Requirements to Attend

Please complete these items prior to your “see blue.” U Orientation. Review thoroughly and pay close attention to any deadlines.

Review Admission Profile – Required for all students

Ensure that all the information provided on your Admission Profile is accurate. To access your Admission Profile, log in to the myUK web portal at https://myuk.uky.edu. Once you have logged in, select the Student Services tab, select myInfo and select myProfile. This will allow you to see the information we have in our system. If you see changes that need to be made, please refer to the following options:

Address & Phone Number Changes To make changes, simply select myInfo, select the Edit button to begin making changes and remember to click Save to save your changes.

Residency If you believe your residency status is incorrect, please visit http://seeblue.com/residency for more information.

Major Changes Changing majors is restricted during “see blue.” U. If you would like to change your major, please send your name, Student ID number and new major to orientation@uky.edu by Monday, June 15. To learn more about majors offered at UK, please visit the Academic Exploration Tool (AET) at http://seeblue.com/academics.

High School Information Your high school information and GPA are received from your high school transcript. We will update this information and date of graduation when we receive your final transcript (likely in June or July).

College Overview If you have taken coursework at another institution and have not already done so, please send your official college transcripts to the Office of Undergraduate Admission, 100 Funkhouser, Lexington, KY, 40506 at least two weeks prior to “see blue.” U to receive your transfer credits. We also encourage you to bring unofficial copies of transcripts from other institutions with college-level courses you have completed or in which you are currently enrolled.

Math Index The Math Index score considers your high school grade point average, your scores on the ACT/SAT quantitative exams and the ALEKS placement test. If all of this information is completed, you will have a Math Index score listed along with recommended courses (your advisor will discuss course placement during “see blue.” U). If you see “Exempt,” you are not required to complete the ALEKS placement test and your advisor will discuss course options based on your major. If you see “Invalid,” you should complete the ALEKS placement test as soon as possible – please see the information on page 2.

AP, IB, ACT and SAT Scores While we will provide you with a profile of the information we currently have for you, we encourage you to bring copies of any AP, IB, ACT or SAT test scores. If you have completed another ACT/SAT not reflected on your Admission Profile, you may fax missing reports to 859-257-3823 or email them to orientation@uky.edu at least two weeks prior to your scheduled “see blue.” U date. Note: AP scores earned prior to senior year should be sent to orientation@uky.edu if you have not already submitted those scores. To obtain a student score report from College Board, log in at https://apscore.collegeboard.org/scores, click on Download Student Score report and send them to the fax/email listed immediately above. Senior year AP exams should be sent to UK directly from the College Board (this typically occurs in July).

AAPPL/ACCUPLACER/ALEKS/KYOTE/COMPASS Scores If you have completed one of these exams and the score is not reflected on the Admission Profile, you are required to send your score report by email to orientation@uky.edu. For ALEKS Math Placement Exam requirements and information please see page 2 of this document.

PCC Foreign Language This reflects the number of credits of foreign language completed at your high school based on the transcript at the time of admission. Foreign language exams will be completed on Day 1 of “see blue.” U and more information will be included in your confirmation packet that will be sent two weeks prior to “see blue.” U.
Review Student Service Presentations – Required for all students

During your “see blue.” U Orientation, you will receive information from a variety of programs and departments. Prior to arriving at “see blue.” U we encourage you to review the presentations at [www.seeblueU.com](http://www.seeblueU.com). This information is vital to the success of your transition to the University of Kentucky and will be reviewed with you during “see blue.” U.

Complete UK Indigo Inventory – Complete at least one week prior to the first day of your “see blue.” U

As part of “see blue.” U, all students are required to take the University of Kentucky Indigo Inventory. The Indigo Inventory is a survey used by Fortune 500 companies worldwide that covers your strengths, behaviors, motivators and skills and how you can maximize them in a major or career path. This will provide invaluable insight to tailor your strengths and maximize your time at UK. In addition, all students will participate in an Indigo Workshop during “see blue.” U – a dynamic training explaining how to use your personal strengths for your path at UK. The Indigo Inventory survey must be completed one week prior Day 1 of your “see blue.” U Orientation. Use this information to access the exam:

- Have your Link Blue ID available (provided in your admission letter)
- You will receive an e-mail at your UK assigned e-mail address with further instructions and a link to the exam. You can also access it in your myUK web portal.
- Go to seeblue.com/indigo for more details.

