The College of Communication and Information consists of the Department of Communication, the Department of Integrated Strategic Communication, the School of Journalism and Media, and the School of Information Science. The Department of Communication educates its students in interpersonal, small group, mass, health and organizational communication, and communication theory and research. Graduates pursue a variety of career paths in areas such as business and organizational communication, digital and mass communication, health communication, and human communication. The Department of Integrated Strategic Communication prepares students for careers as professionals in the allied areas of advertising, public relations, and direct response communication. The journalism area within the School of Journalism and Media educates its students for professional careers in the media as writers, reporters, producers, editors, and broadcasters. The media arts and studies area within the School of Journalism and Media educates its students for professional careers in the media as writers, reporters, producers, editors, and broadcasters. The media arts and studies area within the School of Journalism and Media educates its students for professional careers in the media as writers, reporters, producers, editors, and broadcasters.

Accreditation

Journalism majors in the School of Journalism and Media have national accreditation from the Accrediting Council on Education in Journalism and Mass Communications (ACEJMC). Under ACEJMC guidelines, no more than 12 hours of major courses from a student’s previous institution(s) may be counted toward a degree in journalism at the University of Kentucky.

Undergraduate Programs in Communication and Information

The University of Kentucky grants the following degrees in the College of Communication and Information:

- Bachelor of Arts
- Bachelor of Science

Students pursuing either the Bachelor of Arts or the Bachelor of Science select from these majors: communication, information communication technology, integrated strategic communication, journalism, and media arts and studies. Students may also select a minor in communication, a minor in information studies, a minor in journalism studies, and a minor in media arts and studies. Students may not double-major within the School of Journalism and Media; students majoring in integrated strategic communication or journalism may not minor in media arts and studies. Students majoring in integrated strategic communication or media arts and studies may not minor in journalism studies. Students majoring in information communication technology may not minor in information studies. University requirements for a double major stipulate that each major be in a separate department (see the Graduation Requirements section of this Bulletin). No student may take more than 48 hours within the School to complete a degree.

Undergraduate Certificates in Communication and Information

The University of Kentucky grants the following undergraduate certificates in the College of Communication and Information:

- Health Communication
- Innovation and Entrepreneurial Thinking

Information and requirements for the certificates are listed on pages 212-213.

Scholarships and Financial Aid

The College of Communication and Information has several opportunities for students to obtain scholarship funding. The college awards four scholarships to incoming freshmen and two scholarships to rising juniors and seniors. The School of Journalism and Media awards nearly $45,000 in aid from various scholarship funds annually. The Department of Communication also has funding available for rising juniors and seniors. Generally, the deadline for scholarship applications is early in the spring semester. For specific information on scholarships, go to http://ci.uky.edu/ci/scholarships, or contact the Office of Student Services in Blazer Hall.

ADMISSION POLICY

Admission to the University is sufficient for admission to the College of Communication and Information as a premajor for students who have completed less than 30 semester hours. An application must be filed with the college in order for a student to be considered for admission as a premajor or major. However, admission as a premajor does not guarantee admission as a major in one of the degree programs in the College of Communication and Information. In general, admission as a major depends upon the qualifications and preparation of the applicant, as well as the availability of resources for maintaining quality instruction. Additionally, depending on the timing of admission into the major program, students may not have access to major classes until subsequent semesters.

Upper-division admission into a degree program is necessary in order to be granted a baccalaureate degree from the College of Communication and Information.

Transfer Students

The journalism major in the School of Journalism and Media is accredited by the Accrediting Council on Education in Journalism and Mass Communication (ACEJMC). Under ACEJMC guidelines, no more than 12 hours of major courses from a student’s previous institution(s) may be counted toward a degree in journalism at the University of Kentucky.

