---

**NOTE:**

- These blocks are a computer representation of the colors. As such they are only a close approximation of the actual colors. Please refer to the actual Pantone Swatches for a more accurate color match.

- Alternatives to the 3M Vinyl System will require that the fabricator submit 6” square samples for approval. Also note that any such materials must have a comparable warranty.

---

**NOTE:**

- That per the general specifications the sign fabricator is to “Submit four (4) 6”x6” samples of all actual material, paint, or vinyl on the specific substratum to be used for each different finish surface.”

- That all painted elements are to have a clear, satin finish, automotive grade, protective clear coating.
