Ben Withers, Interim Associate Provost
Undergraduate Education
555 Patterson Office Tower
Lexington, KY 40506-0027

Dear Dr. Withers:

As superintendent of Fayette County Public Schools, I am writing to follow up the request of our STEAM Academy Director and Board. We have been working with Dr. Laurie Henry, University of Kentucky Professor in the Curriculum and Instruction Department, in the development of an undergraduate dual credit orientation pilot course (UK 110) that entering freshmen in the STEAM Academy could enroll and take at the University of Kentucky. We are requesting this course be considered a dual credit course for our Fayette County students. It is our understanding the following information is needed for dual credit consideration:

- Name of UK Course Requested: UK 110: Orientation to the University of Kentucky and College Readiness Skills
- Name of High School Course: UK 110: Orientation (#101445S1, 101445S2)
- Syllabus: Attached

We are submitting this letter as part of the documentation required by the University of Kentucky Faculty Senate provision for dual credit courses. A Memorandum of Agreement between the Fayette County Schools and the University of Kentucky is also included as a part of this request. We look forward to working with the University of Kentucky in allowing our students to take advantage of a wonderful opportunity.

Sincerely,

[Signature]

Tom Shelton, Ph.D.
Superintendent of Schools