Complete Math Placement Exam – Required for most students by June 1

All incoming freshman students are required to take the ALEKS math placement exam unless they have one of the following ACT/SAT scores on file:

- ACT math subscore of 30 or above
- SAT (test given prior to March 2016) math subscore of 680 or above
- SAT (test given after March 2016) math subscore of 710 or above

If you do not meet one of the requirements above, you are required to take the ALEKS math placement exam. There are no exceptions except for the three listed above.

In addition to helping with placement through the Math Index score, the ALEKS system includes review modules for students who want additional practice to prepare for their next mathematics course.

The ALEKS placement exam is an online placement test that is one of several tools we use to help us select a list of our introductory mathematics courses that the student is prepared to take. You should consult with your academic advisor at “see blue.” U before registering for courses, since your course selection will depend both on our placement recommendation and the requirements for your major. See the mathematics placement chart at [http://seeblue.com/mathplacement](http://seeblue.com/mathplacement) for more information about how we determine placement. Note: this chart is for information purposes only. Students should always consult with their academic advisor before registering for courses.

To access the ALEKS online placement test visit [www.uky.edu/AE/aleks](http://www.uky.edu/AE/aleks). The ALEKS online placement test allows students access to an initial assessment and an additional attempt once the student has spent a minimum of three hours working in the online modules. The student then has access to the online modules for six months. Admitted and current UK students will access the test by using their Link Blue username and password (the same as you would for your myUK web portal). For sign-in problems, contact the UK Help Desk at 859-218-4357.

For any other technical problems, contact ALEKS at 714-619-7090 or [support.aleks.com](http://support.aleks.com).
Foreign Language Exam Information – Completed on campus during “see blue.” U

Foreign language exams in Chinese, French, German and Spanish will take place on Day 1 of your “see blue.” U University Orientation at the following times:

| Time  | 12:30 p.m. | 1:00 p.m. | 1:30 p.m. | 2:00 p.m. | 2:30 p.m. |

Space is limited at each exam time, and you can reserve your exam time by receiving a ticket on a first-come, first-served basis at check-in. This is a computer-based proficiency exam that takes roughly 45 minutes to complete. The exam covers reading comprehension and listening.

The requirement to take the exam is based on the college below in which you will be enrolling. If you do not know your college, please log into the myUK web portal and select the Student Services tab, select myInfo, select myProfile.

College of Arts & Sciences
Any student enrolling in a major in the College of Arts & Sciences and who took either Chinese, French, German or Spanish in high school is required to take the placement exam in that respective language. If you took two languages in high school, please take the exam in the language you studied the longest or the language with which you plan to continue.

Colleges of Agriculture, Food and Environment; Gatton College of Business & Economics; Communication and Information; Design; Education; Engineering; Fine Arts; Health Sciences; Nursing; Public Health and Social Work
You are only required to take the exam if you took either Chinese, French, German or Spanish in high school and have plans to continue studying in the same language in college or if you did not complete two credits of a foreign language in high school. You do not need the exam if you want to start in the first level of a different language. If you took two languages in high school, please take the exam in the language you studied the longest or the language with which you plan to continue.

Connect with Us – Expected of all students
Don’t forget to check your UK assigned e-mail address regularly. Important information from the university will be sent to this address throughout the summer leading up to your arrival on campus.

Follow us on Twitter @seeblueU for updates regarding all “see blue.” U Orientation activities.

Additional Information
We regularly update our website – seeblueU.com – with information to help you plan for your “see blue.” U.

At seeblueU.com, you’ll find additional information, including:
- How to change the number of guests you’ll be bringing to your “see blue.” U
- How to review the “see blue.” U dates for which you are registered
- Overnight accommodations (both on- and off-campus options)
- Expected start and end times for “see blue.” U
- UK Indigo Inventory information
- Student services presentations (e.g. Financial Aid and Scholarships, Transportation Services, UK Bookstore)

We will send a confirmation packet with final details prior to your “see blue.” U.
