The College of Education prepares students for professional careers in the field of education and human services. In addition to producing excellent teachers, College of Education graduates have gone on to excel in numerous other professional fields.

Ninety-eight percent of the college faculty have attained the highest degrees possible in their fields. The College provides students with access to state-of-the-art technology. Each building is equipped with computer laboratories and new “smart” classrooms to keep students and faculty in pace with the latest technological advances in education.

Whether a student’s interest is teaching, administration, school or counseling psychology, coaching, or special education, a degree from the UK College of Education means that he/she will be prepared for a rewarding career and a lifetime of influence on the lives of others.

Educator Preparation at UK

The educator preparation unit of the University of Kentucky includes programs in the colleges of Agriculture, Communications and Information Studies, Education, Fine Arts, Health Sciences, and Social Work that prepare professionals for careers in public education. The dean of the College of Education is the chief educator preparation officer for the UK educator preparation unit.

The theme of the educator preparation unit is Research and Reflection for Learning and Leading. The vision of the unit is to become one of the nation’s 20 best public professional education units with emphasis on research, reflection, learning and leading.

The mission for the UK educator preparation unit is as follows: the Educator Preparation Unit at the University of Kentucky endeavors to expand the knowledge of teaching and learning processes across a broad educational spectrum. The unit fosters a culture of reflective practice and inquiry within a diverse community of students, faculty, and staff. As part of a research-extensive university, the unit prepares professionals for a variety of roles in educational settings and community agencies and provides leadership in the improvement of the education, health, and well being of citizens in the Commonwealth, the nation, and the world.

Accreditation

The Professional Education Unit for the University of Kentucky is accredited by the National Council for the Accreditation of Teacher Education (NCATE), and all professional educator programs are approved by the Kentucky Education Professional Standards Board (EPSB).

Relationship with the Kentucky EPSB

All University of Kentucky educator preparation programs, initial or advanced, have been approved by the Kentucky Education Professional Standards Board (EPSB), in accordance with Kentucky statutes and regulations. In addition to overseeing all educator preparation programs approved for operation in Kentucky, the EPSB also issues, renews and revokes all Kentucky educator licenses (certificates). Kentucky educator certification regulations are always in a state of change. For the most up-to-date information about educator certification, refer to the EPSB Web site at: www.kyepsb.net.

Financial Aid/Scholarships

The College of Education awards scholarships to both undergraduate and graduate students. Information and application forms are available in 166 Taylor Education Building. The deadline for scholarship applications is February 15.

Graduate Programs in Education

Undergraduate Programs in Education

The University of Kentucky grants the following degrees in the College of Education:

• Bachelor of Arts in Education
• Bachelor of Science in Education

Students pursuing one of the following majors earn a Bachelor of Arts in Education degree: early elementary education, middle school education, secondary education, or special education (learning and behavior disorders). Students selecting the major in secondary education may specialize in one of the following: English, mathematics, science (biology, chemistry, earth science, physical science or physics), or social studies.

Students pursuing health promotion, kinesiology (teacher certification or exercise science), special education (interdisciplinary early childhood education and moderate and severe disabilities) earn the Bachelor of Science in Education degree.

Persons holding a bachelor’s degree from a regionally accredited institution, with a minimum overall GPA of at least 2.50 may pursue initial educator preparation at the undergraduate level by following any of the certification programs described in this Bulletin. If these persons also wish to earn a UK bachelor’s degree, all UK degree requirements must be met. All educator preparation students at the University of Kentucky are expected to meet the requirements for “Admission, Retention and Exit from Teacher Education Programs” as described on pages 177–178 of this Bulletin.

Graduate Degrees and Certificates

The University of Kentucky offers the following graduate degrees for education:

• Master of Arts in Education
• Master of Science (Kinesiology and Health Promotion)
• Master of Science in Education
• Master of Science in Family Studies (Early Childhood Education)
• Doctor of Education (Ed.D.)
• Doctor of Philosophy (Ph.D.)
• Interdisciplinary Doctor of Philosophy (Ph.D. in Education Sciences)
• Rank II (32 hour) and Rank I (30 hour) Programs in Professional Education
Graduate Programs Leading to Advanced Educator Licensure

The University of Kentucky offers graduate programs leading to advanced educator licensure in Reading and Writing, Computer Science in Instructional Systems Design, English as a Second Language, Library Science, Communication Disorders, School Psychology, and School Leadership.

UK Graduate Certificates

The University of Kentucky offers graduate certificates in Middle and Secondary Reading and in Distance Education. (Candidates must hold a valid teaching certificate to enter the Graduate Certificate Program in Middle and Secondary Reading.)

Graduate Programs Leading to Initial Educator Licensure

The following graduate level initial educator certification programs are available at the University of Kentucky: 1) stand-alone certification program in special education/learning and behavior disorders, grades P-12; 2) master of science program leading to certification in moderate/severe disabilities, grades P-12; 3) master of arts in education with initial certification in secondary education, grades 8-12, English, mathematics, science (biology, chemistry, earth science, physical science or physics), social studies; 4) master of arts in education with initial certification, grades 5-12 in business and marketing education; 5) master of science in career and technical education with initial certification, grades 5-12 (options in agriculture education and family and consumer sciences education); 6) master of science in communication disorders with initial certification, grades P-12; and 7) certification program in school psychology, grades P-12.

For more information about programs, please visit the College of Education Web site at: www.uky.edu/education/.

Graduate Alternative Certification Programs Leading to Initial Educator Licensure

Graduate Alternative Certification Programs leading to initial educator licensure are offered in the areas of Moderate and Severe Disabilities P-12, Middle School Education 5-8, and Secondary Education 8-12. Students who wish to enroll in a Graduate Alternative Certification Program must be employed in one of the participating school districts, and must meet the College of Education Admission, Retention and Completion standards, and the standards of the UK Graduate School. Graduate Alternative Certification Programs are three-year programs, including the Kentucky Teacher Internship Program. Additional alternative certification programs are under development and may become available at any time. Contact the Office of the Associate Dean for Academic and Student Services for more information.

Special Facilities and Services

The Education Library provides a wide range of education materials, with over 400 journals and 100,000 books, plus children’s literature and Kentucky state-approved textbook collections. In addition, major education databases are available through the library’s Web site at: www.uky.edu/Libraries/edu/

The College’s newly-formed Kentucky P20 Innovation Lab: A Partnership for Next Generation Learning gives students the chance to be part of transforming education to energize and empower today’s students, who were born into a digital age. The Innovation Lab charges college students to play an active role in creating pathways that will lead to a love of learning for generations to come.

The Center for Educator Preparation Information Systems provides database and information system support for the College of Education. In addition, persons associated with the center engage in projects to make information systems technology more accessible to educator preparation programs nationally and in the Commonwealth.

The Instructional Technology Center provides media services to students, faculty, and programs of the College of Education. Services include computer classrooms, computer hardware and software support, presentation technology, circulation of nonprint teaching materials and audiovisual equipment; a materials preparation laboratory; graphic, photographic, and recorded media; and facilities for working with films and electronic media. The staff is available to assist with a wide range of technology-related activities.

The Literacy Clinic provides diagnostic and instructional services. Reading and language arts materials, children’s literature, professional texts and journals, and other reference materials are available. Tutors are recommended, based on availability.

The Office of Diversity and Equity, 128 Taylor Education Building, (859) 257-1229, serves to “reach” minority students currently enrolled in the College, to become aware of their concerns, to provide needed support, and to encourage participation in activities and programs of particular interest to education majors. The office also works with local and adjacent school districts to implement Future Educators of America clubs, collaborates with Bluegrass Community and Technical College in identifying students who are interested in teaching, participates in campus-wide minority recruitment and retention activities, and builds community awareness of the need for minority teachers through participation in various projects.

The Institute on Education Reform coordinates the efforts of the College of Education to implement the Kentucky Education Reform Act (KERA). The Institute has three major goals: to stimulate research related to the implementation and effectiveness of KERA initiatives; to serve as a clearinghouse for information related to education reform in Kentucky; to provide staff development for teachers and administrators; and to redesign College of Education professional preparation programs to prepare graduates for the restructured schools of Kentucky.

The University of Kentucky Council on Economic Education works with classroom teachers to identify graduate courses, in-service programming, and seminars to help teachers integrate economic concepts into the school curriculum.

The Office of Educational Research and Development provides technical support to faculty and staff involved in research and proposal development, particularly as these enhance the College’s participation in the Kentucky Education Reform Act (KERA), assists in follow-up studies of graduates, and assists with internal studies and evaluations of programs.

The Policy Analysis Center for Kentucky Education (PACKE) conducts research on policy issues related to education and evaluates implemented policies and programs.

The Office of Higher Education Research and Development conducts research on questions on higher education that are important to Kentucky. Research results are shared with the Council on Postsecondary Education and other institutions in Kentucky.

The Biodynamics Laboratory is a multidisciplinary facility housed in the Center for Biomedical Engineering. Faculty and students from Kinesiology and Health Promotion, Biomedical Engineering, Sports Medicine, Athletic Training, Minimally Invasive Surgery, and other related fields use high-speed videography, electromyography, and force measures to understand human movement.

The Pediatrics Exercise Physiology (PEP) Laboratory is one of only a handful of facilities in the world designed specifically to serve the needs of pediatrics patients.

The UK Body Composition Core Laboratory (BCCL) is a human-based laboratory facility specifically designed to provide state-of-the-art body composition analysis for research and clinical investigations.

The Collaborative Center for Literacy Development (CCLD), 120 Quinton Court, Suite 200, was established by the Kentucky General Assembly in 1998 to make available training in literacy for educators and to promote literacy development. The Center focuses on six requirements laid out in Senate Bill 186, to: provide professional development and coaching for classroom teachers to implement reliable research-based reading models; establish a demonstration and training site for early literacy at each of Kentucky’s public universities; collaborate with public and private post-secondary institutions to provide quality pre-service and professional development in early reading instruction; assist
districts located in areas with low reading skills to assess and address identified literacy needs; identify models of reading instruction supported by research; and develop and implement a clearinghouse for information about reading models. The CCLD works to improve achievement for students pre-school through adulthood.

The School Psychology Clinic, 641 Maxwell Court, (859) 257-1381, provides diagnostic assessment, intervention and consultative services to assist children, adolescents, college students, and adult learners with psychological and educational concerns. The clinic is also organized to provide supervised training for graduate students in school psychology at the University of Kentucky. Referrals and requests for services are accepted from parents, teachers, counselors, and others, as well as from school systems, community agencies and organizations.

The Counseling Psychology Services Clinic, 251 Dickey Hall, (859) 257-4159, is operated by the Department of Educational, School, and Counseling Psychology. The CPS Clinic provides individual, couples, family, parent-child, and group counseling. Diverse populations are welcome; personal, career, and interpersonal issues can be addressed. The CPS Clinic serves as a training facility for advanced-level masters and doctoral students who are supervised by licensed psychologists. Fees for the CPS Clinic operate on a sliding scale to allow the greatest number of individuals in Lexington and the surrounding counties to be served.

The Center for Traumatic Stress Research, 251 Dickey Hall, (859) 257-9338, is a multi-service psychological trauma center dedicated to providing specialized counseling services to trauma survivors. The Center offers short-term psychotherapy to individuals of all ages, critical incident stress debriefings, and assessment and evaluation of posttraumatic symptomatology for litigation and/or disability claims. The Center also serves as a training clinic for graduate students in Counseling Psychology.

