

College of Communication and Information

H. Dan O'Hair, Ph.D., is Dean of the College of Communication and Information.

The College of Communication and Information consists of the Department of Communication, the Department of Integrated Strategic Communication, the School of Journalism and Media, and the School of Information Science. The Department of Communication educates its students in interpersonal, small group, mass, health and organizational communication, and communication theory and research. Graduates pursue a variety of career paths in areas such as corporate communication, health communication, personnel, education, media, and government. The Department of Integrated Strategic Communication prepares students for careers as professionals in the allied areas of advertising, public relations, and direct response communication. The journalism area within the School of Journalism and Media educates its students for professional careers in the media as writers, editors, and broadcasters. The media arts and studies area within the School of Journalism and Media educates its students in telecommunication technology, management, programming, research, audio-video production, and the societal consequences of electronic media. The School of Information Science provides students with the basic knowledge and skills required to function effectively in beginning professional positions in various types of libraries and information-providing agencies.

Accreditation

Majors in the School of Journalism and Media have national accreditation from the Accrediting Council on Education in Journalism and Mass Communications (ACEJMC).

Undergraduate Programs in Communication and Information

The University of Kentucky grants the following degrees in the College of Communication and Information:

- Bachelor of Arts
- Bachelor of Science

Students pursuing either the Bachelor of Arts or the Bachelor of Science select from these majors: communication, information communication technology, integrated strategic communication, journalism, and media arts and studies. Students may also select a minor in communication,

a minor in information studies, a minor in journalism studies, and a minor in media arts and studies. Students may not double-major within the School of Journalism and Media; students majoring in integrated strategic communication or journalism may not minor in media arts and studies. Students majoring in integrated strategic communication or media arts and studies may not minor in journalism studies. University requirements for a double major stipulate that each major be in a separate department (see the *Graduation Requirements* section of this Bulletin). No student may take more than 48 hours within the School to complete a degree.

Undergraduate Certificates in Communication and Information

The University of Kentucky grants the following undergraduate certificates in the College of Communication and Information:

- Health Communication
- Innovation and Entrepreneurial Thinking

Information and requirements for the certificate are listed on page 207.

Scholarships and Financial Aid

The College of Communication and Information has several opportunities for students to obtain scholarship funding. The college awards four scholarships to incoming freshmen and two scholarships each to rising juniors and seniors each academic year. The School of Journalism and Media awards nearly \$45,000 in aid from various scholarship funds annually. The Department of Communication also has funding available for students. Generally, the deadline for scholarship applications is early in the spring semester to award funding for the following academic year. For specific information on scholarships, contact the department office, or the Office of Student Services in 105 Grehan Building.

ADMISSION POLICY

Admission to the University is sufficient for admission to the College of Communication and Information as a **premajor** for students who have completed less than 45 semester hours. **An application must be filed with the college in order for a student to be considered for admission**

as a **premajor or major**. However, admission as a **premajor** does not guarantee admission as a **major** in one of the degree programs in the College of Communication and Information. In general, admission as a major depends upon the qualifications and preparation of the applicant, as well as the availability of resources for maintaining quality instruction. Additionally, depending on the timing of admission into the major program, students may not have access to major classes until subsequent semesters.

Upper-division admission into a degree program is necessary in order to be granted a baccalaureate degree from the College of Communication and Information.

Transfer Students

The School of Journalism and Media is accredited by the Accrediting Council on Education in Journalism and Mass Communication (ACEJMC). Under ACEJMC guidelines, no more than 12 hours of journalism and mass communications courses from a student's previous institution(s) may be counted toward a degree in journalism, integrated strategic communication or media arts and studies at the University of Kentucky.

Admission to Degree Programs

In order to be admitted to any of the four undergraduate majors (communication, integrated strategic communication, journalism, and media arts and studies) offered by the College of Communication and Information, an applicant must fulfill the following requirements:

1. Enrollment in the University of Kentucky (Students are considered for acceptance by the college only after acceptance by the University.);
2. Completion of 30 semester hours of course work;
3. Minimum of 2.0 cumulative grade-point average;
4. Completion of premajor requirements of the program to which application is made;
5. Completion of UK Core areas I, II, III, IV, V, VI, VII and VIII;
6. Submission of an application form.

No student will be allowed to test out of any Journalism, Integrated Strategic Communication,

or Telecommunication course. A student taking a similar course from another institution would still be allowed credit should the course meet criteria similar to the University of Kentucky course.

