in one area cannot be used to meet a requirement in another area of the minor.

BIOLOGY
To address the breadth and depth essential to educating biologists, the biology major is structured to include both a broad foundation through core courses and opportunity for specialization within a biological subfield through biology electives. The major is designed to prepare the student for a post-baccalaureate profession in biology, for advanced professional training in the health sciences, or for graduate study in basic and applied areas of the biological sciences.

Bachelor of Arts with a major in BIOLOGY

128 hours (minimum)
Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the major requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on pages 101-103.

BIO 315 Introduction to Cell Biology .......................... 3
BIO 325 Introductory Ecology .................................... 4
*BIO 350 Animal Physiology ..................................... 4
or
BIO 430G Plant Physiology ..................................... 3
or
BIO 476G General Microbial Physiology .................. 4

* Biology minors with strong interests in plants may substitute BIO 430G for BIO 350 with advisor’s approval.

Minor Electives
Approved BIO or other courses at the 200 level or higher. Up to three hours of BIO 395, Research in Biology, may be counted here.

CHEMISTRY
The Department of Chemistry offers the Bachelor of Science degree for students who intend to become professional chemists or do graduate work in chemistry or a closely related discipline. There are two options in the B.S. program: a traditional version covering all the major areas of chemistry, and an option that emphasizes biochemistry. Both degree options are certified by the American Chemical Society. A Bachelor of Arts degree program also is offered for students who want greater flexibility in the selection of courses in other fields of science. The B.A. is designed particularly for students planning to enter the professional health fields, to teach in secondary schools, or to work in such varied areas as ecology, criminal justice, materials science, patent law, or technical service and sales. The Department also offers the Master of Science and the Doctor of Philosophy degrees.

Bachelor of Arts with a major in CHEMISTRY

120 hours (minimum)
Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the major requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. Please also note that the Organic Chemistry Sequence (CHE 230/231/232/233) will count towards completion of this requirement. See the complete description of College requirements for a Bachelor of Arts degree on pages 101-103.

### Bachelor of Science with a major in CHEMISTRY

#### Traditional Option

120 hours (minimum)

Any student earning a Bachelor of Science (BS) degree must complete a minimum of 60 hours in natural, physical, mathematical, and computer science. See the complete description of College requirements for a Bachelor of Science degree, including a specific listing of courses applicable to the 60-hour requirement, on pages 103-104.

*Major field options (21 credits) must be chosen from courses at the 300+ level from the College of Education. A maximum of 9 hours in undergraduate research or reading courses may be counted; such courses require approval of the Undergraduate Program Committee if the courses do not carry the CHE prefix.

†Any foreign language sequence satisfying the College of Arts and Sciences requirement in foreign languages may be taken. German is recommended.

#### Premajor Requirements

### Electives

Choose electives to lead to the minimum total of 120 hours required for graduation.
Total Minimum Hours Required for Degree ................. 120

Any foreign language sequence satisfying the College of Arts and Sciences requirement in foreign languages may be taken. German is recommended.

Certification Requirements
The B.S. degree is certified by the American Chemical Society.

Bachelors of Science with a major in CHEMISTRY

Biochemistry Option

Any student earning a Bachelor of Science (BS) degree must complete a minimum of 60 hours in natural, physical, mathematical, and computer science. See the complete description of College requirements for a Bachelor of Science degree, including a specific listing of courses applicable to the 60-hour requirement, on pages 103-104.

University Studies Program Requirements
I. Math (completed by Premajor Requirement)
   II. Foreign Language* (placement exam recommended) 0-8
   III. Inference-Logic (completed by Premajor Requirement)
   IV. Written Communication 0-4
   VI. Natural Sciences (completed by Premajor Requirements)
   VII. Social Sciences
   VIII. Humanities
   IX. Cross-Cultural (choose a Humanities course) 3
   X. Electives (choose a Social Science course) 3
   USP hours: 18-30

Graduation Writing Requirement
After attaining sophomore status, students must complete a Graduation Writing Requirement course. See "University Writing Requirement" on page 72 of this Bulletin.

Graduation Writing Requirement: 3

College Requirements
I. Foreign Language (placement exam recommended) 0-6
II. Disciplinary Requirements
   a. Natural Science (completed by Major Requirements)
   b. Social Science (completed by USP Elective Requirement)
   c. Humanities (completed by USP Cross-Cultural Requirement)
III. Laboratory or Field Work (completed by Premajor Requirement)
IV. Electives 6

College Requirement hours: 6-12

Premajor Requirements

Major Core Requirements
CHE 226 Analytical Chemistry 3
CHE 230 Organic Chemistry I 3
CHE 235 Analytical Chemistry Laboratory 2

Bachelor of Arts with a major in ECONOMICS

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the major requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on pages 101-103.

University Studies Program Requirements
I. Math (completed by Premajor Requirements) ........................................... 3
II. Foreign Language (placement exam recommended) .................................. 0-8
III. Inference–Logic (completed by Premajor Requirements) .................... 3
IV. Written Communication ...................................................................... 0-4
V. Oral Communication .......................................................................... 1
VI. Natural Sciences ................................................................................. 6
VII. Social Sciences (partially completed by Premajor Requirements) .......... 3
VIII. Humanities ....................................................................................... 6

ECONOMICS

The Department of Economics offers theoretical and applied courses in diverse areas including microeconomics, macroeconomics, labor, money and banking, international economics, public economics, and industrial organization. It provides an opportunity for the student to pursue his or her interests within the framework of a liberal arts education.

The department offers programs leading to different undergraduate degrees—a Bachelor of Science in the Gatton College of Business and Economics, a Bachelor of Arts and a Bachelor of Science with a major in economics in the College of Arts and Sciences, a Bachelor of Arts and a Bachelor of Science with a major in foreign language and international economics, and a Bachelor of Arts and a Bachelor of Science with a major in mathematical economics. The distinctions among these degrees lie primarily in the required supporting courses in the various programs. (Foreign language and international economics majors and mathematically economics majors should refer directly to that section of the Bulletin.)

B.A. or B.S. with a major in CLASSICS

The requirements for the B.A. and B.S. with a major in Classics are listed in this A&S section under Modern and Classical Languages, Literatures and Cultures.

V. Natural Sciences

Choose electives to lead to the minimum total of 120 hours required for graduation ......................................................... 4-8

VI. Social Sciences

Choose 9-15 hours from the listed courses .................................................. 9-15

VII. Social Sciences (partially completed by Premajor Requirements) .......... 3

VIII. Humanities

Choose 15-21 hours from the listed courses .................................................. 9-15

IX. Cross-Cultural (choose a 300+ level Humanities course) .................... 3

The minor consists of eighteen hours to include:
ECO 201 Principles of Economics I ......................................... 3
ECO 202 Principles of Economics II ........................................ 3
ECO 401 Intermediate Microeconomic Theory or
ECO 402 Intermediate Macroeconomic Theory ...................... 3
Three additional economics courses at the 300-level or above ......................... 9

ENGLISH

The Department of English offers a wide variety of courses in English and American literature as well as in comparative literature, linguistics, folklore, film, creative writing, and composition. Undergraduate majors may also choose a curriculum that leads to a teaching certificate.

Both majors and nonmajors will find many courses that offer opportunities to deepen their acquaintance with their own culture and its heritage, to enlarge their understanding of the human condition, and to develop their capacity to use and appreciate their own language.

Bachelor of Arts with a major in ENGLISH

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the major requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. Major Core Requirements

ENG 330 Text and Context .................................................. 3
**ENG 395 Independent Work (Capstone) ......................... 1

Major Core hours: ................................................................. 4

Other Course Work Required for the Major

From the Major Department:

Language Module .......................................................... 3
Choose one of the following: ENG/LIN 210, 211, 310

Literature Module .......................................................... 12
Complete two of the following British literature courses: ENG 331, 332, 333, 340; and two of the following American literature courses: ENG 334, 335, 336. At least three of these must be chosen from the survey courses (ENG 331, 332, 334, 335).

Area Module .......................................................... 12
Complete four additional courses – at least two of which must be from the same area module. Note that some of the listed courses may be repeated under different subtitles.

Imaginative Writing: ENG 207, 407, 507

Writing: ENG 301, 306, 401, 405, 509

Film and Media: ENG 283, 381, 382, 480G

Language Study: ENG/LIN 310, LIN/ANT 319, ENG/LIN 512, ENG/LIN/EDC 513, ENG/LIN/EDC 514, ENG/LIN/ANT 515, ENG/LIN/ANT 516, ENG 519
Theory: ENGL 264G, 483G, 484G

English Education Emphasis: ENGL 264 or 483G, 509, 572, and one additional writing module course

From Outside the Major Department
15 additional hours at the 200+ level outside English are required (courses 300+ recommended; note that 200+ level courses used to satisfy USP and College Requirements may also be counted here.) .......................... 15

Major hours: ................................................. 42

Electives
Choose electives to lead to the minimum total of 120 hours required for graduation .......................... 3

Total Minimum Hours Required for Degree .......................................................... 120

*Course used towards completion of a USP Requirement.