General Information

Students who wish to be recommended for any state educator licensure (certification) must meet the requirements of the Kentucky Education Professional Standards Board, and the University of Kentucky Senate.

Students desiring to be recommended for initial certificates in a major must be admitted to the Teacher Education Program associated with that major. The number of students admitted to any UK teacher education program each year depends upon the availability of resources for maintaining quality instruction.

Admission to a teacher education program is highly selective and may be competitive. Meeting minimum requirements for application does not guarantee admission.

Students will be recommended for degrees only upon completion of approved degree programs. Students who have not been admitted to a teacher education program will not be permitted to enroll in courses requiring Teacher Education Program admittance.

ADMISSION, RETENTION AND EXIT FROM TEACHER EDUCATION PROGRAMS

A student must be admitted, retained in, and successfully exit from a state-approved teacher education program in order to receive a teaching certificate. The components of an approved teacher preparation program include: 1) an earned bachelor’s degree from a regionally accredited institution of higher education, 2) completion of approved teaching subject matter field(s), 3) successful completion of state mandated testing, 4) completion of a teacher preparation program, including student teaching, 5) and verification by program faculty that all applicable standards have been met.

The College of Education Certification Program Faculties, the College of Education Director of Academic Services and Teacher Certification, and the University Registrar are charged with the responsibility to monitor a student’s progress through the teacher preparation program, and to recommend to the Kentucky Education Professional Standards Board (EPSB) that a successful candidate be awarded a state teaching license (certificate).

Continuous Assessment in Teacher Education Programs

A student’s progress through all teacher preparation programs is continuously monitored, assessed, and reviewed. In addition to typical evaluation processes that occur as part of their course work and field placements, students will be assessed a minimum of three times during their program by representatives of their respective program faculty.

The three assessments will occur upon entry into the Teacher Education Program, at a midpoint in the program (no later than the semester prior to student teaching), and as students exit the program following student teaching. Assessments will include, but are not limited to: (a) appropriate scores on approved standardized tests, (b) review of grades via inspection of transcript, (c) personal and professional skills assessed during interviews with program faculty when taking campus based courses, and during field experiences, (d) portfolio documents, and (e) continued adherence to the Kentucky Professional Code of Ethics.

Following admission to a Teacher Education Program, if problems have been identified at any assessment point, program faculty will determine a plan for addressing the problems and implement the plan including feedback and direction to the student. In addition, if specific strengths are recognized during these assessments, the student will be commended.

Standards for Admission to a Teacher Education Program

1. Candidates for admission must have completed at least 60 semester hours, or, if pursuing initial certification as a post-baccalaureate graduate or graduate student, must have earned a bachelor’s degree from a regionally accredited institution of higher education. Early Elementary Education majors may apply to the Teacher Education Program after completing 45 hours.

2. Candidates for admission must demonstrate academic achievement by earning a minimum overall GPA of 2.50. In addition, post-baccalaureate graduate and graduate level students must demonstrate a minimum 2.50 GPA in the teaching subject matter field(s). Students seeking admission to a Master’s Degree initial certification program must also satisfy UK Graduate School admissions standards.

3. Candidates for admission must certify their knowledge of the Kentucky Professional Code of Ethics and must sign a statement crediting character and fitness review.

4. Candidates for admission must demonstrate aptitude for teaching by presenting three letters of recommendation from individuals who can attest to the candidate’s potential success in teaching.

5. Candidates must present an Admissions Portfolio. Although the contents of the portfolio will vary by program, it will include at least the following: “best piece” of writing in the subject matter field(s), evidence of experience with students and/or community; and a written autobiography or resume.

6. Candidates for admission must demonstrate an acceptable level of skills in written communication. This will be assessed through an on-demand writing task at the time of the interview. In lieu of an on-demand task, program faculty may require that the candidate demonstrate having earned a minimum grade of B in a college-level written composition course.

7. Candidates for admission must demonstrate an acceptable level of skills in oral communication. This will be assessed by the program faculty at the time of the admissions interview. In lieu of assessing oral communication skills at the time of the interview, the program faculty may require that students have earned at least a B in a college level public speaking course.

8. Candidates for admission must present acceptable scores on one of the following standardized tests:

- ACT – with minimum composite score of 21.
Retention of Candidates in Teacher Education Programs

The progress of candidates who have been admitted to a teacher education program is continuously monitored. Some of the items which are monitored are: (a) whether a student continues to earn grades of C or better in professional education classes, (b) whether a student continues to maintain 2.50 minimum GPAs overall, 2.50 in the professional education component as defined in the student’s program description, and 2.50 in all required subject areas, (c) whether a student continues to demonstrate adherence to the EPSB Professional Code of Ethics, and (d) whether adequate progress is being made in building the Working Portfolio.

If problems are identified, program faculty will determine a plan for addressing the problems and implement the plan including feedback and direction to the student.

Prior to the student teaching semester, each candidate will be asked to provide evidence in the form of the Working Portfolio to demonstrate the acquisition of skills related to teaching in the chosen subject field, and to document progress in any identified problem areas. Each candidate’s portfolio will be reviewed by the appropriate program faculty, and continued progress through the program will be contingent on the results of this midpoint review.

Admission to student teaching requires a successful retention review and recommendation by the program faculty that the candidate be allowed to student teach.

All teacher certification candidates are encouraged to complete the required state-mandated examinations prior to beginning student teaching.

Exit from Teacher Certification Programs

All candidates for completion of a teacher education program must continue to meet all standards for admission and retention at the time of exit.

At exit all teacher certification candidates must present an Exit Portfolio for review by the appropriate program faculty. The exit portfolio will be organized by Kentucky New Teacher Standards and will include a mix of items selected by the candidate and required by the particular program faculty.

The program faculty must certify that a review of the Exit Portfolio, and other pertinent documents has demonstrated that the candidate has met all of the Kentucky New Teacher Standards as a prerequisite to recommending the candidate for a teaching license.

Prior to exit from the teacher certification program all candidates must achieve required cut-off scores on all Kentucky state mandated teacher certification tests.

State Mandated Testing and the Kentucky Teacher Internship

Successful completion of the examinations required by the Kentucky Education Professional Standards Board is a precondition for the granting of a teaching license (certificate).

Upon being recommended by the College of Education for a Kentucky Teaching License (Certificate), a candidate will be issued a Kentucky Letter of Eligibility for the Kentucky Teacher Internship Program. Upon employment in a Kentucky P-12 school, the candidate will receive a one-year license to practice as a fully qualified intern teacher. After successfully completing the internship year, the candidate will be eligible for a regular Kentucky Professional Teaching License (Certificate). An exception to this rule are the Kentucky Alternative Certification Programs. In these programs, the Kentucky Teacher Internship is part of the program, which allows candidates, upon completion of the program, to be recommended for a full professional educator license (certificate).

Information concerning licensure in other states is available from the College of Education office of Academic Services and Teacher Certification.

Admission and Graduation for Secondary Education Students Not Seeking Admission to a Teacher Certification Program

1. All students pursuing a secondary education major without teacher certification must be admitted to advanced standing as described in items 2 - 4 below.

2. To be admitted to advanced standing, a student must have completed at least 60 semester hours.

3. Students must demonstrate academic achievement by earning a minimum overall GPA of 2.50 at the time of applying for advanced standing. At the time of graduation, students must demonstrate not only a minimum overall GPA of 2.50, but also a minimum GPA of 2.50 in the teaching subject matter field(s).

4. All requests for admission to advanced standing must be reviewed by appropriate faculty advisors. Students not recommended for advanced standing by an appropriate advisor are ineligible to continue in or graduate from College of Education programs.

Calculation of GPAs for Admission to Initial Certification Programs

GPA Rules

All candidates for admission to a UK initial teacher certification program must have earned an undergraduate cumulative GPA of at least 2.50.

In addition, candidates for admission to a grade level initial certification program, i.e., secondary programs, career and technical education, must have earned in their subject area fields a GPA of at least 2.50.

Master’s degree initial certification programs require a cumulative GPA of 3.0 for all graduate work prior to admission to the program.

UK cumulative GPAs are figured using the rules of the UK Registrar.
Undergraduate initial certification programs require a UK cumulative GPA of 2.50 calculated after the completion of at least twelve semester credit hours.

All courses used to satisfy subject matter certification requirements are used to calculate subject matter GPAs. Verification of subject matter GPAs requires the use of any applicable non-UK transcripts for information about grades, credit hours and quality points.

Master’s degree initial certification programs require an undergraduate degree with an overall GPA of 2.50, but do not require a UK cumulative GPA prior to admission.

Post bachelor’s degree initial certification programs require an undergraduate degree with an overall GPA of 2.50, but do not require a UK cumulative GPA prior to admission.

**Determination of GPAs for Admission to Initial Certification Programs**

If the initial certification program requires a UK GPA, the GPA would be calculated using the rules of the UK Registrar.

If the initial certification program does not require a UK GPA, the required cumulative GPA of at least 2.50 is taken directly from the transcript that shows the award of the Bachelor’s degree.

If an initial program requires review of the graduate GPA, all graduate courses taken on all transcripts are used to calculate the graduate GPA of at least 3.0.

Candidates for admission to a post-baccalaureate graduate initial certification program with less than a 2.50 cumulative GPA may establish a UK undergraduate GPA for the purposes of admission to the program. The UK GPA calculated for this purpose must include at least 12 semester hours taken from four sections of the UK University Studies categories and approved courses lists.

Subject area GPAs are calculated using all courses included on the candidate’s approved subject area course listing form.

Questions regarding the College of Education Admission/Retention/Exit policy should be directed to:

**Office of Academic Services and Teacher Certification**
166 Taylor Education Building
University of Kentucky
Lexington, KY 40506-0001
(859) 257-7971
www.uky.edu/education/

**General Rules for Student Teaching**

A student may enroll in student teaching in one of the educator preparation programs provided he or she has:

1. been admitted to and retained in the appropriate teacher education program;
2. maintained a grade-point standing of at least 2.50 in (a) subject matter area(s) as defined by the program, (b) professional education, (c) related studies, and (d) overall;
3. completed all professional education courses except student teaching;
4. completed a minimum of 75 percent of the required subject matter courses;
5. applied and been accepted for student teaching two semesters prior to the one in which student teaching is to be done;
6. completed the required national and state criminal background check with no criminal background identified;
7. been accepted by the school system and supervising teacher where he or she plans to do student teaching;
8. scheduled no more than 3 hours of college work to be carried during student teaching with no classes scheduled to interfere with the student teaching assignment; and,
9. presented evidence of having had a specified physical examination.
10. P-12 certification programs require student teaching in more than one grade level.

**Policy on Intensive Field Experiences**

The University of Kentucky College of Education is committed to preparing candidates for the teaching profession who are effective, reflective decision-makers. To that end, and in order to meet state certification regulations and national accreditation requirements, teacher candidates complete an array of carefully planned field experiences. These experiences are systematically integrated into the teacher education program curriculum.

In order to ensure high-quality experiences, the College has established a network of clinical sites where candidates complete field placements. These sites are part of the university’s extended campus known as the university clinical/field network. Sites are selected at the program level (i.e., by the program faculty that governs the curriculum for the particular certification area). Selection decisions are made using specific criteria that are directly linked to program goals, accreditation standards, and certification requirements.