Admission to Degree Programs

In order to be admitted to any of the five undergraduate majors (communication, information communication technology, integrated strategic communication, journalism, and media arts and studies) offered by the College of Communication and Information, an applicant must fulfill the following requirements:

1. Enrollment in the University of Kentucky (Students are considered for acceptance by the college only after acceptance by the University.);
2. Completion of 30 semester hours of course work;
3. Minimum of 2.0 cumulative grade-point average;
4. Completion of premajor requirements of the program to which application is made;
5. Completion of UK Core areas I, II, III, IV, V, VI, VII and VIII;
6. Submission of an application form.

No student will be allowed to test out of any Journalism, Integrated Strategic Communication, or Media Arts and Studies course. A student taking a similar course from another institution would still be allowed credit should the course meet criteria similar to the University of Kentucky course.

Students meeting these requirements will be designated as majors or as students with upper-division standing in the program to which admission is granted. Any student not meeting one or more of these requirements may be granted premajor status.

In the admission considerations, when personal, academic, professional, or intellectual circumstances tend to discount lower academic scores, admission may be granted if there is other persuasive evidence of both the capability and motivation to undertake successfully a program in the College of Communication and Information.

Annually, the College of Communication and Information faculty will review the minimum standards required for admission to the college. Any change in requirements will be implemented at the beginning of the academic year (fall semester) and will be in effect for the entire academic year. If the standards are to be changed, the Dean of the College of Communication and Information will submit the proposed change by February 1 to the University Senate Council for approval, with prior circulation to the University deans and directors.

Admissions Process

Applications from students outside the University of Kentucky seeking admission to the College of Communication and Information, whether for lower-division or upper-division status, must be received by the University of Kentucky Admissions Office no later than April 1 (for summer sessions), August 1 (for fall semester) and December 1 (for spring semester).

Students enrolled in other UK colleges on campus may apply for admission during the major change window. The appropriate deadlines are listed in the University calendar as approved times to change majors.

Each applicant bears the responsibility to see that the application contains all the requested materials.

Enrollment in Upper Division Courses

Enrollment in College of Communication and Information courses numbered 300-599 will be limited in order of priority to:
1. majors and minors in College of Communication and Information degree programs;
2. non-College of Communication and Information students who are registered for specific programs requiring College of Communication and Information courses;
3. other students or categories of students with the express permission of the department offering the course (departments may choose to declare certain courses as open enrollment courses).

GRADUATION REQUIREMENTS

To earn either the Bachelor of Arts or the Bachelor of Science degree in the College of Communication and Information, each student must (1) complete 120 hours of course work (excluding courses lower than the 100 level, courses with an R designation, physical education service courses, and/or EXP 396/397 credits) with a grade-point average of at least 2.0 and (2) complete at least 42 hours in upper division courses (300 or above). No more than 60 hours may be taken within the college.

Other requirements include UK Core, premajor requirements, field of concentration (24-27 hours of major work and 15-18 hours of cognate courses earned outside the college as defined by the units), and a minimum of six hours of free electives.

Bachelor of Arts
Degree Requirements

Students who pursue the B.A. within the College of Communication and Information must fulfill the following requirements.

UK Core: Students must complete all areas of the UK Core program. (See UK Core section in this Bulletin for a detailed explanation of requirements.)

College B.A. Requirements

1. Language. Complete one of the following sequences:
   Option A: Successful completion of the fourth college semester of one foreign language. (Note: This may be accomplished by scoring at this level on a placement test for previous work in the foreign language.)
   Option B: Complete a set of two courses dealing with the nature and structure of language, language behavior, or comparative languages. This set shall be comprised of one course from Group I below, and one course from Group II. (Courses counted as meeting this option may not be counted in the major or field of concentration.)
   Group I: LIN 211.
   Group II: ENG/LIN 209, ENG 210, ENG/LIN 310, ENG/LIN 311, LIN 317, ANT/LIN 325, LIN 331.

2. Statistics: STA 210

Major Requirements

Students must complete the departmental requirements for one of the five majors (communication, information communication technology, integrated strategic communication, journalism, or media arts and studies).

Subtotal: College B.A. Hours .................. 9-17

Bachelor of Science Degree
Requirements

Students who pursue the B.S. within the College of Communication and Information must fulfill the following requirements:

UK Core: Students must complete all areas of the UK Core program. (See UK Core section in this Bulletin for a detailed explanation of requirements.)

