ERRATA.

Page 8, 10th line from bottom, for "latterly," read *laterally*.

Page 68, the note in reference to Sequatchee County was written before war, and is to be disregarded.

Page 132, 9th line from top, for "lawyer," read *layer*.

" 175, 19th line from bottom, for "chorite," read *chlorite*.

" 179, 7th line from bottom, expunge "chalcotrichite, unimportant."

" 190, 5000 at end of the diagram, should be one division higher.

" 200, 18th line from top, insert *of*, before "Johnson."

" 251 and 252, about the middle of the pages, for "Grainger and Union," read *Claiborne and Union*.

Page 254, 4th line, for "hydraulei," read *hydraulic*.

" 256, for "Section III," read *Section II*.

" 263, 268, for "Silurean," read *Silurian*.

" 264, 7th line from bottom, for "usual," read *unusual*.

" 289, in regard to species 104, see page 533.

" 329, 3d line, for "shale," read *slate*.

" 329, 12th line, for "coperas," read *copperas*.

" 340, in § 881, for "comminuted shells," read *comminuted crinoidal remains and shells*.

Page 343, in § 888, for *Upper Lithostrotion*," read *Upper, or Lithostrotion*.
