Office of the President
September 16, 2003

Members, Board of Trustees:

NAMING OF UNIVERSITY BUILDING

Recommendation: that the Board of Trustees approve the renaming of Building 38 (Mining Lab) to the Engineering Annex.

Background: Building use within the Engineering complex has changed over the past few years with the addition of new facilities. Building 38 (Mining Lab) currently houses portions of three Engineering units, none of which is Mining. To accurately reflect the usage of the building, the College of Engineering has requested that the name of the Mining Lab be changed to the Engineering Annex.

The Committee on Naming University Buildings has reviewed the request and found it to be in compliance with university policy A.R. II-1.1-6 and unanimously recommended approval of this name change. The Provost of the University supports this recommendation.

Action taken: Approved Disapproved Other _____