College B.S. Requirements

1. Mathematics, statistics and computer science: Complete 9 credits in mathematics and/or computer sciences beyond the UK Core requirement. At least 3 hours must be in statistics.

2. Science Courses. Complete a minimum of 60 hours of science courses, with not more than 12 hours within the College of Communication and Information. These courses must be approved by an advisor in the College of Communication and Information and may be from the areas of mathematics, statistics, computer science, physical sciences, biological sciences, social and behavioral sciences, as well as from appropriate professional fields.

Subtotal: College B.S. Hours .................. 60

Academic Advising

Advising in the College of Communication and Information is under the jurisdiction of the Office of Student Services, Blazer Hall. A registration hold is placed on each student’s record at the beginning of each term. The hold is removed after the student meets with the academic advisor for a priority registration advising appointment.

When students in the School of Journalism and Media are admitted to the upper-division of the college, they are assigned a faculty mentor from their major program.

B.S. or B.A. with a major in
COMMUNICATION

The major in communication provides students with the knowledge and skills necessary to design, manage, and evaluate communication processes involving individuals, groups, and the public. Graduates develop strong oral, written, and interpersonal communication skills as well as an advanced ability to analyze and critique messages, behaviors, and media.

Major typically plan their upper-division course work around four identified career paths: business and organizational communication, digital and mass communication, health care communication, and human communication. Human communication students also can tailor their own unique program of study to meet specific needs. Careful planning with the student’s advisor is necessary.

Communication majors are encouraged to participate in educational activities beyond regular course offerings. The department has an excellent internship program which offers the opportunity for work with employers in corporate, government, and public service agencies. In addition, students may elect to do independent study work with individual faculty on special topics or projects.

All majors are encouraged to participate in a variety of student organizations providing extra-
College of Communication and Information

curricular activities designed to enhance the academic experience and career opportunities. For students who qualify, the department sponsors an Honors Society and a department honors distinction (for COM majors with a 3.3+ COM GPA who complete COM 351, COM 365, and COM 454).

Degree Requirements
Each student completes the following:

College Requirements
See “College B.A. Requirements” or “College B.S. Requirements” on page 207.

UK Core Requirements
See the UK Core section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

Major Requirements (21 hours)
Students must complete 21 hours at the 325-level or above, of which at least 9 hours must be at the 400- and/or 500-level.

Cognate (15 hours)
Students must complete 15 hours in courses related to a Career Path at the 300-level or above, as approved by the student’s academic advisor.

Open Electives (6 hours)
Students must complete 6 additional hours of their choice at the 300-level. These courses can be taken pass/fail.

Suggested Career Paths
Business and Organizational Communication

Required:
COM 325 Introduction to Organizational Communication

Complete three of the following:
COM 425 Communication, Negotiation, and Conflict Management in Organizations
COM 581 Teamwork and Leadership in Organizations
COM 525 Advanced Issues in Organizational Communication (Subtitle required)
COM 535 Risk and Crisis Communication
COM 399 Internship in Communication

plus 9 additional credits in upper division COM courses at the 325 level and above and 15 additional credits in COGNATE courses including the following:
COM 315 Understanding Workplace Communication in a Diverse U.S. Society

Note: 9 or more credits of upper-division COM courses will continue to be required at the 400 or 500 level.

Cognate Area
Courses in sociology, psychology, behavioral science, philosophy, public health, marketing and management are often chosen for this cognate.

Digital and Mass Communication

Required:
COM 352 Interpersonal Communication and Social Media
COM 449 Social Processes and Effects of Mass Communication
COM 453 Digital and Mass Communication
COM 553 Critical Analysis of Communication and Persuasion in Popular Culture

plus 9 additional credits in upper division COM courses at the 325 level and above and 15 additional credits in COGNATE courses including the following:
COM 312 Learning Intercultural Communication Through Media and Film

Note: 9 or more credits of upper-division COM courses will continue to be required at the 400 or 500 level.

