UNIVERSITY OF KENTUCKY RETIREMENT PLAN  
(Approved by the Board of Trustees)

I. Introduction

The policies governing the University of Kentucky Retirement Plan are set forth in this administrative regulation. The University of Kentucky Board of Trustees has authorized two retirement plan carriers to provide retirement plan administrative services for University of Kentucky employees: Teachers Insurance and Annuity Association/College Retirement Equities Fund (TIAA-CREF) and Fidelity Investment Tax-Exempt Services Company (Fidelity). Additionally, American Century Investors, Inc. (American Century) funds shall be provided through Fidelity's administrative platform. It is the Board's intention that University employees be given a wide range of investment options during the years in which contributions are being made on the employees' behalf as well as a wide range of withdrawal options at the time of retirement. The term "retirement plan carrier," as used throughout this administrative regulation, includes both TIAA-CREF and Fidelity and may be modified from time to time by the Board of Trustees.

The policies governing insurance benefits for University retirees are a part of the Human Resources Policy and Procedure Administrative Regulations and are found in Numbers 91.0, 93.0, and 94.0. Information on these insurance programs is not included in this administrative regulation.

E. Vesting

Retirement benefits purchased with the combined employee and University contributions shall become the property of individual participants immediately upon purchase. The employee is 100% vested. All benefits are primarily for the purpose of providing retirement and/or death benefits.

IV. Plan Limits (Groups I, II, III, IV and V)

A. Beginning July 1, 1996, the University shall withhold the contribution of the participant from regular salary payments, add its contribution, and remit the combined sum to the retirement plan carrier(s) selected by the participant for the purchase of retirement benefits.

In addition to other applicable limitations stated in the plan, and notwithstanding any other provisions of the University's retirement regulations to the contrary, for plan years beginning on or after January 1, 1996, the annual compensation of each employee taken into account under the plan shall not exceed the Omnibus Budget Reconciliation Act of 1993 (OBRA '93) annual maximum includable compensation limit. The OBRA '93 annual limit is adjusted by the Commissioner of the Internal Revenue Service for increases in the cost of living in accordance with section 401(a)(17)(E) of the Internal Revenue Code (Code). The cost-of-living adjustment in effect for a calendar year applies to any period, beginning in such calendar year over which compensation is determined (determination period); this period may not exceed 12 months.

B. For plan years beginning on or after January 1, 1996, any reference in this plan to the limitation under section 401(a)(17) of the Code shall mean the OBRA '93 annual maximum includable compensation limit stated in this provision. The University of Kentucky Retirement Plan Year is deemed to begin January 1 of a calendar year and end December 31 of the same calendar year.

C. Notwithstanding the above, employees who became participants in the University's retirement plan before the first day of the plan year beginning on or after January 1, 1996, will not be subject to this annual limit.

1. The participant will direct the portion of the combined retirement contribution that is to be remitted to each carrier, if two or more carriers are selected. The participant also must advise each retirement plan carrier of which investment options have been chosen and, if two or more options

are selected with a single carrier, of the part of the retirement contribution that is to be allocated to each option.

2. A participant may change the ratio of allocating funds among retirement plan carriers or change options by completing the appropriate paper work. Changes in allocating contributions among the plan options are accomplished by the participant directly with the retirement plan carrier.

D. In addition to contributions based on basic annual salary, contributions also shall be applied on compensation paid to faculty members for service during an interim between regular assignment periods, provided the faculty members are employed full-time by the University for at least one full month of continuous service in the interim, on a basis other than a fee schedule, without reduction in rate of earned salary per month as described in AR II-1.3-2. An interim between regular assignment periods for a faculty member on a regular nine-month, ten-month, or eleven-month assignment basis is defined in AR II-1.1-7.

E. If by applying the above-stated percentages there would be a violation of federal or state laws, as a result of the employer and employee contributions, then these percentages shall not be applied to the extent of violating applicable laws. In such cases, the amount of the employer contribution that cannot be forwarded to a retirement plan carrier shall be paid to the employee as a temporary salary increase for the balance of the calendar year.

#### V. Termination of Contributions

Beginning January 1, 1988, retirement plan contributions on behalf of personnel shall terminate upon retirement or cessation of regular full-time employment.

