1.0 Section I The University Senate

1.1.0 AUTHORITY
The Rules of the University Senate describe the composition of the Senate and procedures for the conduct of its functions as authorized by the Board of Trustees in the Governing Regulations of the University of Kentucky, Part IV, THE UNIVERSITY SENATE (University System). It further describes academic policies for the University and procedures for their implementation. These Rules may be waived by the Senate Council or by the Senate Council Chair if the decision is necessary before the next meeting of the Senate Council. Any waiver by the Chair must be reported to the Senate Council and all waivers, whether by the Chair or by the Senate Council, must be reported to the Senate at its next meeting. These Rules may be amended by the University Senate. [US: 2/12/01]

1.2.0 FUNCTIONS AND COMPOSITION OF THE SENATE

1.2.1 FUNCTIONS OF THE SENATE
The Governing Regulations specify that the functions of the University Senate shall include the following:

A to determine the broad academic policies of the University and to make regulations to implement these policies;

B to approve all new academic programs, curricula and courses;

C to adopt policies for the University calendar and approve the annual calendar as prepared by the University System Registrar;

D to recommend to the Provost on the establishment, alteration and abolition of educational units in the University; [BoT:9/18/01]

E to advise the President or the President's designated officer on the planning of physical facilities and staff when these may affect the attainment of the educational objectives of the University;

F to advise the President or the President's designated officer through appropriate committees on criteria for appointments, promotions, reappointments and granting of tenure;

G to determine the conditions for admission and for degrees other than honorary degrees;

H to recommend to the President all candidates for degrees.
Beyond those listed above, the University Senate shall have no management or administrative function either in itself or through the instrumentality of its committees.

The Senate may perform its functions directly through the Senate Council or through the regular or special committees of the Senate. It may also establish Senate Advisory Committees and may delegate any of its authority or responsibility to the Graduate School or the Colleges.

Minutes of the University Senate shall be made available on a campus-wide basis electronically. Upon request, written copies of the minutes will be made available by the Secretary of the Senate. (US: 11/8/93)

1.2.2 COMPOSITION
As specified in the Governing Regulations, Part IV, the University Senate shall be composed of faculty, emeriti faculty, student and ex officio members. (US:10/12/81 and BoT:4/6/82; US: 3/20/89 and BoT: 8/22/89; US: 3/9/98 and BoT: 4/7/98; US: 10/12/98 and BoT: 3/2/99; US 12/3/01 and BoT: 1/22/02]

The elected faculty members shall number 94, one member shall represent the emeriti faculty, and 19 members shall represent the student body. With the exception of emeritus and ex-officio representatives, senators shall be fulltime faculty or students selected in accordance with the By-Laws (Rules) of the University Senate. The one elected emeritus faculty member shall represent the University of Kentucky Association of Emeriti Faculty.

1.2.2.1 Elected Faculty Membership
The 94 elected faculty seats shall be apportioned each spring among the colleges and the University Libraries according to the following two equally weighted factors based on data for the preceding fall semester: (1) the number of the following individuals, all of whom shall be considered “faculty” for purposes of this Rule: (a) full-time faculty with the rank of assistant professor or higher, (b) full-time faculty appointed in the extension, librarian, research, and clinical title series, and (c) full-time lecturers and instructors; and (2) the number of full time students enrolled in the college, computed so that students enrolled in the Graduate School shall be assigned to the college in which they are pursuing their studies. (US: 10/12/81 and BoT: 4/6/82; BoT: 12/11/84; US: 10/11/99 BoT 1/22/02:) Ideally, the fraction of the total faculty Senate seats which would be apportioned to an academic unit would be obtained by using the following formula:

\[
\frac{1}{2} \left( \frac{Fu}{Fe} + \frac{Su}{Se} \right)
\]

where Fu and Su are respectively the number of eligible faculty and the number of full-time students in the unit, and Fe and Se are the total eligible faculty and students, respectively, in all units. Usually the portion of the total faculty seats which would be ideally assigned to a unit will not be a whole number. For each unit a certain inequity will result, this being the non-negative deviation of a unit's actual percentage from its ideal percentage of the seats. The seats shall be apportioned to the units in a manner which minimizes the total inequity, subject to the condition that each unit gets at least one seat. (If two units have identical ideal percentages and the minimum would be attained by giving them different representations, then the extra seat shall be allocated to one of them by a random process.) An administrative title below that of Dean shall not automatically make the holder ineligible.
A **Election:** The faculty of the academic units represented in the Senate shall conduct elections for vacancies in the second semester of the academic year, with the persons elected taking office on August 16 of the following academic year. (US: 10/8/01)

B **Terms; Vacancies:** [US: 4/23/01; BoT: 1/22/02] Each elected faculty member shall serve for a term of three years beginning on August 16 following their election. Ideally, the terms of the representatives of each academic unit or sub-unit should be staggered so that one-third of them will be elected at each election. To this end the faculty of the academic unit represented, may, for any election, specify that a number of representatives be elected for two-year terms. If such action is taken, the dean of the academic unit involved shall notify the Secretary of the Senate of such intent in advance of the upcoming election. When more than one number is to be elected from a unit or sub-unit, those receiving the greater number of votes will serve three-year terms and those elected receiving the lesser number of votes will serve two-year terms.

C Each elected representative shall be eligible for reelection for a second consecutive term, but ineligible for further reelection until one year has elapsed.

