Background: In May 2001 the Council on Postsecondary Education approved tuition setting guidelines to be used by the respective Boards of Trustees and Boards of Regents in setting tuition rates for 2002-04. In September 2001 the University of Kentucky Board of Trustees adopted a tuition schedule, including a 5.5 percent increase for undergraduate, resident students for 2003-04. The

reduction of the University of Kentucky state appropriation by the 2003 General Assembly necessitates an increase in the 2003-04 tuition rates. The proposed tuition rates are in compliance with the Council's guidelines.

Changes in the Mandatory Registration Fee Schedule include a \$3.25 increase for the Student Government Association, a \$2.00 increase in the Student Activities fee, an \$8.00 increase for the Student Center, an \$8.00 increase in the Student Health fee, a new \$2.00 fee for International Affairs, and a new \$8.75 fee for Student Affairs.

The mandatory fees are charged to all students enrolled on the Lexington Campus, in the Medical Center, and at Lexington Community College in accordance with their status as full-time or part-time students. Students taking all of their courses in off-campus locations outside of Fayette and its contiguous counties may have these fees waived. However, if a student who is eligible for this waiver wants to participate in activities supported by these fees, the student must pay the total mandatory fee.
