Which aspects of the course were most helpful? Why?

Comments
It was organized well and you could see if work was coming up that was due.
The negotiation simulation was very helpful because we got to implement the teaching firsthand.
An aspect of this course that was helpful was being able to access the PowerPoints outside of class because it helped me to review what I had learned in the class.
Learning how to negotiate.
The negotiation simulations were great because of their interactiveness. I feel as though I learned most about negotiation through doing these and then the class discussion of each one after with an explanation of why we did this simulation as well.
The simulations were the most helpful
In class disucssion, and mock negotiations
Dr. Lane was more organized than any professor I've ever met. It was very easy to understand expectations and deadlines.
The course was very clear, and easy to understand. The slide the teacher provided was extremely helpful. The analogies used helped me understand negotiations in a whole new light.

Which aspects of the course would you change? How and Why?

Comments
Im not sure I would change anything
I would shorten the length requirement of the negotiation simulation paper.
I'm not sure.
More structured lectures. Often they went to fast and were sometimes hard to follow
N/A
It seemed like we talked about the same things over and over in circles so I didn't know how much I actually learned.
Nothing I would really change about it. I enjoyed it.

Which aspects of the instructor Derek Lane were most helpful? Why?

Comments
He would help if you had any questions and he was nice and caring.
He always made sure everyone was on the same page with the material.
Dr. Lane cares so much about students and their success, and he got us on track a month into the semester when he took over after our initial professor was arrested. He truly wanted us to succeed.
An aspect of the instructor that was most helpful was that Dr. Lane was alway willing to help if we had questions. He even added places in his PowerPoints to stop to see if any questions came up during class. This helped to get questions I had answered as I had them.
Very organized and knowledgeable!
Having Dr. Lane for two classes this year was awesome because of how he ran the class and made the students he's teaching feel seen and heard while also truly teaching in an engaging way.
Provided lots of opportunities for participation and real world application of the content
Very welcoming, understanding, and explained well
Dr. Lane did all he could to accommodate students, listen to them, know them, and take stress off of them.
I really like our teacher. I had him for two classes this semester and felt extremely lucky in that aspect. The way he gives examples and thinks about teaching is what I wish more teacher could do. I was never too surprised on exams or quizzes. I felt confident and comfortable to expand my understanding and learning skills in this class especially on the short answer questions on exams because I felt prepared always.
