Nursing (Four Year)

Admission Requirements
The College of Nursing enrollment is composed of four-year students, associate degree nursing graduates, and diploma nursing school graduates. Admission to the University does not guarantee admission to the College of Nursing. Admissions criteria for four types of students are presented in the Nursing section of the UK Bulletin.

Degree Requirements
To obtain a Bachelor of Science in Nursing, students must satisfy the University requirements for graduation, including University Studies, and obtain a 2.0 grade-point average in nursing in the courses listed below. A grade of C or better must be attained in all courses required in the nursing curriculum in order to proceed to the next clinical course or to graduate. A minimum of 120 credit hours is required for graduation.

UK Core Requirements
See the UK Core section of the 2021-2022 Undergraduate Bulletin for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

I. Intellectual Inquiry in Arts and Creativity
Choose one course from approved list.................................................................3

II. Intellectual Inquiry in the Humanities
Choose one course from approved list.................................................................3

III. Intellectual Inquiry in the Social Sciences
PSY 100 Introduction to Psychology.................................................................4

IV. Intellectual Inquiry in the Natural, Physical, and Mathematical Sciences
BIO 103 Basic Ideas of Biology.................................................................3

V. Composition and Communication I
CIS/WRD 110 Composition and Communication I .........................................3

VI. Composition and Communication II
CIS/WRD 111 Composition and Communication II .........................................3

VII. Quantitative Foundations
Choose one course from approved list.........................................................3

VIII. Statistical Inferential Reasoning
STA 210 Making Sense of Uncertainty:
   An Introduction to Statistical Reasoning ............................................................3
or
BST 230 Statistical Thinking in Public Health....................................................3

IX. Community, Culture and Citizenship in the USA
Choose one course from approved list.............................................................3

X. Global Dynamics
Choose one course from approved list.............................................................3

University of Kentucky is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate, baccalaureate, masters, and doctorate degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, call 404-679-4500, or online at www.sacscoc.org for questions about the accreditation of University of Kentucky.
# Sample Curriculum Baccalaureate Program (Four-year Students)

## Freshman Year

**First Semester**
- ANA 109 Anatomy and Physiology for Nursing I ........................................ 4
- BIO 103 Basic Ideas of Biology ................................................................. 3
- CIS/WRD 110 Composition and Communication I
  - or
  - CIS/WRD 112 Composition and Communication II .................................. 3
- PSY 100 Introduction to Psychology
  - or
  - PSY 223 Developmental Psychology ..................................................... 3-4
- UK Core – Quantitative Foundations ......................................................... 3

**Second Semester**
- ANA 110 Anatomy and Physiology for Nursing II .................................... 4
- CHE 103 Chemistry for Health Professionals
  - or
  - CIS/WRD 111 Composition and Communication II
    - or
    - CIS/WRD 112 Composition and Communication II .................................. 3
- UK Core – Arts and Creativity ................................................................. 3
- UK Core – Humanities ............................................................................. 3

## Sophomore Year

**First Semester**
- BIO 208 Principles of Microbiology .......................................................... 3
- DEH 212 Introductory Nutrition .................................................................. 3
- STA 210 Making Sense of Uncertainty:
  - An Introduction to Statistical Reasoning
  - or
  - BST 230 Statistical Thinking in Public Health ...................................... 3
- UK Core – US Culture and Citizenship .................................................... 3
- UK Core – Global Dynamics .................................................................. 3

**Second Semester**
- NUR 222 Foundations of Health Promotion Principles ............................... 4
- NUR 223 Foundations of Health Assessment for Practice ........................... 2
- NUR 224 Introduction to Professional Nursing Principles .......................... 3
- NUR 225 Foundations of Medical-Surgical Nursing Practice I ................. 3
- NUR 226 Foundations of Pathopharmacology I .......................................... 1

## Junior Year

**First Semester**
- NUR 227 Foundations of Medical-Surgical Nursing Practice II ............... 5
- NUR 228 Foundations of Pathopharmacology II ....................................... 2
- NUR 230 Maternity and Reproductive Health .......................................... 4
- NUR 231 Concepts in Healthcare Delivery & Systems-Based Practice ....... 3

**Second Semester**
- NUR 340 Pediatric Nursing ...................................................................... 4
- NUR 342 Pro-Seminar: Contemporary Nursing Issues ............................... 1
- NUR 343 Psychiatric and Mental Health Nursing ..................................... 4
- NUR 344 Research and Scholarship for Nursing Practice ......................... 3

## Senior Year

**First Semester**
- NUR 345 Population Health and Community Engagement ....................... 4
- Cognate (selected) .................................................................................... 3
- NUR 430 Advanced Nursing Management of Adults .................................. 5
- NUR 431 Pathopharmacology III ............................................................. 2
- NUR 432 Professional and Leadership Development ................................ 3

**Second Semester**
- NUR 433 Pathopharmacology IV ............................................................. 1
- NUR 434 Complex Nursing Management of Adults ................................ 4
- Cognate ................................................................................................. 3
- NUR 436 Career Development of Professional Nursing ......................... 1
- NUR 437 Synthesis of Clinical Knowledge for Nursing Practice ............. 4

### Curriculum Policies

Students are expected to be familiar with the requirements for the degree of Bachelor of Science in Nursing and to confer with advisors in the College of Nursing when selecting courses.

Since the health needs of the nation are constantly changing, an effective curriculum requires continuous review and evaluation, which may necessitate revision of courses and requirements. Thus, there can be no guarantee that course content will be identical in each subsequent academic year. Furthermore, to continue to meet the changing emphasis in nursing education, some courses will require educational experiences for students in community facilities outside of Lexington.