D If a member of the Senate should at any time during his or her term become ineligible to serve (e.g., by reason of assuming an administrative title of dean or above, resignation, official leave which precludes attendance, or failure to attend Senate meetings), a vacancy shall be declared by the administrative head of the group represented, and that member of the eligible faculty who at the last election received the next highest number of votes shall serve for the duration of the elected member's ineligibility. If that person (or those persons in case of a tie) declines or is no longer eligible, the unit shall within thirty days select a replacement by an election process. A student member shall become ineligible to serve on purgation from the Student Senate. The Secretary of the Senate shall maintain attendance records and shall notify the administrative head of a unit when a representative of that unit has been absent without explanation from three meetings of the Senate during any one academic year. (US:3/12/79; US 10/8/01)

Members of the Senate Council shall be voting members of the Senate until the end of their terms on the Senate Council. They will not be counted as part of the quota for the academic unit that they have represented nor of the maximum membership of the Senate after the expiration of their elected membership.

1.2.2.2 Elected Student Membership The 19 elected student membership shall consist of the President of the Student Government Association and representatives of the full-time student body in the various colleges including Lexington Community College and the Graduate School of the University System. The colleges and the Graduate School each shall have one student representative. Students with no declared major shall be represented through the College of Arts and Sciences. (US:10/12/81 and BoT:4/6/82; US: 3/9/98 & BoT: 4/7/98; US: 10/12/98 and BoT: 3/2/99; BoT: 1/22/02)
A. **Eligibility:** Each elected college representative shall be a junior, senior, or graduate or professional student, or in the case of LCC, sophomore standing, and shall not be on either academic or disciplinary probation. (US: 10/12/98)

B. **Election:** The election shall be conducted during the second semester by the Student Government Association under procedures approved by the Senate Council.

C. **Terms; Vacancies:** Each elected student member shall serve for a term of one year and shall be eligible for reelection as long as the student remains a full-time undergraduate, graduate, or professional student in the University System. If a student should at any time become ineligible to serve (e.g., by relinquishing his or her position as a full-time student, being placed on academic probation or violating the Senate attendance regulations), the administrative head of the group represented shall declare a vacancy and designate that member from the eligible student body who at the last election received the next highest vote to serve for the duration of the elected student member's ineligibility. The Secretary of the Senate shall maintain attendance records and shall notify the administrative head of the college represented when the representative of that college has been absent without explanation from three meetings of the Senate during the academic year. A student member shall become ineligible to serve on purgation from the Student Senate. (US: 10/8/79; BoT: 1/22/02)

[US: 12/3/01; BoT: 1/22/02] In the event that (i) the elected college or Graduate School representative is enrolled in a University course held at the same time as a University Senate meeting and cannot attend the University Senate meetings or (ii) a college or the Graduate School does not elect a representative during the preceding spring Student Government elections, the following substitution process shall apply:

**Substitution process:** If (i) applies then the elected college or Graduate School representative shall nominate an at-large senator from the same college that meets the requirements for being a member of the University Senate and if there is no such at-large senator then the elected college or Graduate School representative shall nominate a full-time student from his/her college that meets the requirements for being a voting member of the University Senate. The nominee must be able to attend the University Senate meetings. The nomination is subject to approval by a majority vote of the Student Government Senate. If (ii) applies then the Student Government Senate Chair shall nominate an at-large senator from said college that meets the requirements for being a member of the University Senate and if there is no such at-large senator then the Student Government Senate Chair shall nominate a full-time student from said college that meets the requirements for being a voting member of the University Senate. The nominee must be able to attend the University Senate meetings. The Student Government Senate shall approve the nominee by majority vote.

**Term:** The term for a Senator substitute shall be one semester, which begins immediately after Student Government Senate approval and ends at the conclusion of the semester the approval takes place.
Newly elected student members of the Senate shall take their seats at the first meeting of the Senate in the fall, or any special meeting called during the preceding summer.

1.2.2.3 Emeriti Faculty Membership The University Senate shall include one voting member representing the University of Kentucky Association of Emeriti Faculty. The Association shall elect the senator from its membership along with one alternate who shall have voting rights in the absence of the elected senator. The Association's election process shall be approved by the Senate Council. (US: 3/20/89; BofT: 8/22/89)

1.2.2.4 Ex Officio Membership: Voting The ex officio voting members shall be as follows: In academic years beginning with an even number (e.g., 1984-1985, 1986-1987), this group shall be composed of the following: Provost, Sr Vice President and Chancellor for the Medical Center, Vice President for Research, Director of Libraries, Director of Teaching and Learning Center, and Deans of the Colleges of Architecture, Communications and Information Studies, Dentistry, Education, Engineering, Health Sciences, Law, and Social Work. In academic years beginning with an odd number, the ex officio voting members shall be the following: Provost, President of the Lexington Community College, Associate Vice President for Academic and Student Affairs for the Medical Center, the Dean of the Graduate School, the Associate Provost for Undergraduate Education and the Deans of the Colleges of Agriculture, Arts and Sciences, Business and Economics, Fine Arts, Human Environmental Sciences, Medicine, Nursing, and Pharmacy. (US:10/12/81 and BofT:4/6/82; US: 11/10/86; US: 4/13/87 and BofT:9/15/87; US: 10/12/98 and BoT: 3/2/99; BoT:9/18/01)