Students meeting these requirements will be designated as **majors** or as students with **upper-division standing** in the program to which admission is granted. Any student not meeting one or more of these requirements may be granted premajor status.

In the admission considerations, when personal, academic, professional, or intellectual circumstances tend to discount lower academic scores, admission may be granted if there is other persuasive evidence of both the capability and motivation to undertake successfully a program in the College of Communication and Information.

Annually, the College of Communication and Information faculty will review the minimum standards required for admission to the college. Any change in requirements will be implemented at the beginning of the academic year (fall semester) and will be in effect for the entire academic year. If the standards are to be changed, the Dean of the College of Communication and Information will submit the proposed change by February 1 to the University Senate Council for approval, with prior circulation to the University deans and directors.

Admissions Process

Applications from students outside the University of Kentucky seeking admission to the College of Communication and Information, whether for lower-division or upper-division status, must be received by the University of Kentucky Admissions Office no later than **April 1** (for summer sessions), **August 1** (for fall semester) and **December 1** (for spring semester).

Students enrolled in other UK colleges on campus may apply for admission during the first week of fall and spring semesters, or **prior to the priority registration period**. The appropriate deadlines are listed in the University calendar as approved times to change majors.

Each applicant bears the responsibility to see that the application contains all the requested materials.

Enrollment in Upper Division Courses

Enrollment in College of Communication and Information courses numbered 300-599 will be limited in order of priority to:

1. majors and minors in College of Communication and Information degree programs;
2. non-College of Communication and Information students who are registered for specific programs requiring College of Communication and Information courses;
3. other students or categories of students with the express permission of the department offering the course (departments may choose to declare certain courses as open enrollment courses).

GRADUATION REQUIREMENTS

To earn either the Bachelor of Arts or the Bachelor of Science degree in the College of Communication and Information, each student must (1) complete 120 hours of course work (excluding courses lower than the 100 level, courses with an **R** designation, physical education service courses, and/or EXP 396 credits) with a grade-point average of at least 2.0 and (2) complete at least 42 hours in upper division courses (300 or above). No more than 60 hours may be taken within the college.

Other requirements include UK Core, premajor requirements, field of concentration (24-27 hours of major work and 15-18 hours of cognate courses earned outside the college as defined by the units), and a minimum of six hours of free electives.

Bachelor of Arts Degree Requirements

Students who pursue the B.A. within the College of Communication and Information must fulfill the following requirements.

UK Core: Students must complete all areas of the UK Core program. (See *UK Core* section in this Bulletin for a detailed explanation of requirements.)

College B.A. Requirements

1. Language. Complete one of the following sequences:

Option A: Successful completion of the fourth college semester of one foreign language. (Note: This may be accomplished by scoring at this level on a placement test for previous work in the foreign language.)

Option B: Complete a set of two courses dealing with the nature and structure of language, language behavior, or comparative languages. This set shall be comprised of one course from Group I below, and one course from Group II. (Courses counted as meeting this option may not be counted in the major or field of concentration.)

Group I: LIN 211.

Group II: ENG/LIN 209, ENG 210, ENG/LIN 212, ENG/LIN 310, LIN 317, LIN 318, ANT/LIN 325, LIN 331, ENG/LIN 512, ANT/LIN 515, ANT/LIN 516, LIN 517, ANT/LIN 519.

2. Statistics: STA 210

Major Requirements

Students must complete the departmental requirements for one of the four majors (communication, integrated strategic communication, journalism, and media arts and studies).

Subtotal: College B.A. Hours 9-17

Bachelor of Science Degree Requirements

Students who pursue the B.S. within the College of Communication and Information must fulfill the following requirements:

UK Core: Students must complete all areas of the UK Core program. (See *UK Core* section in this Bulletin for a detailed explanation of requirements.)

College B.S. Requirements

1. Mathematics, statistics and computer science: Complete 9 credits in mathematics and/or computer sciences

beyond the UK Core requirement. At least 3 hours must be in statistics.

2. Science Courses. Complete a minimum of 60 hours of science courses, with not more than 12 hours within the College of Communication and Information. These courses must be approved by an advisor in the College of Communication and Information and may be from the areas of mathematics, statistics, computer science, physical sciences, biological sciences, social and behavioral sciences, as well as from appropriate professional fields.

