ADMISSION PHILOSOPHY

The Office of Undergraduate Admission and University Registrar supports the mission of the University of Kentucky. Consistent with the University’s mission of research, service, and teaching, the university seeks to enroll and retain an academically talented student body that enriches the learning community and is representative of the diverse society it serves. The following admission policies reflect this philosophy.

GENERAL INFORMATION

The Director of Undergraduate Admission and University Registrar authorizes the admission of all undergraduate students to the University. Students should direct all admissions inquiries to:

Office of Undergraduate Admission
and University Registrar
100 W. D. Funkhouser Building
University of Kentucky
Lexington, KY 40506-0054
(859) 257-2000
www.applyuk.com

Undergraduates at UK enroll in one of thirteen colleges. Each college is supervised by an academic dean and is usually made up of several academic departments that offer different major fields of study.

The general University admission requirements and procedures for freshmen and transfer students are outlined below. All applicants should be aware that certain colleges and some programs within colleges have additional admission standards and criteria beyond those for general University admission. Refer to Special Application Dates and Procedures on page 22 for information on deadlines and procedures for particular colleges and programs. Detailed information on admission criteria is provided in the college sections of this Bulletin.

The University provides equal opportunities for qualified students in all aspects of University operations, and does not discriminate on the basis of race, color, national origin, ethnic origin, religion, creed, age, physical or mental disability, veteran status, uniformed service, political belief, sex, sexual orientation, gender identity, gender expression, pregnancy, marital status, genetic information, social or economic status, or whether the person is a smoker or nonsmoker, as long as the person complies with the University policy concerning smoking.

FRESHMAN ADMISSION TO THE UNIVERSITY

The University of Kentucky subscribes to a selective admission policy. Admission for freshman applicants is based on a holistic review including high school grades, national college admission test results, successful completion of pre-college curriculum, essay and academic letter of recommendation. Applicants may submit official scores from either the ACT Assessment or the SAT I. Official test scores must be sent directly from ACT or SAT (College Board) testing headquarters.

MINIMUM ELIGIBILITY REQUIREMENT – All students who have completed the pre-college curriculum (see below) as prescribed by the Council on Postsecondary Education and have a 2.0 high school grade-point average are encouraged to apply to the freshman class at UK. Enrollment in the freshman class is limited. Within the limits of space availability, the Office of Undergraduate Admission and University Registrar will endeavor to accommodate all eligible applicants. However, the number of freshman applications far exceeds the number of spaces available in the entering class. For this reason, the selective

| Summer II                          March 1 |

All applicants should be aware that some programs have application procedures and deadlines which differ from those for general University admission. Applicants should refer to Special Application Dates and Procedures on page 22 for information on deadlines and procedures for selective admissions colleges and programs.

*International students – see pages 20-21.
SELECTIVE ADMISSION — The University of Kentucky has a selective admission policy. A faculty committee of the University Senate establishes the academic criteria. A holistic review is based on factors including cumulative high school grade-point average, completion of the pre-college curriculum, ACT or SAT I score results, essay, special talents and abilities and academic letter of recommendation. Applicants are offered admission on a competitive basis, with those meeting the University’s selective admission criteria receiving first offers.

Deferred Decisions — Freshman applicants who have completed the pre-college curriculum, but do not have the requisite grade-point average, test scores or both for selective admission, may have their admission decisions deferred. A portion of the freshman class may be admitted from this group of applicants.

Pre-College Curriculum

Incoming freshmen should have the high school preparation necessary for academic success at the college level. To be eligible for consideration at UK under the policy outlined above, an applicant must have successfully completed the following high school courses as a minimum:

**English/Language Arts — 4 credits**
English I, II, III, IV

**Mathematics — 3 credits**
Algebra I, Algebra II and Geometry (or more rigorous courses in mathematics)

**Science — 3 credits**
Biology I, Chemistry I, Physics I or life science, physical science, and earth/space science (at least one lab course)

**Social Studies — 3 credits**
From U.S. History, Economics, Government, World Geography and World Civilization (or comparable courses)

**Foreign Language — 2 credits**
Two credits in the same foreign language or demonstrated competency

**Health — 1/2 credit**

**Physical Education — 1/2 credit**

**History and Appreciation of Visual, Performing Arts — 1 credit**

History and appreciation of visual and performing arts or another arts course that incorporates such content

**Electives — 7 credits**

Recommended strongly: one or more courses that develop computer literacy

Additionally, high school students are encouraged to complete at least one year of mathematics beyond Algebra II.

