

[What inspires you to give?]

Q&A with Dr. Somu Chatterjee about gratitude and giving

What are you most grateful for in your life?

The opportunity to meet people from around the world and learn from them.

What are you are most grateful for within the College?

The recognition of hard work and the support for making CHS a great learning environment

How does your professional work influence your giving?

As teachers we give our time and energy and sometimes resources to our student with the hope of changing their future. We serve not only as teachers but also as role models for students. Giving the gift of knowledge is an honor and a privilege.

What are you most passionate about?

Students, my kids and the promise the future holds to benefit humanity.

What do you have planned for the holidays?

I intend to make a trip through the Unbridled Spirit lands of Kentucky, Wild and Wonderful West Virginia and Pursuing Happiness in Pennsylvania with family and friends.

Somu Chatterjee, MD, MPH, is Associate Professor, Morehead State University and Lexington Campus, Director of Clinical Education, for the Physician Assistant Studies Program.