All teacher candidates are expected to complete their intensive field experiences (referred to as practicum and student teaching) in these approved clinical sites.

**Character and Fitness Reviews**

All students seeking admission to, retention in, or completion of a UK educator preparation program, must complete a state mandated character and fitness review. In addition, students with records of misconduct beyond simple traffic violations must provide complete documentation of this misconduct utilizing written procedures available in the office of Academic Services and Teacher Certification. Records of misconduct will be available for use by program faculties in making decisions about admission, retention and completion of the program. Students must also complete any state-mandated background checks, which may include a national check of FBI records. By Kentucky statute, persons with records of serious legal misconduct are ineligible for student teaching, state teaching licensure, or employment in the public schools. Students are responsible for completing all required background check procedures in a timely manner so that decisions about their movement through the program may be made.

**Appeals**

Candidates who are denied admission to an educator certification program, not retained in the program, or denied completion of the program, may appeal the decision of the program faculty.

The first appeal is for the program faculty to reconsider its initial decision. Candidates must request a reconsideration within 30 days of the date on the letter of denial. The request for reconsideration must be presented to the program faculty chair, who will call a meeting of the program faculty to review the original decision. The program faculty chair will notify the Director of Academic Services and Teacher Certification of the faculty’s decision, and the Director will notify the candidate in writing.

If the program faculty does not alter its initial decision, the candidate may appeal to the College of Education standing committee on Undergraduate Admissions and Standards or the College of Education standing committee on Graduate Admissions and Standards. Candidates wishing to appeal to one of these admissions and standards committees must present their request for committee review to either the Associate Dean for Academic and Student Services or the Associate Dean for Research and Graduate Studies. The Associate Dean will assemble the necessary materials, call the committee together to hear the appeal, and inform the candidate of the committee’s decision. The Associate Dean will also notify the Director of Academic Services and Teacher Certification so that student records may be updated. For purposes of admission, retention or completion of educator certification programs, the decision of the admissions and standards committee is final.

**Standards and Standards Sets in Educator Preparation Programs**

All College of Education programs are standards-based, requiring candidates to meet these standards before completing an educator preparation program. Candidates are assessed on these standards at the three continuous assessment points: admission to the program, prior to final practicum experiences, and at program completion.
There are three core sets of standards required for completion of all College of Education educator preparation programs. They are: Interdisciplinary Early Childhood Education Standards (IECE), New Teacher Standards (IECE), or Administrator Standards (ISLLC) (whichever is appropriate for the candidate’s program.) For brevity, only the IECE and NTS standards sets are included in this section. Candidates should see their program faculty chairpersons concerning the standards that are applicable to their particular program.

Interdisciplinary Early Childhood Education Birth to Primary Standards (IECE)

1. Designs/plans instruction
2. Creates/maintains environments
3. Implements instruction
4. Assesses and communicates learning results
5. Reflects/evaluates professional practices
6. Collaborates with colleagues/families/others
7. Engages in professional development
8. Supports families
9. Demonstrates implementation of technology

Beginning (New) Teacher Standards (NTS)

1. Designs/plans instruction
2. Creates/maintains environments
3. Implements instruction
4. Assesses and communicates learning results
5. Reflects/evaluates teaching/learning
6. Collaborates with colleagues/parents/others
7. Engages in professional development
8. Knowledge of content
9. Demonstrates implementation of technology

College of Education Skills and Dispositions

1. Communicates appropriately and effectively
2. Demonstrates constructive attitudes
3. Demonstrates ability to conceptualize key subject matter ideas and relationships
4. Interacts appropriately and effectively with diverse groups of colleagues, administrators, students, and parents in educational settings
5. Demonstrates a commitment to professional ethics and behavior

College of Education Technology Standards

1. Integrates media and technology into instruction
2. Utilizes multiple technology applications to support student learning
3. Selects appropriate technology to enhance instruction
4. Integrates student use of technology into instruction
5. Addresses special learning needs through technology
6. Promotes ethical and legal use of technology disciplines

Applying for Kentucky Educator Licenses

The University of Kentucky offers programs for most initial and advanced professional educator licenses (certificates) issued by the Kentucky Education Professional Standards Board (EPSB). EPSB license requirements are subject to change by the EPSB at any time.

UK candidates for Kentucky professional educator licenses must submit all required application materials to Academic Services and Teacher Certification, 166 Taylor Education Building, Lexington, KY 40506-0001. Recommendations to the EPSB that an educator license be issued are based upon a final audit of all program completion requirements.

GRADUATION REQUIREMENTS

To graduate from the College of Education, a student must: 1) complete all specific program requirements as listed in this Bulletin; and 2) meet all requirements of the College of Education admission/retention/exit policy.

Because most students are pursuing both a UK degree and a state educator license (certificate), it is extremely important that advisors are consulted frequently to be sure that the best selection of courses is made to meet both requirements.

Undergraduate Advising

Lower-division advising (freshman and sophomore standing) is accomplished and coordinated through Academic Services and Teacher Certification, 166 Taylor Education Building. (Kinesiology and Health Promotion advising takes place in the Seaton Center.)

Upper-division students (junior and senior standing) and students admitted to a teacher education program are assigned faculty advisors.

DEPARTMENTS IN THE COLLEGE OF EDUCATION

Curriculum and Instruction

The Department of Curriculum and Instruction offers both undergraduate and graduate programs. Undergraduate programs prepare teachers for elementary, middle school, and secondary levels. Graduate programs include: advanced degrees in teaching at elementary, middle, and secondary levels; preparation for teaching at the college/university level; and preparation for instructional design roles in business and industry.

Educational, School, and Counseling Psychology

The Department of Educational, School, and Counseling Psychology offers course work leading to provisional and standard certification and licensure in the Commonwealth of Kentucky, by the Education Professional Standards Board and the Kentucky Board of Psychology, respectively. The UK counseling and school psychology doctoral programs are accredited by the American Psychological Association (APA), and the doctoral and specialist degree programs in school psychology are approved by the National Association of School Psychologists (NASP) and the National Council for the Accreditation of Teacher Education (NCATE).

Educational Leadership Studies

The Department of Educational Leadership Studies seeks to improve the quality of American education through improved training and competence of administrators. The department is particularly mindful of its obligation to supply the needs of Kentucky for high quality administrators in public schools and educational agencies. Advanced programs are offered to meet certification requirements for elementary, middle, and secondary principals, supervisors of instruction, and superintendents of schools.

Educational Policy Studies and Evaluation

The Department of Educational Policy Studies and Evaluation provides a unique opportunity for students who wish to develop the knowledge, judgment, and research skill required to address educational issues with flexibility and imagination. Students are offered the resources of historical, sociological, philosophical, and comparative analysis; knowledge of current educational issues; expertise in evaluation research; and the opportunity to learn skills necessary to evaluate the significance of studies that bear on policy. The department offers advanced degrees only.
Kinesiology and Health Promotion

The Department of Kinesiology and Health Promotion offers undergraduate courses and degree programs in kinesiology (physical education) and health promotion. Students are encouraged to take one 1-credit physical education class each semester during the first two years of college.

The Physical Education University Service program offers beginning instruction in both individual and team activities. Individual skill instruction is available in weight training, conditioning and fitness, golf, racquet sports, gymnastics, swimming, scuba diving, aerobic running and swimming, and dancing. Instruction in such team activities as basketball, soccer, volleyball, and softball is also available. In addition, intermediate and advanced courses in many of the activities are offered.

The kinesiology program is designed for students interested in teaching as well those interested in the application of knowledge and skills in kinesiology and health promotion in commercial settings. Students desiring teacher certification will complete one or more of the programs in kinesiology and health promotion described in this Bulletin. The department also offers a non-teacher certification kinesiology program in exercise science.

The purpose of health promotion is to promote quality of life for all people. This area of study is interdisciplinary, extending into biology, psychology, sociology, and medicine. Health promotion generally focuses on the whole individual, including social and emotional dimensions, not just the physical. The primary focus of course work in health promotion is on teacher certification. Opportunities for health educators exist in community agencies, adult fitness programs, and health education programs in industry and business. The department offers a minor in health promotion that does not lead to teacher certification.

Special Education and Rehabilitation Counseling

The Department of Special Education and Rehabilitation Counseling offers three different programs of study at the undergraduate level: (1) interdisciplinary early childhood education; (2) learning and behavior disorders; and (3) moderate/severe disabilities.

The department offers graduate level programs leading to initial educator certification in learning and behavior disorders, moderate/severe disabilities, and interdisciplinary early childhood education. Students may also pursue the masters degree in rehabilitation counseling, and graduate advanced preparation in a variety of special education topics.

DEGREE PROGRAMS IN THE COLLEGE OF EDUCATION

B.A. in Education with a major in EARLY ELEMENTARY EDUCATION

Requirements for Program

The Early Elementary Education Program is aligned with the New Teacher Standards of the Kentucky Education Professional Standards Board, and the national standards for elementary education approved by the National Council for the Accreditation of Teacher Education.

The model for the early elementary education program presumes a collaborative relationship between school and university personnel focused on ensuring a high level of individual attention to the mentoring and socialization of teacher candidates. The faculty recognizes that this is a labor-intensive process, requiring sustained time and effort by all parties. Work in early elementary education must be guided by two principles: first, a commitment to continuous improvement based on reflection, evaluation, and on-going research; second, a commitment to peer collaboration as a source of professional growth for teacher candidates as well as school and university faculty.

To receive the B.A. degree in Early Elementary Education, students must: (1) complete the University Studies Program; (2) complete the program related studies courses; and (3) complete the professional education component.

Continuous Assessment

1. Admission to the program is based on a selective admission process that generally occurs after students have completed 60 hours of university course work. All students are expected to meet the standards and rules for Admission, Retention and Exit from the Teacher Education Program as set forth in the section “Admission, Retention and Exit from Teacher Education Programs” on pages 177-178.

2. Assessment at the Point of Entry to the Early Elementary Education Program. At the point of entry students must present an admission portfolio which includes the following: a) a “best piece” sample of writing which demonstrates ability to research a topic in some depth; b) evidence of multicultural/cross-cultural experience with written reflection on the experience; c) evidence of having completed 30 hours of community service with early elementary age children, including a written reflection on the experience; d) evidence of having completed 20 clock hours of field experience in an elementary school, supervised by a qualified person; and, e) a written autobiography. Also at the time of entry, students will be required to complete an on-demand writing task.

3. On-Going Assessment: Assessment During the Professional Introduction Semester. Assessment of progress in the Professional Introduction semester includes assessment strategies specific to individual courses, but also includes an overall “Professional Introduction Portfolio.” This portfolio is intended to be an extension of the admissions portfolio, adding the following exhibits: a) philosophy of education statement (this will be modified as candidates move through the program); b) “best piece” samples from course work that show evidence of content knowledge, pedagogical content knowledge, and effective practice (given the students’ level of experience); and c) evidence of competence in instructional applications of technology and systems of information management.

4. Assessment of Progress in the Professional Block. This includes assessment strategies specific to individual methods courses that confirm content as well as pedagogical knowledge. It also includes some additional assessments. At the beginning of the semester, students’ Professional Introduction Portfolios are reviewed and placement needs are discussed. Once the semester begins, students are observed throughout the semester by their supervisor and are assessed using an observation form which directly reflects the New Teacher Standards. Students also submit videos of themselves teaching and an analysis of these as well as other lessons they have taught. The supervisors provide feedback on these lessons as well. The faculty also reviews students’ Professional Development Plans. Each student develops a Professional Development Plan (PDP) in cooperation with UK faculty and school-based faculty. The PDP includes reflections on the student’s strengths and areas that need further work. This document serves as a planning tool for student teaching. Students also continue the development of their teaching portfolio, adding information that demonstrates competence on tasks related to the New Teacher Standards for each Professional Block course.

