Which aspects of the course were most helpful? Why?

Comments
The organization of the course was very helpful. Class always started right on the dot, so you always knew what to an aspect timewise. The slides for each class started with taking roll, then a review of what was to be discussed today, as well as a quick review of the previous class. This organization made for routine and expectations for each class and I really liked the structure. I also really liked the engagement and group work.
The slides were helpful. The way exams were set up was extremely helpful.

Comments

His demeanor of genuine positivity and kindness would make the world go round if more professors were like Dr. Lane! This made class something you could look forward to, knowing it is a positive environment to ask questions and get help as needed.

The way he gives examples. Checks if you've understood fully. And realistic view of where the class was .