Subtotal: College B.S. Hours 60

Academic Advising

Premajor (freshman and sophomore) advising in the College of Communication and Information is under the jurisdiction of the Office of Student Services, 107 Grehan Building. Premajor advisors are Cathy Hunt, Director of Student Services, and a freshmen advisor. All can be reached at (859) 257-4839.

During advance registration periods, the college will advise premajors through individual advising sessions with college and department staff. Between advance registration periods, including registration at the beginning of each term, one faculty or staff member from each academic unit will be available to advise premajors.

When students are admitted to the upper-division of the college, they are assigned a faculty advisor from their major program.

B.S. or B.A. with a major in COMMUNICATION

The major in communication provides students with the knowledge and skills necessary to design, manage, and evaluate communication processes involving individuals, groups, and the public. Graduates develop strong oral, written, and interpersonal communication skills as well as an advanced ability to analyze and critique messages, behaviors, and media.

Majors typically plan their upper-division course work around four identified career paths: business and organizational communication, digital and mass communication, health care communication, and human communication. Students also can tailor their own unique program of study to meet specific needs. Careful planning with the student's advisor is necessary.

Communication majors are encouraged to participate in educational activities beyond regular course offerings. The department has an excellent internship program which offers the opportunity for work with employers in corporate, government, and public service agencies. In addition, students may elect to do independent study work with individual faculty on special topics or projects. All majors are encouraged to participate in a variety of student organizations providing extracurricular activities designed to enhance the academic experience and career opportunities. For students who qualify, the department sponsors an Honors Society.

Degree Requirements

Each student completes the following:

College Requirements

See “College B.A. Requirements” or “College B.S. Requirements” on page 201.

UK Core Requirements

See the *UK Core* section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

Suggested Career Paths

Business and Organizational Communication

Required:

COM 325 Introduction to Organizational Communication 3

Complete **three** of the following:

COM 425 Communication, Negotiation, and Conflict Management in Organizations 3

COM 581 Teamwork and Leadership in Organizations 3

COM 525 Advanced Issues in Organizational Communication (Subtitle required) 3

COM 535 Risk and Crisis Communication 3

COM 399 Internship in Communication 3

plus 9 additional credits in upper division COM courses at the 325 level and above and 15 additional credits in COGNATE courses including the following:

COM 315 Understanding Workplace Communication in a Diverse U.S. Society 3

Note: 9 or more credits of upper-division COM courses will continue to be required at the 400 or 500 level.

Cognate Area

Courses in sociology, marketing, management, journalism and telecommunications are often chosen for this cognate.

Digital and Mass Communication

Required:

COM 352 Interpersonal Communication and Social Media 3

COM 449 Social Processes and Effects of Mass Communication 3

COM 453 Digital and Mass Communication Media Literacy 3

COM 553 Critical Analysis of Communication and Persuasion in Popular Culture 3

plus 9 additional credits in upper division COM courses at the 325 level and above and 15 additional credits in COGNATE courses including the following:

COM 312 Learning Intercultural Communication Through Media and Film 3

Note: 9 or more credits of upper-division COM courses will continue to be required at the 400 or 500 level.

Cognate Area

Courses in sociology, political science, journalism and telecommunications, marketing and management are often chosen for this cognate.

Health Care Communication

Required:

COM 471 Introduction to Health Communication 3
COM 482 Studies in Persuasion 3

COM 571 Interpersonal Communication in Health Contexts 3

COM 572 Health Communication Campaigns and Communities 3

plus 9 additional credits in upper division COM courses at the 325 level and above and 15 additional credits in COGNATE courses including the following:

COM 311 Taking Control of Your Health:
Patient-Provider Communication 3

Note: 9 or more credits of upper-division COM courses will continue to be required at the 400 or 500 level.

Cognate Area

Courses in sociology, psychology, behavioral science, philosophy, journalism and telecommunications, marketing and management are often chosen for this cognate.

Human Communication

Required:

Minimum 21 credits in upper-division COM courses, 9 of which must be at the 400 or 500 level. Minimum 15 credits at the 325 level and above in COGNATE.

Cognate Area

Courses in sociology, political science, journalism and telecommunications, marketing and management are often chosen for this cognate.

Minor in Communication

Any student wishing to minor in Communication must meet college selective admission requirements (45 credits completed, 24 credits in UK Core courses, COM 101 and have a 2.0 cumulative grade-point average). The student must file an application for the minor in the Department of Communication Office and have approval from the department chair for COM courses selected to complete the minor.

