-A Real College Experience-

By the end of the summer's 3-week residential experience, the GUK4.0 Academy @ UK students will demonstrate:

- Increased college readiness by using written, oral and visual communication skills to produce and present original research-based projects;
- an increase in the academic and professional skills necessary to succeed in college and the workforce such as practicing self-discipline, inclusivity, and civic engagement; and
- appropriate social behavior and self-awareness and be able to express confidence in their ability to succeed in college and navigate the complexities of campus life.

Campus Safety, Emergency Procedures, and the UK Alert System

The UK Police department helps make sure the campus is a safe environment for all its students and visitors. But it is important to always travel in groups of 3 or more people, do not visit with other campus guests, and keep in mind where the Blue Posts with lights are for emergency help.

In the event of sickness or injury, we will call the family contact and determine whether to use the Urgent treatment center, the UK Chandler Hospital Emergency or another provider. We will need to have the completed copy of the youth’s insurance form (whether the primary insurance from the family or the University Excess Medical Insurance). The following contacts are to be used in case of an emergency or an accident:

**UK Police - dial 911 on campus, or from a cell phone dial #8573**
- The UK Police department promotes a safe and secure campus environment with 24-hour foot and vehicle patrols, 24-hour emergency telephones and controlled dormitory access.

**University Health Services (830 S. Limestone) - (859) 323-5823**
- The University Health Services handles non-emergency illnesses and accidents, as well as behavioral health; appointments are required.

**UK Chandler Hospital Emergency Department - dial 911**
- For life- or limb-threatening conditions, this Level I Trauma Center is located at 1000 South Limestone. From off-campus, dial (859)323-5000.

**UK Alert System — https://www.getrave.com/login/uky**
- Parents and youth can sign up for this emergency notification system that sends out official messages during an emergency or crisis situation that threatens the health and safety of those on campus. You can choose to get text messages, phone calls, or email.