Cognate Area
Courses in art studio, sociology, political science, journalism and media arts and studies and marketing are often chosen for this cognate.

Human Communication

Required:
COM 471 Introduction to Health Communication
COM 482 Studies in Persuasion
COM 571 Interpersonal Communication in Health Contexts
COM 572 Health Communication Campaigns and Communities

plus 9 additional credits in upper division COM courses at the 325 level and above and 15 additional credits in COGNATE courses including the following:
COM 311 Taking Control of Your Health: Patient-Provider Communication

Note: 9 or more credits of upper-division COM courses will continue to be required at the 400 or 500 level.

Cognate Area
Courses in sociology, political science, media arts and studies, family studies, marketing and management are often chosen for this cognate.

Human Communication

Required:
Minimum 21 credits in upper-division COM courses, 9 of which must be at the 400 or 500 level. Minimum 15 credits at the 300 level and above in COGNATE.

Cognate Area
Courses in sociology, psychology, behavioral science, philosophy, public health, marketing and management are often chosen for this cognate.

Minor in Communication

Any student wishing to minor in Communication must meet college selective admission requirements (45 credits completed, 24 credits in UK Core courses, COM 101 and have a 2.0 cumulative grade-point average).

Minor in Communication

Any student wishing to minor in Communication must meet college selective admission requirements (45 credits completed, 24 credits in UK Core courses, COM 101 and have a 2.0 cumulative grade-point average).

1. COM 101 Introduction to Communications
2. COM 287 Persuasive Speaking
3. Two courses (6 hours) from the following:
   COM 249 Mass Media and Mass Culture
   COM 252 Introduction to Interpersonal Communication
   COM 281 Communication in Small Groups
   COM 325 Introduction to Organizational Communication
   COM 581 Teamwork and Leadership in Organizations
   COM 535 Risk and Crisis Communication

Note: 9 or more credits of upper-division COM courses will continue to be required at the 400 or 500 level.

Cognate Area
Courses in sociology, psychology, behavioral science, philosophy, public health, marketing and management are often chosen for this cognate.
B.S. or B.A. with a major in
INTEGRATED STRATEGIC COMMUNICATION

The Integrated Strategic Communication major offers students professional preparation for careers in the allied areas of advertising, public relations, and direct response communication. Through course work, students develop conceptual command of these allied areas and also build expertise in one area through the PATH option they select. The major stresses a strategic approach to communication initiatives and is designed to build analytical and critical thinking skills as well as writing and presentation skills.

ISC graduates enjoy highly diverse career destinations. Agencies specializing in advertising, public relations, and direct response along with the media and communication technology industries, corporations, nonprofit organizations, and regulatory/consumer protection agencies need employees who have the skills developed by the ISC graduate.

ISC students are encouraged to expand their course work with activities unique to the major. The American Advertising Federation and Public Relations Student Society of America chapters offer both leadership and networking opportunities. A dynamic, professionally-oriented internship program insures that students gain hands-on experience with communications, government, or nonprofit agencies or with corporations or the media. Students are also encouraged to work with the Kernel, WRFL and WUKY.

Major Electives

9 hours of 300+ level undergraduate courses offered in the Department of Integrated Strategic Communication or School of Journalism and Media. ISC majors are expected to work with their academic advisor to build a program of electives that supports and extends the courses in the Major PATH.

B.S. or B.A. with a major in
JOURNALISM

The journalism major prepares students for leadership roles in rapidly changing media by requiring a strong core of journalism courses within the rich context of a liberal arts education. Courses are designed to foster analytical and critical thinking skills and to teach students to communicate effectively with a mass audience.

Founded in 1914, the journalism program has full national accreditation by the Accrediting Council on Education in Journalism and Mass Communications. Alumni include Pulitzer Prize winners, Nieman fellows and nationally known journalists.