5. Assessment During the Student Teaching Semester. Students are assessed in a variety of ways during this semester. Student assignments include: observations reports, developing a thematic unit, critiquing their own teaching using videotapes, completing two solo weeks, and further developing their teaching portfolios.

Statement on Student Teaching

Students in the early elementary education program complete 16 weeks of student teaching, concentrating on the ages in grades P-5. (See the section on “Student Teaching” on page 179 for additional information on student teaching.)
College of Education

University Studies Component (38-50 hours)

Basic Skills
A. MA 109 or MA 110 or Math ACT 26 or
UK by-pass exam or any calculus course .......... 0-4
B. Two semesters foreign language or
two years high school foreign language .......... 0-8

Inference and Communication Skills
A. STA 200 plus PHI 120 or PHI 320 .......... 6
B. ENG 104 ..................................................... 4

Disciplinary Requirements
A. Natural Sciences
BIO 102 and BIO 103 and BIO 111 .......................... 7
B. Social Sciences
Choose one course from two separate disciplines below:
ANT 101, ANT 241, ANT 242
ECO 101, ECO 201
GEO 152, GEO 172, GEO 222, GEO 240
GWS 200
PS 101, PS 235
SOC 235, SOC 335 .................................................. 6
C. Humanities
HIS 104 and HIS 105
or
HIS 108 and HIS 109 .................................................. 6

Cross-Cultural
Choose one course from the approved list of
cross-cultural courses .............................................. 3

Electives
Choose one course from the following:
ENG 230, ENG 231, ENG 232, ENG 233, ENG 234, ENG 261, ENG 262, ENG 264, ENG 281 .............. 3
Choose one art, music or theatre arts course from
the USP Humanities listings .................................. 3
*Students must notify the English Department if used
to fulfill the Graduation Writing Requirement.

NOTE: Students may use University Honors Program courses (HON) and/or Discovery Seminars (DSP) to fulfill
some of the above USP requirements.

Program Related Studies (37 hours)
A-E 200 Workshop in Design Education
for Elementary Teachers .............................................. 3
MUS 266 Teaching Music in Elementary Grades ....... 3
MA 201 Mathematics for Elementary Teachers ...... 3
MA 202 Mathematics for Elementary Teachers ...... 3
PSY 101 Introduction to Psychology ......................... 4
GLY 160 Geology for Teachers ................................. 3
PHY 160 Physics and Astronomy for Teachers ........... 3
Choose one of the following courses:
HIS 580, PS 456G, APP 200, GEO 322, HIS 240 .................................................. 3
LIS 510 Children’s Literature and Related Materials
or alternative (e.g., lower-division equivalent from
community college) .................................................. 3
Select two courses from the following (must be different from
courses used in USP Electives):
MA 310, MA 241, EDC 334, ENG 205, ENG 207, ENG 211, ENG 230, ENG 231, ENG 232, ENG 233, ENG 234, ENG 261, ENG 262, ENG 264, ENG 281, EDC/ENG 509 .................................................. 6
Free Elective .................................................. 3

Professional Education Requirements (48 hours)

All of the following courses require admission to the
Teacher Education Program:
*EDP 202 Human Development and Learning .......... 3
*EPE 301 Education in American Culture ............... 3
KHP 380 Health Education in the
Elementary School .................................................. 2
KHP 382 Physical Education for
Elementary School Teachers .................................. 2
EDC 329 Teaching Reading and Language Arts ........ 3
EDP 303 Teaching Exceptional Learners
in the Elementary Classroom .................................. 2
EDC 332 Classroom Management and Discipline ...... 3
EDC 322 Elementary Practicalicum ......................... 2
EDC 326 Teaching Social Studies
in the Elementary School ........................................ 3
EDC 328 Teaching Science
in the Elementary School ........................................ 3
EDC 337 Teaching Mathematics
in Elementary Schools ............................................. 3
EDC 339 Designing a Reading and Language
Arts Program for the Elementary School .............. 3
EDC 317 Introduction to Instructional Media ............. 1
EDS 447 Strategies for Including Students with
Disabilities in the Elementary Classroom ............... 2
EDC 433 Student Teaching in the Elementary School .................. 12

*Students beginning their work in a public Kentucky
community college may complete EDP 202 and a lower-
division equivalent of EPE 301 before applying for admis-
sion to the Teacher Education Program at UK.

B.S. in Education with a major in
HEALTH PROMOTION
(Teacher Certification Program)

Requirements for Program
The Department of Kinesiology and Health Promotion
offers undergraduate courses and degree programs in kinesiology (physical education)
and health promotion. These programs support the UK educator preparation unit’s
theme of Research and Reflection for Learning and Leading. The process of reflective decision-
making is imbedded in the departmental philosophy that students learn best through experienc-
ing. The Health Promotion Program is guided by the
standards of the American Association of
Health Education (AAHE) and the Kentucky
New Teacher Standards.

The health promotion program ensures an understanding of and knowledge about the struc-
ture of the health promotion discipline through the content and methodology courses in sexual-
ity education, drug education, human health and
wellness, nutrition, and program planning in
health education. The purpose of health promo-
tion is to promote quality of life for all people.
This area of study is interdisciplinary, extending
into biology, psychology, sociology, and medici-
ne. Health promotion generally focuses on the
whole individual, including social and emotional
dimensions, not just the physical.

The B.S. in Health Promotion requires comple-
tion of the following: (a) the University Studies Program; (b) specified course work in Program
Related Studies and Professional Education; and
(c) the health promotion major. Students wishing
to pursue certification both in health and kinesi-
ology must follow the kinesiology program de-
scription.

Continuous Assessment
1. All students in the health promotion pro-
gram are expected to meet the standards and rules
for Admission, Retention, and Exit from Teacher
Education Programs as set forth in the section
“Admission, Retention and Exit from Teacher
Education Programs” on pages 177-178.

2. The health promotion program stimu-
lates higher performance goals for high-perform-
ing students by offering several modes of perfor-
mance. Examples are: (a) skills in performing
physical activities; (b) skills in writing and oral
presentations in theory courses; (c) computer

3. After admittance to the program, stu-
dents not only must maintain a 2.50 GPA, they
must continue to exhibit desirable professional
characteristics to remain in the program. Stu-
dents who demonstrate a lack of commitment,
effort, professional behavior, knowledge, or teach-
ing skills may be removed from the program until
these characteristics are demonstrated.

Statement on Student Teaching
Students who are majoring in Health Promotion
will enroll in:
KHP 371 Student Teaching in Health Education ........ 12

University Studies (39-53 hours)
*See University Studies Program section of this Bulletin for
listing of allowable USP courses.

Program Related Studies Course Sequence (19 hours)

*PSY 100 Introduction to Psychology ................. 4
*SOC 101 Introduction to Sociology ........................ 3
*BIO 102 Human Ecology .................................. 3
*BIO 103 Basic Ideas of Biology ............................ 3
PGY 206 Elementary Physiology ............................ 3
ANA 209 Principles of Human Anatomy ............... 3

*May be taken for USP credit.

Professional Education Course Sequence (25 hours)

EDP 202 Human Development and Learning .......... 3
EDP 203 Teaching Exceptional Learners
in Regular Classrooms ............................................. 3
EPE 301 Education in American Culture ............... 3
*EDC 317 Introduction to Instructional Media ........... 1
*KHP 430 Methods of Teaching Health Education .... 3
*KHP 371 Student Teaching in Health Education ....... 12
*These courses require admission to the Teacher Edu-
cation Program.

Majors and Minors (48-51 hours)

Plan I
Health Promotion Major (30 hours) and one or more univer-
sity-approved minors (18-21 hours). Note: University-ap-
proved minors outside of the College of Education must be
planned with an advisor in the appropriate college if the
student wishes to have the minor appear on his/her tran-
script.
Students wishing to pursue certification in both Health Promotion and Kinesiology must follow the Kinesiology major program description.

**Major in Health Promotion (30 hours)**

Other health-related elective courses from the above list may be selected with permission of the Health Promotion faculty and must be relevant to the student’s professional preparation program.

---

**B.S. in Education with a major in INTERDISCIPLINARY EARLY CHILDHOOD EDUCATION**

**Requirements for Program**

Early Childhood Education is an interdisciplinary program which will prepare educators to work with children birth through age five, in public pre-primary classes and non-public institutions including day care, private preschool, and private kindergarten. The program is approved by the Kentucky Education Professional Standards Board to prepare graduates to seek a state teaching certificate in Interdisciplinary Early Childhood Education.

The faculty of the Interdisciplinary Early Childhood Education program are associated with the Department of Special Education and Rehabilitation Counseling. The faculty believe that teaching young children involves viewing children holistically, using structured behavioral approaches. They recognize that viewing children holistically requires considering all of the various settings of children’s environment (e.g., home, school, and neighborhood) as well as the reciprocal relationship between any two of the following variables: the immediate context the child is active in, the individual child, and all aspects of the child’s environment (including people). In the Interdisciplinary Early Childhood Education program, students will learn to apply behavioral principles for purposes of developing curricula, assessing child behavior, planning, implementing, and monitoring interventions, and assisting families. The program is guided by the standards of the National Association for the Education of Young Children, and the Division of Early Childhood of the Council For Exceptional Children.

To receive the B.S. degree in Education with a major in Interdisciplinary Early Childhood Education, students must: (1) complete University Studies Program; (2) complete the premajor requirements; and (3) complete requirements for the Interdisciplinary Early Childhood Education major, including required student teaching experiences and other practica. To be state-certified, candidates must also successfully complete all state-mandated testing requirements.

**Continuous Assessment**

1. All students in the interdisciplinary early childhood education program are expected to meet the standards and rules for Admission, Retention, and Exit from Teacher Education Programs as set forth in the section “Admission, Retention and Exit from Teacher Education Programs” on pages 177-178.

2. **Assessment at the Point of Entry to the IECE Program.** The admission process provides the first point for formal assessment of the competencies outlined in the Initial Certification Program Folio for the program. Students who apply for admission must (a) meet the requirements for admission to the Teacher Education Program, and (b) be able to articulate their philosophy of teaching and document their experiences with young children in an initial portfolio and an entrance interview.

3. **On-going Assessment.** Once a student is admitted to the program, he/she meets with an advisor to plan the remainder of the program. Prior to the student teaching semester, the student must present a portfolio that documents his/her progress toward meeting program competencies.

4. **Exit Assessment.** At the exit assessment, students must document that they have met all program competencies through a final review of their portfolio and the successful completion of student teaching in an appropriate school placement for young children with and without disabilities.

**Statement on Student Teaching**

Student teaching in the Interdisciplinary Early Childhood Education program is 16 weeks. Students will enroll in:

IEC 411 Student Teaching in Interdisciplinary Early Childhood Education

**Degree Requirements**

Students in Interdisciplinary Early Childhood Education must complete the following:

1. Complete University Studies requirements.

2. Complete all degree requirements with a minimum grade-point average of 2.5 (required for teacher certification).

3. Complete the required curriculum in the major program.

4. All students majoring in Interdisciplinary Early Childhood Education must apply and be admitted to the professional Teacher Education Program in order to complete the program.

