

**Western Kentucky Deep Carbon Storage Test
Hancock County, Kentucky
2008 Public Outreach**

Presentations

Kentucky General Assembly Special subcommittee on Energy
Frankfort, Kentucky, March 4, 2008 and July 18, 2008
Updates on the progress of House Bill 1 (2007) activities, including Western Kentucky deep storage project.
Presenters: James Cobb, Director, KGS
Dave Harris, Energy and Minerals Section Head

Illinois Basin Energy Conference
Henderson, Kentucky, March 6, 2008
Presenter: Dave Harris, Energy and Minerals Section Head

Kentucky Energy and Environment Cabinet and University of Kentucky Office of Research
Lexington, Kentucky, May 13, 2008
Introduction to the Western Kentucky deep storage project.
Presenters: James Cobb, Director, Kentucky Geological Survey
Dave Harris, Energy and Minerals Section Head
Rick Bowersox, Co-Principal Investigator

Kentucky Geological Survey, 48th Annual Seminar
Lexington, Kentucky, May 23, 2008
Presenter: Rick Bowersox, Project Co-Principal Investigator

Indiana Center for Coal Technology Research, Advisory Panel Meeting
Bloomington, Indiana, June 5, 2008
Kentucky Carbon Sequestration Activities and the National Research Council
Recommendations for Coal Research Priorities
Presenter: James Cobb, Director, Kentucky Geological Survey

University of Kentucky, Executive Vice President of Finance and Administration
Lexington, Kentucky, August 5, 2008
Presenters: James Cobb, Director, Kentucky Geological Survey
Rick Bowersox, Co-Principal Investigator

Environmental Protection Agency, Region IV
Atlanta, Georgia, August 12, 2008
Introduction to the Western Kentucky deep storage project
Presenters: Rick Bowersox, Co-Principal Investigator
Dave Williams, Co-Principal Investigator

Governor's Conference on the Environment
Lexington, Kentucky, October 7, 2008
Session on legal issues related to carbon storage
Presenters: Dave Harris, Energy and Minerals Section Head
Sara Smith, Smith Management
Karen Thompson, Smith Management

Professional Conferences

American Association of Petroleum Geologists, Annual Meeting
San Antonio, Texas, April 21, 2008
Presenter: Jim Drahovzal

Geological Society of America, North-Central Section Meeting
Evansville, Indiana, April 25, 2008
Presenter: Rick Bowersox, Project Co-Principal Investigator

Platt's Carbon Capture and Sequestration Conference
Houston, Texas, June 28, 2008
Presenter: Dave Harris, Energy and Minerals Section Head

Kentucky Oil and Gas Association, Annual Meeting
Louisville, Kentucky, July 1, 2008
Presenter: Rick Bowersox, Project Co-Principal Investigator

American Association of Petroleum Geologists, Eastern Section Meeting
Pittsburgh, Pennsylvania, October 13, 2008
Presenter: Dave Harris, Energy and Minerals Section Head

Local Meetings

April 15, 2008: Met with drillsite landowners Marvin and Brenda Blan to introduce them to the project.

April 16, 2008: Met with Hancock County Judge/Executive Jack McCaslin and two magistrates to introduce them to the project.

Public Meetings

April 28, 2008, Hancock County Development Complex, 5:30 p.m. CDT

Oct. 27, 2008, Hancock County Administrative Building, 5:00 p.m. CDT

News releases:

April 21, 2008: Hancock County Public Comment Sought on Proposed Deep Carbon Storage Project

June 30, 2008: Governor Beshear Announces Public-Private Partnership to Test Geology for Carbon Storage

June 30, 2008: Western Kentucky Carbon Dioxide Injection Test, Well Data Sheet

October 22, 2008: Second Public Meeting Set on Hancock County Deep Carbon Storage Project

November 12, 2008: Kentucky Division of Oil and Gas Conservation, Drilling Permit List for the Week Ending November 7, 2008
