University of Kentucky

PT Evidences for Appointment, Promotion and Tenure

Narrative

- The DOE will be a determinant of the faculty member's evaluation in each of the mission areas.
- Consideration will also be given to the unit of assignment in terms of research resources and instructional requirements
- Required and expected evidences are indicated. Additional evidences contributing to high merit are provided to be illustrative and are not listed in any particular order. It is not expected that candidates will demonstrate all additional evidences. In all cases, both the quality and the quantity of the contributions will be considered.

Special Title Series