**Currently being waived.

Bachelor of Science with a major in ENGLISH

120 hours (minimum)

Any student earning a Bachelor of Science (BS) degree must complete a minimum of 60 hours in natural, physical, mathematical, and computer science. Please note: courses with an ENGL prefix are generally not accepted towards fulfilling this 60-hour requirement. Therefore, be sure to keep this requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Science degree, including a specific listing of courses applicable to the 60-hour requirement, on pages 103-104.

Minor in English

The minor consists of a total of 18 hours, of which at least 12 hours must be at or above the 300-level. The hours are to be distributed as follows:

1. Two of the following courses (six hours):
   - ENGL 331 Survey of British Literature I
   - ENGL 332 Survey of British Literature II

   ENG 334 Survey of American Literature I
   ENG 335 Survey of American Literature II

FOREIGN LANGUAGES AND INTERNATIONAL ECONOMICS

The University of Kentucky offers a joint major that combines foreign language proficiency with training in economics to prepare students for employment in enterprises doing business internationally. The program prepares students to succeed after graduation by combining high-quality classroom instruction with practical in-country learning opportunities. The program provides preparation for participation in internships and exchange programs and builds foundation for a future career in international business, or degrees in international law, an MBA in international business, or the Patterson School of International Diplomacy.

For further information and advising, contact the undergraduate advisor in the Department of Economics or in one of the language programs: Department of Spanish Studies, 1115 Patterson Office Tower; the Department of Modern and Classical Languages, Literatures and Cultures, 1015 Patterson Office Tower (Spanish, French and Italian); 1055 Patterson Office Tower (German Studies and Russian and Eastern Studies); 1439 Patterson Office Tower or 971 Patterson Office Tower (Japan Studies). The University’s address is: University of Kentucky, Lexington, KY 40506-0027

Bachelor of Arts with a major in FOREIGN LANGUAGE AND INTERNATIONAL ECONOMICS: FRENCH

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the major requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on pages 101-103.

*Course used towards completion of a USP Requirement.

*COM 199 + ECO 499 satisfy the Oral Communication Requirement.

B.A. or B.S. with a major in FRENCH

The requirements for the B.A. and B.S. with a major in French are listed in this A&S section under Modern and Classical Languages, Literatures and Cultures.

GEOGRAPHY

Geography analyzes and explains the location of and interrelationships between human and physical features of the earth's environment. Geographers also examine how and why features and their locations change over time, with particular interest in the many impacts of these changes on both people and natural settings. Geography is, therefore, both a social and a physical science. Because its fundamental subject matter is people and their environments, the discipline serves as an effective bridge between the physical and cultural worlds.

Majors in geography build solid academic foundations that draw from and interrelate areas of study from the social and behavioral sciences, humanities, computer science and graphic communication, and the natural sciences. With developed analytical, critical thinking, and communication skills, geography is particularly useful for students wishing to enter such careers as economic development, environmental management, international trade, transportation planning and management, diplomacy, government administration from local to federal levels, market analysis, urban and regional planning, research, teaching, cartography, Geographic Information Systems (GIS), and private business.

The Department of Geography has developed detailed major concentration tracks in three areas: earth environmental systems (physical geography), human geography, and geographic information techniques. For more information, contact the Department of Geography at (859) 257-2931, or on the Web at www.uky.edu/AS/Geography/

Bachelor of Arts with a major in GEOGRAPHY

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the major requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on pages 101-103.

University Studies Program Requirements
I. Math ........................................................................................................ 0-3
II. Foreign Language (placement exam recommended) ......................... 0-8
III. Inference-Logic .................................................................................. 3-6
IV. Written Communication ..................................................................... 0-4
V. Oral Communication ........................................................................... 3
VI. Natural Sciences (partially completed by Premajor Requirement) ........ 3
VII. Social Sciences (partially completed by Premajor Requirement) ........ 3
VIII. Humanities ........................................................................................ 6
IX. Cross-Cultural .................................................................................... 3
X. Electives (choose 300+ level Humanities courses) ............................... 6

USP hours: ...................................................................................... 24-42

Graduation Writing Requirement
Students satisfy the Graduation Writing Requirement with GEO 300, required in the Major Requirements.

Graduation Writing Requirement Hours: ................................................ 3

College Requirements
I. Foreign Language (placement exam recommended) .............................. 0-8
II. Disciplinary Requirements
a. Natural Science .................................................................................... 6
b. Social Science (completed by Major Requirements) ............................. 6
c. Humanities (completed by USP Elective Requirement) ....................... 6
III. Laboratory or Field Work .................................................................... 1
IV. Electives ............................................................................................. 6

College Requirement hours: ................................................................. 13-21

Premajor Requirements
*GEO 130 Earth's Physical Environment ............................................... 3
*GEO 172 Human Geography ................................................................. 3

Premajor hours: .................................................................................... 6

*Course may be used towards fulfilling the University Studies Program requirements.

Major Requirements

Major Core Requirements
GEO 200 Concepts and Methodology in Geography .............................. 3
GEO 300 Geographical Research ............................................................. 3
GEO 305 Elements of Cartography ......................................................... 3
GEO 310 Quantitative Techniques in Geography .................................... 3
GEO 499 Senior Research Seminar .......................................................... 3

Major Core hours: ................................................................................ 15

Other Course Work Required for the Major
From the Major Department:

Breadth Requirements ........................................................................... 6

Choose one regional geography course and one thematic geography course at the 300+ level.

Geography Concentration Tracks
Choose at least 12 hours of geography courses to include no more than six hours of GEO 560 (Independent Work in Geography) and GEO 480 (Internship in Geography) from one of the following tracks.

NOTE: Courses listed are examples and additional courses can be substituted with permission of advisor.

Track 1: Earth Environmental Systems (Physical Geography)
This concentration emphasizes the earth’s physical environment, including soils and landscapes; fluvial and other hydrologic systems; weather and climate; and vegetation and animal life. Emphasis is on (a) the pattern of spatial variation these regimes exhibit; (b) the physical processes that underpin their historical and spatial development; and (c) the interactions between these regimes and human activity. Topical areas reflecting physical-human interactions include identification and analysis of pollution, mitigation of natural hazards, and the outcomes of environmental management strategies.

The Department strongly recommends that students in the Earth Environmental Systems Concentration pursue a Bachelor of Science degree.

*GEO 210 Pollution, Hazards and Environmental Management ............. 3
GEO 251 Weather and Climate ................................................................. 3
GEO 351 Physical Landscapes ................................................................. 3
*GEO 441G Fluvial Forms and Processes ................................................. 3

*Course may be used towards fulfilling the University Studies Program requirements.

*Or other Physical Geography, GIS, Remote Sensing, Computer Cartography courses.

Track 2: Human Geography (HG)
Human Geography focuses on the identification, description, and analysis of: (a) human spatial behavior and cognition; (b) social, economic, and political processes as they are manifest locally and globally; and (c) the cultural imprint of human activity on the landscape. Within these areas, students can focus on the sociopsychological aspects of space and place, including cultural differences in ways of knowing the world. They will learn about the processes that produce local-to-global distinctiveness in key problem areas including: poverty, injustice, and hunger; illness, disability, and disease; patriarchy, racism, and homophobia; and unequal access to natural resources, education, health, and safety. Students will also find an opportunity to learn how human practices and broader processes affect both our natural and built environments. Finally, students will learn practical tools to contribute to better world through their

GEO 351 Physical Landscapes ..................................... 3

GEO 441G Fluvial Forms and Processes ...................... 3

Or other Physical Geography, GIS, Remote Sensing,
Computer Cartography courses.

Track 2: Human Geography (HG)
Human Geography focuses on the identification, description,
and analysis of: (a) human spatial behavior and
practices and broader processes affect both our natural
and built environments. Finally, students will learn practical
tools to contribute to better world through their research, or
professional participation in civil society, the private sector, or
government agencies. The HG Track permits students to specialize in a particular region of
interest, including East, South, Southwest (Middle East),
and Southeast Asia, Europe, the Caribbean, and the United States, especially Appalachia and the South.

With the advice and consent of a faculty advisor, select from courses offered within the Department and other
Departments, corresponding to a particular focus in HG.

