

Orchard Chemical Suppliers - 2022

by Daniel Becker and John Strang

The following list has been compiled and updated in response to Kentucky grower and County Horticulture and Agriculture Extension Agent requests for outlets from which to purchase many of the pesticides listed in fruit extension publications. In some areas of the state it is very difficult to find pesticides recommended for fruit crops. No supplier endorsement is implied here and a concerted effort was made to locate all of the major fruit chemical suppliers in the state. In addition, several suppliers in surrounding states are also listed.

One grower concern was, would the supplier sell and deliver less than case quantities? This is noted in the table. Suppliers were also asked who they would sell to.

Orchard chemical suppliers*	Full Service - deliver less than case quantities	Sales made to:
Akridge Farm Supply 724 Fairview Ave., Eddyville, KY 42038 270-388-2910	Some	growers retail sales