Ex Officio Membership: Non-Voting The ex officio non-voting membership shall include the President, all other vice presidents, Associate Provost for Minority Affairs, University System Registrar, Dean of University Extension, Dean of Students, Professor of Military Science, Professor of Aerospace Studies, and, if they are not already elected members of the Senate, the University System faculty members of the Board of Trustees, the Academic Ombud, the Director of the Honors Program, and the chairs of the University Senate Committees, including University Senate Advisory Committees. All officials mentioned in the proceeding paragraph who are not voting ex officio members in any year shall be considered non-voting ex officio members. Other ex officio non-voting members may be added by the University Senate Council for the purpose of supplying information and viewpoints on problems considered by the Senate. Ex officio non-voting members shall enjoy all privileges of the elected membership except the right to vote. (US:10/12/81 and BofT:4/6/82) (US: 12/10/84 and BofT:4/1/86) (US: 10/14/85 and BofT: 4/1/86) (US: 11/10/86 and BofT: 1/20/87; BoT:9/18/01)

1.2.3 MEETINGS
The Senate shall hold regular meetings on the second Monday of each month during the academic year except that when the second Monday is during a period when classes are not in session, the Senate Council may decide to eliminate the regular meeting for that month or to call it upon another date. Special meetings shall be held after adequate notice by the Secretary of the Senate, on the call of the President, the Senate Council or on the written request of ten (10) elected members. The Senate may adjourn any regular or special meeting to any date that it may set for such adjournment.
Any member of the administrative, instructional or research staff may attend a meeting of the Senate as a visitor and may request the privilege of the floor.

Senate meetings shall be open to the press, except that at any meeting the Senate may declare itself in executive session by a majority vote of the Senators present, and thereby exclude all visitors not explicitly designated for attendance by the presiding officer or by a majority vote of the Senators present.

The Senate Council shall prepare agenda for regular Senate meetings. Any student, faculty member or administrator may present a written recommendation for Senate action to the Senate Council. The Council may refer it to committee or act on it itself. If referred to committee, the committee shall approve, disapprove, or modify the recommendation. The original recommendation with committee action shall be forwarded to the Senate Council. The recommendation shall be placed on the Senate agenda unless both the committee and the Council determine otherwise. If the Council acts on the recommendation without sending it to committee, it can decide not to place the matter on the agenda. In this situation, the recommendation may be introduced on the Senate floor if its initiator obtains the signature of ten (10) Senators. Agenda plus all recommendations for Senate action shall be circulated to all members of the University Senate and to administrative offices that are concerned with academic affairs at least ten (10) days prior to Senate meetings. For special meetings, where the ten-day circulation period is impractical, it shall be waived. (See Section I, 1.3.1.)

When a document embodying a major policy decision is to be considered by the University Senate, the Senate Council may, whenever feasible, first place the document on the agenda of a meeting "for discussion only" and on the agenda of a subsequent meeting of the Senate "for action." When a document is on the floor of the Senate for discussion only, amendments may be proposed and discussed but not passed. Discussion may be terminated by consent of the body or by postponing temporarily. In addition, amendments may be submitted in writing to the Senate Council by any two members of the Senate for distribution with the agenda of the meeting at which action is to be taken. (See Section I. 1.3.1.)

Whenever possible, amendments or motions relative to agenda items on the floor of the Senate for action should be presented to the presiding officer in writing by the person(s) proposing said amendments or motions prior to the opening of the Senate meeting.

No motion may be laid on the table indefinitely.

Except where otherwise provided in these Rules, Robert's Rules of Order: Newly Revised shall prevail.

F. Officers of the Senate Council will remain members of the Senate Council for the duration of their terms of office even if their terms as Senators may have expired. In this eventuality, they will not be counted as part of their academic units in the election of members to the Senate or to the Senate Council, thereby expanding the normal size of both those bodies. (US:10/12/81; US 9/8/97)

A majority of the membership shall constitute a quorum for the transaction of business.

C Review of Programs—The Graduate Council shall review all graduate programs and suggest measures designed to maintain acceptable levels of academic quality. In pursuit of this charge, the Graduate Council may recommend appropriate actions to the Graduate Dean. For the purposes of this section, such recommendations may include (1) suspension of programs for a maximum of five years, (2) lifting of suspensions, and (3) termination of programs in accordance with the procedures specified below. All recommendations by the Graduate Council and decisions by the Graduate Dean relative to suspension of programs, or lifting of suspensions, shall be communicated to the chair of the Senate Council for incorporation in the Senate Council Course/Program Actions. No later than the fifth year of any program suspension, the Graduate Council shall review the suspension and recommend to the Graduate Dean the reinstatement or termination of the programs. (SC transmittal: 19 March 1990)

A decision to suspend a program on academic grounds may be appealed by the Director of Graduate Studies in the program. The appeal in all such cases shall be made, including justification, to the Provost for review. The Provost shall appoint a committee of graduate faculty members including a member of the Senate Council to review the case. If the Graduate Faculty concurs, it shall forward its recommendation through the Senate Council to the University Senate for approval. (US:11/14/83)

Any recommendation by the Graduate Council to the Graduate Dean to terminate a program, whether or not previously suspended, shall also be communicated to the chair of the Senate Council. If the Graduate Dean approves a recommendation to terminate a graduate program on academic grounds, he shall submit a recommendation for termination to the Graduate Faculty for review. If the Graduate Faculty concurs, it shall forward its recommendations through the Senate Council to the University Senate, which shall have the final authority for recommending such termination to the President. (US:11/8/76)

D. Off-campus Courses and Programs—The Council shall review distance learning activities for quality and effectiveness, in keeping with Southern Association of Colleges and Schools (SACS) substantive changes criteria (US: 4/12/99)

1.3.2.2 Composition The Graduate Council is composed of eighteen (18) members and the Dean of the Graduate School, who serves as the chair. There are sixteen (16) faculty representatives and two (2) student representatives. Associate deans serve in a non-voting, ex officio capacity.

