Are you interested in volunteering for Alzheimer’s prevention research?

Join the APT Webstudy
The Alzheimer Prevention Trials Webstudy

The APT Webstudy is an online memory and thinking research tool aimed at accelerating enrollment into Alzheimer’s clinical trials, by identifying and tracking individuals who may be at higher risk for developing Alzheimer’s.

We need your help
If you are age 50+, interested in being part of Alzheimer’s prevention trials and want to learn more, please visit aptwebstudy.org

www.aptwebstudy.org

The APT Webstudy is being conducted by the University of Southern California Alzheimer’s Therapeutic Research Institute and funded by the National Institute on Aging (NIA).