Electives

Choose electives to lead to the minimum total of 120 hours required for graduation ........................................... 10

Total Minimum Hours Required for Degree .................. 120

*Course used towards completion of a USP Requirement.

Minor in Geography

The minor in geography requires a minimum of 21 hours taken within the department. Students must complete courses as follows:

1. GEO 130 Earth’s Physical Environment .............. 3
   GEO 172 Human Geography .................................. 3
   and
   GEO 152 Regional Geography of the World
   or
   GEO 160 Lands and Peoples of the Non-Western World .................................................. 3

2. GEO 300 Geographic Research
   or
   GEO 305 Elements of Cartography
   or
   GEO 310 Quantitative Techniques in Geography ............................................................. 3

3. Nine additional hours at the 200 level or above.

GEOLGY

The earth and environmental sciences encompass a variety of types of studies of our planet, including considerations of composition, structure, prehistoric life, internal and surficial processes, and history. These studies have applications in the discovery and use of mineral resources, fuels, and water; in protection of the environment; and in planning for the impact of natural hazards (earthquakes, landslides, etc.) on societal development. Students undertake the study of earth and environmental sciences in the classroom, laboratory, and field.

Students in earth and environmental sciences earn the Bachelor of Science or Bachelor of Arts degree with a major in Geology. The B.S. program is designed for students who plan a career as a professional geologist or who plan to attend graduate school. The B.A. program is designed for students planning a career in government policy relating to earth science and environmental issues, earth-science education, business (environmental consulting), environmental law, or environmental medicine.

Bachelor of Arts with a major in GEOLOGY

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the major requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on pages 101-103.

Teacher Certification Requirements

The requirements for teacher certification in secondary foreign languages are outlined in the College of Education section of this Bulletin.

Minor in Spanish

The minor in Spanish requires a total of 21 hours based on the following distribution:

1. SPA 202 or SPA 242 or equivalent
2. SPA 210
3. SPA 211
4. Beyond the first six-semester sequence, twelve additional hours which must be taken at the 300 level or above. (At least one course, three hours, must be taken in Spanish or Spanish-American literature.)

Note: No courses taken in translation may be counted toward the minor in Spanish.

HISTORY

The Department of History’s program seeks to expand understanding of human experience and enable students to learn about their world in light of its past. The department offers a wide range of courses. These courses, an essential part of a liberal arts education, are also designed to train students to be teachers of history and professional historians. Faculty and students in the department participate in many of the University’s interdisciplinary programs such as African American studies, women’s studies, Latin American studies, and Asian studies.

Bachelor of Arts with a major in HISTORY

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the major requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on pages 101-103.

Minor in Latin American Studies

The minor in Latin American Studies provides instruction and broad exposure to the society and culture of Latin America. The minor requires a minimum of 18 credit hours to be distributed as follows:

Preminor Requirements

1. LAS 201 Introduction to Latin America ................... 3
2. plus one of the following courses:
   HIS 206 History of Colonial Latin America, 1492 to 1810 ........................................ 3
   HIS 207 History of Modern Latin America, 1810 to Present ........................................ 3

Minor Requirements

A minimum of 12 credit hours distributed evenly over the following four subject areas:
1. Language Skills (three hours beyond second-year Spanish)
2. Prehistory and History (three hours)
3. Contemporary Latin American Societies (three hours)
4. Literature and the Arts of the Americas (three hours)

LINGUISTICS

Linguistics is an interdisciplinary program combining resources from English, anthropology, psychology, philosophy, computer science, and the foreign languages, to develop an understanding of the nature and implications of human language. The Linguistics program provides solid foundations in phonological and grammatical analysis, as well as opportunities to investigate the social, cultural, psychological, and physical aspects of language use.

Bachelor of Arts with a major in LINGUISTICS

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the major requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. Minor in Linguistics

The minor in linguistics requires 18 hours of course work to be selected as follows:

1. ENG/LIN 211 .................................................. 3
2. ENG/LIN 212 .................................................. 3
Major Area Courses (6 hours):
Choose from: LIN 318, ENGLISH 515, ENGLISH 516, ENG/LIN 512, EDC/ENG/LIN 513.

To make up the total of 18 hours, choose two courses from among the remaining LIN courses, including any of those listed above.

MATHEMATICAL ECONOMICS

The mathematical economics major offers students a degree program that combines mathematics, statistics, and economics. In today’s increasingly complicated international business world, a strong preparation in the fundamentals of both economics and mathematics is crucial to success. This degree program is designed to prepare a student to go directly into the business world with skills that are in high demand, or to go on to graduate study in economics or finance. A degree in mathematical economics would, for example, prepare a student for the beginning of a career in operations research or actuarial science.

In many ways, the mathematical economics program parallels the engineering philosophy. It combines the quantitative methods of mathematics with an applied science in order to solve real problems. As an example, operations research is used to optimize costs for extremely complicated systems such as airline scheduling. A major problem in business and economics is decision making under uncertainty. Efficient inventory control for large national retail chains can mean the difference between success and failure. A business will improve its bottom line if it can effectively control cost of inventory under the uncertainty of consumer demand. The solution of control problems of this type requires knowledge of relatively sophisticated mathematics and statistics as well as knowledge of basic economic principles.

There is currently a serious shortage of individuals who have sufficient training in mathematics and statistics as well as an understanding of business and economics. Compa-

Course used towards completion of a USP Require-
ment.
*COM 199 + ECO 499 satisfy the Oral Communi-
cation Requirement.

Bachelor of Science with a major in
MATHEMATICAL ECONOMICS

120 hours (minimum)
Any student earning a Bachelor of Science
(BS) degree must complete a minimum of 60
hours in natural, physical, mathematical, and
computer science. Please note: courses with an
ECO prefix are generally not accepted towards
fulfilling this 60-hour requirement. Therefore,
be sure to keep this requirement in mind as you
choose your course work for the requirements in
the major. See the complete description of
College requirements for a Bachelor of Science
degree, including a specific listing of courses
applicable to the 60-hour requirement, on pages
103-104.

Mathematics Cooperative Education
Qualified students who major in mathematics may participate in the Mathematical Sciences Cooperative Education Program which provides the opportunity for alternate semesters of academic study and full-time employment in business or industry. Guidelines and application forms are available in the Engineering/Math Sciences Co-op Program Office, 320 Robotics Building.
College of Arts and Sciences

MINOR IN MATHEMATICS

Students who minor in mathematics must complete the following:

1. MA 113/114 Calculus I and II and ............... 8
   MA 213 Calculus III ........................................ 4
   or equivalent
2. MA 322 Matrix Algebra and Its Applications . 3
   or equivalent
3. Six additional hours of mathematics courses num-
   bered greater than 213. Possible courses include: MA
   214, MA 261, MA 320, MA 321, MA 330, MA 341, MA
   351, MA 361, or any 400 level math course.

MILITARY SCIENCE

AND LEADERSHIP

(ARMY OFFICER COMMISSIONING)

The Army Reserve Officers’ Training pro-
gram at the University of Kentucky is open to
both men and women and follows a general
military science curriculum that is normally
completed in four years but which may be
completed in two years. An academic major in
military science is not offered. The program’s
primary objective is to commission the future
leadership of the line branches of the Active
Army, Army National Guard, and U.S. Army
Reserve.

Scholarships

Students interested in Army ROTC schol-
arships should contact the Army ROTC Ad-
missions Officer at (859) 257-6865; or visit
101 Barker Hall on campus. Additionally,
students should refer to the Student Financial
Aid, Awards, and Benefits section of this Bul-
letin.

Academic Program

Successful completion of 20 credit hours of
military science courses while simultaneously
completing undergraduate or graduate degree
requirements qualifies a student to be commis-
sioned as a Second Lieutenant in the U.S.
Army. Required program courses are: AMS
101, AMS 102, AMS 211, AMS 212, AMS
301, AMS 302, AMS 341, AMS 342, an
approved military history course, a computer
science course, and continuous enrollment (or
participation) in KHP 107 once contracted in
the ROTC program. Also, cadets attend a five-
week Leadership Development Assessment
Course, usually in the summer between the
junior and senior years.

An alternative two-year program is avail-
able for students with at least two academic
years remaining until graduation and who have
not completed the AMS 100- and AMS 200-
level courses. This program is particularly
suited to community college students trans-
ferring to the University, or students who did
not participate in the Basic Program during
their freshman and sophomore years. Stu-
dents should contact the Professor of Military
Science about the five-week summer Leader-
ship Training Course conducted each summer
at Fort Knox, Kentucky. Successful comple-
tion of the camp enables students to take AMS
300-level courses and complete the precom-
mission program in two years.

