Which aspects of the course were most helpful? Why?

Comments
Learning how to conduct proper research has been a quality experience thus far
Having this course be synchronous was helpful in terms of getting the most out of my class experience. It was nice having conversations with my classmates and being in a smaller online class.
Dr. Lane was the most resourceful tool I had during this class. Always willing to help and make suggestions
We had the opportunity to complete our own research study and paper, which I believe will be very beneficial to me in the future.

Which aspects of the instructor Derek Lane were most helpful? Why?

Comments
Professor Lane is one of the most thoughtful professors I have had the pleasure of learning from at UK. He truly cares about his student's success and it shows in everything he does.
Dr.Lane really caters to his students. He makes himself fully available during and outside of office hours. He takes the material and applies it to real life scenarios so you can see how this information will benefit you in the future. He's a wonderful professor.
Always clear with material and willing to help
He was always willing to help and made time for each of his students. I have never had a professor that was so patient and helpful when it came to their students. He was always willing to look over drafts and give constructive feedback. He answered my questions and returned emails almost always within the hour.
