

WHO SEZ...?

Date: Nov. 9 & 10, 2017

At the University of  
Kentucky

Join us at the fourth MOSAIC for the Central Kentucky Diversity Consortium. This conference explores difficult topics on racial disparities in a respectful gathering. Students, staff and faculty from members of the Consortium attend for free but registration is required. We will focus this year on our rights in a democracy.

Invited speakers will also address juvenile justice issues in community-based engagement. We want to offer hands-on skills for activist/scholars to use in their service-learning and/or volunteer activities in their local communities.