In certain cases, veterans or students who
have completed Army basic training are also
eligible to complete the program in two years.
Members of the Army National Guard or U.S.
Army Reserve may also directly enroll in the
Leadership Development Assessment Course
and participate in the Simultaneous Member-
ship Program (SMP).

The Basic Course: (100 and 200 level) are
orientational and deal with the Army’s role in
the U.S. government. American military his-
tory, small unit organizations/operations, mili-
tary geography/map reading and some adven-
ture training are also addressed. No military
obligation is incurred by completion of the
courses.

The Advanced Course: (300 level) focus
on leadership, management, and command/
staff responsibilities within military organiza-
tions. All upper division Army ROTC stu-
dents receive $450+ per month tax-free sub-
sistence pay during the academic year. During
the summer, students receive about $700 while
attending Camp.

Leadership Lab periods, held weekly during
the academic year, and on one Saturday per
semester, focus on adventure-type training
(e.g., orienteering, rappelling, survival train-
ing, and basic marksmanship). These activities
are offered, subject to availability of equip-
ment and facilities, to provide an opportunity
to develop leadership, organizational abilities,
and confidence.

Professional development and enrichment
opportunities are also available through ROTC-
sponsored university organizations – the Per-
ishing Rifles and Kentucky Rangers.

Army ROTC incorporates the dimension of
leadership into the academic curriculum and
provides training and experience that can be
valuable in any profession.

For more information, contact the Profes-
sor of Military Science, ATTN: Admis-
sions Officer, U.S. Army ROTC, 101 Barker Hall,
University of Kentucky, Lexington, KY 40506-
0028; or call (859) 257-6864. Visit the Web
site at: www.uky.edu/armyrotc/.

MODERN AND CLASSICAL
LANGUAGES, LITERATURES AND
CULTURES

The Department of Modern and Classical
Languages, Literatures and Cultures is com-
prised of the Divisions of Classics, French and
Italian, German Studies, and Russian and East-
ern Studies.

CLASSES

The Division of Classics offers a Bachelor of
Arts and a Bachelor of Science degree in
Classics. The division teaches a broad range of
courses in the languages, literature, history,
art, and thought of the Greco-Roman world.

Bachelor of Arts with a major in
CLASSICS

120 hours (minimum)

Any student earning a Bachelor of Arts
(BA) degree must complete a minimum of 39
hours at the 300+ level. These hours are
generally completed by the major require-
ments. However, keep this hour requirement
in mind as you choose your course work for the
requirements in the major. See the complete
description of College requirements for a Bach-
elor of Arts degree on pages 101-103.

University Studies Program Requirements

I. Math ........................................................................ 0-3
II. Foreign Language (completed by Premajor
    Requirements) .......................................................... 8
III. Inference–Logic .................................................. 3-6
IV. Written Communication ......................................... 0-4
V. Oral Communication ................................................ 3

IX. Cross-Cultural .................................................... 3
X. Electives (choose two Natural science courses) 6

USP hours: ............................................................... 27-37

Graduation Writing Requirement

After attaining sophomore status, students must complete a
Graduation Writing Requirement course. See “Univer-
sity Writing Requirement” on page 72 of this Bulletin.

Graduation Writing Requirement Hours: . . 3

College Requirements

I. Foreign Language (completed by Major
    Requirements) .......................................................... 8
II. Disciplinary Requirements
    a. Natural Science (completed by USP Elective
       Requirement) .......................................................... 3
    b. Social Science (partially completed by USP
       Cross-Cultural Requirement) ................................ 3
    c. Humanities (completed by Major Requirements)
III. Laboratory or Field Work ................................. 3
IV. Electives ................................................................. 6

Premajor Requirement hours: ...................... 10

College Requirement hours: ......................... 10

Premajor Requirements

*CLA 101 and 102 Elementary Latin
or equivalent

*CLA 151 and 152 Elementary Greek
or equivalent ................................................................. 8

Premajor hours: .................................................. 8

Major Requirements

Courses Within Classics
Complete study of Latin to at least the level of CLA 202
or Greek to at least the level of CLA 252 or the equiva-
 lent. Complete 18 hours in courses at the 200 level or
above with a CLA prefix or cross-listed CLA. (CLA 201/
202 and CLA 251/252 contribute to this total.)

Classics Courses hours: .................. 18

Courses Outside of Classics
Complete 15 hours in courses appropriate to the field of
study at the 200 level or above not prefixed CLA (courses
cross-listed CLA also fulfill this requirement).
variety of courses are accepted; these are determined for each student in consultation with the Director of Undergraduate Studies.

Non-Classics Courses hours: .......................... 15

Additional Courses (Elective)
Complete an additional 9 hours in courses at the 200 level or above either inside or outside Classics.

Additional Courses hours: .......................... 9

Upper Level Requirement
At least 15 hours in the major must be in courses at the 300 level or above with either a CLA prefix, or with specific Classics content as determined by the Director of Undergraduate Studies. Of the 42 required major hours, at least 24 hours must be in courses at the 300 level or above.

Major hours: ............................................ 42

Explanation of Major Requirements
At the discretion of the student’s advisor, other courses may be substituted for the courses listed as Courses Within Classics. These courses must be either CLA courses or non-CLA courses that deal with the classical world. The acceptable non-CLA courses are normally in the areas of history, philosophy and art history.

The Major requirements in Classics are fully satisfied if a student has:
1. Completed the Premajor Requirement.
2. Completed either CLA 202 (Intermediate Latin) or CLA 252 (Intermediate Greek).
3. Completed 15 hours in 300+ CLA and acceptable non-CLA courses.
4. Completed 15 hours in 200+ CLA and acceptable non-CLA courses.
5. Completed 9 additional hours in 200+ courses outside the field of Classics that appropriately complement the Classics courses.
6. Completed 9 additional hours in 200+ courses in the area of either Classics or complementary disciplines.
7. Accumulated 24 hours in 300+ courses among the courses used to satisfy items 3, 4, and 5 above.

Electives
Choose electives to lead to the minimum total of 120 hours required for graduation ........................................... 15

Total Minimum Hours Required for Degree .......................... 120

*Course used towards completion of a USP or College Requirement.

Bachelor of Science with a major in CLASSICS

120 hours (minimum)
Any student earning a Bachelor of Science (BS) degree must complete a minimum of 60 hours in natural, physical, mathematical, and computer science. Please note: courses with a CLA prefix are generally not accepted towards fulfilling this 60-hour requirement. Therefore, be sure to keep this requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Science degree, including a specific listing of courses applicable to the 60-hour requirement, on pages 103-104.

Bachelor of Science with a major in GERMAN

120 hours (minimum)

Any student earning a Bachelor of Science (BS) degree must complete a minimum of 60 hours in natural, physical, mathematical, and computer science. Please note: courses with a GER prefix are generally not accepted towards fulfilling this 60-hour requirement. Therefore, be sure to keep this requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Science degree, including a specific listing of courses applicable to the 60-hour requirement, on pages 103-104.

Major Core Requirements

RUSSIAN AND EASTERN STUDIES

The Division of Russian and Eastern Studies offers language courses in Arabic, Chinese, Hebrew, Japanese and Russian, as well as related literature and culture courses.

Russian and Eastern Studies

The Division of Russian and Eastern Studies offers an undergraduate major in Russian Studies. The program is designed to produce an integrated knowledge of Russian language, literature, culture, history, politics, and society. This interdisciplinary major provides the
broadest possible base for further study of the former Soviet Union.

Bachelor of Arts with a major in RUSSIAN STUDIES

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the major requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on pages 101-103.

Choose electives to lead to the minimum total of 120 hours required for graduation .................................. 26

Total Minimum Hours Required for Degree ........................................... 120

Minor in Russian

The minor in Russian consists of a minimum of 18 hours beyond second-year proficiency in Russian language (RUS 202) distributed as follows:

1. 6 hours of Russian language courses at the 300 level or above
2. 12 hours of additional course work in designated Russian area studies courses, of which at least 9 hours must be in RUS courses.

Note: RUS 395, Independent Work in Russian, may not be used for the minor.

Minor in Folklore and Mythology

The minor in folklore and mythology requires a minimum of 18 hours (plus 6 preminor) to include the following:

1. Minor Prerequisites
   a. CLA 100 Ancient Stories in Modern Films or
   b. CLA 135 Greek and Roman Mythology
2. Electives
   a. GER 103 Fairy Tales in European Context

Total Minimum Hours Required for Degree ........................................... 120

Other Course Work Required for the Major from the Department:

Language Elective .................................................. 3
Choose from RUS 501, RUS 502, RUS 520, or RUS 530

Total Minimum Hours Required for Degree ........................................... 120
2. Minor Requirements
CLA 331 Gender and Sexuality in Antiquity .................. 3
or
CLA 382 Greek and Roman Religion .......................... 3

FR 263 African and Caribbean Literature and Culture
of French Expression in Translation
(Subtitle required) ..................................................... 3

GER 363 Germanic Mythology .................................... 3

MCL 270 Introduction to Folklore
and Mythology ....................................................... 3

RUS 370 Russian Folklore (in English) ......................... 3

3. Minor Electives
Three hours in elective courses in a variety of disciplines
taken from a list provided by the advisor.