1. COM 101 Introduction to Communications 3

2. COM 287 Persuasive Speaking 3

3. Two courses (6 hours) from the following:
COM 249 Mass Media and Mass Culture 3
COM 252 Introduction to Interpersonal Communication 3
COM 281 Communication in Small Groups 3
COM 325 Introduction to Organizational Communication 3

4. Two courses (6 hours) from the following:
COM 311 Taking Control of Your Health:
Patient-Provider Communication 3
COM 312 Learning Intercultural Communication Through Media and Film 3
COM 313 Interpersonal Communication in Close Relationships 3
COM 314 The Dark Side of Interpersonal Communication and Relationships 3
COM 315 Understanding Workplace Communication in a Diverse U.S. Society 3

B.S. or B.A. with a major in INTEGRATED STRATEGIC COMMUNICATION

The Integrated Strategic Communication major offers students professional preparation for careers in the allied areas of advertising, public relations, and direct response communication. Through course work, students develop conceptual command of these allied areas and also build expertise in one area through the *PATH* option they select. The major stresses a strategic approach to communication initiatives and is designed to build analytical and critical thinking skills as well as writing and presentation skills.

ISC graduates enjoy highly diverse career destinations. Agencies specializing in advertising, public relations, and direct response along with the media and communication technology industries, corporations, nonprofit organizations, and regulatory/consumer protection agencies need employees who have the skills developed by the ISC graduate.

ISC students are encouraged to expand their course work with activities unique to the major. Grehan Associates is a student-run full-service communications agency where students meet clients' advertising, public relations, and direct response needs. The American Advertising Federation and Public Relations Student Society of America chapters offer both leadership and networking opportunities. A dynamic, professionally-oriented internship program insures that students gain hands-on experience with communications, government, or nonprofit agencies or with corporations or the media. Students are also encouraged to work with *The Kentuckian*, the *Kernel*, WRFL and WUKY.

Minor

MKT 300 Marketing Management 3

A 300+ level course in the Department of Philosophy dealing with social or professional ethics, such as PHI 332.

Students must complete a minor offered through UK, with the exception of minors in Journalism Studies or Media Arts and Studies.

TOTAL HOURS: minimum of 120

Note: Of a student's total course work for a bachelor's degree, 72 of the 120 hours required for graduation must be in courses other than professional media-based communications.

B.S. or B.A. with a major in JOURNALISM

The journalism major prepares students for leadership roles in rapidly changing media by requiring a strong core of journalism courses within the rich context of a liberal arts education. Courses are designed to foster analytical and critical thinking skills and to teach students to communicate effectively with a mass audience.

Founded in 1914, the journalism program has full national accreditation by the Accrediting Council on Education in Journalism and Mass Communications. Alumni include Pulitzer Prize winners, Nieman fellows and nationally known journalists.

Journalism majors learn about media law, ethics and history, and about the media's role in an increasingly diverse society. The program emphasizes hands-on learning. Students select either a print or electronic emphasis in their professional skills courses. Majors choosing a print emphasis have the opportunity to write for a daily newspaper. Students who select the electronic track gain on-air experience at the university radio station and report, anchor, videotape and produce a newscast aired on a local cable channel.

Graduates are prepared for jobs as reporters and editors for print, broadcast and online media, and for positions as assignment editors, producers, managing editors, publishers and new media entrepreneurs. Courses are also offered for students interested in specialized careers such as sports reporting, business writing, arts criticism or graphic design.

All majors are encouraged to supplement their course work with media experience at the *Kentucky Kernel*, the independent daily student newspaper; the *Kentuckian*, the student yearbook; WUKY, the university's public radio station; or WRFL, the student-run radio station. In addition, students are expected to take advantage of the school's internship program.

B.S. or B.A. with a major in MEDIA ARTS AND STUDIES

The media arts and studies major offers students a liberal arts program covering a range of issues related to electronic mass communication and electronic personal communication. In addition, students interested in message production or telecommunications management can opt to integrate selected professional or skills-based courses into their program of study.

Socio-cultural media courses address the historical, political and social aspects of telecommunications. Media industry courses examine organizational, economic, and/or technological dimensions of telecommunications systems and the interrelations among these factors. These courses may center on mass communication issues, interactive communication issues, or both.

Media production courses cover the traditional telecommunications areas of audio and video

production and the more recent developments in multimedia and Web page design and production.

