The Kentucky Diversity Film Festival (KYDFP) will feature professionally made documentaries that highlight the rich diversity in our Commonwealth. In addition, the festival will screen several student films that also speak to diversity in some way. Students will submit short films (20 minutes or less) that they have created, and the Diversity and Inclusion Committee of the College of Communication and Information will evaluate the student films, choosing three for awards first, second, and third place.

The awards will serve to a) motivate the students to create and submit films that address diversity and b) reward students for successful films. Overall, the purpose of this process is to celebrate diversity and inclusion on the University campus and across the Commonwealth.

Student films will be evaluated in five areas: topicality, cinematography and audio, originality, editing, and overall quality. Films will be rated in each area. The films with the highest scores will win the competition.

- **Cash Prize, Certificate**: 1st Place - $125, 2nd Place - $50, 3rd Place - $25

Excellence in Service Award

Recognition of a Biomedical Engineering student who exemplifies outstanding BME-related extracurricular activities performed by biomedical engineering students. The Evans Award for Excellence in Service is named in honoring Joyce M. Evans. Joyce is a retired research associate of the F. Joseph Halcomb III, M.D., Department of Biomedical Engineering (BME) who has been a fixture of the BME Department and its predecessor, the Center for BME, for almost 50 years. Over these years, Joyce has made crucial contributions in pioneering discoveries about the effect of space travel on the cardiovascular system as well as musculoskeletal dynamics to support NASA’s space exploration programs. Additionally, Joyce exemplified the true meaning of touching people’s lives through her selfless service. Her steady guidance, unrelenting support, and ability to see potential in trainees before they themselves realized it, have helped make trainees future leaders. Among these leaders is F. Joseph Halcomb, III, M.D., the benefactor of the BME department.

To recognize the outstanding extracurricular activities performed by biomedical engineering students, with emphasis on activities related to the society and biomedical engineering profession.

Students who have made a great impact on advancing the mission of the BME department through their leadership and engagement in extracurricular activities including but not limited to organizing education, social, career development events; leading and participating in BME-related outreach activities; serving/volunteering in BME-related professional societies or conferences; impact of the nominee’s extracurricular activities on the BME community.