#### VI. Retirement Dates

##### A. Retirement Prior to Age 65

Retirement prior to age 65 generally is considered as early retirement. Early retirement is authorized when the combination of the employee's age and years of regular full-time service (with a minimum of 15 years of continuous service at the time of retirement) equals or exceeds the number 75. Regular part-time service will be counted on a pro rata basis. Employees taking advantage of this early retirement must provide written notification through normal administrative channels to their the Provost or appropriate vice president at least three months in advance of the desired retirement date.

B. Normal Retirement

The normal retirement date for all employees of the University of Kentucky fiscal year in which the employee attains age 65.

C. Mandatory Retirement

With the exception of a mandatory retirement date for all law enforcement officers, no mandatory retirement date is applicable to employees of the University of Kentucky. The mandatory retirement date for all law enforcement officers of the University of Kentucky shall be at the end of the University's fiscal year in which the employee attains age 70.

D. Disability Retirement

1. Prior to Normal Retirement Date

An employee with an extended period of service to the University may, at the discretion of the President, be permitted to retire prior to age 65, upon the employee's request if same is supported by a statement of a licensed physician certifying that the employee cannot engage in normal employment because of physical or mental disability. The benefit level in such a special case shall be related to the period of service and rate of compensation at retirement, and shall be conditioned upon continuance of the employee's total disability.

2. Subsequent to Normal Retirement Date

An employee who has elected to continue in employment beyond his or her normal retirement date, as established herein, may be required to retire in the event that the said employee's condition of health becomes such that it prevents the discharge of assigned duties and responsibilities.

VI. Retirement Benefits

A. Benefits through Retirement Plan Carriers

Each participant is entitled, upon separation of service, at retirement or upon electing participation in the Phased Retirement Program under AR II-1.6-2, to activate any or all retirement benefits that have been acquired under the University of Kentucky Retirement Plan in accordance with procedures and rules established by the retirement plan carriers. In addition to lump sum or partial lump sum provisions, there will be both annuitized and non-annuitized methods of

withdrawal. There may be variances in the retirement withdrawal options among the carriers. All retirement plan carriers do not offer the same withdrawal options.

B. Benefits in Case of Death before Retirement

In the event of a University employee's death prior to the commencement of retirement benefits, an income or lump-sum benefit will be paid by the retirement plan carrier to the participant's designated beneficiary or beneficiaries, according to policy established by the carrier.

VIII. Contributions during Leave of Absence with Pay

A participant on leave with pay shall make the employee contribution and receive the University contribution based on the amount of the salary that is paid through the University payroll. Contributions to a participant's retirement plan shall be made on the actual salary paid through the University payroll, not to exceed the annual salary.

IX. Contributions under Uniformed Services Leave

A participant on Uniformed Services Leave shall have the ability to continue making retirement contributions to the plan. The amount of employee contributions will be made for the entire salary not received while on leave and is eligible for the University match.

X. Employment beyond Retirement

Employees who have elected to retire from University service under any of the provisions hereof shall not be eligible for reemployment except to perform duties for which fee schedules have been approved or upon the specific prior action of the Board of Trustees granting approval of the appointment. Employees who have elected to retire and who have been reemployed under this provision will be considered temporary employees.

XI. Change in Retirement Plan Carriers

The Board of Trustees reserves the right in its sole discretion to remove, add, or otherwise modify the number of retirement plan carriers in any manner that it may determine by written notice to the affected carrier(s). In such event, the Board may direct that all accounts with the affected carrier shall be transferred to a carrier who is currently approved by the Board to accept contributions. In the event a change in the retirement plan carrier made by the University requires a participant to exchange one annuity contract/custodial account for another within the Plan, or in the event a participant voluntarily elects to exchange an annuity contract/custodial account for another within the Plan, each of the following requirements must be satisfied:

- A. The participant's accumulated benefit under the annuity contract/custodial account immediately after the exchange at least equals the participant's accumulated benefit under such contract/account immediately before the change;
- B. To the extent the exchanged annuity contract/custodial account is subject to distribution restrictions under Section 403(b) of the Code, as amended, the other annuity contract/custodial account imposes distribution restrictions no less stringent than those imposed by the exchanged annuity contract/custodial account; and
- C. The University enters into an agreement with the issuer of the resultant contract under which the University and the issuer will from time to time in the future provide each other with information necessary for the resulting contract to satisfy Section 403(b) of the Code or other federal tax requirements.

## XII. Plan Document

This administrative regulation serves as the university's retirement plan document. Should federal or state law require a more formalized document, the Executive Vice President for Finance and Administration has the authority to execute such plan document to the extent that it does not conflict with this administrative regulation.
