2.0 GENERAL OVERVIEW

2.1 Intent and Scope

The University of Kentucky desires the services of an experienced and highly qualified construction management firm to provide “FULL SERVICE” construction management on the proposed projects. The Construction Manager (CM) selected will become a responsible, cooperative and contributing member of the Owner’s professional team for the design and construction of the project. The Construction Manager (CM) will provide assistance and advice and provide management services to the Owner and design consultants to assure the project is completed within defined budget, program and schedule.

The total scope of this project is currently $15 million with a total maximum construction budget of approximately $11,200,000, to include costs for Construction Management Services as well as for the award of trade contracts, including all CM related activities.

The contracts established for construction management services will be of a pure agency relationship through Phase 4 Bidding, and then convert to a “LUMP SUM, AT RISK” contract.

The Construction Manager (CM) will not be allowed to self-perform work or bid on any of the proposed work categories. The Construction Manager will hold all construction contracts.

The CM shall break the trade packages down such that there are no fewer than 12 trade contracts.

A Pre-Proposal Conference will be held @ 2:00 PM on September 18, 2019 in meeting room 330 D of the Student Center for the project to Improve Student Center Space 2 – Dining Facilities Expansion. Please see Section 3.3 for additional information.

2.2 Background Information

The University’s Student Center was originally constructed in 1938 and later expanded in 1968 and then again in 1982. However, due to the continued student body growth, the facility had to be renovated and further expanded in 2018 to fully meet the needs of University community in terms of quantity and quality of space; expanding the University’s Student Center to more than 378,000 square feet. The new Student Center now includes an atrium, recreation area, lounges, conference facilities, entertainment venues, retail space, food service, bookstore, student organization space and administrative support offices.

However, as the student population has continued to grow at record rates, the new dining spaces are now unable to accommodate the increased dining needs. As a result, the Student Center will be further expanded to the east side of the building to increase the dining seating capacity by 350 seats at the lower level and will add greatly needed office space on the second floor. The total expansion will be roughly 23,300 GSF, including roughly 10,000 GSF of office space on the second floor.

2.3 University Information

The University of Kentucky is the flagship institution within the higher education system of Kentucky. It is designated a Research University of the First Class, or Research I University, by the Carnegie Foundation, one of only 59 public university in the country so designated and the only one in Kentucky. 5.0 EVALUATION CRITERIA PROCESS

A committee of University officials appointed by the Director of Purchasing will evaluate proposals and make a recommendation to the Director of Purchasing. The University of Kentucky will use a multi-phase evaluation process as outlined below.

The evaluation will be based upon the information provided in the proposal, the Financial Proposal, additional information requested by the University for Clarification, information obtained from references and independent sources, and oral presentations, if requested.

The evaluation of proposals will include consideration of responses to the list of criteria in Section 4.1 through 4.9. Offerors must specifically address all criteria in their response. Any deviations or exceptions to the specifications or requirements must be described and justified in the Transmittal Letter. Failure to list such exceptions or deviations in the transmittal letter may be considered sufficient reason to reject the proposal.

The evaluation of responsive proposals shall then be completed by an evaluation committee and will be evaluated strictly in accordance with the requirements set forth in this RFP, including any addenda that are issued.

Phase 1 Evaluation Process and Scoring

The evaluation committee shall review proposals and each committee member shall independently score each proposal based on the Phase 1 Evaluation Criteria contained in this document. The score as determined by each evaluation committee member will be averaged to determine the Phase 1 committee composite score for each Offeror. Insofar as it is practical, no less than two (2) Offerors will be selected to participate in Phase 2.

A minimum score to proceed to Phase 2 is 75.

The relative weight and available points/score of the criteria for Phase 1 is defined below:

- **Qualifications - Firm**: 20 Points
- **Project Team Qualifications**: 30 Points
- **Services Defined**: 30 Points
- **Scheduling Ability**: 10 Points
- **Constructability and Interdisciplinary Coordination Review**: 10 Points
- **Maximum Points available for Phase 1**: 100 Points

Phase 2 Evaluation Process and Scoring

Each Offeror selected to participate in Phase 2 shall be required to participate in a Presentation before the evaluation committee and shall submit a Financial Proposal. Phase 2 finalist may also be required to submit additional information as requested by the University.
**Phase 2 Step 1** - The Phase 2 Presentations and any additional information supplied by the finalist shall be evaluated and ranked by the evaluation committee members, who shall not have knowledge of the Financial Proposal component. Each evaluator shall independently evaluate the Phase 2 non price offers and indicate a ranking (1st, 2nd, 3rd, etc…).