Students in this minor must satisfy the current A&S Lan-
guage Requirement, regardless of their college. The minor is
not restricted to A&S majors.

---

### PHILOSOPHY

Philosophy encourages critical and systematic inquiry into fundamental questions of
right and wrong, truth and falsehood, the meaning of life, and the nature of reality,
knowledge, and society. More than any other discipline, philosophy explores the core
issues of the Western intellectual tradition. With its emphasis on reason and argumentation,
a philosophy major is an excellent preparation for a career in law or business.

**Bachelor of Arts with a major in PHILOSOPHY**

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39
hours at the 300+ level. These hours are generally completed by the major require-
ments. However, keep this hour requirement in mind as you choose your course work for the
requirements in the major. See the complete description of College requirements for a Bach-
elor of Arts degree on pages 101-103.

**University Studies Program Requirements**

I. Math ............................................................... 0-3

PHI 331 Ethics
or
PHI 335 The Individual and Society ...................... 3

PHI 351 Metaphysics and Epistemology .................. 3

**Major Core hours:** .............................................. 9

**Other Course Work Required for the Major**

From the Major Department:
Choose 15 hours of PHI 500+ level courses with at least
one course from each group below ......................... 15

Group A: PHI 503, 504, 506, 509, 513, 514, 515, 516,
517

Group B: PHI 519, 530, 531, 535, 537, 540, 545, 592

Group C: PHI 520, 550, 560, 561, 562, 565, 570, 575

Choose 3 hours from any of the group courses listed above
or the following: PHI 305, 310, 317, 330, 331, 332, 335,
337, 340, 343, 361, 380, 395 ................................. 3

From Outside the Major Department
Choose 18 hours at the 200+ level; up to 4 hours may
come from Philosophy courses .............................. 18

**Other Major hours:** ............................................. 36

**Electives**

Choose electives to lead to the minimum total of 120
hours required for graduation .............................. 9

**Total Minimum Hours**

**Required for Degree** ........................................ 120

*Course used towards completion of a
USP Requirement.

*French or German is highly recommended to complete
the USP and College foreign language requirements. Greek
is recommended if the student plans to concentrate on
ancient philosophy. Latin is recommended if the student
plans to concentrate on medieval philosophy.

**Bachelor of Science with a major in PHILOSOPHY**

120 hours (minimum)

Any student earning a Bachelor of Science (BS) degree must complete a minimum of 60
hours in natural, physical, mathematical, and
computer science. Please note: courses with a PHI prefix are generally not accepted towards
fulfilling this 60-hour requirement. Therefore,
be sure to keep this requirement in mind as you
choose your course work for the requirements
in the major. See the complete description of
College requirements for a Bachelor of Science
degree, including a specific listing of courses
applicable to the 60-hour requirement, on
pages 103-104.

come from Philosophy courses .............................. 18

**Other Major hours:** ............................................. 36

**Electives**

Choose electives to lead to the minimum total of 120
hours required for graduation .............................. 9

**Total Minimum Hours**

**Required for Degree** ........................................ 120
Minor in Philosophy

The minor in philosophy requires a minimum of 18 hours of course work to include the following:

1. No more than two 100-level courses
2. At least one course in logic (PHI 120, PHI 320, or PHI 520)
3. At least one course in the history of philosophy (PHI 260, PHI 270, or any course from Group A of the undergraduate curriculum)
4. At least three courses (nine hours) at the 300 level or above, excluding PHI 320 and PHI 399.

PHYSICS AND ASTRONOMY

The Department of Physics and Astronomy helps many students acquire a general understanding and appreciation of physics and astronomy. In the liberal arts tradition, the undergraduate curriculum is complete and flexible enough to allow a graduate with a major in physics to pursue a variety of careers. Many of our graduates continue their studies with graduate work in physics or other areas.

For the student interested in combining the study of physics with other studies in other areas, the department can assist in the planning of an individual curriculum which meets both the minimum requirements of the physics program and the student’s needs and interests. Such planning is of particular value to students intending to pursue careers in engineering, computer science, applied physics, medicine, radiation medicine, biophysics, law, meteorology, oceanography, geophysics, environmental sciences, management, or the teaching of physics and/or physical science at the junior and senior high school levels. By working closely with an advisor, the student with special interests can take advantage of opportunities to take several other courses from one or more departments outside physics, or double major in physics and another area. For a description of suggested curricula, visit our Web site at: www.pa.uky.edu/undergrad/curricula.html.

Bachelor of Arts with a major in PHYSICS

121 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the major requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for the Bachelor of Arts degree on pages 101-103.

Suggested Curriculum for B.A. in Physics

As you plan your physics studies, please note that upper division physics courses, PHY 3XX and all higher numbered courses, are offered once per year in the semester indicated on the suggested curricula. For example, PHY 306 and PHY 361 are offered in the spring semester only. This suggested curriculum minimally meets the requirements for the B.A. in Physics.

* A total of 14 credit hours in math, computer science, chemistry, engineering or other areas related to physics but outside the department must be completed to satisfy the college requirement. A total of 42 hours in physics and related areas must be taken to satisfy the major requirement.

** The Bachelor of Arts requires the completion of six
additional hours in humanities and social sciences beyond those required for University Studies. It also requires the completion of 39 hours at or above the 300 level.

**Bachelor of Science with a major in PHYSICS**

120 hours (minimum)

Any student earning a Bachelor of Science (BS) degree must complete a minimum of 60 hours in natural, physical, mathematical, and computer science. See the complete description of College requirements for a Bachelor of Science degree, including a specific listing of courses applicable to the 60-hour requirement, on pages 103-104.

**University Studies Program Requirements**

I. Math (completed by Premajor Requirement)
II. Foreign Language (placement exam recommended) .......................... 0-8
III. Inference-Logic (completed by Premajor Requirement)
IV. Written Communication .................................................... 0-4

Advanced Physics Laboratory .................................................. 2

MA 213 Calculus III .......................................................... 4

MA 214 Calculus IV .......................................................... 3

**Major Core hours:** .................................................... 28

**Other Course Work Required for the Major**

From the Major Department:

Choose one of the following: PHY 522, 524, 554, 555, 556, 591, 592 ........................................ 3

Choose two lab courses from the following: AST/PHY

395, PHY 402G, 422, 535(1) ........................................ 3-6

**From Outside the Major Department**

Choose seven hours outside Physics at the 200+ level. Courses are generally chosen from computer science, engineering, mathematics, or statistics. 200+ level courses used to satisfy USP and College requirements can also be counted here .................................................. 7

**Other Major hours:** .................................................... 13-16

**Total Minimum Hours Required for Degree** ........................................ 120

*Course used towards completion of a USP Requirement.

**Suggested Curriculum for B.S. in Physics**

(NOTE: Students who have completed calculus or chemistry should visit our Web site at: www.pa.uky.edu/undergrad/curricula.html for suggested curriculum.)

As you plan your physics studies, please note that upper division physics courses, PHY 3XX and all higher numbered courses, are offered once per year in the semester indicated on the suggested curricula. For example, PHY 306 and PHY 361 are offered in the spring semester only. This suggested curriculum minimally meets the requirements for the B.S. in Physics.

**Freshman Year**

**First Semester**

PHY 231 General University Physics ........................................ 4

*A total of 14 credit hours in math, computer science, chemistry, engineering or other areas related to physics but outside the department must be completed to satisfy the college requirement. One-hundred-level freshman courses may not be counted for the major requirements except for CS 115 which may be counted.

**Minor in Physics**

MA 113, 114, and 213; or equivalent ...................................... 12

PHY 211/213 or PHY 231/232/241/242 .................................. 10

MA 361 ................................................................. 3

At least eight credits chosen from the following:

**Astronomy Concentration**

For students with an interest in astronomy, the Department offers the B.S. degree in physics with a concentration in astronomy. Among the major requirements, AST/PHY 591 Astrophysics I – Stars and AST/PHY 592, Astrophysics II – Galaxies and Interstellar Material are strongly recommended as courses within the area of concentration. AST 395, Independent Work in Astronomy, may be substituted for one of the laboratory courses of Requirement Three, subject to the work being done in astronomy and astrophysics. Students are encouraged, though not required, to enroll in AST 191, The Solar System, and AST 192, Stars, Galaxies and the Universe.