All media arts and studies majors will take advantage of the experiential learning opportunity provided by a formal internship. The School of Journalism and Media has an excellent internship program which offers the opportunity to work with a wide variety of employers, including companies oriented to the provision of voice, data, and/or video products and services. In addition, students may pursue special interests in media arts and studies through independent study with any of the media arts and studies professors.

MAS 590 Special Topics in Social-Cultural Media Studies (Subtitle required)	3
JAT 395 Independent Study	1-3

Media Industry Courses (minimum of 3 hours)

MAS 355 Communication and Information Systems in Organizations	3
MAS 425 Special Entrepreneurship for Media	3
MAS 435 The History of Video Games and the Industry	3
MAS 482 Electronic Media Sales Management	3
MAS 490 Special Topics in Media Industry Studies (Subtitle required)	3
MAS 535 Telecommunications Network Management	3

Media Production Courses (3 hours)

MAS 312 Video Production I	3
MAS 322 Multimedia I	3
MAS 390 Special Topics in Media Production (Subtitle required)	3
MAS 403 TV Newscast Producing and Directing	3
MAS 412 Video Production II	3
MAS 422 Multimedia II	3
MAS 432 Audio Production	3

Minor

Students must complete a minor offered through UK, with the exception of minors in Journalism Studies or Media Arts and Studies.

Subtotal: Major hours **36**

TOTAL HOURS: **minimum of 120**

Note: Of a student's total course work for a bachelor's degree, 72 of the 120 hours required for graduation must be in courses other than professional media-based communications.

†At the time of publication, this course had not received formal approval.

Minor in Media Arts and Studies

Any student wishing to minor in media arts and studies should file an application with the School of Journalism and Media after meeting the following requirements:

Complete either MAS 101 or MAS 201

Complete 45 hours of university course work with a cumulative grade-point average of 2.0

Students cannot register for upper-level media arts and studies courses until they have met the above requirements and have been accepted into the media arts and studies minor program. After a student has been accepted as a minor, he or she will be assigned a faculty advisor.

The minor in Media Arts and Studies requires a minimum of 18 hours course work to include:

- MAS 101 Introduction to Media and Culture
or
MAS 201 Communication Technologies
and Society 3
- 3 credits from social-cultural media studies group of courses: MAS 319, †MAS 323, MAS 420, MAS 505, MAS 520, MAS 530, MAS 540, MAS 555, MAS 560, MAS 590.
- 3 credits from media industry group of courses: †MAS 335, MAS 355, MAS 425, MAS 435, MAS 482, MAS 490, MAS 535.
- 9 additional credits from upper-division MAS courses: MAS 300, MAS 310, MAS 312, MAS 319, MAS 322, †MAS 323, †MAS 335, MAS 355, MAS 390, MAS 403, MAS 412, MAS 420, MAS 422, MAS 425, MAS 432, MAS 435, MAS 482, MAS 490, MAS 505, MAS 520, MAS 530, MAS 535, MAS 540, MAS 555, MAS 560, MAS 590.

Note: Students should recognize that most upper-division media arts and studies courses have specific prerequisite courses that must be taken and plan their programs accordingly.

†At the time of publication, this course had not received formal approval.

**M.S. in
LIBRARY SCIENCE**

The School of Information Science began in 1933 as the Department of Library Science within the College of Arts and Sciences. Sixty years later, in 1993, the College of Library and Information Science merged with the College of Communications to form the College of Communications and Information Studies. The college consists of the School of Information Science, the Department of Communication, the Department of Integrated Strategic Communication, and the School of Journalism and Media. The school offers one of approximately 50 master's programs in library and information science in the United States and Canada that are accredited by the American Library Association.

The School of Information Science provides students with the basic knowledge and skills required to function effectively in beginning professional positions in various types of libraries and information-providing agencies. It contributes to the advancement of both the theory and practice of librarianship through systematic and continuing research and publication and provides continuing public service to individuals, libraries, professional organizations and related institutions to the end of promoting effective and efficient information services.

The School of Information Science maintains flexibility and openness to change through the participation of faculty, students, and administration in the decision-making process. The student body of about 220 has its own organization, LISSO, the Library and Information Science Student Organization, which represents students in school deliberations. Students may sit on committees and share in the development of the

school. The student organization participates in orientation programs, publishes a blog, and sponsors social activities throughout the year. The diversity of the students, in terms of geography and interests and backgrounds, helps to create an atmosphere in which change and improvement in the program can take place.