A total of 24 credits or more must be completed in high school. Applicants should contact the Office of Undergraduate Admission and University Registrar for information concerning exceptions to this policy.

and competitive admission requirements often exceed the minimum eligibility requirement.

High school students are strongly encouraged to take the ACT or SAT I late in their junior year and again early in their senior year. When registering for the test, please request scores to be sent to UK. It is a mistake to withhold test scores as this can cause added expense and possible delay in the processing of the application. Please request scores from all test administrations so that the Office of Undergraduate Admission and University Registrar can work with the complete test history. High school guidance counselors can provide students with registration forms, information about registration deadlines, test dates and locations.

High School Students with Exceptional Ability

Through UK’s Exceptional Ability program, highly motivated students may enroll in classes at UK before they graduate from high school. Exceptional high school students may be offered admission to UK after a thorough evaluation of their academic record. Students seeking such consideration must submit an application form, official scores from the ACT Assessment or SAT I, an official high school transcript and a letter from their high school principal or guidance counselor stating the benefit to the student of entering college prior to high school completion.

High School Equivalency Certificates

The University considers admission from freshman applicants who are not high school graduates but who present a valid High School Equivalency Certificate and General Education Development test scores. Applicants must also take the
ACT Assessment (or SAT I) and have the results sent directly to the Office of
Undergraduate Admission and University Registrar from the testing agency.

TRANSFER ADMISSION TO THE UNIVERSITY
Students at other colleges or universities, including community colleges, are
eligible to transfer to UK if they:

1. would have been selectively admitted to UK when they entered the first
   institution attended provided they have a cumulative grade-point
   average of 2.0 or better for all college-level work attempted. Applicants
   must also have a cumulative grade-point average of 2.0 or better for all
   college-level work attempted at the last institution attended, provided at
   least 12 credit hours (or the equivalent thereof) was attempted there.
   or

2. would not have been selectively admitted to UK but have completed 24
   semester hours or more and achieved a cumulative grade-point average
   of 2.0 or better for all college and university work attempted. Applicants
   must also have a cumulative grade-point average of 2.0 or better for all
   work attempted at the last institution attended.

Please note that grade-point averages are computed by the Office of
Undergraduate Admission and University Registrar and reflect the grade
and credit for each course attempted, regardless of the practice of the
offering institution of waiving the low grade for a repeated course.

Refer to the University Calendar on page 4 for general University admission
deadlines.

Special Admission Colleges and Programs
Some colleges and programs within colleges at UK have additional
admission standards and criteria beyond those for general admission to
the University. Also, some programs have deadlines and application
procedures that differ from those for general University admission. Refer
to Special Application Dates and Procedures on page 22 for information on
procedures and deadlines for special admission programs. Detailed information
on admission criteria is provided in the college sections of this Bulletin.

APPLICATION PROCEDURES
FOR TRANSFER STUDENTS
Transfer applicants from other colleges and universities should request an
application packet from the Office of Undergraduate Admission and University
Registrar. Applicants must submit the following to the Office of Undergraduate
Admission and University Registrar:

1. an application for admission;
2. an official transcript from each college or university attended, contain-
ing a complete record of all courses completed at the time of
application;
3. a roster of the courses in which the student is currently enrolled;
4. a final official transcript of any additional work completed before
   entering the University; and
5. a non-refundable application processing fee.

Refer to Special Application Dates and Procedures on page 22 for admissions
process information. Candidates tentatively admitted at the time of
application should be aware that the University will cancel the admission
and/or the early registration of an applicant whose final official record,
after completion of a current semester, shows inelegibility because of
suspension, dismissal, or a drop in grade-point average below the required
2.0.

TRANSFER OF CREDIT

General Transfer Policies
Students transferring to UK are required to submit official transcripts from all
previously attended institutions as part of the admissions process. Send
transcripts to this address:

Office of Undergraduate Admission
and University Registrar
100 W.D. Funkhouser Building
Lexington, KY 40506-0054

- Credits earned at a fully accredited institution may be transferred to UK
  and applied toward a degree. A fully accredited institution is one in good
  standing and a member of one of the six regional academic accrediting
  associations.
- Transfer credit below the 100 level is considered remedial work and will
  not be accepted toward a UK degree.
- UK does not accept transfer grades toward the UK grade-point average.
  A UK grade-point average is established after the first term of classes.
  However, all transfer grades in all courses are included and counted in
  the admissions process.
- A minimum grade of D- is required for a course to be accepted by UK.
  Colleges and departments may require a higher grade in order for the
course to apply toward degree requirements. Refer to the major sheets
at www.uky.edu/registrar-major-sheets to determine the specific
requirements for each major.
- The transferability of course credit earned at two-year institutions is
  limited to a total of 67 semester hours, regardless of the total number
  of hours earned.
- All work from any four year regionally accredited institution is posted
to the UK transcript except for remedial work.
- Regardless of the number of hours accepted for transfer, all candidates
  for an undergraduate degree must complete 30 of their last 36 hours
toward their degree at UK.

