

APEX Live [Required] Minors (as of 07/21/2014)

As of 07/21/2014, the below list consists of those minors that are considered "live" as approved by their respective college.

[NOTE] The below "FOC" codes will "only" be needed when used as a required minor within a degree program that requires the completion of a minor for that respective degree program. For required minors, instead of \$MINOR, you will use \$FOCBIO, \$FOCARST or \$FOCARAD (see chart below and pages 2- 3). This "FOC" version of the minors is setup to calculate into a major's hours and gpa, whereas, the \$MINOR version is not. The \$MINOR version of the minors is set up as a regular minor; not required within a degree program. If you experience problems, then let Team APEX know.

BA in Biology (FA11+) **\$FOCBIO** value to use instead of \$MINOR
 BA in Art Studio (FA11+) **\$FOCARST** value to use instead of \$MINOR
 BA in Art Administration (FA11+): **\$FOCARAD** value to use instead of \$MINOR

APEX – How to Add [Required] Minors

(as of: 07/21/2014)

Add an MN exception for a student and use the following guidelines.

In the “**Marker Name**” field, add the following depending on the degree program.

BA in Biology (FA11+)	\$FOCBIO	value to use instead of \$MINOR
BA in Art Studio (FA11+)	\$FOCARST	value to use instead of \$MINOR
BA in Art Administration (FA11+):	\$FOCARAD	value to use instead of \$MINOR

The below graphic shows **\$FOCARST** in the “**Marker Name**” field and “**FAFOCARHI**” in the “**Replacement Name**” field.

As shared in the “MEMO” field, this shows that the **Minor in Art History** has been added, as the **required minor**, to the **BA in Art Studio**.