**University Studies Requirements**

See “University Studies Program” on pages 84-88 for the complete University Studies requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill University Studies areas. Students should work closely with their advisor to complete the University Studies Program requirements.

Courses marked with an asterisk (*) may also be used to satisfy University Studies requirements.

- **Math**
  - MA 109 College Algebra
  - MA 110 Algebra and Trigonometry for Calculus

- **Math ACT of 26 or above**

- **Natural Sciences**
  - BIO 102 Human Ecology
  - BIO 103 Basic Ideas of Biology
  - BIO 111 General Biology Laboratory

- **Social Sciences**
  - PSY 100 Introduction to Psychology
  - SOC 101 Introduction to Sociology

- **Humanities**
  - HIS 104/105 A History of Europe through the Mid-Seventeenth Century/From the Mid-Seventeenth Century to the Present
  - HIS 108/109 History of the United States

- **Through 1865/Since 1865**

- **Premajor Requirements**

University of Kentucky 2010-2011 Undergraduate Bulletin
### B.S. in Education with a major in KINESIOLOGY

#### (Teacher Certification Program)

**Requirements for Program**

The Department of Kinesiology and Health Promotion offers undergraduate courses and degree programs in kinesiology (physical education) and health promotion. These programs support the UK educator preparation unit’s theme of Research and Reflection for Learning and Leading. The process of reflective decision-making is imbedded in the departmental philosophy that students learn best through experiencing. The kinesiology program is guided by the standards of the National Association for Sport and Physical Education (NASPE), and the Kentucky New Teacher Standards.

The kinesiology program ensures an understanding of and knowledge about the structure of the physical education and dance disciplines through the content courses of anatomy, physiology, kinesiology, exercise physiology, and nutrition. Application of this knowledge is demonstrated in physical education and dance activities to ensure discipline knowledge for teaching.

The B.S. in Kinesiology requires completion of: (a) the University Studies Program; (b) specified coursework in Program Related Studies and Professional Education; and (c) one of the kinesiology plans. All kinesiology students are encouraged to complete Plan 1, which includes majors in kinesiology and health promotion, so that on graduating they will be qualified to pursue state teaching certification in physical education and health, grades P-12.

#### Continuous Assessment

1. All students in the kinesiology program are expected to meet the standards and rules for Admission, Retention, and Exit from Teacher Education Programs as set forth in the section “Admission, Retention and Exit from Teacher Education Programs” on pages 177-178.

2. The kinesiology program stimulates higher performance goals for high-performing students by offering several modes of performance. Examples are: (a) skills in performing physical activities; (b) skills in writing and oral presentations in theory courses; (c) computer technological skills in some courses; and (d) leadership skills demonstrated by high-performing students who serve as class leaders, peer tutors, and/or assistant instructors.

3. After admittance to the program, students not only must maintain a 2.50 GPA, they must continue to exhibit desirable professional characteristics to remain in the program. Students who demonstrate a lack of commitment, effort, professional behavior, knowledge, or teaching skills may be removed from the program until these characteristics are demonstrated.

---

**Statement on Student Teaching**

Students who are majoring only in kinesiology will enroll in:

- KHP 369 Student Teaching in Physical Education .... 12
- KHP 369 Student Teaching in Physical Education .... 6

Students who are completing a major in both kinesiology and health promotion will enroll in:

- KHP 369 Student Teaching in Physical Education .... 6
- KHP 371 Student Teaching in Health Education ....... 6

In this situation, student teaching time will be divided between the high school, middle school, and elementary grades, with student teaching supervision occurring cooperatively between the kinesiology and health promotion faculty.

**University Studies** (39-53 hours)

*See University Studies Program section of this Bulletin for listing of allowable USP courses.

### University Studies (39-53 hours)

*See University Studies Program section of this Bulletin for listing of allowable USP courses.

NOTE: A calculus course is a prerequisite for STA 291 Statistical Method, which is a requirement in this program.

## Requirements for Program

The Department of Kinesiology and Health Promotion offers undergraduate courses and degree programs in kinesiology (physical education) and health promotion. The kinesiology program (non-teacher certification) leads to employment opportunities in the athletics and sports industries. The kinesiology program is guided by the standards of the National Association for Sport and Physical Education (NASPE).

The B.S. in Kinesiology requires completion of: (a) the University Studies Program; (b) specified course work in program related studies, professional kinesiology requirements, education course requirements; (c) practicum in recreation; and (d) specified course work in exercise science.

### Continuous Assessment

1. The kinesiology program stimulates higher performance goals for high-performing students by offering several modes of performance: (a) skills in performing physical activities; (b) skills in writing and oral presentations in theory courses; (c) computer technological skills in some courses; and (d) leadership skills by high-performing students are often used in classes through class leaders, peer tutors, and/or assistant instructors.

2. Students must maintain a 2.0 GPA for retention in and exit from the program with a bachelor’s degree. After 60 hours, students must be admitted to advanced standing. Students who demonstrate a lack of commitment, effort, professional behavior, knowledge, or disciplinary skills, or who have not maintained the necessary GPA overall and in the major courses may be removed from the program and the college.

### Electives

Electives may vary.

---

### B.A. in Education with a major in LEARNING AND BEHAVIOR DISORDERS (LBD)

**Requirements for Program**

Two undergraduate programs are offered in special education: learning and behavior disorders (LBD) and moderate and severe disabilities (MSD). Both of these programs support the UK educator preparation unit’s theme of Research and Reflection for Learning and Leading. Special education teachers are prepared to assess, plan, and teach based on what they learn from their studies and to conduct continuous self-reflection in order to improve their teaching. The standards and competencies on which the LBD and MSD programs are based are those prescribed by The Council for Exceptional Children and The Kentucky New Teacher Standards.

The B.A. program in Learning and Behavior Disorders, P-12, prepares students to teach individuals with disabilities (including learning disabilities, emotional/behavioral disorders, mild mental disabilities, other health impaired, and physical disabilities) in primary through twelfth grades. Advising early in the B.A. program is essential in order to complete the requirements in a timely fashion.

### Continuous Assessment

1. All students in the LBD program are expected to meet the standards and rules for Admission, Retention and Exit from the Teacher Education Program (TEP) as set forth in the section “Admission, Retention and Exit from Teacher Education Programs” on pages 177-178.

2. **Assessment at the Point of Entry to the LBD Program**. The admission process provides the first point for formal assessment of the
competencies outlined in the LBD program. Students applying for admission must: (a) meet the requirements for TEP admission; (b) have successfully completed a special education survey course (EDS 375) and practicum (EDS 357); (c) be able to articulate, orally and in writing, their philosophy of teaching and their experiences with persons with disabilities; and (d) prepare an acceptable extemporaneous writing sample. Entry level assessments will be conducted by program faculty representatives through analysis of TEP application materials, portfolio entries, and an entrance interview.

3. On-going Assessment. Once a student is admitted to the TEP, he/she meets with an advisor from the LBD program faculty to plan the remainder of the program. Prior to the student-teaching semester, the student must present a portfolio that documents his/her progress toward meeting program competencies in the courses completed up to that point. Mid-point assessments will be conducted by program faculty representatives through analysis of transcripts, and portfolio entries, as well as performance in practica courses.

4. Exit Assessment. At the exit assessment, students must document that they have met all program competencies. Exit assessments will be conducted by program faculty representatives through a formal analysis of transcripts, student portfolios, and student teaching evaluations. In addition each student must earn passing scores on the required PRAXIS exams.

Statement on Student Teaching
Student teaching in the LBD program is sixteen weeks in LBD classrooms. Students split the sixteen weeks evenly between an elementary school placement and a secondary (middle school or high school) placement.

Special Education/LBD Certification (P-12)

B.A. in Education with a major in MIDDLE SCHOOL EDUCATION

Program Description
The Middle School Teacher Education Program supports the UK educator preparation unit’s theme of Research and Reflection for Learning and Leading. The program emphasizes the development of professionally trained specialists in teaching early adolescents. As such, the program models team teaching and collaborative learning. Active learning experiences are emphasized, as are real-world connections. Throughout the program, students are encouraged to consider their present position and make plans for improvement. Students are urged to gather data continuously and to use this data in planning effective instruction. Students are required to provide questions for reflection when writing lessons they do not teach to provide reflective summaries as part of lesson plans which are delivered to students. Students are provided time and resources to revise and improve curricular materials they develop within the program. Students assess their own progress through the program’s curriculum, preparing them for the continuous self-assessment required of practicing professionals.

To receive the B.A. degree in Middle School Education, students must: (1) complete the University Studies Program; (2) complete all required program-related studies and the professional education course sequence; and (3) complete the content area requirements in each of two areas of specialization. Available content specialization areas are: English and Communication, Mathematics, Science, and Social Studies.

Continuous Assessment
1. All middle school education students are expected to meet the standards and rules for Admission, Retention and Exit from Teacher Education Programs as set forth in the section “Admission, Retention and Exit from Teacher Education Programs” on pages 177-178 of this Bulletin.

2. Assessment at the Point of Entry to the Middle School Program. The admission process provides the first point for formal assessment of the competencies outlined by the standards documents which guide the middle school education program. Basic skills standards must be met and students must be making satisfactory progress towards professional and content area proficiency in order for students to win admission.

3. On-going Assessment. Once a student is admitted to the program, he/she meets with an advisor to plan the remainder of the program. The focus of this initial advising session is to begin a professional development plan which ensures that all standards will be met by program exit.

4. Exit Assessment. At the exit assessment, students must show competency in all relevant standard areas. This is done through a final review of the eligibility portfolio, review of information provided by the cooperating teacher and university supervisor, and documentation of remediation of any weaknesses noted at the formal review in the methods semester.

Statement on Student Teaching
Student teaching in middle school education is 16 weeks. Middle school certification requires students to be certifiable in two academic subject areas, which requires two student teaching placements. Students seeking Middle School certification will register for:

EDC 349 Student Teaching in the Middle School ............ 12

University Studies Component (39-53 hours)

<tbody>
<tr>
<td>PSY 100 Introduction to Psychology</td>
<td>4</td>
</tr>
</tbody>
</table>

## Professional Education Courses (40 hours)

The National Middle School Association (NMSA) describes six broad areas of competence for middle grades teachers. These are: (1) early adolescent development, (2) middle grades curriculum, (3) middle grades instruction, (4) middle grades school organization, (5) families and community relations, and (6) middle grades teaching roles. With the support of a liberal arts foundation provided by the University Studies requirements and the content area knowledge provided by the requirements detailed above, the professional education requirements of the program endeavor to provide a firm foundation in each of these six areas.

- **EDP 202 Human Development and Learning** 3
- **EDP 203 Teaching Exceptional Learners in Regular Classrooms** 3
- **EPE 301 Education in American Culture** 3

### All of the following courses require admission to the teacher education program:

- **EDC 317 Introduction to Instructional Media** 1
- **EDC 329 Teaching Reading and Language Arts** (EDC 329 is a prerequisite to EDC 330) 3
- **EDC 341 Middle School Curriculum and Instruction (spring only)** 3
- **EDC 330 Designing a Reading and Language Arts Program for the Middle School (fall only)** 3
- **EDC 343 The Early Adolescent Learner: Practicum (fall only)** 3

### *Special Methods Courses in TWO Areas of Specialization (40-42 hours)*

Choose from:

- **EDC 345 Teaching Mathematics in the Middle School**
- **EDC 346 Teaching Social Studies in the Middle School**
- **EDC 374 Teaching English and Communication in the Middle School**
- **EDC 348 Teaching Science in the Middle School**
- **EDC 349 Student Teaching in the Middle School** 12

These courses are offered on a regularly scheduled basis and may be taken as a block in a fall semester.