Kentucky General Education Transfer Policy
The General Education Transfer Policy facilitates the transfer of credits earned
in general education requirements for students moving from one Kentucky
public college or university to another Kentucky public college or university.
Under this agreement, a student may satisfy the general education discipline
requirements at their current college and have that requirement completion
accepted at the university or college to which they may transfer.

Students that are “Fully Certified” are considered to have completed UK’s
baccalaureate general education requirements known as the UK Core.
Students may also transfer to UK and be Category Certified in up to 5 areas.
Students who are Category Certified in each of the 5 areas will be considered
“Fully Certified” at UK. The five categories are:

1. Arts and Humanities (AH)
2. Written Communication (WC) and Oral Communication (OC)
3. Natural Sciences (NS), plus Science Lab (SL)
4. Quantitative Reasoning (QR)
5. Social and Behavioral Sciences (SB)

The sending institution will indicate, either on the transcript or as an attachment
to the transcript, whether the student is Fully Certified, Core Certified, or
Category Certified in general education, or if they have completed any of the
coded general education courses (i.e., AH, NS, OC, QR, SB, SL, and WC) at
their institution.

Fully Certified – All general education requirements are completed (AA and AS
degrees guarantee full certification.)
Core Certified – The 30 hours of core general education is completed, and remaining general education requirements of the receiving institution are still required.

Category Certified – One or more of the above categories is complete (e.g., AH Category certification means no additional courses are required in the AH category.)

Course Certified – The category is not complete, but a course will partially fulfill a given category.

For more specific information about GETA, contact the Transfer Center, 11 Funkhouser Building, (859) 218-1724.

Transfer Students with Bachelor’s, AA or AS Degrees
Students who have completed a Bachelor’s degree, an AA (Associate of Arts) or an AS (Associate of Science) degree from an accredited institution automatically fulfill the UK Core general education requirements.

Transfer Center
The Transfer Center serves as a hub of information for the undergraduate transfer student population at UK. The Transfer Center staff collaborates with other on-campus units to provide the necessary resources for successful progress toward graduation. Our motto, “Start There, Finish Here” represents the University of Kentucky’s commitment to helping each transfer student with their transition and goal of earning a UK degree.

Students can utilize the Transfer Center to:
• Discuss transfer course equivalencies prior to admission
• Resolve specific transfer related issues by connecting with a UK staff member
• Discuss transfer planning strategies prior to enrolling at UK

For more information, contact us at:
Transfer Center
11 Funkhouser Building
(859) 218-1724
email: UKTransfer@uky.edu
www.uky.edu/Transfer

OTHER CATEGORIES OF ADMISSION

Readmission
Former University students who have not been enrolled for one semester or more, and who are in good standing are required to apply for readmission.

Applications for readmission should be submitted to the Office of Undergraduate Admission and University Registrar, along with:
1. official transcripts from all colleges and universities attended since leaving UK; and
2. a non-refundable application processing fee.

In order to be eligible for readmission, former UK students must have been in good standing at the time they left the University. Those who have been enrolled elsewhere must be eligible as transfer students on the basis of grade-point average and be in good standing at the institution most recently attended. Students under suspension from UK are not eligible for readmission, regardless of their status at another institution, until they have been reinstated to the University. If the suspension is for academic reasons, reinstatement should be requested from the dean of the college in which they intend to enroll by the stated deadline; if the suspension is nonacademic, reinstatement should be requested from the appropriate University official. Reinstated students also must file an application for readmission in the Office of Undergraduate Admission and University Registrar by the stated deadline.

Readmission candidates should submit an application as early as possible. This allows the Office of Undergraduate Admission and University Registrar adequate time to prepare the necessary forms for registration. Refer to the University Calendar on page 4 for general admission deadlines. Information on selective college and program deadlines and procedures appears at the end of this section.

Nondegree Students
The goal of the University of Kentucky policy for nondegree students is to provide appropriate access to academic courses for students desiring to continue their education without seeking a degree. Although degree-seeking students should have top priority with respect to University resources, the University does wish to provide access to these resources on a space-available basis to nondegree seeking students. This policy will provide reasonable access to a broader range of students without unnecessarily limiting University resources for degree-seeking students.

Nondegree status affords an opportunity for individuals to pursue lifelong learning without the structure of degree-seeking status and is consistent with the educational mission of the University.