The libraries of the University, William T. Young, M. I. King and the branch libraries, constitute the major "laboratory" facility for library and information science students. They are supplemented by other libraries in the area including those at the Lexington Theological Seminary, the Veterans Administration Medical Center, the Lexington Public Library, several nearby public libraries and the State Department for Libraries and Archives in Frankfort.

Accreditation

The master's program in library and information science is accredited by the American Library Association.

Graduate Program in Library and Information Science

The University of Kentucky grants the following degree in the School of Information Science:

- Master of Science in Library Science

ADMISSION REQUIREMENTS AND PROCEDURES FOR GRADUATE STUDY

For complete information on the M.S.L.S. degree program and admissions procedures, consult *The Graduate School Bulletin* and the School of Information Science Bulletin. The former can be found at www.rgs.uky.edu/gs/ and the latter can be found at: <http://cis.uky.edu/lis/>

Admission

The admissions philosophy of the school is to admit students who are capable of satisfactory academic performance and who show promise of being able to function as competent and effective librarians and information managers. A basic requirement for admission is an undergraduate degree in any discipline (from an accredited institution) with a grade-point average of at least 3.0 on a 4.00 scale. In addition the applicant should present Graduate Record Examination scores, (a) on the General Test taken before October 1, 2002, of 450 or higher on the verbal section *and* of 400 or higher on the quantitative section *or* on the analytical section; (b) on the General Test taken on or after October 1, 2002, of 450 or higher on the verbal section *and* of 400 or higher on the quantitative section *or* 4.0 on the analytical writing section.

While these admission standards are important, the school does try to remain flexible to account for individual developmental differences and strengths.

There are no specific library science prerequi-

sites for admission into the School of Information Science. Students are urged not to take a minor in library science as undergraduates but to concentrate on other subject area majors and minors and obtain a broad liberal arts background. Electives in computer science are often very helpful.

Application must be made both to the School of Information Science and The Graduate School. For information about applying to The Graduate School, go to: www.gradschool.uky.edu/ProspectiveStudents/prospective.html. For information about applying to the School of Information Science, go to: <http://cis.uky.edu/lis/>. An applicant to the school must submit all materials by the deadlines set by the school, which are included with the information at Admissions. Applicants may enter the program in the spring, fall or summer. Send questions or inquiries to: ukslis@uky.edu.

Previous students must apply for readmission if they were not enrolled during the semester prior to that for which admittance is sought.

Financial Aid

Financial aid and scholarship information specific to library and information science is limited to graduate students and is too detailed and changes too often to warrant inclusion in this Bulletin. Information is available on the school’s Web site.

Advising

Upon admission to the master’s program, students are assigned a faculty advisor. Advisor assignments are based, when possible, on student interest and preference.

UNDERGRADUATE PROGRAMS

B.A. or B.S. with a major in INFORMATION COMMUNICATION TECHNOLOGY

The Information Communication Technology (ICT) program is designed to educate students to assume leadership roles where the application of information technology (IT) is concerned, with the ultimate goal of connecting people, organizations, and communities to enhance their ability to succeed. The program focuses on providing students with the knowledge and skills needed to effectively apply, use, and manage technology when solving problems specifically related to information and communication. It provides a human and organizational focus on technology—teaching students how to be effective users of technology, as opposed to teaching students how to program in C++.

In general, the ICT program focuses on the intersection of technology, the people who use that technology, the policies and regulations governing or affecting use of that technology, and the community or environment in which that technology is used, in order to facilitate communicating information in meaningful ways.

Degree Requirements

Each student completes the following:

College Requirements

See “College B.A. Requirements” or “College B.S. Requirements” on page 201.