Journalism majors learn about media law, ethics and history, and about the media’s role in an increasingly diverse society. The program emphasizes hands-on learning. Students select either a print/multimedia or broadcast/multimedia emphasis in their professional skills courses. Majors choosing a print/multimedia emphasis have the opportunity to write for a daily newspaper. Students who select the broadcast/multimedia gain on-air experience at the university radio station and report, anchor, videotape and produce a newscast aired on a local cable channel.

Graduates are prepared for jobs as reporters and editors for print, broadcast and online media, and for positions as assignment editors, producers, managing editors, publishers and new media entrepreneurs. Courses are also offered for students interested in specialized careers such as sports reporting, business writing, arts criticism or graphic design.

All majors are encouraged to supplement their course work with media experience at the Kentucky Kernel, the independent daily student newspaper; the Kentuckian, the student yearbook; WUKY, the university’s public radio station, or WRFL, the student-run radio station. All students are required to participate in the school’s internship program.

Degree Requirements

Each student completes the following:

College Requirements

See “College B.A. Requirements” or “College B.S. Requirements” on page 207.

Minor

MKT 300 Marketing Management ................................. 3
A 300+ level course in the Department of Philosophy dealing
   with social or professional ethics, such as PHI 332.

Students must complete a minor offered through UK, with
   the exception of minors in Journalism Studies or Media Arts and Studies.

TOTAL HOURS: .................................. minimum of 120

Note: Of a student’s total course work for a bachelor’s degree, 72 of the 120 hours required for graduation must be in courses other than professional media-based communications.

PATHS

B. S. or B. A. with a major in MEDIA ARTS AND STUDIES

The media arts and studies major offers students a liberal arts program covering a range of issues related to electronic mass communication and electronic personal communication. In addition, students interested in message production or telecommunications management can opt to integrate selected professional or skills-based courses into their program of study.

Socio-cultural media courses address the historical, political and social aspects of telecommunications. Media industry courses examine organizational, economic, and/or technological dimensions of telecommunications systems and the interrelations among these factors. These courses may center on mass communication issues, interactive communication issues, or both.

Media production courses cover the traditional telecommunications areas of audio and video production and the more recent developments in multimedia and Web page design and production.

All media arts and studies majors will take advantage of the experiential learning opportunity provided by a formal internship. The School of Journalism and Media has an excellent internship program which offers the opportunity to work with a wide variety of employers, including companies oriented to the provision of voice, data, and/or video products and services. In addition, students may pursue special interests in media arts and studies through independent study with any of the media arts and studies professors.

Degree Requirements

Each student completes the following:

College Requirements
See “College B.A. Requirements” or “College B.S. Requirements” on page 207.

Minor
Students must complete a minor offered through UK, with the exception of minors in Journalism Studies or Media Arts and Studies.

Subtotal: Major hours ...36
TOTAL HOURS: minimum of 120

Note: Of a student’s total course work for a bachelor’s degree, 72 of the 120 hours required for graduation must be in courses other than professional media-based communications.

At the time of publication, this course had not received formal approval.

Minor in Media Arts and Studies

Any student wishing to minor in media arts and studies should file an application with the School of Journalism and Media after meeting the following requirements:

Complete either MAS 101 or MAS 201
Complete 45 hours of university course work with a cumulative grade-point average of 2.0

Students cannot register for upper-level media arts and studies courses until they have met the above requirements and have been accepted into the media arts and studies minor program.

The minor in Media Arts and Studies requires a minimum of 18 hours course work to include:

1. MAS 101 Introduction to Media and Culture or
MAS 201 Communication Technologies and Society

2. 3 credits from social-cultural media studies group of courses: MAS 319, MAS 323, MAS 420, MAS 505, MAS 520, MAS 530, MAS 540, MAS 555, MAS 560, MAS 590.

3. 3 credits from media industry group of courses: MAS 335, MAS 355, MAS 425, MAS 435, MAS 482, MAS 490, MAS 535.

Note: Students should recognize that most upper-division media arts and studies courses have specific prerequisite courses that must be taken and plan their programs accordingly.

