The University of Kentucky began offering graduate work in 1870, and awarding degrees in 1876. The Graduate School was organized as a distinct unit in 1912.

The Graduate School is concerned with advanced study and research carried on by the faculty and students of all colleges and departments. Under it, the total graduate resources of the University are merged in order to promote the achievement of knowledge in an atmosphere of free and lively inquiry.

More information is available on the Web at: www.gradschool.uky.edu/

GRADUATE DEGREES

Graduate work is offered in most colleges in the University. The following advanced degrees are conferred:

- Doctor of Education
- Doctor of Musical Arts
- Doctor of Philosophy
- Master of Architecture
- Master of Arts
- Master of Arts in Education
- Master of Arts in Teaching World Languages
- Master of Arts in Interior Design
- Master of Business Administration
- Master of Education
- Master of Engineering
- Master of Fine Arts
- Master of Health Administration
- Master of Historic Preservation
- Master of Mining Engineering
- Master of Music
- Master of Public Administration
- Master of Public Financial Management
- Master of Public Health
- Master of Public Policy
- Master of Rehabilitation Counseling
- Master of Science
- Master of Science in Accounting
- Master of Science in Agriculture
- Master of Science in Athletic Training
- Master of Science in Applied Behavior Analysis
- Master of Science in Biomedical Engineering
- Master of Science in Biosystems and Agricultural Engineering
- Master of Science in Chemical Engineering
- Master of Science in Civil Engineering
- Master of Science in Clinical Research Design
- Master of Science in Communication Sciences and Disorders
- Master of Science in Community and Leadership Development
- Master of Science in Education
- Master of Science in Electrical Engineering
- Master of Science in Epidemiology
- Master of Science in Family Sciences
- Master of Science in Forestry
- Master of Science in Library Science
- Master of Science in Manufacturing Systems Engineering
- Master of Science in Materials Science and Engineering
- Master of Science in Mechanical Engineering
- Master of Science in Mining Engineering
- Master of Science in Nursing
- Master of Science in Nutrition and Food Systems
- Master of Science in Nutritional Sciences
- Master of Science in Physician Assistant Studies
- Master of Science: Professional Master in Biomedical Engineering
- Master of Science in Radiological Medical Physics
- Master of Science in Retailing and Tourism Management
- Master of Social Work
- Specialist in Education

The degree of Doctor of Philosophy is offered with major work in the following fields:

- Agricultural Economics
- Anatomy and Neurobiology
- Animal and Food Sciences
- Anthropology
- Biochemistry
- Biology
- Biomedical Engineering
- Biosystems and Agricultural Engineering
- Business Administration
- Chemical Engineering
- Chemistry
- Civil Engineering
- Clinical and Translational Sciences
- Communication
- Computer Science
- Counseling Psychology
- Early Childhood, Special Education, and Rehabilitation Counseling
- Economics
- Educational Psychology
- Education Sciences
- Educational Leadership Studies
- Educational Policy Studies, Measurement and Evaluation
- Electrical Engineering

The Graduate School administers two multidisciplinary Graduate Centers:

The Patterson School of Diplomacy and International Commerce offers an interdisciplinary master’s degree which can be tailored to meet the career needs of individual students. The program is especially useful for students desiring careers in any of the non-academic fields in foreign affairs such as international banking, commerce and journalism, or service with governmental agencies or international organizations. For more information see the Patterson School Web site at: www.uky.edu/PattersonSchool/
The Martin School of Public Policy and Administration offers four multidisciplinary degree programs—the Master of Public Administration, the Master of Public Financial Management, the Master of Public Policy and the Ph.D. in Public Administration—and engages in research and public service activities. The disciplines represented by the School’s faculty are management, finance, economics, industrial engineering, political science, and health administration. The research and public service components of the Martin School offer the School’s faculty, staff, and graduate students the opportunity to engage in interdisciplinary research on public policy issues. For more information see the Martin School website at: www.martin.uky.edu/

ORGANIZATION OF THE GRADUATE SCHOOL

The Graduate Faculty consists of the Dean of the Graduate School and all persons appointed thereto by the President of the University. As the chief University agency for the promotion of the ideals of graduate study, it determines the policies of the Graduate School and makes recommendations to the University Senate on such matters as require the approval of that body. All rules affecting graduate work and the inauguration of new graduate programs must be approved by the Graduate Faculty.