The composition of the Graduate Council is as follows: Two members from the College of Agriculture, three members from the College of Arts and Sciences, one member from the College of Business and Economics, two members from the College of Education, one member from the College of Engineering, one member from the Colleges of Communications and Fine Arts, two members from the College of Medicine and Pharmacy, one member from the Colleges of Dentistry and Nursing, one member from the Colleges of Library Science, Human Environmental Sciences, and Social Work, and two members appointed by the Dean of the Graduate School.

Members representing a college or a combination of colleges are elected by the Graduate Faculty in the respective colleges. (US:3/21/83)

1.3.2.3 Election
A Only full members of the Graduate Faculty shall be eligible to serve on the Graduate Council and to vote in the Graduate Council election. Graduate Faculty members with administrative titles above that of department chair shall not be eligible. In addition, members of the Graduate Faculty from departments which have representatives with unexpired terms on the Graduate Council shall not be eligible. (US: 11/11/85)

The office of the Graduate Dean will be responsible for administering the election procedure. The Dean's Office will prepare the lists of faculty members eligible to vote and those eligible to serve. For each college or collection of
colleges where there is an election to be held, the Dean's office will send a list of those eligible to be elected to each person eligible to vote, who will be invited to nominate an eligible person for the Graduate Council by a letter. In addition, in each department (or college) that has a graduate program, the chair (or dean) and the director of graduate studies will each be urged to submit a nomination by letter. The Graduate Dean's office shall check on the willingness of persons to serve and will get a very brief biographical statement from each person nominated. If fewer than three persons are nominated and are willing to serve from any college or collection of colleges, the Graduate Dean's office shall call a brief meeting of the directors of graduate study from the unit(s) for the purpose of nominating additional persons to make a total of three. (In the event that more than one person were to be elected from the unit, this group would meet if necessary to pick nominees equal to three times the number to be elected.) (US: 1/18/88)

Once the nomination process has been completed, ballots will be sent out containing the names of all those nominated. Each person must vote for as many candidates as there are vacancies to be filled. The person or persons receiving the largest number of votes will be elected. (US: 1/18/88)

1.3.2.4 Terms and Vacancies The term of office of elected members shall be three (3) years, with elections being conducted so that the terms will be staggered. The term of office of appointed members shall be one (1) year. All terms expire on August 15 [US: 4/23/01]. Members shall serve until the expiration of their terms, until they have become ineligible, or until their successors have been named.

A vacancy in the first year of a term on the elected membership of the Graduate Council shall be filled by appointment by the Council Chair of the eligible nominee who received the highest number of votes without being elected. If that person declines, the next eligible nominee shall be appointed, and so on. If the electoral unit in which the vacancy occurs elects a Council member annually, this method shall be used to fill all vacancies from that unit, with the immediate preceding election being used as the source of nominees. If the electoral unit does not elect a member annually, a vacancy following the first year of a term (or in the first year if the list of nominees is exhausted) shall be filled by the chair appointing an eligible member of the unit's faculty. The term of appointment shall be for the remainder of the unexpired term or for the duration of the ineligibility of the elected member. (US: 4/10/89)

Any member of the Council who has served a term as an elected member or who has served more than one year as a replacement for an elected member shall be ineligible for membership on the Council until three years have elapsed since completion of his/her last term. An appointed member of the Council may serve three successive one year terms. However, the appointed member whose term of service has been for more than a single one year term, shall thereafter be ineligible for membership on the Council until three years have elapsed.

C  **Review of Programs**--It shall review the summary reports of undergraduate program reviews prepared by the academic unit review committees. It shall participate directly in the review of undergraduate programs upon the request of the Provost. Following either such review, it may recommend appropriate action to maintain acceptable levels of academic quality to the Provost. Such a recommendation may include the suspension of a program to a maximum of five years and the lifting of such a suspension. All recommendations relating to imposing or lifting suspensions of programs shall be approved by the Senate Council.

An undergraduate program, through its chair or other appropriate administrative officers, may appeal a decision to suspend the undergraduate program to the Provost, who shall then appoint a committee of faculty members, including a member of the Senate Council, to review the case. In appointing the committee, the Provost shall consult with the Sr VP and Chancellor of the Medical Center when the program is significantly involved in the Medical Center. The Committee shall limit its review to the materials submitted by the academic unit review committees, by the Undergraduate Council, and by the program making the appeal. The Provost shall discuss the recommendation of the Committee with the chair of the Senate Council and the Sr VP and Chancellor of the Medical Center, where appropriate, and shall then recommend final action to the President. The Associate Provost’s Office will prepare lists of faculty members eligible to vote and serve. For each college or group of colleges in which there is an election to be held, the Associate Provost’s Office will notify and solicit nominations from the faculty members by a process designed to give adequate notice of the election. It will particularly solicit nominations from department Chairs and Directors of Undergraduate Studies. The Associate Provost’s Office will ascertain the willingness of the nominees to serve and will conduct the election by a process designed to inform voters of the qualifications of those nominated. The person receiving the highest number of votes for a given vacancy will be elected. Ties will be decided by lot. {US: 10/8/01}