The evaluation committee shall then discuss and determine the ranking for each Offeror. The relative weight and available points/score of the criteria for Phase 2 Step 1 is defined below:

<table>
<thead>
<tr>
<th>Rank</th>
<th>Points/Score</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st</td>
<td>100 Points</td>
</tr>
<tr>
<td>2nd</td>
<td>75 Points</td>
</tr>
<tr>
<td>3rd</td>
<td>50 Points</td>
</tr>
<tr>
<td>4th or below</td>
<td>25 Points</td>
</tr>
</tbody>
</table>

The total maximum points/scores available for the Non Price committee composite score for Phase 2 Step 1 will be 100 points/score.

**Phase 2 Step 2** - A total average Non-Price score for Phase 1 and for Phase 2 Step 1 shall be calculated for each Offeror taking part in Phase 2. The maximum points/score available for Non-Price Score will be 200. The Offerors shall have their Non-Price Score determined by applying the following formula:

\[
\text{Phase 1 + Phase 2 Step 1} = \text{Phase 2 Step 2 Non-Price Score}
\]

**Phase 2 Step 3** - The Financial Proposals are evaluated in Phase 2 Step 3. The maximum points/score available for Offeror’s Financial Score will be 200. The Offeror proposing the lowest price/score shall receive the maximum price/score of 200 points. The Offerors shall have their price/score determined by applying the following formula:

\[
\text{Lowest price} \times 200 = \text{Offeror’s Financial Score}
\]

**Phase 2 Step 4** - The Offeror with the highest point total from Phase 2 Step 2 plus Phase 2 Step 3 shall receive the award unless the Financial Proposal is in excess of the authorized budget. If two or more of the Offerors achieve the same highest point total at the end of the final phase scoring, the purchasing officer shall request best and final proposals from each Offeror. The Offerors shall have their price/score determined by applying the following formula:

\[
\text{Non Price Score (Phase 1 and Phase 2) + Offeror’s Financial Score = Offeror’s Total Score}
\]

The financial evaluation of this work will be based on the total lump sum for the two projects.
Total Evaluation Scoring

The relative importance and available points/score of the criteria for Phase 2 is defined below:

- Maximum Financial Proposal Point/Score: 200 (50%)
- Maximum Non Price Points/Score for Phase 1 and Phase 2: 200 (50%)

Maximum Points available for Financial and Non Price Score: 400 Points

The evaluation will be based upon the information provided in the proposal, additional information requested by the University for clarification, information obtained from references and independent sources and oral presentations (if requested).

The University of Kentucky reserves the right to undertake or award other contracts for additional or related work. The Construction Manager shall fully cooperate with such other Contractors and University employees and carefully fit their work to such additional work. The Construction Manager shall not commit or permit any act, which will interfere with the performance of work by any other Contractor(s) or by University employees. This clause shall be included in the contracts of all parties with whom this Construction Manager will be required to cooperate. The University shall equitably enforce this clause to all parties, to prevent the imposition of unreasonable burdens on any Construction Manager.

6.9 **Construction Manager Responsibility**

Any contracts that may result from the RFP shall specify that the contractor(s) is/are solely responsible for fulfillment of the contract with the University.
6.10 Method of Award

It is the intent of the University to award a contract to the qualified offeror whose offer, conforming to the conditions and requirements of the RFP, is determined to be the most advantageous to the University, cost and other factors considered.

Notwithstanding the above, this RFP does not commit the University to award a contract from this solicitation. The University reserves the right to reject any or all offers and to waive formalities and minor irregularities in the proposal received.

6.11 Confidentiality

The University recognizes an offeror’s possible interest in preserving selected information and data included in the proposal; however, the University must treat such information and data as required by the Kentucky Open Records Act, KRS 61.870, et seq.