UK Core Requirements

See the *UK Core* section of this Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

- I. Intellectual Inquiry in Arts and Creativity**
Choose one course from approved list 3
- II. Intellectual Inquiry in the Humanities**
Choose one course from approved list 3
- III. Intellectual Inquiry in the Social Sciences**
Choose one course from approved list 3
- IV. Intellectual Inquiry in the Natural, Physical, and Mathematical Sciences**
Choose one course from approved list 3
- V. Composition and Communication I**
CIS/WRD 110 Composition and Communication I 3
- VI. Composition and Communication II**
CIS/WRD 111 Composition and Communication II 3
- VII. Quantitative Foundations**
Choose one course from approved list 3
- VIII. Statistical Inferential Reasoning**
Choose one course from approved list 3
- IX. Community, Culture and Citizenship in the USA**
Choose one course from approved list 3
- X. Global Dynamics**
Choose one course from approved list 3
- Subtotal: UK Core hours 30**

Graduation Composition and Communication Requirement (GCCR)

- ICT 300 ICT in Society 3
- Graduation Composition and Communication Requirement hours (GCCR) 3**

Microsoft Competency Certifications

ICT undergraduate students will be required to complete Microsoft Competency Certifications for Word, Access, Excel, and PowerPoint via third party testing centers. These certifications must be completed prior to declaring the major.

Premajor Requirements

- ICT 200 Information Literacy and Critical Thinking 3
- ICT 201 Personal Knowledge Management 3
- ICT 202 Technology for Information Services 3
- Subtotal: Premajor hours 9**

Major Requirements

- ICT 205 Issues in Information and Communication Technology Policy 3
- ICT 300 ICT in Society 3
- ICT 301 Introduction to Databases 3
- ICT 596 Internship in ICT 3
- Subtotal: Major hours 12**

EMPHASIS AREAS

One of the following areas:

Area A – Commercialization

- Choose four from:
- ICT 307 Copyright 3
- ICT 410 Privacy 3
- IS 402 Competitive Intelligence 3
- ISC 361 Direct Response Targeting:
Media and Database Management 3
- MAS 322 Multimedia I 3
- MAS 422 Multimedia II 3
- and two 300+ level IS or ICT electives chosen in conjunction with advisor.
- Subtotal: Area A hours 18**

Area B – Technology Management

- Choose four from:
- ICT 302 Content Management Systems 3
- ICT 303 Systems Analysis 3
- ICT 351 Technology Security 3
- ICT 550 Security Informatics 3
- ICT 552 Cybercrime and Digital Law Enforcement 3
- JOU 330 Web Publishing and Design 3
- MAS 355 Communication and Information Systems in Organizations 3
- MAS 404 Media Organizations 3
- MAS 535 Telecommunications Network Management 3
- and two 300+ level IS or ICT electives chosen in conjunction with advisor.
- Subtotal: Area B hours 18**

Cognate Area

15 hours (300+ level) outside the major; can be any collection of courses selected in conjunction with advisor.

- Subtotal: Cognate Area hours 15**

TOTAL HOURS: minimum of 120

Minor in Information Studies

The minor in Information Studies requires 18 hours of course work to include:

- IS 200 Information Literacy and Critical Thinking 3
- IS 201 Personal Knowledge Management 3
- IS 202 Technologies for Information Services 3

Minor Electives

- Choose three courses in conjunction with your advisor:
- MAS 322 Multimedia I 3
- MAS 355 Communication and Information Systems in Organizations 3
- MAS 535 Telecommunications Network Management 3
- MAS 555 The Internet and Social Change 3
- IS 303 Systems Analysis 3
- IS 402 Competitive Intelligence 3
- IS 404 Health Informatics 3

GRADUATE PROGRAMS

The College of Communication and Information offers the following graduate degrees: (1) Master of Arts in Communication, (2) Ph.D. in Communication, and (3) Master of Science in Library Science. Additional information may be obtained from the Associate Dean for Graduate Studies for the College of Communication and Information and from *The Graduate School Bulletin*.

UNDERGRADUATE CERTIFICATES

The University of Kentucky grants the following undergraduate certificates in the College of Communication and Information:

- Health Communication
- Innovation and Entrepreneurial Thinking

Undergraduate Certificate in Health Communication

The Health Communication Undergraduate Certificate is a joint program of the Department of Communication, the College of Public Health, and the Department of Kinesiology and Health Promotion for undergraduate students.

The certificate is designed to give students an enhanced education in communication skills critical to health-related professions, beyond what would normally be received from the UK Core. Upon completion of the certificate students will be able to determine how communication impacts the major contributors for disease prevention and control as well as how to identify and analyze communication strategies that are most effective for health promotion and wellness.

The Certificate in Health Communication is feasibly combined with a broad array of majors across UK's colleges including the College of Public Health, the College of Education, the College of Arts and Sciences, but particularly the College of Communication and Information and the College of Health Sciences.

