Radon is a naturally occurring, radioactive gas.

- It cannot be seen, smelled or tasted.
- It may seep into your home from the rocks below.
- It is the second leading cause of lung cancer.

**Are you in danger from RADON in Ohio County?**

**Test your home • know your level**
For a radon test kit, contact the Kentucky Radon Program at (502) 564-4856.

**Certain types of rock have higher levels of radon:**
Radon is a problem in many areas in Kentucky, including Ohio County.

High radon can occur even in a least or mild danger area.

**Smoking and radon:**
Breathing radon is dangerous, but it is even more harmful when you also breathe tobacco smoke.
Radon Testing:

For a radon test kit, contact the Kentucky Radon Program at (502) 564-4856.
