HOW TO USE THIS BULLETIN

The information in this bulletin is current at the time of publication. If you are pursuing a degree, you are obligated to fulfill the requirements as they are listed in the bulletin for the semester in which you enroll in that program.

If the requirements change after you have enrolled in the program, you have the option of fulfilling either the old or new requirements. If you elect to fulfill the old requirements and find that necessary courses have been eliminated or substantially revised, you may substitute other courses with the approval of the dean of the college. If the revision is required by an external accreditation certification body, and this body submits a written statement to the University that the accreditation of a program or certification of its graduates is in jeopardy unless students fulfill the new requirements, the option of fulfilling the old requirements shall not apply.

If your study in the program or the University is interrupted for more than two semesters, your college dean will decide which program requirements must be fulfilled.

OFFICE FOR INSTITUTIONAL DIVERSITY

The University of Kentucky prepares students for meaningful and responsible engagement within and across diverse communities. Through its own example, the University strives to improve the climate for diversity throughout Kentucky, a commitment given special importance and emphasis in the 2015-2020 UK Strategic Plan. The composite effect of work with students enables them to develop a more enlightened worldview; attain a deeper understanding of and commitment to authentic democratic values and social justice; embrace a greater commitment to service and leadership; exhibit greater cultural knowledge and competence; and facilitate Kentucky’s success in the global economy.

The Office for Institutional Diversity has a primary responsibility to uphold the University’s commitment to embracing diversity and inclusion and promoting increased knowledge of diversity and its significance as a fundamental value of the campus community. Of equal importance is its mission to enhance academic support services to ensure the academic success and personal development of all students, especially those students from backgrounds that have been historically marginalized on the University campus.

The Office for Institutional Diversity works collaboratively where all students, faculty, and staff live or work in an environment of openness and acceptance, and in which people of all backgrounds, identities, and perspectives can feel secure and welcome.