THE SCHOOL OF INFORMATION SCIENCE

B.A. or B.S. with a minor in INFORMATION COMMUNICATION TECHNOLOGY

The Information Communication Technology (ICT) program is designed to educate students to assume leadership roles where the application of information technology (IT) is concerned, with the ultimate goal of equipping students with the tools and soft skills necessary for articulating technology solutions to clients, organizations, and communities. ICT majors will also build expertise in either the technology management or commercialization emphasis area.

The program’s concentration on the human-centered approach to technology teaches students how to be effective users of technology, solve problems specifically related to information and communication, and to facilitate communicating information in meaningful ways. In general, ICT majors are exposed to issues involving information, policy and regulation, and the role of communication technologies in western societies and the developing world.

Graduates are prepared for jobs as desktop support technicians, information security analysts, front-end developers, systems administrators, project managers, and social media managers, to name a few.

Students are encouraged to get involved in extracurricular opportunities within the program, such as education abroad, the ICT Student Association (ICTSA), undergraduate research, independent studies, app development workshops, and professional networking events. ICT majors are required to complete one technology-oriented internship. Our robust professional internship program is a great resource for students who are eager to expand their undergraduate course work and gain hands-on experience in the field.

Degree Requirements
Each student completes the following:

College Requirements
See “College B.A. Requirements” or “College B.S. Requirements” on page 207.

UK Core Requirements
See the UK Core section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

I. Intellectual Inquiry in Arts and Creativity
ICT 200 Information Literacy and Critical Thinking

II. Intellectual Inquiry in the Humanities
Choose one course from approved list

III. Intellectual Inquiry in the Social Sciences
ICT 150 Experience ICT
IV. Intellectual Inquiry in the Natural, Physical, and Mathematical Sciences
Choose one course from approved list .................................3

V. Composition and Communication I
ICT 114 Composition and Communication in the Digital Age I
or
CIS/WRD 110 Composition and Communication I ..............................3

VI. Composition and Communication II
ICT 115 Composition and Communication in the Digital Age II .................................3
or
CIS/WRD 111 Composition and Communication II ..............................3

VII. Quantitative Foundations
Choose one course from approved list .................................3

VIII. Statistical Inferential Reasoning
Choose one course from approved list .................................3

IX. Community, Culture and Citizenship in the USA
Choose one course from approved list .................................3

X. Global Dynamics
ICT 205 Issues in Information and Communication Technology Policy .................................3
Subtotal: UK Core hours ..................................................30

Graduation Composition and Communication Requirement (GCCR)

*ICT 300 ICT in Society ..................................................3

or

*ICT 305 Data Detectives ..................................................3

Graduation Composition and Communication Requirement hours (GCCR) .................................3

*Students in Tracks A and B take ICT 300; students in Track C take ICT 105.

Premajor Requirements
ICT 200 Information Literacy and Critical Thinking .................................3
ICT 201 Personal Knowledge Management ..................................................3
ICT 202 Technology for Information Services ..................................................3
Subtotal: Premajor hours ..................................................9

Major Requirements
ICT 205 Issues in Information and Communication Technology Policy .................................3
ICT 300 ICT in Society ..................................................3
ICT 301 Introduction to Databases ..................................................3
ICT 596 Internship in ICT ..................................................3
Subtotal: Major hours ..................................................12

TRACKS

One of the following tracks:

Track A – Commercialization
Choose four from:
ICT 307 Copyright ..................................................3
ICT 410 Privacy ..................................................3
IS 402 Internet and e-Commerce Regulation ..................................................3
ISC 361 Direct Response Targeting:
Media and Database Management ..................................................3
MAS 322 Multimedia I ..................................................3
MAS 422 Multimedia II ..................................................3
and two 300+ level IS or ICT electives chosen in conjunction with advisor
Subtotal: Track A hours ..................................................18

Track B – Technology Management
Choose four from:
ICT 302 Content Management Systems ..................................................3
ICT 303 Systems Analysis ..................................................3
ICT 351 Technology Security ..................................................3
ICT 552 Cybercrime and Digital Law Enforcement ..................................................3
JOU 330 Web Publishing and Design ..................................................3
MAS 355 Introduction to the Media Industries ..................................................3
MAS 355 Communication and Information Systems in Organizations ..................................................3
MAS 356 Telecommunications Network Management ..................................................3
and two 300+ level IS or ICT electives chosen in conjunction with advisor
Subtotal: Track B hours ..................................................18