### Content Area Courses (24-34 hours)

Students wishing to become certified in middle school (grades 5-8) must select two of the following content areas of specialization. Course requirements, particularly in the areas of English and Communication and Mathematics, have been prioritized to reflect prerequisite knowledge. Students should plan course work in these areas with the assistance of an advisor.

### English and Communication (29-30 hours)

#### Required (15 hours)

<td>3</td>
</tr>
<tr>
<td>ENG 484G Comparative Studies in Literature (Subtitle required)</td>
<td>3</td>
</tr>
</tbody>
</table>

#### Select one course from each of the following sections:

- **Literature and Identity (3 hours)**
  - ENG 232 Literature and Place 3
  - ENG 233 Literature and Identities 3
  - ENG 234 Introduction to Women’s Literature 3
  - ENG 264 Major Black Writers 3

- **Language and Multilingual Society (2-3 hours)**
  - ENG 301 Stylist for Writers 3
  - ENG/LIN 310 American English 3
  - LSN 317 Language and Society 3
  - LSN 211 Introduction to Linguistics 3
  - ENG/LIN 514 TESL Materials and Methods (prereq: ENG/LIN 513) 3
  - CD 277 Introduction to Communication Disorders 3
  - CD 520 Introduction to Manual Communication 2

- **Writing and Media (3 hours)**
  - ENG 207 Beginning Workshop in Imaginative Writing (Subtitle required) 3
  - ENG 281 Introduction to Film 3
  - ENG 336 Studies in an American Author or Authors (Subtitle required – non-fiction) 3
  - ENG 401 Special Topics in Writing (Subtitle required) 3
  - COM 249 Mass Media and Mass Culture 3

### Mathematics (24-25 hours)

The requirements for students choosing mathematics as a content area of specialization are based on standards developed by the National Council of Teachers of Mathematics, KERA Goals and Academic Expectations, and the Core Content for Assessment. The NCTM standards for middle grades include four common threads (reasoning, communication, problem solving, and connections) as well as content area standards of number, computation and estimation, probability, statistics, algebra, geometry, and measurement.

- **MA 201 Mathematics for Elementary Teachers** 3
- **MA 202 Mathematics for Elementary Teachers** 3
- **CS 115 Introduction to Computer Programming** 3
- **STA 291 Statistical Method** 3
- **MA 310 Mathematical Problem Solving for Teachers** 3
- **MA 241 Geometry for Middle School Teachers** 3
- **MA 162 Finite Mathematics and Its Applications** 3
- **MA 123 Elementary Calculus and Its Applications** 3
- **MA 113 Calculus I** 4

**Up to six credits may be counted from University Studies.**

**If STA 290 was taken to fulfill Information and Communication Skills of University Studies, STA 291 is still required.**

### Science (32-34 hours)

The content area preparation required for students in the middle school education program is based on the standards adopted by the National Science Teacher’s Association as well as Kentucky’s Core Content for Science Assessment and the New Teacher Standards. It is important that science teachers have strong content preparation in the sciences.

- **BIO 102 Human Ecology** 3
- **BIO 103 Basic Ideas of Biology** 3
- **BIO 111 General Biology Laboratory** 1
- **PHY 160 Physics and Astronomy for Teachers** 3
- **PHY 120 How Things Work** 3
- **CHE 104 Introductory General Chemistry** 3
- **CHE 105 General College Chemistry I** 3
- **CHE 111 Laboratory to Accompany General Chemistry I** 1
- **GLY 210 Habitable Planet: Evolution of the Earth System** 3

#### Select two lecture courses from the following (6-10 hours):

- **BIO 150 Principles of Biology I** 3
- **BIO 152 Principles of Biology II** 3
- **BIO 208 Principles of Microbiology** 3
- **CHE 107 General College Chemistry II** 3
- **CHE 113 Laboratory to Accompany General Chemistry II** 2
- **CHE 108 Introduction to Inorganic, Organic and Biochemistry Without Laboratory** 3
- **GLY 150 Earthquakes and Volcanoes** 3
- **GLY 130 Dinosaurs and Disasters** 3
- **AST 191 The Solar System** 3
- **PHY 211 General Physics** 5
- **PHY 213 General Physics** 5

**Taken concurrently; if taken, one additional course still needed.**

### Social Studies (33 hours)

The middle school social studies content area teacher preparation program is guided by two principles: first, a commitment to continuous improvement based on reflection, evaluation, and ongoing research; second, a commitment to peer collaboration as a source of professional growth. The program is guided by the National Council for Social Studies document, Expectations of Excellence, and the Kentucky New Teacher Standards.

#### Area 1 – World Regional Geography and Cultural Anthropology (9 hours)

- **Choose at least one:**
  - GEO 222 Cities of the World 3
  - GEO 160 Lands and Peoples of the Non-Western World 3
Section 2
Choose at least one:
- ANT 241 Origins of Old World Civilization ......... 3
- ANT 220 Introduction to Cultural Anthropology .... 3

Section 3
Choose at least one:
- ANT 242 Origins of New World Civilization ......... 3
- ANT 340 Development and Change in the Third World .... 3
- GEO 260 Third World Development .................... 3
- GEO 455 Economic Geography .......................... 3
- GEO 172 Human Geography ................................ 3

Area 2 – World History (9 hours)

Section 1: Pre-Modern History
Choose at least one:
- HIS 206 History of Colonial Latin America, 1492-1810 ................. 3
- HIS 229 The Ancient Near East and Greece to the Death of Alexander the Great .... 3
- HIS 230 The Hellenistic World and Rome to the Death of Constantine ................. 3
- HIS 247 History of Islam and Middle East Peoples, 500-1250 AD ................. 3
- HIS 336 Intellectual and Cultural History of Russia to 1800 ................. 3
- HIS 295 East Asia to 1800 ........................................... 3
- HIS 370 Early Middle Ages ......................................... 3
- HIS 371 Later Middle Ages ........................................... 3
- HIS 501 Fourth-Century Greece and the Hellenistic World ................. 3
- HIS 510 Medieval Law ................................................. 3
- HIS 511 Barbarians .................................................... 3
- HIS 512 Carolingian Empire ....................................... 3
- HIS 513 Medieval Institutions Since the Mid-10th Century ................. 3

Section 2: Modern History
Choose at least one:
- HIS 207 History of Modern Latin America, 1810 to Present ................. 3
- HIS 562 Modern Mexico ............................................. 3
- HIS 563 The History of Women in Latin America ................. 3
- HIS 248 History of Islam and Middle East Peoples, 1250 to the Present ................. 3
- HIS 254 History of Sub-Saharan Africa ................. 3
- HIS 534 Russia in the 19th Century ................. 3
- HIS 296 East Asia Since 1800 ........................................... 3
- HIS 593 East Asian History Since World War II ................. 3
- HIS 503 A History of the Roman Empire ................. 3

Area 3 – American History (6 hours)

Section 1
Choose at least one:
- HIS 260 African American History to 1865 ................. 3
- HIS 265 History of Women in America ................. 3
- HIS 404 U.S. Women’s History to 1900 ................. 3
- HIS 507 U.S. Labor History ........................................... 3
- HIS 361 American Indian History to 1838 ................. 3
- HIS 362 American Indian History Since 1838 ................. 3

Section 2
Choose at least one:
- HIS 240 History of Kentucky ........................................... 3
- HIS 460 Colonial America to 1763 ........................................... 3
- HIS 461 The American Revolution, 1763-1789 ................. 3
- HIS 462 The New Republic, 1789-1820 ................. 3
- HIS 463 Expansion and Conflict, 1820-1860 ................. 3
- HIS 464 Civil War and Reconstruction, 1860-1877 ................. 3

Area 4 – Sociology, Political Science and Economics Electives (9 hours)

Section 1: Required
- ECO 201 Principles of Economics I ................. 3

B.S. in Education with major in MODERATE/SEVERE DISABILITIES

Requirements for Program
Two undergraduate programs are offered in special education: learning and behavior disorders (LBD) and moderate and severe disabilities (MSD). Both of these programs support the UK educator preparation unit’s theme of Research and Reflection for Learning and Leading. Special education teachers are prepared to assess, plan, and teach based on what they learn from their students and to conduct continuous self-reflection in order to improve their teaching. The standards and competencies on which the LBD and MSD programs are based are those prescribed by The Council for Exceptional Children and The Kentucky New Teacher Standards.

The B.S. in Education program in Moderate/Severe Disabilities (MSD) requires completion of (a) the University Studies Program; (b) specified course work in Related Studies and Professional Education; and (c) specified course work in the special education and MSD area of specialization. Students graduating from the certification program the program obtain a single Kentucky teacher certificate in MSD (grades P-12). Graduates are qualified to teach in classes for students with functional mental disabilities (grades P-12). It is possible to complete this certificate program in four years. In addition to the undergraduate program, an initial certificate in MSD (grades P-12) is offered at the graduate level. (See the University of Kentucky Graduate School Bulletin).

Continuous Assessment
1. All students in the MSD program are expected to meet the standards and rules for Admission, Retention, and Exit from Teacher Education Programs as set forth in the section “Admission, Retention, and Exit from Teacher Education Programs” on pages 177-178.

2. Assessment at the Point of Entry to the MSD Program. The admission process provides the first point for formal assessment of the competencies outlined in the Initial Certification Program Folio for the program. Students who apply for admission must: (a) meet the requirement for admission to the Teacher Education Program; (b) have successfully completed a special education survey course and practicum; and (c) be able to articulate their philosophy of teaching and document their experiences with persons with disabilities in an initial portfolio and an entrance interview.

3. On-going Assessment. Once a student is admitted to the program, he/she meets with an advisor to plan the remainder of the program. Prior to the student teaching semester, the student must present a portfolio that documents his/her progress toward meeting program competencies in the courses completed.

4. Exit Assessment. At the exit assessment, students must document that they have met all program competencies through a final review of their portfolio and the successful completion of student teaching in a public school placement for students with MSD.

Statement on Student Teaching
Student teaching in the MSD program is 16 weeks and consists of eight weeks in an elementary placement and eight weeks in a middle or secondary placement for students with MSD.

University Studies Component (39-51 hours)
See the University Studies Program section of this Bulletin for a listing of allowable courses in each area.

Program Related Studies (22-24 hours)
- PSY 100 Introduction to Psychology .......... 4
- MA 201 Mathematics for Elementary Teachers .... 3
- MA 202 Mathematics for Elementary Teachers .... 3
* Biological or Physical Science Sequence ................. 6-8

Professional Education Courses (13-14 hours)
- MUS 266 Teaching Music in Elementary Grades .... 3
- or

Students must complete all special education courses with a GPA of 2.5 or better before they can student teach.
Electives ................................................................................................................. 0-9

B.A. in Education with a major in SECONDARY EDUCATION

Option: English Education

Requirements for Program

This B.A. includes completion of an approved plan in the academic specialty teaching of English. The approved major in the academic specialties for teaching is entitled “English major for secondary education,” to distinguish it from the A&S major and minor. No certification is awarded with the B.A. Students desiring to go on to Master’s with initial certification must apply to The Graduate School and apply to the Secondary English Program Faculty in the spring of their senior year.