1.3.3.4 Terms and Vacancies Elected faculty council members will serve three year staggered terms expiring on August 15 [US: 4/23/01], and shall be ineligible to succeed themselves until a lapse of one year occurs, except that where they have served one year or less as a replacement, they shall be eligible to be elected. vacancies from that unit, with the immediate preceding election being used as the
source of nominees. If the electoral unit does not elect a member annually, a vacancy
following the first year of a term (or in the first year if the list of nominees is exhausted)
shall be filled by the chair appointing an eligible member of the unit's faculty. The term
of appointment shall be for the remainder of the unexpired term or for the duration of the

The University Senate shall have four types of committees: (1) standing committees of the Senate responsible only to that body; (2) the University Studies Committee which
shall be chaired by and work with the Associate Provost for Undergraduate Education but shall submit all major policies (as specified in 1.4.4 below) to the Senate; (3) advisory committees responsible in an advisory capacity to the President and/or other administrative officers and to the Senate; and (4) ad hoc committees.

The terms of office for faculty members of either the standing committees or the University Studies committee shall be three years. Student appointments shall be for one year. All appointments shall be made by the Senate Council for terms beginning on August 16 and staggered to provide a one-third change in membership each year.

The number of members on each standing committee shall be determined by the Senate Council. Chairs shall be appointed by the Senate Council. The chair and at least one-half the members of the committees shall be Senators, except as otherwise specified.

Such a subcommittee must be chaired by a member of the parent committee.

Acting within their charges, Senate committees shall act and report upon issues that bear on the functions of the Senate prior to their submission to the Senate. The Senate Council normally shall refer all issues to appropriate standing committees unless an issue arises that is clearly not within the jurisdiction of one of the committees, or unless an issue demands such immediate attention that the appropriate committee, in the view of its chair, would be unable to report on it in due time. If either of these two situations arise, the Senate Council may appoint an ad hoc committee to act and report on the issue. Standing committees of the Senate shall have the privilege of presenting reports to the Senate, subsequent to review by the Senate Council. If the Council fails to present a committee report for action during three regular Senate meetings after it has been submitted to the Council, the committee may bring its report directly to the floor for action by the Senate at any subsequent meeting, provided that the report has been appropriately circulated in advance.

1. Serve the administration as a source of faculty information and opinion about the need, design, and priority and construction or renovation projects.
2. Inform the Senate at least annually about problems relating to the alteration, construction, or allocation of academic facilities and about future plans and priorities for them. Whenever necessary, the Committee may initiate action by preparing a recommendation to the administration, which should be routed through the Senate Council for Senate approval.
3. Maintain communication with the appropriate administrators about the current status and utilization of academic facilities. [US: 10/12/81]

Specifically, the Committee shall review the academic excellence, the need, and the impact, desirability, and priority of the new academic program in relation to other programs. In approving a new program, the Committee shall recommend a
priority to indicate its importance and the immediacy with which it should be implemented.

The Committee shall function mainly through three permanent subcommittees: Graduate Programs, First Degree Programs, and Professional and Pre-professional programs. The appropriate subcommittee shall investigate the proposed new program and present its evaluation to the full committee, which shall decide on its recommendation to the Senate.

1.4.2.7 Academic Planning and Priorities The Senate Committee on Academic Planning and Priorities shall be concerned with major, broad, long-range plans and priorities. It shall:

1.4.2.9 Committee on Institutional Finances and Resources Allocation The primary function and mission of the Committee on Institutional Finances and Resources
Allocation is to inform the Senate Council and the Senate on the present status of the prospective changes in the finances and other resources available to the University. The Committee shall analyze public budget documents, published reports about financial and other trends and shall consult appropriate officials in fulfilling this function. It shall also examine budgetary data concerning the allocation of available financial resources resulting from budget reductions. However, the Committee’s concerns here shall not be focused on departmental, college or other particular interests, but on general concerns and procedures taken from the perspective of the entire University. The Committee shall issue a report annually, and shall make specific reports to the Senate Council at the latter’s request.

Membership on the Committee on Institutional Finances and Resources Allocation shall include senior faculty with financial and budgetary expertise relevant to university finances. Neither the chair nor a majority of the Committee’s members have to be elected members of the Senate.

The two student members shall be appointed annually by the Senate Council from names recommended by the President of the Student Government Association. The KCTCS member shall be appointed by the Senate Council upon the recommendation of the Community College Council for a three year period. (US: 10/12/87)

B The University Studies Committee shall exercise the following functions:

1. It shall select all courses which are proposed to fulfill the program requirements.

2. Upon the recommendation of the Associate Provost or on its own initiative, and upon sufficient investigation, it may delete courses (or pairs of courses) from their status of fulfilling the program requirements.
3. It shall review periodically (at least every six years) the teaching and content of all courses selected to fulfill the program requirements. The Senate Council’s approval of temporary waivers of or substitutions for program requirements for particular categories of students shall be final. [US: 10/11/99]

1.4.3.1 Admissions Advisory Committee (US: 11/12/90)

A The Admissions Advisory Committee is a standing committee of the University Senate. The voting members of the Committee are the Director of Admissions, the University Registrar, the Chair of the Senate committee on Admissions and Academic Standards, and three additional faculty appointed by the Senate Council to staggered three-year terms. Ex officio, non-voting members of the Committee include the Associate Provost of Undergraduate Education and the Vice President for Institutional Research, Planning and Effectiveness (or that person’s designee). The committee must be chaired by one of the three appointed faculty members. In the case of a tie vote, the vote of the chair shall prevail.

