Radon is a naturally occurring, radioactive gas.
• It cannot be seen, smelled or tasted.
• It may seep into your home from the rocks below.
• It is the second leading cause of lung cancer.

**TEST YOUR HOME • KNOW YOUR LEVEL**
For a radon test kit, contact the Kentucky Radon Program at (502) 564-4856.

**Certain types of rock have higher levels of radon:**
Radon is a problem in many areas in Kentucky, including McCreary county.

**Smoking and radon:**
Breathing radon is dangerous, but it is even more harmful when you also breathe tobacco smoke.
In McCreary County:

Blue dots show homes already tested for radon. More homes in McCreary County need to be tested.

To Do List:

- TEST your home for radon.
- TALK with a health care provider about your results.
- FIX your home if the level is high. Call a certified radon professional.
- ASK people to smoke outside.
- TELL your loved ones about the dangers of radon and tobacco smoke.

TEST YOUR HOME • KNOW YOUR LEVEL

For a radon test kit, contact the Kentucky Radon Program at (502) 564-4856. For more information about the maps, contact BREATHE at (859) 257-7028.