The Dean. The Dean of the Graduate School is charged with the administration of the policies adopted by the Graduate Faculty and the University Senate relating to graduate studies.

The Graduate Council is composed of 21 members and the Dean of the Graduate School, who serves as chair. There are 19 faculty representatives and two student representatives. Associate deans serve in a nonvoting, ex officio capacity.

The Graduate Council approves or disapproves proposals concerning courses offered for graduate credit, and advises and lends assistance to the Dean of the Graduate School in his execution of policies and regulations determined by the Graduate Faculty.

Directors of Graduate Studies. A Director of Graduate Studies is appointed for each program of graduate study. Among other duties, each director serves as advisor to students majoring in his or her area.

ADMISSION

Students seeking admission to a degree program in the Graduate School must hold a baccalaureate degree from a fully accredited institution of higher learning. An overall undergraduate grade-point average of 2.75 and 3.0 on all graduate work is required by the Graduate School. Individual departments may require higher grade-point averages.

All applicants for admission to degree programs in the Graduate School must submit official scores on the verbal, quantitative and analytical writing portions of the Graduate Record Examination, except programs with approved alternate requirements (refer to The Graduate School Bulletin for a list of programs).

Upon admission, new students must submit official transcripts directly to the Graduate School from each institution of higher learning previously attended.

International applicants must meet the requirements listed above, as well as the English proficiency requirement (refer to The Graduate School Bulletin for a list of programs).

For domestic applicants (U.S. citizens or resident aliens) the application fee is $65; for international applicants, the fee is $75.

Complete applications must be submitted no later than one month before the beginning of the term the applicant intends to begin graduate work (five months for international applicants). Students should refer to the University Calendar in the front of this Bulletin for important dates.

University Scholars Program (Combined Doctoral or Master’s/Bachelor’s Degree Program)

This program offers particularly gifted and highly motivated students the opportunity of integrating their undergraduate and graduate courses of study in a single continuous program culminating in both a baccalaureate and a master’s or doctoral degree. The total number of hours for the combined program may be as many as 12 less than the total required for the bachelor’s and the master’s or doctoral degrees separately. The requirements for the bachelor’s degree are unaffected.

Applications to the program should be submitted at the end of the student’s junior year. Applicants should have completed at least 90 credit hours of work toward the bachelor’s degree, or be eligible for senior standing in the semester they are admitted to the program. The master’s program should be in the field of the undergraduate major (there are some exceptions made), and the undergraduate grade-point average must be at least 3.50 in the applicant’s major field and 3.20 overall.

Students must register in the Graduate School for all work taken following admission to the University Scholars Program. The primary classification of University Scholars will be undergraduate until they have completed all requirements for their undergraduate degree, and undergraduate tuition rates will be applied to the 12 hours (or less) of graduate level course work designated for dual credit in this program.

Graduating Seniors as Part-Time Graduate Students

A senior at the University of Kentucky lacking no more than six credit hours for graduation and having an undergraduate grade-point average of at least 2.75 on all work attempted may register in a degree program in the Graduate School with the consent of his or her college dean, the Director of Graduate Studies, and the Dean of the Graduate School.

The total load of such a student may not exceed 12 credit hours. Graduate credit will be allowed for each credit hour of graduate work beyond the six or fewer credit hours needed to complete undergraduate requirements. Requirements for the undergraduate degree must be completed during the semester in which the student is allowed to register for part-time graduate work.

Conditional Admission

Students wishing to pursue a higher degree who are temporarily ineligible for regular graduate admission status may be recommended by the Director of Graduate Studies for conditional admission status for a maximum of one full-time semester. Students should refer to The Graduate School Bulletin for further information. Special international cohorts are considered for admission to graduate programs prior to meeting the language proficiency and GRE/GMAT requirements. If granted conditional admission, students must meet the language and GRE/GMAT requirements prior to beginning the academic program of study.