The AAC is responsible for recommending admissions policy within general guidelines established by the University Senate. The ACC will:

1. The ACC will adopt an admissions management system, as described in section (b).
2. File a written report recommending to the Provost admissions objectives such as average ACT scores and desired size of each year's entering freshman class. A copy of the report shall be presented to the Senate Council.

3. The Committee will establish internal automatic admission criteria for both Early Decision and regular, full consideration admission.

4. Upon the recommendation of the Director of Admissions, approve any warranted deviations from the initial internal admissions criteria.

5. After consultation with the Director of Admissions, the AAC may recommend closing admissions on any of the following bases: 1) the desired class size has been reached; 2) the class is large enough given existing constraints; and 3) admissions objectives other than class size have been achieved.

7. Request the Provost provide specific data on admissions, enrollment, and student performance in the Provost's annual report to the Senate.

8. Request specific other data from the University Registrar or Director of Admissions for use in establishing or evaluating admissions policy.

9. Review and analyze the information provided by the Provost and the Registrar or Director of Admissions and disseminate the results of its review and analysis to the academic units.

B The ACC will adopt an Admissions Management System for admissions. The Admissions Management System will:

1. Have internal, non-published standards recommended by the ACC. The University will, however, publish the range of scores and grade point averages which secured admission in the previous year's freshman class.

2. Admissions criteria will include not only high school grade point average (HSGPA) and ACT composite score, but class rank, degree of difficulty of courses, and ACT subsection scores. However, students with an ACT score below 15 (old ACT) or 18 (enhanced ACT) may be admitted through the Exceptions Committee only.

3. At least ninety percent (90%) of all freshman admissions will be made according to the internal automatic acceptance criteria.

4. Admissions criteria will contain an exceptions procedure for two types of applicants: 1) Internal exceptions procedure: for those prospective students who have certain diversity characteristics not present in the pool of students admitted by internal, automatic-admit criteria and 2) External Exception Procedure: for those students whose applications for admission have been rejected.

   a. Internal Exceptions Procedure: the AAC will identify characteristics not adequately represented in the pool of students admitted under the internal-admit criteria. The Director of Admissions will forward the files of candidates having those characteristics and a reasonable academic record to the Exceptions Committee for consideration before the candidate is notified of an admissions decision. If the Exceptions
Committee determines that the candidate has a reasonable chance of success, admission will be granted unless the desired class size or other critical admissions objectives have been met.

b. The Exceptions Committee will continue to function as the appeals board for all candidates whose applications were rejected. A rejected applicant may petition for admission due to a) significant non-academic personal achievement; b) diversity; or c) unusual situations affecting academic performance.

5. The following admissions deadlines are established:
   November 1, for Early Decision applications
   February 15, for regular, full consideration applications
   August 1, for the submission of all documents.
   (June 1, for participation in the summer advising conference).

Students who apply after the deadline for full consideration will be admitted only as enrollment goals permit.

These deadlines apply to both transfers and entering students. Applications received after February 15 may be rejected even if they demonstrate better qualifications than some already admitted.

An exemption from the August 1 deadline may be granted to non-degree students who enroll in no more than eight (8) credits. These students may enroll through the Evening Weekend Program, at the registration conducted before the opening of classes.

The Director of Admissions may admit exceptional applicants after the desired class size has been met or the August 1 deadline has passed, but the number of such admissions should be kept to a minimum.

The AAC may change these deadlines, based on future experience.

The committee shall consist of no more than three faculty members from the University Senate who are currently advising students; three students (two student senators and one student at large) to be selected by the Senate Council upon the recommendation of the President of the Student Government Association; three professional advisors, determined by a process adopted by the UK Advisors Network and the Senate Council; and one ex-officio member: the Associate Provost for Undergraduate Education.

The committee shall:
A. Regularly review the effectiveness and accountability of academic advising throughout the University

B. Set standards for the quality of academic advising

C. Make recommendations to the Senate Council regarding academic advising

D. Advise the Senate Council about all recommendations or proposals to the University Senate regarding academic advising (4/10/00)

1.4.4.0 ADVISORY COMMITTEES

1.4.4.1 Senate Advisory Committee on Faculty Code The Faculty Code Committee shall carry out duties conferred on it by the Faculty Code. These shall include the following: to receive reports of mediation efforts of the deans; to hold hearings and make findings as to violations and sanctions, if any; and to forward recommendations to the Provost.

1.4.4.2 Senate Advisory Committee on Privilege and Tenure The Committee is charged with giving preliminary consideration to the following matters as referred to it by the President, the University Senate, or individual staff members of the University: cases of appointment termination for cause of a faculty member who has tenure; cases of dismissal of a faculty member during a limited appointment; cases of non-renewal of a probationary appointment with less advance notice than specified by the Governing Regulations; cases of allegation by a faculty member on a non-tenure appointment that a decision for non-reappointment violates his or her academic freedom as a faculty member; cases of allegation by a faculty member on a non-tenured appointment that a decision for non-reappointment violates either Part X A or Part XII A in the Governing Regulations banning certain discriminatory practices in academic employment; cases of allegation by the University administrator that a decision to terminate his or her appointment to his or her administrative post, or not to reappoint him or her, violates his or her academic freedom; cases of termination of a tenure appointment or the dismissal of a person prior to expiration of a non-tenure appointment, because of a financial emergency; and all similar cases. The function of the committee in all such cases is to attempt to effect an adjustment and, in cases of failure, to recommend to the President action to be taken.