**POLITICAL SCIENCE**

The undergraduate program in Political Science allows students to pursue course work in four disciplinary fields:

• American Politics – study of the institutions, behavioral patterns, and public policies that define the American political system;

• Comparative Politics – study of the institutions, policies, and mass behaviors observed in political systems outside the United States, usually explored through comparison within or across regions of the world;

• International Relations – study of the international system as a whole, as well as of the actors (such as nation-states, corporations, and international organizations) who participate in shaping diplomatic, military, and economic outcomes within that system; and
• Theory/Methodology – study of the values, concepts, and analytical methods that shape how people evaluate political life.

Degree recipients take introductory course work in each of these four areas, then pursue advanced studies in one or more of the fields as determined by their interests and/or career goals.

In addition to conveying information about politics and government – necessary background for pursuing graduate work in political science and related fields – Political Science courses at UK are designed to provide students with a broad liberal arts education. Graduates leave the program having cultivated their analytical abilities and having exercised their written and spoken communication skills. Such disciplinary training is particularly helpful in preparing students for careers such as law, policy analysis, governmental administration, diplomatic service, journalism, lobbying, and other sorts of political activity.

Currently the department offers two degrees: a Bachelor of Arts and a Bachelor of Science. Most majors choose to pursue the B.A. The primary difference is that B.A. students must complete a minimum of 39 hours at the 300+ level, a requirement that students can fulfill using courses already needed for the major. Earning the B.S. degree, on the other hand, requires completing a minimum of 60 hours in natural, physical, mathematical, and computer sciences. Little of that course work fulfills other degree requirements.

Bachelor of Arts with a major in POLITICAL SCIENCE

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the major requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on pages 101-103.

University Studies Program Requirements

I. Math ................................................................. 0-3

IV. Electives ................................................................ 6

College Requirement hours: 12-20

Premajor/Introductory Requirements

Field One – American Politics
PS 101 American Government ........................................... 3
Field Two – Comparative Politics
PS 210 Introduction to Comparative Politics or
PS 212 Culture and Politics in the Third World ........... 3
Field Three – International Relations
PS 235 World Politics ..................................................... 3
Field Four – Theory/Methodology
PS 240 Introduction to Political Theory or
PS 372 Introduction to Political Analysis ........................ 3
Premajor/Intro hours: ................................................... 12

Major/Core Requirements

After being introduced to each undergraduate field, Political Science majors must take an additional 39 hours of course work that combines both (1) courses within the discipline and (2) courses covering topics related to the discipline but offered by other programs. These 39 hours, of which 24 must be at the 300+ level, are divided as follows.

Disciplinary Courses

Students must take 18 additional credit hours of political science course work, of which at least 15 must be at the 300+ level. Note that PS 399 may not be counted toward this requirement. Eligible courses span all four undergraduate fields:

Field One – American Politics
General American Politics Courses
Courses on American Law and Courts

Field Two – Comparative Politics

Field Three – International Relations

Field Four – Theory/Methodology
PS 240 or 372, 424G, 424G, 545, 547, 572
Note: PS 391, 395, 490, and 492 also meet this disciplinary requirement, although the fields will vary depending on the topic.

Other Courses

Choose six hours of PS courses (including 1-6 hours of PS 399) or approved courses from outside political science (see list below) ...................................................... 6

From Outside the Major Department

Choose 15 hours outside political science from the list below. You must take at least 6 hours from one department and 6 hours from another department. Special topics courses and other offerings related to the concentration may be substituted, subject to the approval of the Director of Undergraduate Studies ...................................................... 15

2007-2008 University of Kentucky Bulletin

PSYCHOLOGY

The undergraduate curriculum in psychology includes courses in the major content areas of psychology. The program provides course work emphasizing the fundamental concepts and techniques of this basic behavioral science. In addition to course work, the program provides for experience in conducting and analyzing laboratory and field research.

Bachelor of Arts with a major in

PSYCHOLOGY

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the major requirements. Choose from: PSY 427, 430, 440, 450, *456, 460, 552

Capstone Option 3-8
Choose from: PSY 495 and 496, 499, 500, 534, 535, 561, 562, 563, 564, *565, 566

Electives 0-5
Choose from: PSY 223, 302, 331, 395, 399, 459, 533, 558

From Outside the Major Department

Choose 14 hours outside Psychology at the 300+ level. 200+ level courses used to satisfy USP and College requirements can also be counted here. 14

Other Major hours: 26

Electives

Choose electives to lead to the minimum total of 120 hours required for graduation. 5

Total Minimum Hours Required for Degree: 120

*Course used towards completion of a USP or College Requirement

This requirement is fulfilled for students who have completed a 3-credit introductory psychology course at an accredited college or university, or who have scored a 3 on the Advance Placement Psychology Test.

Minor in Psychology

The minor in psychology requires a minimum of 20 hours to include the following:

1. Prerequisite courses
   PSY 100 Introduction to Psychology 3
   PSY 215 Experimental Psychology 4

2. All of the following courses:
   PSY 311 Learning and Cognition 3
   PSY 312 Brain and Behavior 3
   PSY 313 Personality and Individual Differences 3
   PSY 314 Social Psychology and Cultural Processes 3

B.A. or B.S. with a major in RUSSIAN STUDIES

The requirements for the B.A. and B.S. with a major in Russian Studies are listed under in this A&S section under Modern and Classical Languages, Literatures and Cultures.

SOCIOLoGY

Sociology emphasizes the study of human behavior and basic social processes. The discipline provides excellent preparation for careers in a variety of occupations and professions including planning and community development, law, public relations and advertising, personnel administration, private business and government administration, health and human services, family relations, criminal justice fields, and others.

Students may major or minor in sociology. The department offers a Bachelor of Arts and a Bachelor of Science through the College of Arts and Sciences. Students may also complete a second major or minor in sociology even though they are enrolled in other colleges. In addition, students seeking certification in social studies education at the secondary level through the College of Education may also emphasize sociology in their programs.

Courses offered by the department cover a wide range of topics and issues. Areas such as social inequalities, work, organizations, economy, globalization, family, community, environment, crime, law and deviance comprise a large part of the curriculum. Students may also pursue special readings courses and experiential education placements or internships through the department.

Bachelor of Arts with a major in SOCIOLoGY

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the major requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree on pages 101-103.

University Studies Program Requirements

I. Math ................................................. 0-3
II. Foreign Language (placement exam recommended) 0-8
III. Inference–Logic 3-6
IV. Written Communication 3-4
V. Oral Communication 3-4
VI. Natural Sciences 3-8

Minor in Psychology

The minor in psychology requires a minimum of 20 hours to include the following:

1. Prerequisite courses
   PSY 100 Introduction to Psychology 3
   PSY 215 Experimental Psychology 4

2. All of the following courses:
   PSY 311 Learning and Cognition 3
   PSY 312 Brain and Behavior 3
   PSY 313 Personality and Individual Differences 3
   PSY 314 Social Psychology and Cultural Processes 3

RUSSIAN STUDIES

The requirements for the B.A. and B.S. with a major in Russian Studies are listed under in this A&S section under Modern and Classical Languages, Literatures and Cultures.

American Studies
The minor in African American Studies provides students with an opportunity to examine the contributions of established academic disciplines towards the understanding of African peoples, particularly those peoples in the New World. It also provides a framework for research and analysis of issues which focus on African American experiences in artistic, literary, historical, and sociopolitical environments. The minor requires 21 hours of study as follows:

1. AAS 200 Introduction to African-American Studies
2. AAS 400 Special Topics in African-American Studies
3. AAS 401 Independent Reading and Research in African-American Studies
4. Four additional hours of coursework at the 300 or 400 level
   (as approved by the African American Studies Committee)
**Appalachian Studies**

This minor offers the student with serious interests in Appalachian regional studies an opportunity to pursue a minor concentration to complement a major in one of the university's professional or liberal arts programs. This interdisciplinary program enables students to comprehend more fully the history, social structure, and culture of the region—its people, its problems, and its future.