Information areas which normally might be considered proprietary, and therefore confidential, shall be limited to individual personnel data, customer references, formulae and company financial audits which, if disclosed, would permit an unfair advantage to competitors. If a proposal contains information in these areas and the offeror declares them to be proprietary in nature and not available for public disclosure, the offeror shall declare in the Transmittal Letter the inclusion of proprietary information and shall noticeably label as confidential or proprietary each sheet containing such information. Proposals containing information declared by the offeror to be proprietary or confidential, either wholly or in part, outside the areas listed above may be deemed non-responsive and may be rejected.

The University’s General Counsel shall review each offeror’s information claimed to be confidential and, in consultation with the offeror (if needed), make a final determination as to whether or not the confidential or proprietary nature of the information or data complies with the Kentucky Open Records Act.

6.12 Conflict of Interest

This Request for Proposal and resulting Contract are subject to provisions of the Kentucky Revised Statutes regarding conflict of interest and the University of Kentucky’s Ethical Principles and Code of Conduct (www.uky.edu/Legal/ethicscode.htm). When submitting and signing a proposal, an offeror is certifying that no actual, apparent or potential conflict of interest exists between the interests of the University and the interests of the offeror. A conflict of interest (whether contractual, financial, organizational or otherwise) exists when any individual, contractor or subcontractor has a direct or indirect interest because of a financial or pecuniary interest, gift or other activities or relationships with other persons (including business, familial or household relationships) and is thus unable to render or is impeded from rendering impartial assistance or advice, has impaired objectivity in performing the proposed work or has an unfair competitive advantage.

Questions concerning this section or interpretation of this section should be directed to the University purchasing officer identified in this RFP.
6.13 **University Brand Standards**

The contractor must adhere to all University of Kentucky Brand Standards. University Brand Standards are maintained by the University Public Relations Office (UKPR) and can be viewed at [http://www.uky.edu/pmarketing/brand-standards](http://www.uky.edu/pmarketing/brand-standards). Graphics standards for the UK HealthCare areas are governed by UK HealthCare Clinical Enterprise Graphic Standards, found at: [https://ourbrand.ukhealthcare.org](https://ourbrand.ukhealthcare.org).

Contractor warrants that its products or services provided hereunder will be in compliance with all applicable Federal disabilities laws and regulations, including without limitation the accessibility requirements of Section 255 of the Federal Telecommunications Act of 1996 (47 U.S.C. § 255) and Section 508 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794d), and its implementing regulations set forth at Title 36, Code of Federal Regulations, Part 1194. For purposes of clarity, updated regulations under Section 508 standards now incorporate WCAG 2.0, and for purposes of this agreement WCAG 2.0 Level AA compliance is expressly included. Contractor agrees to promptly respond to, resolve and remediate any complaint regarding accessibility of products or services in a timely manner and provide an updated version to University at no cost. If deficiencies are identified, University reserves the right to request from Contractor, a timeline by which accessibility standards will be incorporated into the products or services provided by Contractor and shall provide such a timeline within a commercially reasonable duration of time. Failure to comply with these requirements shall constitute a material breach of this Agreement and shall be grounds for termination of this Agreement.

Contractor will provide University with a current Voluntary Product Accessibility Template (VPAT) for any deliverable(s). If none is available, Vendor will provide sufficient information to reasonably assure the University that the products or services are fully compliant with current requirements.
7.0 **SCOPE OF SERVICES**

The Construction Manager (CM) will provide the following services:

- Design Phase (Estimating, Budget Reconciliation, and Constructability Reviews for each phase, Schematic through Construction Documents)
- Bid and Award
- Construction, including Acceptance
- Post Construction, including Warranty.

The CM, in consultation with the Designer of Record (Sherman Carter Barnhart Architects) and the University, will recommend the deliverables of project schedule consistent with Bid Packages necessary to complete the construction within the specified time. Subject to the approval by both the Designer of Record (Sherman Carter Barnhart Architects) and University the CM will assume the lead in maintaining the project schedule, bidding, construction progress, facility acceptance, and all post construction activities.

The existing building is 101,000 GSF located on three (3) floors. It was originally constructed in 1965, and later expanded in 1977. There have been limited renovations in various areas of the building, however, the structure and infrastructure are in critical need of upgrades. The building is antiquated and inadequate to meet the existing and future needs of the college in its current condition.