Most nondegree students are considered “Lifelong Learners” and include the following groups: Donovan Scholars, students who have already earned degrees and non-traditional students who wish to begin their studies as nondegree students in order to be considered for degree-seeking status later. Other students eligible to enter the University in a nondegree status include visiting students from other colleges and universities, high school students of exceptional ability, and other students in special circumstances as determined by the Director of Admission. (See information about visiting students and high school students with exceptional ability earlier in this section.)

Rules Governing Admission of Nondegree Seeking Students
To be admitted as a nondegree student, an applicant must meet the following criteria:

1. The high school class of a nondegree applicant must have graduated at least two years prior to the applicant’s anticipated semester of enrollment, unless the applicant will be on active military duty during his/her tenure as a nondegree student.

2. Applicants who have been denied admission as degree-seeking students may not in turn be enrolled as nondegree seeking students.

3. Former University degree-seeking students generally will not be enrolled as nondegree students without having earned an undergraduate degree.

4. University students under academic or disciplinary suspension may not be enrolled as nondegree students.

5. Students currently under suspension at other institutions may not be enrolled as nondegree students at UK. Failure to disclose a current suspension may result in forfeiture of eligibility for future enrollment.

6. Students are strongly encouraged to submit transcripts of high school or prior colleges at the time of admission in order to facilitate advising about appropriate course work.

Rules Governing Enrollment of Nondegree Seeking Students

1. Nondegree students must meet course prerequisites or obtain the consent of the instructor to enroll in a course.

2. No student may continue to enroll as a nondegree student after earning 24 semester hours in this status without the special permission of the dean of the college in which the student is registered. Students who wish to continue course work are encouraged to apply for admission as a degree-seeking student.

3. Credit earned as a nondegree student will be evaluated for applicability toward a degree by the dean of the college in which the student will be enrolled. Most colleges provide administrative oversight of their
Undergraduate Admission

Transient applicants must submit to the Office of Undergraduate Admission and admissions requirements as transfer students. This or his/her sponsoring institution. Transient students must meet the same requirements who intends to earn credit at UK that will be applied to degree requirements at

Procedures

1. Nondegree students who wish to take day classes must meet regular admission deadlines for each term. They are encouraged to participate in academic advising each semester. Advisors will be assigned to these students.

2. All nondegree students who wish to continue after their first semester are expected to participate in priority registration for the following semester.

Nondegree students may apply for degree-seeking status after meeting regular University and program admission criteria. Applicants who earned fewer than 24 semester credit hours at UK must meet the University’s standards for first-time freshmen. Applicants who have earned 24 or more semester hours will be considered transfer students for admission purposes and transfer of credit policies will apply.

The dean of the college the degree-seeking student enrolls in determines how credit earned as a nondegree student is applied toward a degree.

Nondegree students applying for degree-seeking status must submit to the Office of Undergraduate Admission and University Registrar:

1. an application for admission;
2. a non-refundable application processing fee;
3. official scores from the ACT or SAT (if fewer than 24 semester hours earned); and
4. official transcripts from all previously attended institutions.

Refer to the University Calendar on page 4 for general admission deadlines.

Auditors

An auditor is a student who enrolls in a course but receives no grade or credit. Students in this category should indicate auditing status on their application for admission.

Auditors are charged the same tuition as students receiving credit. Auditors cannot change to credit status after the beginning of class work, and cannot be considered for admission to earn credit unless they are admitted to a degree program in the University as a regular student. To do this, the auditor must file the required documents by the deadline for a subsequent semester. A student under academic or disciplinary suspension may not enroll as an auditor. Students who earn fewer than 24 semester hours will be considered transfer students for admission purposes and transfer of credit policies will apply.

Students who wish to apply as auditors must submit to the Office of Undergraduate Admission and University Registrar:

1. an application for admission; and
2. a non-refundable application processing fee.

Refer to the University Calendar on page 4 for general admission deadlines.

Transient Students

A transient student is a visiting nondegree student from another institution who intends to earn credit at UK that will be applied to degree requirements at his or her sponsoring institution.Transient students must meet the same admissions requirements as transfer students.

Transient applicants must submit to the Office of Undergraduate Admission and University Registrar:

1. an application for admission;
2. an official transcript or letter of good standing certifying grade-point average from the applicant’s sponsoring institution; and
3. a non-refundable application processing fee.

Refer to the University Calendar on page 4 for general admission deadlines.