To receive the B.A. degree, students must: (1) complete the University Studies Program; (2) complete the requirements for one of the content area plans for secondary English education; (3) attain a grade-point average of at least 2.5 overall, in major, in minor, and in support area; and (4) complete 100 hours of fieldwork with adolescents through the required three hour course:
EDC 362 Field Experiences in Secondary Education .................................................. 3

In 1996, the National Council of Teachers of English and the International Reading Association published Standards for the English Language Arts. This document identified six English language arts: reading, writing, speaking, listening, viewing, and visually representing. In addition, it presented an expanded definition of literacy, which reflects the ways technology and society have changed and will continue to change the ways in which we use language to communicate and to think. In order to prepare students for the literacy demands of today and tomorrow, English language arts education will need to address many different types and uses of language, including those that have traditionally been given limited attention in the curriculum.

One such example is spoken language. Being literate in contemporary society means being active, critical, and creative users not only of print and spoken language but also of the visual language of film, television, photography and other media. Therefore, the content model should reflect the study of language and literacy through speech, theater, writing, and media. The English education program prepares its pre-service teachers with such a model so that their students will succeed as effective language learners and users, equipped with the skills they need to become critically literate citizens, workers, members of society, and lifelong learners.

Continuous Assessment

1. All secondary education majors must be admitted to advanced standing after completing 60 hours. Advanced standing requires a 2.50 minimum GPA overall and review by the program faculty advisor for Secondary English Education.
2. Because certification occurs through the Masters in Education including certification (MIC), students should be aware that they will need to be formally admitted to the MIC program. Admission/Retention/Exit regulations for all teacher certification programs are specified in the section “Admission, Retention and Exit from Teacher Education Programs” on pages 177-178.
3. Oral and written communication skills of applicants for the MIC program in English Education will be assessed at the time of the interview, and through the entrance portfolio.
4. At the time of application to the English Education program at the Master’s degree level, applicants are evaluated according to the following criteria: grade-point average, quality of work in the subject content area, Graduate Record Examination scores, and on-site writing tasks, verbal communication, and quality of references, commitment to teaching, social awareness, educational experiences with diverse learners 14-18 years old, and multicultural experiences.

Statement on Student Teaching

There is no student teaching required for completion of the Secondary English Education major. Student teaching occurs as part of the Masters in Education with initial certification.

University Studies Requirements

See “University Studies Program” on pages 84-88 for the complete University Studies requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill University Studies areas. Students should work closely with their advisor to complete the University Studies Program requirements.

Courses marked with two asterisks (**) are highly recommended.

(Subtitle required) .................................................. 3

**ENG 485G Studies in Literature and Gender:  
(Subtitle required) .................................................. 3  
ENG 570 Selected Topics for Advanced Studies  
in Literature (Subtitle required) ............................... 3

**Writing Component** (9 hours)  
ENG 401 Special Topics in Writing (Subtitle required)  
[two sections, different subtitles] ................................... 6  
EDC/ENG 509 Composition for Teachers  

**Language Study Component** (6 hours)  
ENG/LIN 211 Introduction to Linguistics I .................... 3

plus one of the following:  
ENG 301 Style for Writers ......................................... 3  
ENG 310 American English ......................................... 3

**Support Area** (18 hours)  
A minimum of three hours credit is required in each of the four areas: journalism, theatre, speech and fine arts, which English teachers will be qualified to teach in Kentucky. In one of the areas, to be selected with the aid of an advisor, a minimum of nine hours is required.

The following courses are recommended; courses with two asterisks (**) are highly recommended:

**Journalism**  
**JOU 101 Introduction to Journalism** ......................... 3  
**JOU 204 Writing for the Mass Media** ......................... 3  
**JOU 303 News Editing** ........................................... 3  
**JOU 330 Web Publishing and Design** ........................ 3  
**JOU 387 Photographic Journalism I** .......................... 3  
**JOU 455 Mass Media and Diversity**  
(Subtitle required) .................................................. 3  
**JOU 460 Journalism in Secondary Education**  .............. 3

**Theatre**

A-S 381 Photography II ............................................. 3

**B.A. in Education with a major in**  
**SECONDARY EDUCATION**  
**Option: Mathematics Education**

**Requirements for Program**

This B.A. includes completion of an approved plan in the academic specialization teaching of mathematics, grades 8-12. The approved major in the academic specialties for teaching is entitled “Mathematics major for secondary education,” to distinguish it from the Arts & Sciences major. No certification is awarded with the B.A. Students desiring to go on to Masters in Education with Initial Certification must apply to The Graduate School and apply to the Secondary Mathematics Program faculty in the spring of their senior year.

To receive the B.A. degree, students must: (1) complete the University Studies Program; (2) complete the secondary mathematics major and a university-approved minor; (3) attain a grade-point average of at least 2.50 overall and in the chosen major/minor/support areas; and (4) complete 100 hours of fieldwork with adolescents through the required three hour course:

EDC 362 Field Experiences in Secondary Education .... 3

The certification program in secondary mathematics education, grades 8-12, extends and enhances the conceptual framework of the College of Education by providing the opportunities and experiences necessary for beginning teachers to reflect on the perspective of the schools and the profession. Indeed, the National Council of Teachers of Mathematics (NCTM), the principal professional organization for the mathematics education program, has for the past decade promoted teaching that fosters the development of students’ abilities to explore, conjecture, and reason logically, as well as the ability to use a variety of mathematical methods to solve non-routine problems. Teaching to meet this goal requires a great deal of reflective decision making, because what students learn depends to a large extent on how it has been learned. This certification program strives to blend the learning of mathematics with the learning of pedagogy.

**Continuous Assessment**

1. All secondary education majors must be admitted to advanced standing after completing 60 hours. Advanced standing requires (a) 2.50 minimum GPA overall, and (b) review by a program faculty advisor for secondary mathematics education.

2. Because certification occurs through the Masters in Education including certification (MIC), students should be aware that they will need to be formally admitted to the MIC program. Admission/Retention/Exit regulations for all teacher certification programs are specified in the section “Admission, Retention and Exit from Teacher Education Programs” on pages 177-178.

3. Oral and written communication skills of applicants for the MIC program in mathematics education will be assessed at the time of the interview, and through the entrance portfolio.

4. At exit from the secondary mathematics education major, grades 8-12, students will:
   a. demonstrate understanding of mathematical concepts and procedures and the connections among them;
   b. use multiple representations of mathematical concepts and procedures;
   c. reason mathematically and solve mathematical problems;
   d. communicate mathematics effectively at different levels of formality; and
   e. use historical, cultural, and contemporary perspectives in mathematics discourse.

**Statement on Student Teaching**

There is no student teaching required for completion of the secondary mathematics education, grades 8-12, major. Student teaching occurs as part of the Masters in Education with certification.

**University Studies Requirements**

University Studies may be met by following the courses listed in the University Studies section of this Bulletin, with the exception that PSY 100 (Introduction to Psychology) must be taken in the social sciences component, and MA 113 is also required.

**Program Related Studies** (15 hours)  
EDC 362 Field Experiences in Secondary Education .... 3  
CS 101 Introduction to Computing I ............................. 3

STA 291 Statistical Method ......................................... 3

EDC 421 Survey of Secondary Mathematics Curricular .................. 3  
Natural Science (choose one course in an area different from the USP requirement) .................. 3
The Secondary Science Education program addresses the content area requirements of Kentucky’s New Teacher Standards, National Research Council’s National Science Education Standards, and the National Science Teachers Association Guidelines. The program encourages the understanding and development of major concepts within a specialty area as well as an understanding of the interconnectedness of the sciences. Students are encouraged to apply mathematics to investigations of science, including analyses of data. It is intended that students relate the concepts of science to contemporary, historical, technological and societal issues. As future science teachers, students will need to locate resources, design and conduct inquiry-based and open-ended investigations, interpret findings, communicate results and make judgments based upon evidence. Specifically, the program encourages the teaching of science through a problem-solving, inquiry-based approach.

Continuous Assessment

1. All secondary education majors must be admitted to advanced standing after completing 60 hours. Advanced standing requires (a) 2.50 minimum GPA overall, and (b) review by program faculty advisor for Secondary Science Education.

2. Because certification occurs through the Masters in Education including certification (MIC), students should be aware that they will need to be formally admitted to the MIC program. Admission/Retention/Exit regulations for all teacher certification programs are specified in the section “Admission, Retention and Exit from Teacher Education Programs” on pages 177-178.

3. Oral and written communication skills of applicants for the MIC program in secondary science education will be assessed at the time of the interview, and through the entrance portfolio.

4. Admission to the Masters in Education with certification is competitive. At the time of application to the science education program, applicants will be evaluated on the basis of GPA, GRE scores, graded and on-site writing tasks, verbal communication, quality of references, commitment to teaching, social awareness, educational experiences with diverse learners, 14-18 year olds, and multicultural experiences, and quality of work in the sciences.

Statement on Student Teaching

There is no student teaching required for completion of the secondary science education major. Student teaching occurs as part of the Masters in Education with initial certification.

University Studies (39-53 hours)

*See section of UK Bulletin on University Studies Requirements for listing of allowable courses in each area below.
Major Requirements

All majors for secondary science education require a minimum of 33 hours.

Biological Science Major for Secondary Education (33 hours)

Required Support Courses
CHE 105 General College Chemistry I ......................... 3
CHE 107 General College Chemistry II ....................... 3
CHE 115 General Chemistry Laboratory .................. 3
PHY 211/213 General Physics .................................. 10

BIO 150 Principles of Biology I ................................ 3
BIO 151 Principles of Biology Laboratory .............. 2

Recommended Support Courses for Major
MA 213 Calculus III ............................................... 4

*Note: Students should note that earth science is generally taught in Kentucky at the eighth grade level. In many states it is taught at the ninth grade level; therefore, secondary OR middle school certification could be required. You must decide the level of certification that fits your needs. If you plan to teach in Kentucky, you may want to follow either of the following options: 1) obtain science certification through the middle school program or 2) obtain earth science certification through the secondary education program. Currently, the Kentucky Department of Education is allowing secondary science teachers to teach science in the 7th and 8th grades without having middle school certification. The option for secondary certification provides more extensive content preparation in earth science.

Earth Science: 33 hours

**Recommended Support Courses**

- MA 213 Calculus III ................. 4
- MA 214 Calculus IV .................. 3

*Note: Mathematics requirements for upper-level physics courses.

**Required for Major**

- PHY 231/232 General University Physics .......... 5
- PHY 241/242 General University Physics Laboratory .......... 5
- PHY 361 Principles of Modern Physics .......... 3
- PHY electives (chosen with aid of advisor) ............ 3

**Recommended for Major**

- AST 191 The Solar System .................. 3
- *PHY 151 Introduction to Physics ............... 3
- AST 192 Stars, Galaxies and the Universe ............ 3
- or
- PHY 152 Introduction to Physics .................. 3

*Note: A maximum of six hours of astronomy may be counted toward the 21 hour physics requirement. A student may not count both the AST 191, 192, and PHY 151, 152 courses toward the physics major for secondary education. If PHY 151 and PHY 152 are applied to the major, they must be completed prior to taking the PHY 231, 241, 232, 242 sequence.

