Health Care

UHS Health Fee

The health fee is one of the mandatory fees assessed to full-time students. Part-time and BCTC students may opt into the health fee or be seen on a fee-for-service basis.

(See details and deadlines on our website)

The health fee is your ticket to access UK's student health clinic, University Health Service (UHS), and on-campus health education programming.

Health Fee vs. Optional Student Health Coverage Plan

The health fee is not intended to replace health insurance. Students should have health insurance coverage for issues beyond the health fee such as diagnostic testing (X-rays, most laboratory tests), hospitalization, surgical procedures, specialist referrals, and prescriptions.

Student Health Plan (SHP)

UK administers a school-sponsored Student Health Plan (SHP) customized to provide the medical and prescription benefits students need for care beyond the health fee. UK staff in the SHP office are available to educate students about the plan and becoming more effective consumers of health care coverage.

Contact the SHP office for details on eligibility, pricing, enrollment, and benefits: 859-218-3208 or StudentHealthPlan@uky.edu.

Covered Services

In-clinic Services

- Unlimited office visits for:
  - Injury or illness

UHS Team

Clinicians

UHS has physicians who are board certified in family practice, internal medicine, emergency medicine, psychiatry, occupational and sports medicine. Additionally our nurse practitioners have certification in family medicine, women’s health, and psychiatry.

PAWS Team

Promoting & Achieving Wellness for Students

The PAWS team includes staff certified health educators and student peer health educators. The mission of the PAWS Team is to provide inclusive, innovative, evidence-based health promotion programs and resources that promote optimal physical, mental, and social health.

Student Health Advisory Council

Are you interested in making recommendations to UHS about the student health fee, insurance, policies, services and health education programs? SHAC may be for you!

SHAC is a student organization that works to improve and promote the quality and delivery of health care for all UK students.
