**Radon** is a naturally occurring, radioactive gas.

- It cannot be seen, smelled or tasted.
- It may seep into your home from the rocks below.
- It is the second leading cause of lung cancer.

**TEST YOUR HOME • KNOW YOUR LEVEL**

For a radon test kit, contact the Kentucky Radon Program at (502) 564-4856.

**Certain types of rock have higher levels of radon:**

Radon is a problem in many areas in Kentucky, including Lee County.

**Smoking and radon:**

Breathing radon is dangerous, but it is even *more* harmful when you also breathe tobacco smoke.
For a radon test kit, contact the Kentucky Radon Program at (502) 564-4856.

For more information about the maps, contact BREATHE at (859) 257-7028.

TEST YOUR HOME • KNOW YOUR LEVEL

More homes in Lee County need to be tested.

Blue dots show homes already tested for radon.

TEST your home for radon.

TALK with a health care provider about your results.

FIX your home if the level is high.
Call a certified radon professional.

ASK people to smoke outside.

TELL your loved ones about the dangers of radon and tobacco smoke.