UK Students As Transients at Other Schools

UK students may earn a limited amount of credit toward a baccalaureate degree at another college or university, provided they have prior approval from their dean and advisor, and provided the other school is fully accredited and the course work meets the University specifications for credit acceptance. The student should consult with an advisor or dean before enrolling at another institution. Students enrolled at other institutions at the same time they are enrolled at UK must have the specific approval of the appropriate dean. Students are responsible for determining whether transfer course work is acceptable and how it applies to the degree program. The University Senate has established certain conditions for accepting credit earned at other schools; therefore, improper enrollment at other institutions will result in the loss of the credit earned there.

A University student who enrolls elsewhere for only a summer session between a spring enrollment at UK and the following fall semester does not need to reapply for admission for the fall semester. The student must arrange for transcripts of transfer work to be sent to the Office of Undergraduate Admission and University Registrar immediately following the summer session.

International Applicants

UK is authorized under federal law to enroll qualified nonimmigrant international applicants.

International applicants should apply and submit all required documents by May 15 for fall semester admission, October 15 for spring semester admission, and March 1 for summer session admission. International applicants must submit to the Office of Undergraduate Admission and University Registrar:

1. an international application for admission;
2. a non-refundable application processing fee;
3. a sponsor guarantee form;
4. *bank statement;
5. **official academic transcripts and English-translated course descriptions of all college-level work completed;
6. ***TOEFL/IELTS/English proficiency;
7. ACT or SAT results for freshmen applicants wishing to apply for academic scholarships; and,
8. additional information may be requested by admission officer.

Admission is competitive and preference is given to applicants who are best qualified academically. All documents relating to academic records, financial ability, and competency in the English language must be received before permission to enroll and the proper immigration form can be issued. All documents must be official or certified as such.

Undergraduate international applicants who are otherwise admissible, but who have not yet demonstrated English proficiency, may be conditionally admitted to the University of Kentucky. Conditionally admitted students will be academically admitted to UK as full-time degree-seeking undergraduates upon demonstration of English proficiency, as defined below.

Students enrolled in Level 5 or Level 6 of CESL course work may, upon meeting criteria set forth by the CESL program, enroll for one semester as non-degree seeking students in a pre-matriculation bridge program (half-time enrollment in non-credit CESL course work and 6-8 hours of credit-bearing undergraduate course work), constituting full-time enrollment in English preparation for immigration purposes. Completion of the bridge program with grades of A or B in all classes will constitute demonstration of English proficiency for full credit earned as a nondegree student is applied toward a degree.
Students also meet with an academic advisor, plan their schedules, and register for classes. Expectations as well as student service departments from around campus. Student life and residence hall living. Participants attend sessions on academic counseling, upper-class student. Topics addressed in the course include academic advising, learning strategies, information literacy, faculty or staff member and an upper-class student. Topics addressed in the course include academic expectations, as well as student service departments from around campus. Students also meet with an academic advisor, plan their schedules, and register for classes.

QUESTIONS CONCERNING ADMISSION DECISIONS
All applicants to the University of Kentucky have the right to question or appeal admission decisions. Applicants desiring to appeal a decision should contact the Office of Undergraduate Admission and University Registrar to obtain information on the appeal process as well as deadlines.

ORIENTATION TO UK
New freshmen and transfer students are oriented to the University in two steps. The first step is attending a “see blue.” U Orientation. This informative event offers students and parents the opportunity to learn more about the University, student life and residence hall living. Participants attend sessions on academic expectations as well as student service departments from around campus. Students also meet with an academic advisor, plan their schedules, and register for classes.

Common Reading Experience
The University of Kentucky’s Common Reading Experience brings new students together for a shared reading experience that introduces them to academic discourse and engages the entire UK community in a common intellectual experience through year-long programming. New students read a book selected for their cohort the summer before their first semester on campus. Students then join a community of scholars during K Week, where they participate in small-group discussions about the book with other new and upper-class students. The entire UK community is invited to attend and participate in events coordinated around the book’s themes, topics, and issues. All students, faculty, and staff are encouraged to connect with one another through this shared intellectual experience, which allows for critical reflection on the book and the collegiate experience.

UK 101, Academic Orientation Course
UK 101 is an academic orientation course for first-year students that significantly promotes a successful transition to college life. The class is taught by a faculty or staff member and an upper-class student. Topics addressed in the course include academic expectations, learning strategies, information literacy, academic integrity, campus resources, campus involvement, and wellness.

UK 201, Transfer Orientation Course
UK 201 is a pass-fail orientation course that aids transfer students in transitioning to academic life at UK. The class is taught by a faculty or staff member and an upper-class student. Topics addressed in the course include academic advising, career planning, campus involvement, and other issues specifically geared to transfer students.
