8-24 OFFICE, INDUSTRY AND RESEARCH PARK (P-2) ZONE

8-24(a) Intent - This zoning category is created to provide for a mixture of compatible office, research, warehouse and industrial uses in a park-like setting with high quality standards of development. This zone shall be located as recommended by the Comprehensive Plan. While it is recognized that actual development of property zoned P-2 may occur in increments smaller than the total acreage shown on the Comprehensive Plan, the terms "P-2 area" and "P-2 park" as used herein are intended to mean the entire contiguous area of ORP as designated on the Comprehensive Plan. The limitations on retail and hotel/motel uses stated herein have been drafted with the expectation that a P-2 project will include all such property as shown on the plan.

8-24(b) Principal Uses (Other uses substantially similar to those listed herein shall also be deemed permitted.)

1. Banks, credit agencies, security and commodity brokers and exchanges, credit institutions, savings and loan companies, holding and investment companies.

27. Temporary cellular telephone transmitting facility; not to exceed 70' in height and with a 1:1 height-to-yard ratio.

8-24(c) Accessory Uses (Uses and structures which are customarily accessory, clearly incidental, and subordinate to permitted uses.)

1. The accessory uses permitted in the P-1, B-4, and I-1 zones, except as specifically prohibited in Article 8-24(e) below.

2. Within the designated retail area, the following accessory uses shall be permitted:

Parking areas and structures.

One dwelling unit for the owners, operators, or employees of a permitted use, provided that such dwelling unit shall be a part of the building and located above or to the rear of such permitted use.

Warehousing, wholesaling, and storage, excluding outdoor storage.

Drive-through facilities for the sale of goods or products or the provision of services otherwise permitted herein.

Satellite dish antennas, as further regulated by Article 15-8.

3. Residential uses solely for incidental use by employees of a permitted use.

8-24(d) Conditional Uses (Permitted only with Board of Adjustment approval.)

1. Helistops and/or heliports, provided such facilities conform to the requirements of all appropriate Federal, State, and local regulations.

2. Mining of non-metallic minerals, but only when the proposal complies with the requirements of the Mining/Quarrying Ordinance (Code of Ordinances #252-91) and the conditions and requirements as set forth therein. The Board of Adjustment shall specifically consider and be able to find:
   a. That the proposed use will not constitute a public nuisance by creating excessive noise, odor, traffic, dust, or damage to the environment or surrounding properties;
   b. That a reasonable degree of reclamation and proper drainage control is feasible; and
   c. That the owner and/or applicant has not had a permit revoked or bond or other security forfeited for failure to comply with any Federal, State or local laws, regulations or conditions, including land reclamation, pertaining to the proposed use.

3. Gasoline pumps available to the public without an employee on site, provided a plan is approved by the Board of Adjustment for periodic inspection of the site by an employee for the following purposes:
   a. To check all operating equipment;
   b. To check fire suppression system(s);
   c. To check the condition of the fire alarm(s);
   d. To check for indications of fuel leaks and spillage;
   e. To remove trash from the site;
   f. To monitor the general condition of the site.

8-24(e) Prohibited Uses (All uses other than those listed as principal, accessory, or conditional uses, or substantially similar to principal, accessory, or conditional uses shall be prohibited. The uses below are provided for illustration purposes and for the purpose of limiting permitted uses and are not intended to be a total listing of all the uses that are prohibited.)

1. Dwellings, except as accessory uses for watchmen or caretakers, or as permitted under 8-24(c)(2) and (3) above.

2. All outdoor storage, display, and/or sales areas, including any vehicular sales facilities; but excluding outdoor patio areas operated in conjunction with a restaurant.

3. Any uses first permitted in the Heavy Industrial (I-2)
4. Refuse dumps, incinerators, and landfills.
5. A facility for the storage and distribution of gas by railroad tank cars, through gas piping, or by tank trucks which each have a water capacity in excess of 4,000 gallons.

Lot, Yard, and Height Requirements (See Articles 3 and 15 for additional regulations)

8-24(f) Minimum Lot Size - Five (5) acres, except in the designated retail area and areas which have been approved for a final development plan, then no limitation. See 8-24(o)6 below.

8-24(g) Minimum Lot Frontage - No limitation.

8-24(h) Minimum Front Yard - 200’ on streets classified as expressways and major arterials on the official functional classification map; 100’ for all other street frontages, except cul-de-sacs, which shall have a minimum front yard of 50’.

8-24(i) Minimum Side Yard - A combined side yard of 50’, with a minimum of 25’.

8-24(j) Minimum Rear Yard - 25’.

8-24(k) Minimum Useable Open Space - See 8-24(o) below.

8-24(l) Maximum Lot Coverage - 30%; with a maximum floor area ratio of .4, except in the designated retail area, which shall have a maximum lot coverage of 25%, with a maximum floor area ratio of .5.

8-24(m) Maximum Height of Building - 1:1 height-to-yard ratio.

8-24(n) Off-Street Parking (See Article 16 for additional parking regulations.)

Office Uses - One (1) space for each four hundred (400) square feet of floor area.