The Committee may, upon request, advise individual staff members on the interpretation of University privilege and tenure regulations, with copies of the interpretation being sent to the University Senate Council, the chair of the Department, the Dean, and the President. The Committee also may consider allegations of faculty members who believe that their privilege as scholars has been abridged or abused. Faculty members should address statements to the chair of the Committee setting forth in detail the reasons why they believe their privilege has been abused. The Committee will review the statement and determine whether conditions warrant further investigation. Upon investigation the Committee will make recommendations to the faculty member and file a copy with the President. Recommendations may be made also to the President with a copy sent to the faculty members.

The Committee is also charged with making a continuing study of privilege and tenure regulations, making recommendations to the University Senate.
1.4.4.3 University Senate Hearing Panel (Privilege and Tenure) A University Senate Hearing Panel of fifteen (15) members shall be appointed for staggered three-year terms by the President from a list of nominees recommended by the Senate Council. From this panel an ad hoc Hearing Committee shall be chosen to hear a case arising from dismissal of a faculty member with continuous tenure or of a non-tenured member before the end of that person's specified term of appointment, or of one arising from allegation of the violation of the academic freedom of a non-tenured faculty member or of an administrator. The committee shall consist of five members chosen by lot from that panel. Members shall remove themselves from a case, either at the request of a party or on their own initiative if they deem themselves disqualified for bias or interest. Each party shall have a maximum of two challenges without stated cause. If the panel should be exhausted before an acceptable committee has been obtained, five supplementary members shall be appointed to the panel by the same procedure from which members of the committee may be elected. The committee shall select its own chair.

The committee will conduct the hearing and report its findings as described in the Governing Regulations Section X,B,5,b. In addition, the committee will adhere to the following procedures:

A The faculty member will be afforded an opportunity to obtain necessary witnesses and documentary or other evidence, and the administration will, in so far as it is possible for it to do so, secure the cooperation of such witnesses and make available necessary documents and other evidence within its control.

B The faculty member and the administration will have the right to confront and cross-examine all witnesses. Where the witness cannot or will not appear, but the committee determines that the interests of justice require admission of that person's statement, the committee will identify the witness, disclose the statement of that witness and if possible provide for interrogatories.

C The hearing committee will not be bound by strict rules of legal evidence, and may admit any evidence which is of probative value in determining the issues involved. Every possible effort will be made to obtain the most reliable evidence available.

D The hearing committee will grant adjournments to enable either party to investigate evidence as to which is a valid claim of surprise is made.

E The findings of fact and the decisions will be based solely on the hearing record.

F Except for such simple announcements as may be required covering the time of the hearing and similar matters, public statements and publicity about the case by either the faculty member or the administrative officers will be avoided so far as possible until the proceedings have been completed, including consideration by the Board of Trustees.

1.4.5 AD HOC COMMITTEES
Other than their temporary nature ad hoc committees have the same status and responsibilities as all other committees of the Senate. They shall be appointed by the Senate Council to address academic problems and issues facing the University. For example, such committees could deal with problems or issues as they arise in the areas of teaching and advising, students affairs, computer resources, continuing education, special teaching technologies and so forth. [US: 10/12/81] (4/14/86)

1.5.0 ELECTION PROCEDURES FOR CERTAIN ELECTIVE BODIES
The Secretary of the Senate is charged with administering elections as directed by the University Senate. Following are descriptions of these elections:

1.5.1 ELECTION OF JOINT BOARD-FACULTY PRESIDENTIAL SEARCH COMMITTEE

1.5.1.1 Authority Relative to Appointment of President (US: 10/11/99 & BoT, 3/7/00)
The Governing Regulations adopted by the Board of Trustees May 5, 1970 and amended February, 1972, October, 1987, April 7, 1998, and March 7, 2000 provide: "The President of the University is appointed by the Board of Trustees with the advice of a joint committee of the Board, faculty, staff, student body and alumni. The committee shall consist of five members of the Board appointed by its chair; at least one of whom shall be from among the three alumni trustees, three members of the full-time teaching and/or research faculty of the University System, selected by a procedure determined by the University Senate; one member of the full-time staff of the University, appointed by the Chairperson of the Board from a list of three staff members elected by the staff of the University; two full-time students of the University, one undergraduate and one graduate or professional student, appointed from a list of three undergraduate and three graduate or professional students selected by a procedure determined by the Student Government Association; and one member of the alumni of the University appointed by the Chairperson of the Board from a list of three alumni selected by the Board of Directors or the Executive Committee of the University of Kentucky Alumni Association. The committee shall provide opportunity for discussion between representatives of administrative, faculty, and student groups and prospective presidential candidates."

1.5.1.2 Procedures In the event of a vacancy, or official announcement of an impending vacancy in the Office of President, the following procedure shall be utilized in selecting the three faculty members of the University System to serve on the Search Committee:

A The University Senate shall serve as the nominating body. Nominations shall take place at a regular or special meeting of the Senate.

