*THESE REQUIREMENTS MUST BE COMPLETED PRIOR TO STARTING CLASSES IN JUNE FOR ALL STUDENTS.*
If you attended the University of Kentucky as an undergraduate in the CSD department, you will not need to obtain a new background check and drug screening if you previously completed these requirements. You can check to make sure that you have obtained these previously by checking in your Castle Branch profile or your Verified Credentials profile (the old compliance system).

If this applies to you, you will only need to purchase the “Medical Document Manager” and fulfill those requirements in Castle Branch.
How to get started:
Create an account on Castle Branch
http://uky-health.castlebranch.com
• Select “Place Order”
• Select “College of Health Sciences”
• Select “Communication Science and Disorders – Graduate”
• Select “I need to order my initial Background Check, Drug Test, and Medical Document Manager”
• You will then be directed to review your order, and then enter your personal details.
• The cost is $95.00
Your background check will begin immediately upon purchasing.

Instructions for your Drug Screening will be provided within your “To Do List” within three business days. You will be able to download the registration form and locate a LabCorp near you to process the specimen. It is your responsibility to make sure that you allow enough time for us to receive the result prior to the start of courses.

For each of the following, carefully read and review the pertinent information (some of which you will receive at orientation) and confirm that you have read and understand them.

- Student Handbook

- Personal Phone Usage
- CSD Dress Code
- Bloodborne Pathogen Exposure Policy
Important Notes

- **Pay attention to due dates!** If you do not complete the requirements in time, a hold could be placed on your UK account.

- If Castle Branch rejects one of your submissions, **promptly** address this. They will provide a reason for the rejection. If you still do not understand why a document is not being accepted, you can contact Tammy Jo Edge at tammy.edge@uky.edu

- Occasionally, flu shots get rejected if the flu season is not explicitly stated on the document. It is preferable for the flu season to be written on the document prior to uploading, but this can be overridden by Tammy Jo Edge if necessary. CHECK FIRST to see if this is the reason a flu shot is rejected.
