Please check the boxes that accurately describe the internship program:

I will receive training from the internship sponsor

I will participate in tasks or functions that I have not done before during the internship

I will have a supervisor/mentor who will give me feedback on my performance

I will be one of multiple student interns sponsored/will work on a team with other interns

I will be exposed to a professional setting & cultural norms (i.e., through attendance at staff meetings, etc.).

Describe the major tasks involved in the internship:

Describe how the skills used in the tasks enumerated above align with the skills emphasized by your major or minor area(s) or study. (For example: "The English major focuses on writing skills, and as an intern I will be writing /proofreading prose text")

Describe how this internship will help prepare you with some of your future goals. (You might think about this as a line on your resumé: what will you say about this internship that will help you land that future position or place in a grad program?)

How do you anticipate that this internship opportunity will challenge you to grow personally or professionally? (i.e., besides concrete skills, what do you expect to learn?)