Uses first permitted in the B-4 zone - As per B-4.

Uses first permitted in the I-1 zone - As per I-1.

Designated Retail Area - One (1) space for each four hundred (400) square feet of floor area for the first ten thousand (10,000) square feet; one (1) space for each two hundred (200) square feet of floor area after the first ten thousand (10,000) square feet.

Combinations - Combined uses shall provide parking equal to the sum of individual requirements.

8-24(o) Special Provisions

1. Any site to be zoned in a P-2 zoning category shall be a minimum of fifty (50) net acres in size.
2. No more than fifty percent (50%) of any P-2 project shall be covered with buildings and parking lots or other paved surfaces designed for vehicular use. All open space areas shall be permitted, however, to contain outdoor recreational/athletic facilities, such as ball fields; jogging trails; tennis courts; picnic areas; golf courses; or similar outdoor activities for the use of the employees of the principal use of the property or the public at large. Land owned by the developer at the time of rezoning, which is subsequently dedicated at no cost to the public as recreational or open spaces (not streets), shall be included in such open space requirement.
3. The developer shall be required to provide proof of at least the following private covenants having been created prior to the approval of any final development plan:
   a. A design committee of at least three registered architects and landscape architects (mixed 2 to 1 in either combination) shall be required to review and approve all site and architectural designs within the development.
   b. An owners’ association or other mechanism which provides for uniform maintenance of all open space areas and common areas.
4. Landscaping shall be required as per Article 18 of the Zoning Ordinance, except as modified herein. Perimeter landscaping around the exterior boundary of the project shall be as provided under Article 18 for the I-1 zone; however, the Commission may permit such portions of required perimeter planting to be reallocated to areas interior to the site, where it finds that solid screening is not needed to screen the uses from the adjoining rights-of-way or properties. In addition, ten (10) square feet of landscape area for each one hundred (100) square feet, or fraction thereof, of vehicular use area shall be required within the park. Street trees shall be required as outlined in the Land Subdivision Regulations. Each lot shall be required to provide on-site tree planting at a standard of twenty-five (25) trees per acre, which shall include any street trees and trees planted within vehicular use areas. Existing trees may be substituted for such required new trees as outlined in Article 18-3(a)(7).
5. Signage within the P-2 zone shall be specifically regulated under Article 17-7(m) of the Zoning Ordinance.
6. A preliminary development plan shall be required to be filed in conjunction with any zoning map amendment to a P-2 zone. No building permits shall be issued for any lot or building within the development unless and until final development plans are approved, as provided in Article 21. The minimum size project for any final development plan shall be five (5) acres. A final development plan with two or more buildings shall be designed as a cohesive
architectural statement, with all development features exhibiting compatible design elements. Where lots are proposed less than five (5) acres in size, the minimum lot, yard, and height requirements shall apply to the entire project, rather than to each subdivided lot.

7. Parking areas shall not be permitted to encroach into required front, side, and rear yards. However, no more than 10 visitor parking spaces may be permitted within such required yards.

8. In addition to the required development plan, the applicant for any P-2 zoning category shall be required to file a comprehensive development statement at the time of filing. Such comprehensive development statement shall include, at a minimum:
   a. A traffic impact analysis.
   b. A preliminary site analysis of all significant natural and man-made features with a particular emphasis on any environmentally sensitive areas, geologic hazard areas, existing vegetation which should be given priority as use for open space areas.
   c. Any proposed use restrictions, building requirements, architectural requirements, or similar restrictions over those required herein.

Such studies shall be evaluated by the staff as part of the overall review of the map amendment request and development plan. Based upon such review, the Planning Commission and/or Council may impose restrictions on uses or other development aspects, including design criteria, as a part of the approval of the P-2 project.

9. A designated retail area can be included within the project at the option of the developer for any project containing over one hundred (100) net acres. If included, such designated retail area shall be defined on the preliminary development plan at the time of creation of any P-2 zone and shall be able to be expanded or relocated only with the approval of the legislative body as for a zone change. The designated retail area shall be designed and located to primarily serve the needs of employees and visitors to the Office, Industry and Research Park. It shall be located internal to the park and shall not be located on adjoining arterial streets. The retail area shall not be less than one percent (1%) of the total area of the park, nor greater than five percent (5%) of the total area of the park, in any case.

10. Except to the extent otherwise permitted in Article 8-24(e) above, all uses shall be conducted in a completely enclosed building.

11. No site utilities shall be permitted to be above ground, with the exception of major electric and telephone distribution lines (which shall generally be located on lot perimeters), pad mounted transformers, and similar facilities. Service connections of such utilities to individual buildings shall be required to be underground. Any utilities to be located above ground shall be shown on required final development plans. All such overhead utilities shall be designed, located, and, where appropriate, screened, so as to preclude visibility from adjoining arterial roadways and public open space and/or greenway areas to the greatest extent feasible.

12. The number of hotels and/or motels within a P-2 project shall not exceed a total of one (1) per fifty (50) net acres of the P-2 project; and the total acreage in motel/hotel uses shall not exceed ten percent (10%) of the area of the P-2 project.
