TRADE PACKAGE 13 – DECORATIVE METALS, POST-BID ADDENDUM NUMBER ONE

Bidders shall conform to the following changes, as same shall become binding on the Contract to be issued in response to this Invitation to Bid.

PROJECT INFORMATION

1. Bidders are advised that bids being submitted cannot be qualified in any way. The requirements noted in the Contract Documents will be enforced and bidders must submit a bid price that will cover the scope of work indicated in the Contract Documents. Bids submitted with qualifications or exclusions will be considered non-responsive.

CLARIFICATIONS

2. Specification Section 05 7313 Glazed Decorative Metal Railings – The glass thickness indicated in Article 2.7, A, 6 is a minimum of 6mm for each ply. This is correct. However, bidders may provide a glass thickness greater than indicated if required for structural reasons or if required for the railing system being provided.

3. Specification Section 05 7313 Glazed Decorative Metal Railings – Article 1.9 refers to requirements for preconstruction testing. This is correct. Test reports prepared for previous projects will be accepted if the railing system that was tested identically matches the system that is being provided for this project.

CORRECTIONS / CHANGES

4. Specification Section 05 5213 Exterior Pipe and Tube Railings – In Article 2.1, A, 1, the basis of design product indicated for this project has a top rail that is interrupted by vertical posts. Cable rail systems that have a continuous top rail will also be acceptable. Any other appearance deviations from the basis of design product indicated should be submitted for review prior to the final day for questions by bidders.

5. Drawing 1/A-5.5 – At the new Stair G, revise the 9’-2” dimension for the stair treads to read as follows: “9’-2”/TEN TREADS @ 11” EACH”. The number of treads for this stair includes the top tread that is flush with the upper level. Stair G has ten equal risers.

6. Detail Drawing 1/AD-1.24 - Detail Drawing 1/AD-1.24 was issued in Addendum 4 and is a section detail for the section of railing shown in elevation 10/A-5.0. This detail is to be revised as shown in the attached drawing AD-1.80.

END OF POST-BID ADDENDUM NO. 1