Health Communication Certificate Standards

In order to remain in good standing in the program, students must have a 2.0 overall GPA at the end of their first year, and a 2.0 in certificate classes to graduate from the certificate. Students are also required to take three core classes as requirements for the certificate program, as well as program electives.

- Courses taken within three years prior to admission to the certificate can be used in the certificate.
- Certificates will only be awarded to students who successfully complete a Bachelor's degree, or have completed a four-year degree.
- The certificate requires 15 hours and a

minimum of 12 credits of course work in the certificate must be taken for a letter grade.

- The certificate requires 9 core hours of credit (2 communication core and 1 public health core) courses be completed.
- No more than 9 credits taken for a certificate can be used to satisfy the requirements for the student's major or minor, or another certificate, exclusive of free or unrestricted electives.
- The Director approves the individual certificate curriculum for each student and informs the Registrar when the certificate is complete and may be awarded.
- The awarded certificate is to be posted on the student's official transcript.

Health Communication Curriculum Certificate Core Classes

Communication Core

COM 311 Taking Control of Your Health:	
Patient-Provider Communication	3
COM 471 Introduction to Health Communication	3

Public Health Core

Students must take at least one course from the following courses outside of Communication:

CPH 202 Public Health Through Popular Film	3
CPH 440 Foundations of Health Behavior	3

Electives

In addition to meeting the Communication and Public Health Core requirements, students must take two additional electives from:

COM 287 Persuasive Speaking	3
COM 482 Studies in Persuasion	3
COM 454 Honors Seminar in Communication (Subtitle required)	3
*COM 525 Advanced Issues in Organizational Communication (Subtitle required)	3
COM 535 Risk and Crisis Communication	3
COM 571 Interpersonal Communication in Health Contexts	3
COM 572 Health Communication Campaigns and Communities	3
CJT/LIS 629 Introduction to Medical Informatics	3
CPH 202 Public Health Through Popular Film	3
CPH 310 Disease Detectives:	
Epidemiology in Action	3
CPH 440 Foundations of Health Behavior	3
KHP 230 Human Health and Wellness	3

Total required hours: 15

**When offered with the subtitle Communication in Healthcare Organizations.*

For more information, contact Faculty Director Dr. Donald Helme at don.helme@uky.edu

Undergraduate Certificate in Innovation and Entrepreneurial Thinking

The certificate program in Innovation and Entrepreneurial Thinking is designed to provide a coherent, integrated approach to helping ambitious undergraduate students develop and docu-

ment the skills needed to become a successful innovator and entrepreneurial thinker. The certificate is multi-disciplinary but is hosted by the College of Communication and Information and includes four courses (12 credit hours) completed over a one- to two-year period. Courses include a mix of topics such as communication and leadership, two elective courses on innovation and entrepreneurial thinking from participating colleges, and a required capstone course (EXP 455) involving a project with the iNET entrepreneur-in-residence.

The undergraduate certificate also provides robust learning and teaching opportunities that will lead to enhanced employment and enterprise creation opportunities for University of Kentucky students. Additional outcomes include campus-wide college and department collaboration as well as potential revenue generation.

Innovation and Entrepreneurial Thinking Curriculum

The Certificate of Innovation and Entrepreneurial Thinking curricula are as follows:

- A minimum of 12 credits of course work taken for a letter grade.
- At least 12 credits must be 200 level or above, and a minimum of 6 credits must be at the 300-level or above.
- No more than 9 credits taken for a certificate can be used to satisfy the requirements for the student's bachelor's degree, a minor, or another certificate, exclusive of free or unrestricted electives.
- Certificates will only be awarded to students who successfully complete a degree, or have completed a four-year degree.
- The student must complete a three-credit breadth component. The breadth component requires that a student take courses in at least two disciplines, with a minimum of three credits to be completed in a second discipline.
- Student must earn a C or better in each required certificate course to receive the certificate.

Certificate Core Classes

Required:

COM 381 Communication, Leadership, and Entrepreneurship	3
EXP 455 Capstone Experience in Innovation and Entrepreneurship	3

plus two 200-level or above elective courses (6 hours) that focus on an innovation and entrepreneurial thinking with the approval of the iNET Academic Certificate Director. Current electives include:

AAD 310 Marketing for the Arts	3
*COM 591 Special Topics in Communication (Subtitle required)	3
*EDU 300 Special Course	3
JOU 430 Media Management and Entrepreneurship	3

**When offered under a subtitle relevant to Innovation and Entrepreneurial Thinking.*