This project is to include an addition between 15,000 and 35,000 GSF. The project will include rebranding of the existing interior so as to provide a seamless transition between the renovated and the new spaces. To the extent possible, the expanded facility will include an upgraded law library, courtrooms, administration spaces, signature student spaces, classrooms, faculty offices, student organizations, and law clinic. Logistics may require that the renovation work be completed in multiple phases.

A Capital Project Study was generated in 2012 which explored multiple options for expanding the facility and concluded an expansion and renovation of the existing building to be the most efficient and cost effective strategy for developing a facility necessary to adequately support the academic mission of the college.

7.2 **Proposal Submittal Requirement**

Each Offeror shall provide information, documentation and other necessary materials that best demonstrates and informs the University of the firm’s abilities, professional competence, experience and expertise that will enable the firm to provide the construction management services desired. Demonstrated experience and success in promoting and achieving project MBE/WBE participation is desirable. Each Offeror is expected to examine all specifications, terms, conditions, and instructions in this Request for Proposal. Failure to do so will be at the Offeror's risk.

The submittal response should be focused with straight forward concise descriptions of the firm's capabilities. In keeping with this requirement, the Offeror’s response to this request should be no more than (50) fifty pages, not including any preprinted firm information and brochures. Broad scope of services that may be required on this project include, but not necessarily be limited to those described below:

7.3 **Construction Management Team**

The ultimate success of the project is dependent on the skills and expertise of the CM Project Manager and the individuals assigned to provide the services required. The proposal shall provide detailed information on the key personnel and support staff proposed to be assigned on this project. The CM Project Manager is the individual who is assigned to the project to provide overall management during both design and construction and who has the total responsibility for the successful completion of the
project. This submittal should include responsibilities of each team member along with resume and qualifications of each member proposed. The individuals named shall be available for assignment to this project. Team members proposed and/or assigned must be available for the duration of the project and cannot be changed or reassigned without the approval of the University of Kentucky. The University of Kentucky may request team members be replaced at any time.

Please complete the attached matrix entitled “Construction Phase Staffing Standardization Matrix”, “Offeror’s Recommended Staffing”, Attachment “F” providing the staffing level you would recommend for the duration of construction activities.

7.4 Construction Management Experience

The proposal submittal shall include projects completed or that are still under construction that demonstrates your experience in supplying construction management services on projects of similar size, type and complexity as the University of Kentucky’s Renovate/Expand Law Building project. The Owner’s and the design consultant’s contact person(s) on each of the projects listed shall be provided along with current telephone numbers. The submittal should include a written narrative on how your organization managed the design and construction process on these projects. Select relevant projects. The projects selected should be projects completed by the personnel that will supply management services for this project.

7.5 Design Phase Services

The University has retained the firm of Omni Architects, Inc., of Lexington, KY to provide design and conventional architectural contract administration services for the project. The CM, in consultation with Omni Architects and the University, will take the lead and develop the remainder of the project schedule, subject to approval by both Sherman Carter Barnhart Architects and the University.

The CM shall:

2. Assist the University and the design consultant in determining the feasibility of issuing of early bid packages or phasing of construction.
3. Prepare required detailed construction cost estimates to support the design process. Each estimate will be reconciled with an estimate complied by the design team’s cost consultant.
4. Prepare a report containing detailed value engineering assessments at the end of each phase of design. The report shall consider cost estimates, value engineering estimates, constructability, materials and construction techniques, sequencing of construction, separation of contracts, etc. Recommend action, if required, to maintain project budgets and schedule.
5. Participate in Phase III Construction Document progress review sessions for the purpose of providing input with respect to constructability, contractibility, value engineering, scheduling and document development. In addition, the Construction manager will provide a comprehensive, independent constructability and interdisciplinary coordination review of the final construction documents for Bid Packages.
6. Provide Special Conditions for approval by Sherman Carter Barnhart Architects and the University and for inclusion in bidding and contract documents.

7. Identify and recommend the most cost-effective work categories, and provide the methods and means to clearly identify and define these cost effective construction categories, and their responsibilities to be included in the specifications and drawings.