The minor in Appalachian Studies requires 18 hours of course work to include the following:

1. **APP 200 Introduction to Appalachian Studies**
2. Choose fifteen hours of Appalachian Studies courses. These courses must be chosen from the list below, or approved by the Director of Appalachian Studies:

   - **APP 300 Topics in Appalachian Studies**
   - **APP 395 Independent Study**
   - **ENG 232 Literature and Place (if appropriate)**
   - **GEO 320, GEO 321, GEO 322, GEO 490G**
   - **HIS 260 African American History to 1865**
   - **HIS 254 History of Sub-Saharan Africa**
   - **HIS 467, HIS 572, HIS 573, HIS 574, HIS 575, HIS 576, HIS 579, HIS 580, HIS 581, HIS 582, HIS 584, HIS 585, HIS 586, HIS 596**
   - **LIN 318 Semantics and Pragmatics**
   - **PHI 514**
   - **PSY 440G**
   - **PSY 456G Appalachian Politics**
   - **PSY 552 Animal Behavior**
   - **PSY 559 Introduction to Psychology**
   - **PSY 560 Philosophy of Scientific Method**
   - **PSY 565 Philosophy of Language**
   - **PSY 612 in Social Psychology**
   - **PSY 620 Advanced Topics in Social Psychology**
   - **PSY 623 Advanced Topics in Social Psychology**
   - **PSY 626 Advanced Topics in Cognitive Science**

**Note:** Introduction to Appalachian Studies (APP 200) is strongly recommended. Individually arranged courses in independent study and experiential education may be counted toward the minor if approved by an Appalachian Studies advisor. Special Topics courses offered by the various departments may also be counted, if appropriate.

For more information about a minor in Appalachian Studies, contact the Director of Appalachian Studies, Dr. Ron Pen, (859) 257-6183 or e-mail at: rapen01@uky.edu. For general information about service and research opportunities in the region, contact the Appalachian Center, 624 Maxwellton Cl., Lexington, KY 40506-0347, (859) 257-4852.

**Cognitive Science**

The undergraduate minor in Cognitive Science is aimed to provide undergraduates with an introduction to cognitive science as a theory of the mind as an intelligent (information-processing) system. Our objectives are to ensure that each student (a) be able to articulate, at least in broad terms, some of the assumptions that have been thought to unify the various subfields within the domain of cognitive science; (b) explore more than one discipline’s approach to matters pertaining to cognitive science; and (c) explore in some detail at least one of the five main disciplines contributing to cognitive science (biology, computer science, linguistics, philosophy, and psychology). CGS 500 (Cognitive Science in Theory and Practice) will be run with the aim in mind of getting students to satisfy (a), and distribution requirements aim to put students in a position to satisfy (b) and (c).

To receive an undergraduate minor in Cognitive Science, the student must successfully complete 18 credit hours to be distributed as follows:

1. **CGS 500 Cognitive Science in Theory and Practice**
   
2. **Fifteen credits** from among the following:
   - **ANT 332 Human Evolution**
   - **BIO 375 Behavioral Ecology and Sociobiology**
   - **BIO 535 Comparative Neurobiology and Behavior**
   - **BIO 550 Comparative Physiology**
   - **BIO 566 Communication Biology**
   - **COM 350 Language and Communication**
   - **CS 375 Logic and the Theory of Computing (may not be combined with PHI 520)**
   - **CS 463G Introduction to Artificial Intelligence**
   - **CS 525 Computational Sciences**
   - **CS 536 Situated Computing**
   - **CS 575 Models of Computation (may not be combined with PHI 520)**
   - **LIN 210 History of the English Language**
   - **LIN 211 Introduction to Linguistics I**
   - **LIN 212 Introduction to Linguistics II**
   - **LIN 318 Semantics and Pragmatics**
   - **LIN 319 Historical Linguistics**
   - **LIN 512 Modern English Grammar**
   - **LIN 513 Teaching English as a Second Language**
   - **LIN 515 Phonological Analysis**
   - **LIN 516 Grammatical Analysis**
   - **LIN 517 Special Topics in Linguistics (Subtitle required)**
   - **PHI 320 Symbolic Logic I**
   - **PHI 361 Biology and Society**
   - **PHI 520 Symbolic Logic II (may not be combined with CS 375, 575, or 675)**
   - **PHI 560 Philosophy of Scientific Method**
   - **PHI 565 Philosophy of Language**
   - **PHI 565 Animal Behavior**
   - **PSY 223 Developmental Psychology**
   - **PSY 311 Learning and Cognition**
   - **PSY 312 Brain and Behavior**
   - **PSY 427 Cognitive Processes**
   - **PSY 456 Behavioral Neuroscience**
   - **PSY 552 Animal Behavior**
   - **PSY 562 Advanced Topics in Cognitive Psychology**
   - **PSY 564 Advanced Topics in Learning (Subtitle required)**
   - **PSY 565 Advanced Topics in Neuroscience (Subtitle required)**
   - **PSY 566 Advanced Topics in Social Psychology (Subtitle required)**

Of the fifteen credit hours of courses from this list, (1) at least six credit hours must be in the same core discipline, where core disciplines are biology, computer science, linguistics, philosophy, and psychology; and (2) no more than six credit hours from any single discipline will count towards satisfaction of the requirement.

*Only by approval of the Director of Cognitive Science. The main criterion for approval will be the extent to which the course, as taught during the semester for which the student seeks cognitive science credit, contains a sufficient amount of materials relevant to cognitive science. The Director will make this determination by consultation with relevant faculty from the department teaching the course (including the instructor of the course), in conjunction with the criteria for course inclusion outlined on the Cognitive Science Web page.

For more information, visit the Cognitive Science Web site at: [www.as.uky.edu/interProg/CogSci/](http://www.as.uky.edu/interProg/CogSci/) or contact Professor S. Goldberg, 1427 Patterson Office Tower, Department of Philosophy, (859) 257-6540, sgorold@uky.edu.

Environmental Studies

Environmental considerations permeate almost every facet of modern life, and concern for “the environment” is practically universal as we approach the twenty-first century. The minor in Environmental Studies is designed to provide students with the opportunity to become conversant in a range of environmental topics, whether as private citizens in their daily lives or as professional members of corporate, government, legal, medical, and educational circles.

The minor draws on topics and perspectives from the natural and physical sciences, the social sciences, and the humanities to underscore the interdisciplinary nature of environmental issues and problems. Students taking the minor are encouraged to integrate the program with their major study focus in order to gain a competitive advantage in grappling with environmental topics.

The minor in Environmental Studies requires 18 hours of course work including the following:

1. ENS 200 Introduction to Environmental Studies* ........................................... 3
2. Six hours chosen from the following list of socio-cultural perspectives:
   - ANT 375 Ecology and Social Practice ........................................... 3
   - GEO 210 Pollution, Hazards, and Environmental Management .............. 3
   - GEO 550 Sustainable Resource Development and Environmental Management ................. 3
   - PS 391 Special Topics in Political Science (Subtitle required) ................. 3
   - PS 456 Appalachian Politics (Subtitle required) ................................... 3
   - ENS 300 Special Topics (Subtitle required) ....................................... 3
   - ENS 395 Independent Work (Subtitle required) .................................... 3
3. Six hours chosen from the following list of science and technology perspectives:
   - FOR 205 Forest and Wildland Soils and Landscapes ................................ 4
   - FOR 340 Forest Ecology ................................................................. 3
   - AIS 301 Colloquial Arabic I .......................................................... 3
   - AIS 302 Colloquial Arabic II .......................................................... 3
   - AIS 303 Classical Arabic Literature (in English) .................................. 3
   - AIS 328 Islamic Civilization ............................................................. 3
   - AIS 329 Islamic Civilization II ......................................................... 3
   - AIS 330 Islamic Civilization III ......................................................... 3
   - AIS 331 Classical Arabic Language (in English) .................................. 3
   - AIS 332 Fundamentalism and Reform in Islam ...................................... 3
   - AIS 333 Women and Islam ............................................................... 3
   - AIS 334 Comparative and Classical Traditions ..................................... 3
   - AIS 335 Topics in Islamic Studies: (Subtitle required) ............................. 3
   - AIS 340 History of Islamic and Middle East Peoples, 1250 to the Present .......... 3
   - AIS 341 Arabic/Islamic Studies .......................................................... 1-3
   - AIS 345 Topics in Islamic Studies: ..................................................... 3
   - AIS 400 Senior Seminar (Subtitle required) ........................................... 3
   - AFS 200 and ENS 400 satisfy the University Studies cross-disciplinary requirement.

At least six of the twelve elective hours must be at the 300-level or above.

Elective courses must be drawn from outside the student’s major.

Alternative elective courses may be approved by the Environmental Studies Program Director.

For further information, contact Professor Gregory Stump (English and linguistics), 1253 Patterson Office Tower, (859) 257-1184; Professor Paul Kani (geography), 1439 Patterson Office Tower, (859) 257-6953; or Professor Avisnath Sathaye (mathematics), 703 Patterson Office Tower, (859) 257-8832.

