

# Weekly Reading Log

Each night (Monday-Thursday), read for 20 minutes. Reading and practicing literacy skills can look different to each student/family. This year, we want to incorporate the awesome reading skills that our families are practicing at home. Below are different activities that students may do on their own or with their family that will count for reading 20 minutes. Every week you must have **4 squares shaded in**. They may be any four squares that you would like. **Once a square is shaded, you cannot use it again for the week.** Don't forget to have your parent initial the activity that you completed.
