Radon is a naturally occurring, radioactive gas.

- It cannot be seen, smelled or tasted.
- It may seep into your home from the rocks below.
- It is the second leading cause of lung cancer.

**TEST YOUR HOME • KNOW YOUR LEVEL**
For a radon test kit, contact the Kentucky Radon Program at (502) 564-4856.

**Certain types of rock have higher levels of radon:**
Radon is a problem in many areas in Kentucky, including Scott County.

(different colors show different rock types)

Smoking and radon:
Breathing radon is dangerous, but it is even *more* harmful when you also breathe tobacco smoke.
Radon Testing:

For a radon test kit, contact the Kentucky Radon Program at (502) 564-4856.
For more information about the maps, contact BREATHE at (859) 257-7028.

TEST YOUR HOME • KNOW YOUR LEVEL

More homes in Scott County need to be tested.

Blue dots show homes already tested for radon.

Tested  •  Not Tested

To Do List:

✓ TEST your home for radon.
✓ TALK with a health care provider about your results.
✓ FIX your home if the level is high. Call a certified radon professional.
✓ ASK people to smoke outside.
✓ TELL your loved ones about the dangers of radon and tobacco smoke.
