Members, Board of Trustees:

MAKENNA FOUNDATION GIFT AND PLEDGE

Recommendation: that the Board of Trustees accept a gift of \$250,000 and a pledge of \$750,000 from The Makenna Foundation of Lexington, Kentucky to provide funding for the construction, outfitting, and furnishing of the pediatric emergency department in the new University of Kentucky Albert B. Chandler Hospital.

Background: Greg and Sheila David of Lexington established The Makenna Foundation in September, 2001 in memory of their daughter Makenna, who was a patient at the Kentucky Children's Hospital. The goal of the foundation is to raise funds for the Kentucky Children's Hospital to support hospital expansion and the purchase of necessary pediatric medical equipment. In recognition of many contributions of The Makenna Foundation to the Kentucky Children's Hospital and Department of Pediatrics, the Committee on Naming of University Buildings recommends that the pediatric emergency center be named the Makenna David Pediatric Emergency Center. This recommendation is presented as PR 8, Naming of University Pediatric Emergency Center – Makenna David Pediatric Emergency Center.