7.6 **Bid and Award Phase Services**

1) The CM shall assist the Owner’s Capital Construction Procurement Division to insure that all bidding activities result in qualified contractors for the lowest possible costs.

2) Bids will be solicited by the University in accordance with the Commonwealth of Kentucky Model Procurement Code (KRS 045A). The CM will participate in the post bid evaluation and verification of the qualifications of the firms submitting apparent low bids for each of the bid packages for the project to assist in the determination of the proposals representing the best value to the University.

3) As each trade contract and/or purchase order is executed by the CM, the contract between the CM and the University shall be adjusted by an equal amount so that the total contract sum of the contract between the CM and the University equals the sum of the executed trade contracts and purchase orders, plus the base fee for CM Services previously established during Phase II of the CM selection process.

7.7 **Construction Phase Services**

The CM shall:

1) Enter into direct contracts with all Trade Contractors and Suppliers.

2) Assume the responsibility for the overall administration of construction contracts.

3) Provide full-time staff throughout construction for the purpose of monitoring, managing, inspecting, scheduling, and coordinating the timely progress, performance, quality and contract compliance of the trade contractors and suppliers.

4) Schedule and conduct meetings, as necessary, and prepare and distribute meeting minutes.

5) Develop and maintain a detailed master construction schedule in a format compatible with Primavera P6 scheduling software.

6) Request pricing, review and negotiate costs, and make recommendations on all necessary changes to the contracts and/or purchase orders. The contract between the CM and the University shall be amended by change order so that the total sum of the contract between the CM and the University equals the sum of the executed trade contracts and purchase orders, plus approved change orders to the trade contracts and purchase orders, plus the base fee previously established and described in Section 7.3.2, Par. 4, Bid and Award Phase Services, above.

7) Coordinate construction interfaces, methods, techniques, and sequences. The Design Team is
utilizing Building Imaging Modeling (B.I.M.) to coordinate building systems and to help minimize space conflicts. To that end, the selected Construction Management Firm shall also use B.I.M. for coordination of the construction work, for conflict resolution and in conjunction with the design consultants. Any B.I.M. application used must be compatible with Revit Architecture as manufactured by Autodesk.

8) Institute and administer requirements and procedures for the electronic review and approvals of all submittals.

9) Prepare and administer all cost control procedures, including monthly pay requests, change order logs, etc.. Prepare Budget Cost Summary Reports as required but no less frequently than monthly.

10) Coordinate all requirements of project commissioning and close-out procedures including but not limited to: inspections, Owner’s orientation and familiarization, training of Owner’s personnel, and collection of all electronic close-out documents. Develop with Owner an occupancy schedule.

12) Develop and maintain electronic systems for reporting and retrieval of project information.

Note: Construction Phase Services as noted above should assume the durations listed in the enclosed schedule (Attachment “D”) as well as the staffing levels dictated by the Staffing Matrix.

The University intends to conduct a reassessment of the schedule with full participation and agreement of the entire team. Should that effort alter these durations then the CM’s Construction Phase Services will be amended accordingly and agreed to prior to start of the construction phase.

7.8 Post Construction Phase Services

The CM shall:

The CM fee should reflect bonding and insuring the project for the full stipulated amount of $11,200,000, however the actual bonds will not be required until the trade/work categories are awarded. For example, if the CM fee is $1 million, then the University requires a bond for $1 million and as each trade/work category is awarded the bonds shall be increased to cover the awarded amount up to the stipulated amount.
8.0 FINANCIAL OFFER SUMMARY FORM

The Financial Offer is not required with the first Phase submittal. It will be requested from the firms that are moved to Phase 2 of the process based on the Evaluation Criteria Process defined in Section 5.0 of this RFP.

Please provide a lump sum firm fixed fee quotation to perform the Construction Management services required for the design, bidding, construction and post construction phases of the project.

The “Financial Score” used in the selection process will be based on the “Total Cost for the Project” (see below) although an initial contract will be awarded for Design Phase Services only. Bidding, construction and post-construction phase services will later be added by amendment to the initial contract (also ref. Article 5.0, EVALUATION CRITERIA PROCESS, Phase 2 Step 3).