Track C – Information Studies
Choose six from:
ICT 311 Introduction to Information Science ..................................................3
ICT 315 Human Relations and Technology ..................................................3
ICT 316 Universal Access: Information and Working Environments ..................................................3
ICT 320 Information Architecture ..................................................3
ICT 325 Multimedia and Technology ..................................................3
ICT 415 Technology Training and Instructional Strategies ..................................................3
ICT 420 Semantic Web Development ..................................................3
Subtotal: Track C hours ..................................................18

In addition, students may take 21 hours of free electives. If students have premajor credit that does not fulfill the premajor courses for ICT that they may have the option of using those credits towards free electives. Otherwise, students may choose from online courses offered by the University.

Cognate Area
15 hours (300+ level) outside the major; can be any collection of courses selected in conjunction with advisor.
Subtotal: Cognate Area hours ..................................................15

TOTAL HOURS: .................................................. minimum of 120

Minor in Information Studies

The minor in Information Studies requires 18 hours of course work to include:
IS 200 Information Literacy and Critical Thinking ..................................................3
IS 201 Personal Knowledge Management ..................................................3
IS 202 Technologies for Information Services ..................................................3

Minor Electives
Choose three courses in conjunction with your advisor:
IS 303 Systems Analysis ..................................................3
IS 326 Electronic Information Resources for Health Professionals ..................................................3
IS 327 Consumer Health Information Seeking ..................................................3
IS 402 Competitive Intelligence ..................................................3

UNDERGRADUATE CERTIFICATES

The University of Kentucky grants the following undergraduate certificates in the College of Communication and Information:

- Health Communication
- Innovation and Entrepreneurial Thinking

Undergraduate Certificate in Health Communication

The Health Communication Undergraduate Certificate is a joint program of the Department of Communication, the College of Public Health, and the Department of Kinesiology and Health Promotion for undergraduate students.

The certificate is designed to give students an enhanced education in communication skills critical to health-related professions, beyond what would normally be received from the UK Core. Upon completion of the certificate students will be able to determine how communication impacts the major contributors for disease prevention and control as well as how to identify and analyze communication strategies that are most effective for health promotion and wellness.

The Certificate in Health Communication is feasibly combined with a broad array of majors across UK’s colleges including the College of Public Health, the College of Education, the College of Arts and Sciences, but particularly the College of Communication and Information and the College of Health Sciences.

Health Communication Certificate Standards

In order to remain in good standing in the program, students must have a 2.0 overall GPA at the end of their first year, and a 2.0 in certificate classes to graduate from the certificate. Students are also required to take three core classes as requirements for the certificate program, as well as program electives.

- Courses taken within three years prior to admission to the certificate can be used in the certificate.
- Certificates will only be awarded to students who successfully complete a Bachelor’s degree, or have completed a four-year degree.
- The certificate requires 15 hours and a minimum of 12 credits of course work in the certificate must be taken for a letter grade.
- The certificate requires 9 core hours of credit (2 communication core and 1 public health core) courses be completed.
- No more than 9 credits taken for a certificate can be used to satisfy the requirements for the student’s major or minor, or another certificate, exclusive of free or unrestricted electives.
• The Director approves the individual certificate curriculum for each student and informs the Registrar when the certificate is complete and may be awarded.
• The awarded certificate is to be posted on the student’s official transcript.

