ACCREDITATION STATEMENT(S)

DHN 599 & NS 689

CME: The University of Kentucky College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The University of Kentucky College of Medicine designates this live activity for a maximum of 14.00 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The University of Kentucky College of Medicine presents this activity for educational purposes only. Participants are expected to utilize their own expertise and judgment while engaged in the practice of medicine. The content of the presentations is provided solely by presenters who have been selected for presentations because of recognized expertise in their field.

ACGME Competencies
- Medical knowledge

CPHCE: University of Kentucky College of Public Health certifies that this educational activity was designated for 14.00 hours of Public Health Continuing Education (CPHCE) credit. This course is approved for continuing education by the University of Kentucky College of Public Health.

CPE: The University of Kentucky College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

- CPE For 599: This application-based activity has been assigned UAN 0022-0000-20-189-L04-P and will award 14.00 contact hours (1.400 CEUs) of continuing pharmacy education credit in states that recognize ACPE providers.
- CPE For 689: This application-based activity has been assigned UAN 0022-0000-21-001-L01-P and will award 14.00 contact hours (1.400 CEUs) of continuing pharmacy education credit in states that recognize ACPE providers.

Statements of participation will indicate hours and CEUs based on participation and will be issued online at the conclusion of the activity. Successful completion includes signing in at registration, attending the entire session for which credit is claimed, completing the activity evaluation and requesting credit online at conclusion of the activity. Credit will be uploaded to CPE Monitor, and participants may print a statement of credit or transcript from their NABP e-profile. The College complies with the Accreditation Standards for Continuing Pharmacy Education.