Post-Baccalaureate Graduate Students (Nondegree-Seeking Students)

Students who hold a baccalaureate degree and who wish to pursue graduate study without a degree objective may apply for admission as post-baccalaureate graduate students. An overall undergraduate grade-point average of 2.5 or better and 3.0 on all previous graduate work is required by the Graduate School for admission to post-baccalaureate status.

Advanced Degrees for Faculty Members

Members of the faculty, except those in the Community College System, having a rank higher than that of instructor may not be considered as candidates for degrees in the discipline in which they are employed and hold academic rank.
DUAL DEGREE PROGRAMS

For more information on the dual degree programs, see The Graduate School Bulletin.

JOINT AND COOPERATIVE DOCTORAL PROGRAMS
Cooperative doctoral programs in education are offered between the University of Kentucky and other state universities: Eastern Kentucky University, Morehead State University, Murray State University, and Western Kentucky University. These programs permit qualified candidates to complete approximately one year of graduate work above the master’s degree at the cooperating university, and the work of each candidate is directed by a joint faculty committee from both institutions.

Cooperative doctoral programs in musicology, physics, and higher education are offered between the University of Kentucky and the University of Louisville; a cooperative program in geology between the University of Kentucky and Eastern Kentucky University; and a cooperative program in history between the University of Kentucky and Western Kentucky University. A cooperative doctoral program in rehabilitation sciences is offered between the University of Kentucky, Eastern Kentucky University, Murray State University, and Western Kentucky University. The University of Kentucky and the University of Louisville share a joint Ph.D. program in Social Work.

For more information on joint and cooperative programs, see The Graduate School Bulletin.

INDEPENDENT STUDY PROGRAMS
( Correspondence Courses)
No graduate credit is given for courses taken by correspondence.

REGISTRATION AND CLASSIFICATION
All students expecting graduate credit must be enrolled in the Graduate School. Graduate students will conform to the general registration schedule of the University and may not enter later than the last allowable date set by the University Registrar.

Before registering, a graduate student must obtain his or her advisor’s approval of the proposed program.

ASSISTANTSHIPS, FELLOWSHIPS, STUDENT SUPPORT
Financial assistance is available in the form of assistantships and fellowships. An assistantship is an appointment to specified teaching or research duties. A fellowship is a non-service award made to superior students to assist in the pursuit of an advanced degree.

Assistantships
More than 1,500 teaching and research assistantships are available from departments and other units of the University. In addition to an assistantship stipend, full or partial tuition scholarships are available for most assistantship holders based on the number of hours per week in the assistantship. University-provided health insurance is offered for full-time assistants who meet the eligibility criteria.

The majority of assistantships are awarded for the academic year. Students interested in an assistantship should notify the appropriate Director of Graduate Studies by January for the next academic year; later applicants have a reduced chance of obtaining an assistantship. Most assistantship decisions are made by April for the coming academic year.

Notification of an assistantship comes from the program. Contact the Director of Graduate Studies in the program you seek to enter regarding the availability of positions or the status of assistantship offers. For more information on assistantships, visit the Web at: www.gradschool.uky.edu/fellowship/assistantships.html

Fellowships
Non-service fellowships are available in all areas of graduate work. The majority of these fellowships include a stipend as well as a tuition scholarship and university-provided student health insurance. While many fellowships are formally awarded by the Graduate School, nominations for most fellowships are made by the program in which a student seeks to enroll.

Fellowships are awarded for the academic year. Departments make most fellowship nominations by February for the next academic year, so students interested in a fellowship are strongly urged to contact the appropriate Director of Graduate Studies no later than January 15 for the next academic year. Notification of fellowship awards generally comes from the Graduate School before April 15.

Awards are sometimes offered before an applicant is officially admitted to the Graduate School; all awards offered are contingent upon admission to the program of study nominating the student. Post-baccalaureate (nondegree) students are not eligible for fellowship consideration, or for those tuition scholarships that accompany most assistantships.

For more information on fellowships, visit: www.research.uky.edu/gs/StudentFunding/fellowship_opportunities.html

Student Support
Funds are available to doctoral students enrolled in graduate programs for travel to present research at professional meetings. The amount of the award is variable, depending on the available budget each year. Application materials and information about deadlines are available on the Web at: www.research.uky.edu/gs/StudentFunding/supportfunding.html