Islamic Studies

The interdisciplinary minor in Islamic Studies provides the opportunity to study the culture, language, literature, religion, history, and philosophy of Muslim peoples throughout the world from antiquity to the present. Students will acquire a rounded understanding of Islamic culture, the ability to interpret information and news from the Middle East and elsewhere in an independent way, with understanding of the issues from the perspective of the Muslim countries, and will be prepared to pursue careers that require a knowledge of Islamic civilization.

1. Minor Requirements (6 hours)
   - AIS 328 Islamic Civilization .......................................................... 3
   - AIS 330 Islamic Civilization II ......................................................... 3
2. Minor Electives (12 hours)
   - AIS 101 Elementary Modern Standard Arabic .................................. 4
   - AIS 102 Elementary Modern Standard Arabic .................................. 4
   - AIS 201 Intermediate Modern Standard Arabic .................................. 3
   - AIS 202 Intermediate Modern Standard Arabic .................................. 3
   - HIS 247 History of Islam and Middle East Peoples, 500-1250, A.D. .............. 3
   - HIS 248 History of Islam and Middle East Peoples, 1250 to the Present ......... 3
   - AIS 301 Colloquial Arabic I ............................................................ 3
   - AIS 302 Colloquial Arabic II ............................................................ 3
   - AIS 331 Classical Arabic Literature (in English) .................................. 3
   - AIS 332 Women and Islam .............................................................. 3
   - AIS 340 History of the Middle East: 1453-1920 .................................. 3

Gender and Women’s Studies

The Gender and Women’s Studies program assists students who wish to develop undergraduate majors in Gender and Women’s Studies under the Topical Studies major program. For more information, see “Topical Studies Majors” in the College of Arts and Sciences section of this Bulletin. Students undertaking a Topical Major in Gender and Women’s Studies will need to develop their curriculum with a GWS faculty member.

The minor in Gender and Women’s Studies provides students an opportunity to examine and integrate the contributions of established academic disciplines in understanding the historical and contemporary roles and status of women. Also, the program provides a framework for research and analyses which focus upon women’s issues. The minor requires 21 hours of course work, as outlined below:

GWS 200 Introduction to Gender and Women’s Studies in the Social Sciences or
GWS 201 Introduction to Gender and Women’s Studies in the Arts and Humanities ........................................... 3
GWS 350 Introduction to Feminist Theorizing ........................................... 3
GWS 399 Internship in Gender and Women’s Studies ........................................... 3
*GWS 416 Cross-Cultural Perspectives in Gender and Women’s Studies .................. 3
Plus an additional nine hours of electives to be selected with the approval of the Director of the Gender and Women’s Studies Program.

*GWS 416 is offered every other year; please check with the Gender and Women’s Studies Program for more information.

Courses used for the Gender and Women’s Studies topical major, minor, or graduate certificate must be taught by a Gender and Women’s Studies Affiliated Faculty.

For further information, contact Professor Deborah Crooks, Director of Gender and Women’s Studies, 112 Breckinridge Hall, (859) 257-1388.

Indian Culture

This minor is designed to allow students to develop a more profound understanding of Indian culture. The curriculum is strongly interdisciplinary, encompassing courses in linguistics, anthropology, English, geography, mathematics, philosophy, political science, and sociology.

Students completing the minor will possess: (1) an ability to read Sanskrit (vital for comprehending Indian culture); (2) a well-rounded, multidisciplinary understanding of the culture and geography of India and of contemporary Indian society and politics; and (3) a high degree of preparedness to pursue careers in business or teaching that require knowledge of Indian society and its traditions.

The minor in Indian Culture requires 18 hours of course work, as follows:

1. Sanskrit Language Courses (6 hours)
   - LIN 520 Sanskrit I ................................................................. 3
   - LIN 521 Sanskrit II ................................................................. 3
2. Twelve hours of courses on India from anthropology, English, geography, linguistics, mathematics, philosophy, political science, sociology, and independent studies in India. Students choose from the following courses:
   - *ANT 327 Culture and Societies of India ........................................... 3
   - *GEO 330 Geography of South Asia .............................................. 3
   - GEO 365 Special Topics in Regional Geography (Subtitle required) ................. 3
   - GEO 565 Topics in Geography ..................................................... 3
   - LIN 395 Independent Work .......................................................... 3
   - MA 330 History of Mathematics ................................................... 3
   - *PHI 343 Asian Philosophy ......................................................... 3
   - *PS 420G Governments and Politics of South Asia ......................... 3
   - *SOC 380 Globalization: A Cross-Cultural Perspective ................. 3
   - *SOC 380 Globalization: A Cross-Cultural Perspective ................. 3
   - *Also satisfies the USP cross-cultural requirement.

Students in the Indian Culture minor program will be encouraged to participate in a study program in India in the course of their undergraduate education.

For further information, contact Professor Gregory Stump (English and linguistics), 1253 Patterson Office Tower, (859) 257-1184; Professor Paul Kani (geography), 1439 Patterson Office Tower, (859) 257-6953; or Professor Avisnath Sathaye (mathematics), 703 Patterson Office Tower, (859) 257-8832.
Japan Studies

The Japan Studies minor complements existing majors and prepares students with the skills that are required to work with Japan given its integral place in international business. Students will also become well-versed in the culture and geography of Japan, its history, arts, and environment. This background will prepare students for Japan-related careers in the United States and abroad.

This 23-hour program consists of (1) 14 hours of Japanese language courses, (2) 6 hours of Japanese cultural studies, and (3) 3 hours of elective courses on contemporary East Asian history, politics, and society.

The Japan Studies Program maintains a University of Kentucky Summer Field Station at Yatsushiro (Kyushu) on the campus of the IEC Kyushu International College for summer field research and instruction. Summer field seminars are offered at this site each year. Details are at: www.uwplatt.edu/geography/japan.

1. Japanese Language Courses (14 hours)

   JPN 101 Beginning Japanese I ................................................ 4
   JPN 102 Beginning Japanese II ................................................ 4
   JPN 201 Intermediate Japanese I ................................................. 3
   JPN 202 Intermediate Japanese II ................................................. 3

2. Japanese Cultural Studies (6 hours)

   GEO/JPN 334 Environment, Society and Economy of Japan ....................... 3
   ENG 283 Japanese Film .................................................................. 3
   JPN 320 Introduction to Japanese Culture, Pre-Modern to 1868 ...................... 3
   JPN 321 Introduction to Japanese Culture, Meiji (1868) to Present .................. 3

3. Contemporary East Asian History, Politics, and Society (3 hours)

   HJS 295 East Asia to 1800 ......................................................... 3
   HJS 296 East Asia Since 1800 ...................................................... 3
   HJS 597 European History .......................................................... 3
   HJS 598 Peoplcs of East Asia ....................................................... 3
   PS 410G The Governments and Politics of Eastern Asia ......................... 3
   GEO 333 Geography of East Asia ............................................... 3
   COM 525 Organizational Communication ........................................ 3
   JPN 395 IV Independent Work in Japanese ...................................... 1-6
   JPN 405 Seminar in Japanese and Asian Studies (Subtitle required) ............. 3
   GEO/JPN 491G Japanese Landscapes .............................................. 3
   GEO/JPN 551 Japanese Multinational Corporations ................................. 3

For further information, contact Professor Doug Slaymaker, Director, Japan Studies Program, (859) 257-7557 or (859) 257-3761; e-mail: nihongo.web@spamex.com.

Judaic Studies

The interdisciplinary minor in Judaic Studies provides students with the opportunity to become acquainted with the culture, language, literature, religion, history, and philosophy of the Jewish people from antiquity to the present.

The minor in Judaic Studies requires 18 hours of course work as follows:

1. Required Courses

   HJS 324 Jewish Thought and Culture I: From Ancient Israel to the Middle Ages* ........................................ 3
   HJS 325 Jewish Thought and Culture II: From the Expulsion from Spain to the Present* .......................... 3

2. Elective Courses

   HJS 101 Elementary Hebrew ...................................................... 4
   HJS 102 Elementary Hebrew ...................................................... 4
   HJS 201 Intermediate Hebrew .................................................... 3
   HJS 202 Intermediate Hebrew .................................................... 3
   PHI 504 Islamic and Jewish Philosophy and the Classical Tradition .................. 3
   CLA 390 Roman, Jew and Greek: Backgrounds to Christianity ...................... 3
   HJS 330 A History of Western Religious Thought (I) ........................................ 3
   HIS 323 The Holocaust ................................................................ 3
   ENG 270 The Old Testament as Literature ........................................ 3
   HJS 425 Topics in Judaic Studies (Subtitle required) .................................. 3

*And other courses with significant Judaic studies content, as approved by the Director, to a maximum of six credit hours.

For further information, contact Professor Oliver Leaman, Director of Judaic Studies Program, 1415 Patterson Office Tower, (859) 323-2272.