Health Communication Curriculum
Certificate Core Classes

Communication Core
COM 311 Taking Control of Your Health: Patient-Provider Communication ......................... 3
COM 471 Introduction to Health Communication ................................................. 3

Public Health Core
Students must take at least one course from the following courses outside of Communication:
CPS 201 Introduction to Public Health .................................................. 3
CPS 202 Public Health Through Popular Film .............................................. 3
CPS 440 Foundations of Health Behavior ................................................... 3

Electives
In addition to meeting the Communication and Public Health Core requirements, students must take two additional electives from:
COM 287 Persuasive Speaking ................................................................. 3
COM 482 Studies in Persuasion ................................................................. 3
COM 454 Honors Seminar in Communication (Subtitle required) .................................. 3
COM 525 Advanced Issues in Organizational Communication (Subtitle required) .............. 3
COM 535 Risk and Crisis Communication .................................................. 3
COM 571 Interpersonal Communication in Health Contexts ..................................... 3
COM 572 Health Communication Campaigns and Communities .................................. 3
CELLS 629 Introduction to Medical Informatics .............................................. 3
CPS 202 Public Health Through Popular Film .............................................. 3
CPS 310 Disease Detectives: Epidemiology in Action ......................................... 3
CPS 440 Foundations of Health Behavior ................................................... 3
KHP 230 Human Health and Wellness ........................................................ 3

Total required hours: ...................................................................................... 15

*When offered with the subtitle Communication in Healthcare Organizations.

For more information, contact Faculty Director Dr. Kelly McAninch at comm@uky.edu

Undergraduate Certificate in Innovation and Entrepreneurial Thinking

The certificate program in Innovation and Entrepreneurial Thinking is designed to provide a coherent, integrated approach to helping ambitious undergraduate students develop and document the skills needed to become a successful innovator and entrepreneurial thinker. The certificate is multi-disciplinary but is hosted by the College of Communication and Information and includes four courses (12 credit hours) completed over a one- to two-year period. Courses include a mix of topics such as communication and leadership, two elective courses on innovation and entrepreneurial thinking from participating colleges, and a required capstone course (EXP 455) involving a project with the iNET entrepreneur-in-residence.

The undergraduate certificate also provides robust learning and teaching opportunities that will lead to enhanced employment and enterprise creation opportunities for University of Kentucky students.

Innovation and Entrepreneurial Thinking Curriculum

The Certificate of Innovation and Entrepreneurial Thinking curricula are as follows:

• A minimum of 12 credits of course work taken for a letter grade.
• At least 12 credits must be 200 level or above, and a minimum of 6 credits must be at the 300-level or above.
• No more than 9 credits taken for a certificate can be used to satisfy the requirements for the student’s bachelor’s degree, a minor, or another certificate, exclusive of free or unrestricted electives.

• Certificates will only be awarded to students who successfully complete a degree, or have completed a four-year degree.
• The student must complete a three-credit breadth component. The breadth component requires that a student take courses in at least two disciplines, with a minimum of three credits to be completed in a second discipline.
• Student must earn a C or better in each required certificate course to receive the certificate.

Certificate Core Classes

Required:
COM 381 Communication, Leadership, and Entrepreneurship .................................... 3
EXP 455 Capstone Experience in Innovation and Entrepreneurship .......................... 3

plus two 200-level or above elective courses (6 hours) that focus on an innovation and entrepreneurial thinking with the approval of the iNET Academic Certificate Director. Current electives include:
AAD 200 Arts Administration Communications .................................................. 3
AAD 310 Marketing for the Arts ............................................................................. 3
AAD 410 Arts Entrepreneurship ............................................................................. 3
ART 491 Creativity and Innovation ........................................................................... 3
*COM 591 Special Topics in Communication (Subtitle required) .................................. 3
*EDU 300 Special Course ....................................................................................... 3
IS 402 Competitive Intelligence ............................................................................... 3
JOU 430 Media Management and Entrepreneurship ............................................. 3
*MUS 490 Special Topics in Media Industry Studies (Subtitle required) ......................... 3
MGT 292 Introduction to Entrepreneurship ................................................................ 3
MGT 301 Business Management ............................................................................. 3
MKT 300 Marketing Management ............................................................................ 3
MUS 200 Music for Living ..................................................................................... 3
MUS 222 Creativity and Innovation in Rock Music ............................................... 3

*When offered under a subtitle relevant to Innovation and Entrepreneurial Thinking.