B Each voting member of the Senate will be provided with a complete list of the full-time teaching and/or research faculty—the same faculty members who are eligible to be elected to the Senate.

C The University Senate shall proceed to nominate six (6) candidates. (An addressed sealed envelope containing two smaller envelopes will be given to each member of the Senate present. One of the smaller envelopes will contain four cards which the members will use in voting on the first ballot and the second smaller envelop will contain six cards to be used by the members in
voting on the second ballot.) The Senators shall include both the first and last name or initials of the persons for whom they vote to avoid confusion.

1. Each member, using the list of those eligible for election, shall vote for no more or no less than four (4) persons.

2. Only voting members of the Senate shall be eligible to vote in the nominations. An ad hoc committee of the Senate appointed by the Senate Council chair shall count the votes immediately and announce the names of the twelve (12) individuals receiving the highest number of votes, plus any ties for the 12th position. No nominating speeches will be allowed.

3. The Senators shall then vote for no more or no less than six (6) of these candidates.

4. Each Senator will sign his or her name in the upper left-hand corner of the envelopes containing ballots.

5. The six candidates receiving the highest number of votes, plus any ties for the 6th position, shall be declared nominated. The chair of the Senate Council will check on each of the nominees to determine that he or she is available and willing to serve before the six names are placed on the election ballot. If any of the six or more is unwilling or unable to serve, the person receiving the next highest number of votes on the second nominating ballot will serve as replacement. In the event of ties, decision by lot will be reached.

D The Secretary of the Senate shall then conduct a mail election ballot on the nominees. Those eligible to vote on this ballot shall be the same as those eligible to be elected to the Senate.

* Each faculty member shall vote for no more or no less than three (3) of these candidates. No ballot containing more or less than 3 names shall be counted. (RC: 4/14/86).

E The three nominees receiving the highest number of votes shall be recommended to the chair of the Board of Trustees for appointment to the Board-Faculty Committee. Ties shall be broken by lot.

1.5.2 ELECTION: TWO VOTING UNIVERSITY SYSTEM FACULTY MEMBERS, BofT [See US 10/12/88; US 10/8/01]
As specified in the Governing Regulations (Part II.A.2) there shall be two voting University System faculty members of the Board of Trustees. Faculty members who may vote in the election of the University System Faculty members to the Board of Trustees shall be those in the University System who have an actual or equivalent rank of Assistant Professor or higher;

Faculty members eligible to serve as an elected member of the Board of Trustees shall be those who meet the voting qualifications and who have a primary assignment in a faculty role (50% or more involvement in teaching, research and/or service). For purposes of this section, assignment as chair of a department shall not exclude one who holds such a position from eligibility to serve as an elected member of the Board of Trustees. Faculty members of the Board of Trustees shall be eligible for re-election.
(NOTE: GR X-1 states that: Members of the Board of Trustees, except those elected to the Board as faculty, staff, or student representatives, and relatives of any member of the Board of Trustees are ineligible for employment at the University. "Relatives", as used above, include parents and children, husbands and wives, brothers and sisters, brothers- and sisters-in-law, mothers- and fathers-in-law, uncles, aunts, nieces and nephews, sons- and daughters-in-law, and step-relatives in the same relationships. Employment includes regular and temporary full- and part-time employment, including student work-study and graduate assistant programs.)

Elections shall be held only during the academic year. During years when a regular term expires (June 30), the election shall be held during the Fall Semester. If at any time a faculty Board member should become ineligible to serve (i.e., assumption of an administrative title, resignation, official leave which precludes attendance, etc.), the chair of the Senate Council shall declare a vacancy and call for a special election of a faculty member to serve for the duration of the original member's ineligibility.

Elections shall be conducted by the Secretary of the Senate as follows:

The Secretary shall solicit nominations by a method calculated to provide reasonable notice to the faculty. Nominations shall be submitted to the Secretary in writing or by fax, and must contain the names and signatures (submitted together) of 10 or more nominators, all of whom are eligible to vote. Forms may be provided for this purpose. The nomination letter shall indicate that the nominee is willing to serve if elected and that he or she is qualified to serve;

If more than three persons are nominated, the names of all nominees shall be placed upon a ballot sent to all eligible faculty voters. The ballot shall contain the College and department or other subunit affiliation, if any, of each nominee. The election shall be by secret ballot and voters shall vote for only ONE nominee. If one nominee receives a majority of the votes, that person shall be declared to be elected. Otherwise, the three nominees receiving the highest number of votes (including ties for third place) shall be placed upon a second ballot.

If three or fewer persons are nominated there shall be only one ballot.

The second ballot (or the first if three or fewer persons are nominated) shall contain a brief biographical sketch of the candidates and may contain a brief statement by the candidates. The election shall be by secret ballot. Each voter shall indicate a first and may indicate a second choice. All of the first choice ballots will be counted, and any person who receives a majority of votes will be elected. If no one receives a majority, a choice will be made between the two candidates with the largest number of votes. The second choice votes of the remaining candidate (or candidates) will be added to the first choice votes received by the top two candidates, and the person with the larger number of votes will be elected. (In the event of a tie at that stage, the candidate with the larger number of first choice votes will be elected.) [Revised:10/1/80; Senate Rules Committee; US: 1/18/88; US: 10/12/98; US: 10/8/01]
