Using this form as a cover page, create a single PDF document that contains the following. Visit the Lewis Honors College website for additional details.

- Program/Research Merit and Academic Alignment:** A description of the research/program/conference and how this specific opportunity will further your Honors College experience (i.e. How will the program lead you to better the Commonwealth of Kentucky and the world? How will it help you explore your purpose, develop intellectually, and lead with integrity?).
- Program Budget:** Include a detailed budget with all expected expenses, details about other grants you are applying for, and how you plan to cover costs if you are unable to obtain additional funds.
- Academic Merit:** A current resume that includes details about significant course work and engagement in a variety of experiential education opportunities. Please include previous undergraduate research, service learning, or internships, and/or co-curricular participation in student groups, organizations, and student government.

In addition, you may provide the names of up to three UK faculty or staff that can provide a letter of support for your application. By signing below, you are giving us permission to contact those listed.