**MINOR REQUIREMENTS**

A minor in one of the sciences or mathematics is required for Plans I of the biological science and physical science certification areas. See plans for details. Students are not certified to teach in a minor area. However, physical science for secondary education majors are certified to teach chemistry, earth science, and physics. All minors for secondary education require a minimum of 21 hours.

**Biological Science Minor for Secondary Education (21 hours)**

**Required Support Courses**

- CHE 105 General College Chemistry I .......... 3
- CHE 107 General College Chemistry II .......... 3
- CHE 115 General Chemistry Laboratory .......... 3

**Required for Minor**

- BIO 150 Principles of Biology I .......... 3
- BIO 151 Principles of Biology Laboratory I .......... 2
- BIO 152 Principles of Biology II .......... 3
- BIO 153 Principles of Biology Laboratory II .......... 2
- BIO 325 Introductory Ecology .......... 4
- BIO 304 Principles of Genetics .......... 3
- ABT 360 Genetics .......... 3-4

**Recommended for Minor**

Additional courses selected with aid of advisor.

**Chemistry Minor for Secondary Education**

**Required for Minor**

- CHE 105 General College Chemistry I .......... 3
- CHE 107 General College Chemistry II .......... 3
- CHE 115 General Chemistry Laboratory .......... 3

**Recommended for Minor**

- CHE 230 Organic Chemistry I .......... 3
- CHE 231 Organic Chemistry Laboratory I .......... 2
- CHE 232 Organic Chemistry II .......... 3
- CHE 233 Organic Chemistry Laboratory II .......... 2
- CHE 226 Analytical Chemistry .......... 3-4

- BCH 401G Fundamentals of Biochemistry .......... 3
- Additional courses selected with aid of advisor.

**Earth Science Minor for Secondary Education**

**Required for Minor**

- AST 191 The Solar System .......... 3
- GEO 130 Earth’s Physical Environment .......... 3
- or
- GEO 230 Weather and Climate .......... 3
- GLY 220 Principles of Physical Geology .......... 4
- or
- GLY 223 Introduction to Geology in the Rocky Mountains .......... 6
- GLY 230 Fundamentals of Geology I .......... 3
- GLY 235 Fundamentals of Geology II .......... 3
- GLY 360 Mineralogy .......... 3
- or
- GLY 401G Invertebrate Paleobiology and Evolution .......... 3-4

**Recommended for Minor**

The following list contains courses that are normally applied to the minor.

- AST 192 Stars, Galaxies and the Universe .......... 3
- GLY 360 Mineralogy (if not taken above) .......... 4
- GLY 401G Invertebrate Paleobiology and Evolution (if not taken above) .......... 3
- GLY 341 Landforms .......... 3
- PLS 366 Fundamentals of Soil Science .......... 4
- Oceanography course (if transferred from another university) .......... 3

**Mathematics Minor for Secondary Education**

**Required for Minor**

- MA 113 Calculus I .......... 4
- MA 114 Calculus II .......... 4
- MA 213 Calculus III .......... 4

**Recommended for Minor**

Additional courses chosen with aid of advisor. In most cases courses will be selected from the following list.

- MA 341 Topics in Geometry .......... 3
- MA 310 Mathematical Problem Solving for Teachers .......... 3
- MA 261 Introduction to Number Theory .......... 3
- MA 320 Introductory Probability .......... 3
- MA 322 Matrix Algebra and Its Applications .......... 3
- MA 330 History of Mathematics .......... 3
- MA 214 Calculus IV .......... 3

**Physics Minor for Secondary Education**

**Required Support Course**

- MA 113 Calculus I .......... 4

**Recommended Support Courses**

- CHE 105 General College Chemistry I .......... 3
- CHE 107 General College Chemistry II .......... 3
- CHE 115 General Chemistry Laboratory .......... 3
- MA 114 Calculus II .......... 4

**Recommended for Minor**

- PHY 211/213 General Physics .......... 10
- or
- PHY 231/232 General University Physics .......... 10
- or
- PHY 241/242 General University Physics Laboratory .......... 10
- or
- PHY 361 Principles of Modern Physics .......... 3

**Recommended for Minor**

- AST 191 The Solar System .......... 3

*PHY 151 Introduction to Physics .......... 3
- or
- PHY 152 Introduction to Physics .......... 3

*Note: A maximum of six hours of astronomy may be counted toward the 21 hour physics requirement. A student may not count both the AST 191, 192, and PHY 151, 152 sequences toward the minor. If PHY 151 and PHY 152 are applied to the major, they must be completed prior to taking the PHY 231, 241, 232, 242 sequence.

**B.A. in Education with a major in SECONDARY EDUCATION**

Option: Social Studies Education

**Requirements for Program**

This B.A. includes completion of an approved plan in the academic specialty teaching social studies. The approved majors and minors in the academic specialties for teaching are entitled “history major for secondary education,” etc., to distinguish them from the Arts & Sciences majors and minors. No certification is awarded with the B.A. Students desiring to go on to Master’s with Initial Certification must apply to The Graduate School and apply to the Secondary Social Studies Education Program Faculty in the spring of their senior year.

To receive the B.A. degree, students must: (1) complete the University Studies Program; (2) complete one of the secondary social studies education plans; (3) attain a grade-point average of at least 2.50 overall and in the major/minor/support areas; and (4) complete 100 hours of fieldwork with adolescents through the required three hour course:

EDC 362 Field Experiences in Secondary Education .......... 3

Following completion of the secondary social studies major, students will demonstrate the following: (1) an effective understanding of American society, its past and contemporary situation, and its place in the larger world; (2) an ability to apply social science concepts and use inquiry and interpretive skills; (3) a historical perspective; (4) a multicultural and global perspective; and (5) an ability to learn from participation in the community (from local to global) affairs and service. Students should consider experiences such as study abroad and internships in government and social agencies, as well as course work, in preparation for social studies teaching.

**Continuous Assessment**

1. All secondary education majors must be admitted to advanced standing after completing 60 hours. Advanced standing requires: (A) 2.50 minimum GPA overall; (B) 2.50 minimum GPA in course work leading to completion of Plan I or Plan 2; and (C) review by program faculty advisor for secondary social studies education.

2. Because certification occurs through the Masters in Education including certification (MIC), students should be aware that they will need to be formally admitted to the MIC pro-
program. Admission/Retention/Exit regulations for all teacher certification programs are specified in the section “Admission, Retention and Exit from Teacher Education Programs” on pages 177-178.

3. Oral and written communication skills of applicants for the MIC program in social studies education will be assessed at the time of the interview, and through the entrance portfolio.

4. Admission to the Masters in Education with initial certification is competitive.

a. Students are reminded that they will be teaching about the whole world; somewhere in the 66 hours they should have at least one course about each world region. Students are strongly urged to complete the 12-hour campus-wide International Studies Concentration or one of the 12-hour plus foreign language World Regional/Foreign Language Concentrations.

b. Students also need to be prepared to teach U.S. history from an interdisciplinary perspective and a multicultural perspective. Students are strongly urged to take 12 hours as an American Studies Emphasis, with at least one course in the humanities and at least two courses dealing with diversity in the U.S.

c. Students need breadth and depth. Students are strongly urged to take nine hours in two of the subjects in their support area. Courses may double-count in University Studies in Plan 1 or 2 and in the 12-hour blocks.

Statement on Student Teaching

There is no student teaching required for completion of the secondary social studies education major. Student teaching occurs as part of the Masters in Education with certification.

University Studies (39-53 hours)

*See University Studies Program section of this Bulletin for listing of allowable USP courses.

Program Related Studies (3 hours)

EDC 362 Field Experiences in Secondary Education ... 3

Majors and Minors (66-72 hours)

Students must complete Plan 1 or 2 in history and social sciences for secondary education.

Plan 1
Major in history (36 hours) with a minor (21 hours) in anthropology, economics, geography, political science, psychology, or sociology, and a support area (15 hours) which includes one course from each of the social sciences not chosen as minor.

Plan 2
Major (at least 30 hours) in anthropology, economics, geography, political science, psychology, or sociology, with a minor (21 hours) in history and a support area (15 hours) which includes one course from each of the social sciences not chosen as major.

History Major for Secondary Education (36 hours)

Required (18 hours)

HIS 104 A History of Europe Through the
Mid-Seventeenth Century ........................................... 3
HIS 105 A History of Europe From the
Mid-Seventeenth Century to the Present ...................... 3
HIS 108 History of the United States Through 1865 .... 3
HIS 109 History of the United States Since 1865 ...... 3
HIS 301 History Workshop:
Introduction to the Study of History ........................ 3
HIS 499 Senior Seminar for History Majors
(Subtitle required) ...................................................... 3

Twelve of the other 18 credits must be history courses numbered 300 to 599. There must be some chronological diversity, with at least six hours of U.S. history above the 100 level and at least nine hours in history of other regions of the world, which will give the student the broad background necessary to teach World Civilization. 18

History Minor for Secondary Education (21 hours)

Required (12 hours)

HIS 104 A History of Europe Through the
Mid-Seventeenth Century ........................................... 3
HIS 105 A History of Europe From the
Mid-Seventeenth Century to the Present ...................... 3
HIS 108 History of the United States Through 1865 .... 3
HIS 109 History of the United States Since 1865 ...... 3
Plus nine hours which will give students a broad preparation for teaching U.S. History and World Civilization. At least six hours should be at the 300 level or above .... 9

Anthropology Major for Secondary Education (33 hours)

Required (6 hours)

ANT 220 Introduction to Cultural Anthropology ........... 3
ANT 230 Introduction to Physical Anthropology .......... 3

Anthropological Theory (9 hours)

ANT 301 History of Anthropological Theory ............... 3
ANT 332 Human Evolution ........................................ 3
One of the following: ANT 338, 429, 430G, 450, 525, 526, 532 ........................................... 3

Research Methodology (3 hours)

ANT 490 Anthropological Research Methods .............. 3

Option 1 – Regional Specialization (6 hours)

Two courses from the same culture area, one ethnology and one culture history.
Ethnology courses are: ANT 221, 324, 428G, 431G, 534.

The requirements for K-12 music education are listed in the Fine Arts section of this Bulletin.

BACHELOR OF SCIENCE IN CAREER AND TECHNICAL EDUCATION

Requirements are listed in the College of Agriculture and School of Human Environmental Sciences section of this Bulletin.

Undergraduate Initial Educator Licensure Programs for Persons Already Holding a Bachelor’s Degree

The College of Education offers undergraduate programs leading to initial certification in early elementary education and middle school education for candidates who already hold a bachelor’s degree from a regionally-accredited institution of higher education. These expedited programs are designed to take advantage of candidates’ age and life experiences and to shorten the time required for program completion. They do not lead to a UK bachelor’s degree. Documents describing these programs are available from Academic Services and Teacher Certification, 166 Taylor Education Building, or from the Department of Curriculum and Instruction, 335 Dickey Hall. All College of Education Admission, Retention and Exit to Teacher Education Programs rules apply to these programs. In addition, candidates must adhere to policies relating to field placements and character and fitness reviews. Interested persons are encouraged to see an advisor before enrolling in any courses associated with these programs.

Business and Marketing Education

Teacher certification in business and marketing education is available at UK through the masters of arts in education with initial certification. Students completing a degree in an area of business may seek admission to the program by contacting Dr. Douglas Smith, Chair, Program Faculty in Business and Marketing Education, Department of Curriculum and Instruction.
